Current law establishes the Dental Assisting Council (DAC) within the DBC and requires the DAC to consider all matters relating to DAs in the state, as specified, and to make appropriate recommendations to the DBC and the standing committees of the DBC in specified areas, including standards and criteria for approval of DA educational programs, courses, and continuing education. Current law requires the DBC to approve, modify, or reject recommendations by the DAC within 120 days of submission to the DBC during full DBC business. Current law requires that fees relating to the licensing and permitting of DAs be established by regulation, subject to certain limitations prescribed by statute. Current regulations set the fee for an application for DBC approval of various courses for dental auxiliaries,	2 Year Bill. 7.14.25 Assembly Appropriations. Prior law provided for the approval of foreign dental schools by the board. Beginning January 1, 2024, existing law requires foreign dental schools seeking approval by the board to complete the international consultative and accreditation process with CODA or a comparable accrediting body approved by the board. ASSEMBLY BILL No. 1952

Introduced by Assembly Member Berman

February 13, 2026

An act to add Section 1917.2 to the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 1952, as introduced, Berman. Dentistry: dental hygienists: licensure.

Existing law, the Dental Practice Act, provides for the licensure and regulation of dental hygienists by the Dental Hygiene Board of California. Existing law requires the board to license as a registered dental hygienist a person who satisfies specified requirements, including completion of a prescribed education program, satisfactory completion of an examination in California law and ethics, and satisfactory performance, within the preceding 3 years, of the dental hygiene examination given by the Western Regional Examining Board or any other clinical or dental hygiene examination approved by the board.

This bill would authorize the board to license as a registered dental hygienist an applicant who has earned a degree from a nonaccredited dental school if that degree is equivalent to a doctor of dental surgery or doctor of dental medicine degree, as specified. The bill would require, as a condition of licensure, an applicant to meet certain requirements, including, among other things, submission of verification of the above-described equivalence, as specified, satisfactory completion of specified examinations, and satisfactory completion of certain coursework, including, among other things, a 2-unit Dental Practice

Act course approved by the Dental Board of California, within the 3 years preceding application.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 1917.2 is added to the Business and Professions Code, to read:

1917.2. The dental hygiene board may grant a license as a registered dental hygienist to an applicant who has earned a degree from a nonaccredited dental school equivalent to a doctor of dental surgery or doctor of dental medicine if they meet the following requirements within the preceding three years:

(a) Submission of verification from Educational Credential Evaluators confirming the academic equivalence of the applicant's dental degree to a doctor of dental surgery or doctor of dental medicine degree from a program accredited by the Commission on Dental Accreditation.

(b) Satisfactory completion of the following examinations:

(1) A dental hygiene examination or dental examination, either of which are given by the Western Regional Examining Board or the American Board of Dental Examiners, or any other clinical or dental hygiene examination approved by the dental board.

(2) The National Board Dental Hygiene Examination or the Integrated National Board Dental Examination.

(3) The examination in California law and ethics as prescribed by the dental hygiene board.

(c) Satisfactory completion of the following coursework:

(1) A two-unit Dental Practice Act course approved by the dental board.

(2) An eight-unit infection control course approved by the dental board.

(3) Instruction in the following, approved by the dental hygiene board:

(A) Gingival soft-tissue curettage.

(B) Nitrous oxide-oxygen analgesia.

(C) Local anesthesia.

(4) Current, valid certification in basic life support offered by a course consistent with Section 1016, 1016.2, or 1017 of Title 16 of the California Code of Regulations.

(d) Submission of a completed application form and all fees required by the dental hygiene board.

CODA Standards Distinguish Periodontal Preparation: Dental Hygiene Education vs Predoctoral Dental Education

Purpose

In California, scope-of-practice and workforce discussions sometimes assume that dental and dental hygiene education are equivalent in preparing graduates to deliver periodontal disease prevention and non-surgical periodontal care. A standards-based review of the Commission of Dental Accreditation of the American Dental Association (CODA) "Accreditation Standards for Dental Hygiene Educational Programs" and "Standards for Dental Educational Programs" (Effective August 8, 2025) reveals these requirements are not written to be interchangeable: the dental hygiene standards are more specific regarding periodontal disease classifications, periodontal maintenance experiences, and the dental hygiene process of care. In practice, predoctoral dental education programs may vary widely in how prevention and non-surgical periodontal care are taught, whereas dental hygiene education is more consistently standardized through CODA requirements and California dental hygiene educational program regulations. Taken together, CODA standards and California regulations demonstrate that the educational expectations for periodontal disease prevention and non-surgical care for dental hygiene educational programs and predoctoral dental programs are not equivalent.

Key Standards-Based Findings

- CODA Dental Hygiene Standards require competence in care for all periodontal classifications, including moderate-to-severe periodontal disease, and access to a periodontal patient pool including maintenance and newly diagnosed cases (CODA Dental Hygiene Standard 2-14 and Intent).
- California regulations for dental hygiene educational programs require breadth of patient experience and competency across periodontal classifications (mild, moderate, severe) and specify required curriculum content supporting non-surgical periodontal interventions including soft tissue curettage [California Code of Regulations (CCR), Title 16, section 1105.2(e), 16 CCR section 1105.2(d)(3), 16 CCR section 1107(b)(9)(C)].
- CODA Dental Hygiene Standards require that graduates must be competent in the dental hygiene process of care (assessment, analysis, care planning, evidence-based treatment, evaluation, and documentation), and programs must ensure sufficient patient experience, including maintenance appointments to evaluate outcomes (CODA Dental Hygiene Standards 2-8c, 2-8d, 2-9, 2-13, 2-11 and Intent).
- California regulations for dental hygiene educational programs require education in the dental hygiene process of care and defines the desired combination of foundational knowledge, psychomotor skills, communication skills, and professional behaviors and values required that graduates are to possess at graduation [16 CCR section 1105.2(b)].
- CODA Predoctoral Dental Standards require competence within broad, school-defined general dentistry competencies, including "health promotion and disease prevention" and "periodontal therapy." CODA notes that general dentistry competencies "are described broadly" and expects each school "to develop specific competency definitions and assessment methods *in the context of the broad scope of general dental practice*. "(emphasis added.) (CODA Predoctoral Dental Standards, p. 12; Standards 2-24d, 2-24i).

Standards Snapshot

CODA Dental Hygiene Standards (August 8, 2025)	CODA Predoctoral Dental Standards (August 8, 2025)
Requires periodontology and prevention-focused content (e.g., 'periodontology' in dental sciences; 'oral health education and preventive counseling' and 'health promotion') (2-8c, 2-8d).	Requires competence in general dentistry scope, including 'health promotion and disease prevention' (2-24d) and 'periodontal therapy' (2-24i).
Requires specific competence in the dental hygiene process of care (2-13).	Competencies are described broadly; schools develop specific definitions and assessments (p. 12).
Explicitly requires periodontal competence across classifications, including moderate-to-severe disease (2-14), and monitored periodontal patient experiences including maintenance and newly diagnosed cases (2-14 Intent; 2-11 Intent).	No parallel accreditation-level requirement specifying competence across all periodontal classifications or a periodontal patient-pool requirement stated at the same level of detail within 2-24.

Conclusion and Policy Implication

CODA dental hygiene standards specify classification-based periodontal competencies and maintenance-focused clinical experience, whereas CODA predoctoral dental standards address periodontal therapy within broader, school-defined general dentistry competencies. As a result, CODA standards alone should not be used to assume equivalence when informing California role delineation, supervision, or service-delivery policy. Provider preparedness for preventive and non-surgical periodontal services should be evaluated using both CODA language and California dental hygiene program regulations, which explicitly require classification-based clinical experiences and related non-surgical training.

Workforce Analysis

A document provided by the California Dental Association (CDA) for 2024 reported there were 32,292 licensed dentists and 15,579 licensed dental hygienists. CDA maintains seventy percent (70%) of the dentists in California require the services of at least one dental hygienist. Based on the seventy percent (70%), the demand for dental hygienists would be 22,604 indicating a need for 7025 more dental hygienists.

Statistics from the Dental Board of California indicate there were 1,474 dental graduates in 2025. The Dental Hygiene Board of California reports 827 dental hygiene graduates. Using the seventy percent (70%) rule, 1,032 dentists would be needing to employ dental hygienists.

Licensees with specialty licenses make up only thirty percent (30%) of the total licensees recorded in 2024. Offices that do not or provide dental hygiene services are oral surgery, endodontics, orthodontics, and prosthodontics. The American Association of Pediatric Dentists (AAPD) reports the number of pediatric offices hiring dental hygienists has decreased, while the number of pediatric practices has increased. Twenty-two (22%) percent of the pediatric dentists in the west report they provide their own dental hygiene services.

Dental Hygiene Workforce
Dental hygienists are considered a part time workforce. In order to have a full-time schedule, many dental hygienists work for more than one dentist. Therefore, one dental hygienist employed by more than one dentist reduces the need for each dentist to have one designated dental hygienist.

According to the American Dental Association (ADA) Health Policy Institute (HPI) U.S Dental Report based on August 2024 data, only one of three dentists work in a solo practice. Most dentists work in group practices with more than one dentist and share the services of the dental hygienist, thereby reducing the need for one dental hygienist per dentist. The hiring patterns for dental hygienists, along with the move toward group practices and dental service organizations (DSO), would indicate the ratio of dentists to dental hygienist needed would be 2:1.

With a ratio of 2:1 and using the data provided by CDA, the demand for dental hygienists would be 11,302 statewide. As the current number of dental hygienists is 15,579, the number of dental hygienists exceeds the number required to meet the employment needs. Using the current numbers of graduates from dentistry and dental hygiene, the number of dental hygiene graduates needed to provide services for the number of dental graduates exceeds the number needed for employment (1032/2=526 dentists employing 827 dental hygienists).

Maldistribution vs. Shortage
Approximately 96% of the dental hygiene work force are employed by dentists. In rural areas there is a lack of employment opportunities for dental hygienists as this is a direct result of the absence of practicing dentists. In urban areas, where the majority of dental offices and DSOs are located, the need for dental hygienists is greater. However, those areas are also more expensive to live and work, especially when a hygienist is only being hired a part time. Many dental hygienists face long commute times to multiple offices to maintain a full-time schedule. Surveys report that some offices may have difficulty finding staff due to poor workforce environment, lack of benefits, and part time hiring patterns.

Conclusion
This analysis does not support either the need for more hygienists or the need for foreign trained dentists to increase access to care. HCAI is currently tasked with developing dental workforce data. Any firm conclusions are premature.

California Dental Hygienists' Association
The Voice of Dental Hygiene

AB 1952 (Berman) Program for International Dentists
POSITION STATEMENT

The **California Dental Hygienists' Association** (CDHA), must oppose AB 1952 unless amended. The bill requires the Dental Hygiene Board of California to provide an alternative pathway for internationally trained dentists to practice dental hygiene in California.

Dentists from other countries come to California to practice dentistry – not dental hygiene. Dental Hygiene programs, which can be completed within 18 - 24 months, are already a low barrier to entry for the few international dentists who do want to become Registered Dental Hygienists (RDHs). They become dental hygienists as a way to work in the oral health field while taking the required education to become licensed dentists.

Dental hygiene education is not comparable to dental education and foreign dental education is not equivalent to California dental hygiene standards. Dental Hygiene programs focus on public health, preventive and periodontal care, treatments, patient education and pharmacology. Dental Hygiene programs provide a completely different track than dental programs which provide doctoral level degrees focused on restorative care and treatments. Allowing foreign dental training to qualify for dental hygiene practice, without completing an approved dental hygiene education pathway, risks creating an uneven standard of preparation, which could directly impact the consistency and quality of care the public receives.

Given the significant difference in the education and training between dental hygiene and dental programs, and the fact that foreign dental education does not align with California's dental hygiene curriculum and clinical competencies, it is unsuitable to require the Dental Hygiene Board of California to provide oversight of a dentist from another country. That oversight lies with the Dental Board of California. Placing the burden of creating an expensive new program and oversight requirements on the Dental Hygiene Board of California, and passing those costs onto dental hygienists, to serve international dentists is unworkable and unjust.

Dental Hygiene Staffing. The number of dental hygiene programs and the number of Registered Dental Hygienists (RDHs) continue to grow. California produces over 800 RDHs annually. Many dental offices do not provide dental hygiene services, so they have no need to hire a dental hygienist. Often one dental hygienist works for multiple dentists in a dental

office. Dental offices that do not provide dental hygiene services are oral surgery, endodontics, orthodontics, and prosthodontics. The American Association of Pediatric Dentists (AAPD) reports the number of pediatric offices hiring dental hygienists has decreased, while the number of pediatric practices has increased. Twenty-two (22%) percent of the pediatric dentists in the west report they provide their own dental hygiene services. We understand the Department of Health Care Access and Information (HCAI) is doing a deep dive on dental hygiene workforce. They are gathering data to analyze and will provide findings. Any absolute conclusions on dental hygiene workforce in advance of HCAI's report is pre-mature. *(See also CDHA's workforce backgrounder attached.)*

Creating more dental hygienists. While there seem to be regional shortages of dental hygienists, the proponents state this bill would allow more international dentists to work as dental hygienists and help with staffing problems. **There is no certainty that dental offices that experience difficulty in attracting and retaining dental hygienists would gain a dental hygienist from creating an expensive new dental hygiene program for dentists**. Exorbitant costs of living in certain areas, negative office culture, part time work and no health benefits remain as barriers for dentists to attract and retain dental hygienists.

Dentists are authorized to provide dental hygiene care under a dental license. The dental practice act allows dentists to provide dental hygiene. Dentists are regulated by the Dental Board of California. The board is expert at what dental practice should be and what dental education programs must offer in order to comport with the highest standard of dental care.

There is a solution. The proponents are attempting to address two issues with this bill. Dental hygienist staffing and creating a new pathway for internationally trained dentists to work in California. Internationally trained dentists come to California with the objective of practicing dentistry. The solution is to **create a restricted dental license for internationally trained dentists while they work to become licensed dentists in California. A restricted dental license would allow dental hygiene duties, which are included in a dental license, along with limited restorative duties. The dentist operating under the restricted dental license would practice under the supervision of a licensed dentist, who would then receive dental hygiene support from the dentist working under the restricted license if desired. The Dental Board of California is the ideal regulator for a restricted dental license and a pathway for internationally trained dentists.**

It is for these reasons CDHA must respectfully **request you oppose AB 1952 unless amended**.

CALIFORNIA LEGISLATURE—2025–26 REGULAR SESSION

ASSEMBLY BILL No. 350

Introduced by Assembly Member Bonta
(Coauthor: Assembly Member Jackson)
(Coauthor: Senator Rubio)

January 29, 2025

An act to add Section 1367.73 to the Health and Safety Code, to add Section 10120.45 to the Insurance Code, and to amend Section 14132 of the Welfare and Institutions Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

AB 350, as amended, Bonta. Health care coverage: fluoride treatments.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act's requirements a crime. Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law sets forth specified coverage requirements for health care service plan contracts and health insurance policies.

Existing law requires an individual or small group health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2017, to include, at a minimum, coverage for

essential health benefits pursuant to the federal Patient Protection and Affordable Care Act. Existing law requires an essential health benefit to be provided only to the extent that federal law does not require the state to defray the costs of the benefit.

This bill would require a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2026, that provides coverage for the application of fluoride varnish as a pediatric oral care benefit to provide coverage without cost sharing for the application of fluoride varnish as medically necessary regardless of whether the service is billed as a dental benefit or as a medical benefit. If this coverage requirement creates an obligation for the state to defray costs for an individual, the bill would not require coverage unless there is an appropriation for this purpose, as specified. Because a willful violation of this provision by a health care service plan would be a crime, the bill would impose a state-mandated local program.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Care Services and under which health care services are provided to low-income individuals. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Existing law establishes a schedule of benefits under the Medi-Cal program and provides for various services, including certain dental services, that are rendered by Medi-Cal enrolled providers. Under existing law, silver diamine fluoride treatments are a covered benefit for eligible children 0 to 6 years of age, inclusive, as specified, and application of fluoride or other appropriate fluoride treatment is covered for children 17 years of age and under.

~~This bill would require a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2026, to provide coverage without cost sharing for the application of fluoride varnish in the primary care setting for children under 21 years of age. Because a willful violation of this provision by a health care service plan would be a crime, the bill would impose a state-mandated local program.~~

This bill would make the application of fluoride or other appropriate fluoride treatment, ~~including fluoride varnish,~~ *as defined by the department,* a covered benefit under the Medi-Cal program for children under 21 years of age. The bill would require the State Department of Health Care Services to establish and promulgate a policy ~~governing billing and reimbursement for~~ *on or before January 1, 2027, that specifies this covered benefit includes* the application of fluoride varnish,

as ~~specified.~~ *specified, and that allows reimbursement in certain circumstances.*

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 2021, the State Department of Public Health (DPH) reported that California's third graders have a substantially higher proportion of tooth decay compared to the national median of 53 percent. Children from communities of color and Spanish-speaking households are more likely to experience tooth decay.

(b) Topical fluoride varnish is a simple, effective, and low-cost intervention that is painted on the top and sides of each tooth with a small brush in less than two minutes. According to the American Academy of Pediatrics, fluoride varnish can help prevent tooth decay, slow it down, or stop it from getting worse. Fluoride varnish is safe and used by dentists and doctors all over the world to help prevent tooth decay in children. It must be reapplied at regular intervals to be fully effective. The American Dental Association recommends the application of fluoride varnish twice annually for all children.

(c) Although progress has been made to improve utilization, many children enrolled in Medi-Cal are not receiving regular dental services. Application of fluoride varnish outside dental settings offers an additional pathway for children to access this critical intervention. State Department of Health Care Services (DHCS) data published in May 2025 shows only 51.03 percent of children receiving dental services through the Medi-Cal Dental Fee-for-Service delivery system received at least one dental service in the 2024 calendar year. In the Counties of Los Angeles and Sacramento, fewer than one-half of all children receiving dental services through the Medi-Cal Dental Managed Care delivery

system received at least one dental service in the 2024 calendar year.

(d) DHCS has specifically identified the application of fluoride varnish to children 0 to 20, inclusive, years of age as an area for quality improvement within Medi-Cal. As part of the Managed Care Accountability Set, a set of performance metrics that DHCS selects for annual reporting by Medi-Cal managed care health plans, the state measures the percentage of children who had at least two applications of fluoride varnish in a single year as one of several key quality metrics. The Topical Fluoride for Children (TFL-CH) metric counts application of fluoride varnish in the dental and medical setting combined, for children 0 to 20, inclusive, years of age. As of April 2025, data shows most plans are below the Minimum Performance Level of 19.3 percent, meaning not even one in five Medi-Cal enrolled children is receiving fluoride varnish twice per year, as recommended, even when considering services provided in the dental setting and medical setting, combined.

(e) The application of fluoride varnish must be covered by states as medically necessary for all children under 21 years of age enrolled in Medi-Cal, pursuant to federal Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Medicaid requirements. According to the federal Centers for Medicare and Medicaid Services:

(1) Under EPSDT, states are required to provide any additional services that are coverable under the federal Medicaid program and found to be medically necessary to treat, correct, or reduce illnesses and conditions discovered regardless of whether the service is covered in a state's Medicaid plan.

(2) A determination of whether a service is medically necessary for an individual child must be made on a case-by-case basis, taking into account the particular needs of the child.

(3) States may train primary care providers and pay them for oral health services, including fluoride varnish application.

(4) Incorporating oral health into children's primary care visits is a best-practice strategy.

(5) It is about 10 times more expensive to provide inpatient dental care for caries-related conditions than to provide preventive care.

(f) Consistent with EPSDT, "Medi-Cal for Kids and Teens," a brochure published by DHCS describing EPSDT services, states that care covered by Medi-Cal for Kids and Teens includes all other needed services, as a child's provider determines.

(g) Current Medi-Cal policy printed in the Medi-Cal Provider Manual allows for the reimbursement of fluoride varnish in a primary care setting only for children zero to five, inclusive, years of age.

(h) California law allows any person within a public health setting or a public health program created or administered by a federal, state, or local governmental entity to apply topical fluoride according to the prescription and protocol issued and established by a physician or dentist. This means that fluoride varnish can be applied by nonlicensed staff and lay workers that are overseen by a physician or dentist, including administrative staff, volunteers, community health workers, and other school- and community-based personnel.

(i) Current Medi-Cal reimbursement policy requires a qualified health professional to apply topical fluoride varnish.

(j) School-based fluoride varnish delivery programs are recommended as an evidence-based intervention by the Community Preventive Services Task Force, a federal entity created by the United States Department of Health and Human Services that makes evidence-based findings and recommendations about interventions to improve population health.

(k) According to the Community Preventive Services Task Force, school-based fluoride varnish delivery programs may be administered by the school (e.g., school health center) or by outside entities (e.g., federally qualified health centers, state oral health programs, dental schools), and state Medicaid reimbursement policies regarding who can bill for preventive dental services and who can deliver them may pose greater barriers for nondental providers.

(l) Lack of regular application of fluoride varnish results in more dental caries and worse oral health outcomes for children.

(m) For applicable commercial health plans and insurance policies, the application of fluoride varnish is covered as an essential health benefit (EHB) under requirements for pediatric oral health coverage, pursuant to state and federal law for children under 19 years of age.

(n) Pursuant to a United States Preventive Services Task Force (USPSTF) recommendation, the application of fluoride varnish in the primary care setting is specifically covered for zero to five, inclusive, years of age under a federal preventive services coverage requirement that applies to most private health plans. USPSTF recommends with a "B" grade that primary care clinicians apply fluoride varnish to the primary teeth of all infants and children starting at the age of primary tooth eruption. In its recommendation statement, the USPSTF states it only reviewed the evidence for preventive interventions of dental caries in children zero to five, inclusive, years of age. The USPSTF states that this should not be construed to imply that preventive interventions for dental caries should cease after five years of age.

(o) Although older children are more likely than infants and toddlers to receive regular preventive care in a dental setting, the application of fluoride varnish outside a dental setting may be medically necessary for children who are not regularly receiving fluoride varnish in a dental setting.

(p) Removal of fluoride from community water systems and recent federal action to remove ingestible fluoride prescription drug products for children from the market only increases the importance of ensuring widespread access to topical fluoride varnish.

(q) It is the intent of the Legislature that expanding the type of personnel who can apply fluoride varnish in Medi-Cal and ensuring coverage of fluoride varnish outside of the dental setting for all children will create more opportunities to apply fluoride varnish within school-based and primary care settings, improve Medi-Cal quality metrics, and lead to fewer cavities, fewer school absences, and healthier California children.

~~SECTION 1.~~

SEC. 2. Section 1367.73 is added to the Health and Safety Code, to read:

1367.73. (a) A health care service plan contract issued, amended, or renewed on or after January 1, 2026, ~~shall provide coverage for the application of fluoride varnish in the primary care setting for children under 21 years of age, to be~~ *that provides coverage for the application of fluoride varnish as a pediatric oral care benefit shall provide coverage for the application of fluoride varnish as medically necessary regardless of whether the service*

is billed as a *dental benefit or as a* medical benefit, and shall not impose a deductible, coinsurance, copayment, or other cost-sharing requirement for that coverage.

(b) This section does not apply to a specialized health care service plan contract, as defined in subdivision (o) of Section 1345, or a Medicare supplement contract.

(c) Subdivision (a) does not diminish a plan's responsibility under the federal Patient Protection and Affordable Care Act (Public Law 111-148) to cover services that are assigned either a grade of A or a grade of B by the United States Preventive Services Task Force for all populations subject to that recommendation.

(d) If the requirements of subdivision (a) create an obligation for the state to defray costs for any individual, subdivision (a) shall cease to apply to a health care service plan subject to this section unless there is an appropriation in the annual Budget Act or other legislation for this purpose.

~~SEC. 2.~~

SEC. 3. Section 10120.45 is added to the Insurance Code, to read:

10120.45. (a) A health insurance policy issued, amended, or renewed on or after January 1, 2026, ~~shall provide coverage for the application of fluoride varnish in the primary care setting for children under 21 years of age, to be~~ *that provides coverage for the application of fluoride varnish as a pediatric oral care benefit shall provide coverage for the application of fluoride varnish as medically necessary regardless of whether the service is* billed as a *dental benefit or as a* medical benefit, and shall not impose a deductible, coinsurance, copayment, or other cost-sharing requirement for that coverage.

(b) This section does not apply to a specialized health insurance policy, as defined in subdivision (c) of Section 106, or a Medicare supplement policy.

(c) Subdivision (a) does not diminish an insurer's responsibility under the federal Patient Protection and Affordable Care Act (Public Law 111-148) to cover services that are assigned either a grade of A or a grade of B by the United States Preventive Services Task Force for all populations subject to that recommendation.

(d) If the requirements of subdivision (a) create an obligation for the state to defray costs for any individual, subdivision (a) shall cease to apply to a health insurance policy subject to this section

unless there is an appropriation in the annual Budget Act or other legislation for this purpose.

~~SEC. 3.~~

SEC. 4. Section 14132 of the Welfare and Institutions Code is amended to read:

14132. The following is the schedule of benefits under this chapter:

(a) Outpatient services are covered as follows:

Physician, hospital or clinic outpatient, surgical center, respiratory care, optometric, chiropractic, psychology, podiatric, occupational therapy, physical therapy, speech therapy, audiology, acupuncture to the extent federal matching funds are provided for acupuncture, and services of persons rendering treatment by prayer or healing by spiritual means in the practice of any church or religious denomination insofar as these can be encompassed by federal participation under an approved plan, subject to utilization controls.

(b) (1) Inpatient hospital services, including, but not limited to, physician and podiatric services, physical therapy, and occupational therapy, are covered subject to utilization controls.

(2) For a Medi-Cal fee-for-service beneficiary, emergency services and care that are necessary for the treatment of an emergency medical condition and medical care directly related to the emergency medical condition. This paragraph does not change the obligation of Medi-Cal managed care plans to provide emergency services and care. For the purposes of this paragraph, "emergency services and care" and "emergency medical condition" have the same meanings as those terms are defined in Section 1317.1 of the Health and Safety Code.

(c) Nursing facility services, subacute care services, and services provided by any category of intermediate care facility for the developmentally disabled, including podiatry, physician, nurse practitioner services, and prescribed drugs, as described in subdivision (d), are covered subject to utilization controls. Respiratory care, physical therapy, occupational therapy, speech therapy, and audiology services for patients in nursing facilities and any category of intermediate care facility for persons with developmental disabilities are covered subject to utilization controls.

(d) (1) Purchase of prescribed drugs is covered subject to the Medi-Cal List of Contract Drugs and utilization controls.

(2) Purchase of drugs used to treat erectile dysfunction or any off-label uses of those drugs are covered only to the extent that federal financial participation is available.

(3) (A) To the extent required by federal law, the purchase of outpatient prescribed drugs, for which the prescription is executed by a prescriber in written, nonelectronic form on or after April 1, 2008, is covered only when executed on a ~~tamper resistant~~ *tamper-resistant* prescription form. The implementation of this paragraph shall conform to the guidance issued by the federal Centers for Medicare and Medicaid Services, but shall not conflict with state statutes on the characteristics of ~~tamper resistant~~ *tamper-resistant* prescriptions for controlled substances, including Section 11162.1 of the Health and Safety Code. The department shall provide providers and beneficiaries with as much flexibility in implementing these rules as allowed by the federal government. The department shall notify and consult with appropriate stakeholders in implementing, interpreting, or making specific this paragraph.

(B) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may take the actions specified in subparagraph (A) by means of a provider bulletin or notice, policy letter, or other similar instructions without taking regulatory action.

(4) (A) (i) For the purposes of this paragraph, nonlegend has the same meaning as defined in subdivision (a) of Section 14105.45.

(ii) Nonlegend acetaminophen-containing products, including children's acetaminophen-containing products, selected by the department are covered benefits.

(iii) Nonlegend cough and cold products selected by the department are covered benefits.

(B) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may take the actions specified in subparagraph (A) by means of a provider bulletin or notice, policy letter, or other similar instruction without taking regulatory action.

(e) Outpatient dialysis services and home hemodialysis services, including physician services, medical supplies, drugs, and

equipment required for dialysis, are covered, subject to utilization controls.

(f) Anesthesiologist services when provided as part of an outpatient medical procedure, nurse anesthetist services when rendered in an inpatient or outpatient setting under conditions set forth by the director, outpatient laboratory services, and x-ray services are covered, subject to utilization controls. This subdivision does not require prior authorization for anesthesiologist services provided as part of an outpatient medical procedure or for portable x-ray services in a nursing facility or any category of intermediate care facility for the developmentally disabled.

(g) Blood and blood derivatives are covered.

(h) (1) Emergency and essential diagnostic and restorative dental services, except for orthodontic, fixed bridgework, and partial dentures that are not necessary for balance of a complete artificial denture, are covered, subject to utilization controls. The utilization controls shall allow emergency and essential diagnostic and restorative dental services and prostheses that are necessary to prevent a significant disability or to replace previously furnished prostheses that are lost or destroyed due to circumstances beyond the beneficiary's control. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions that preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's California Children's Services program.

(2) For persons 21 years of age or older, the services specified in paragraph (1) shall be provided subject to the following conditions:

(A) Periodontal treatment is not a benefit.

(B) Endodontic therapy is not a benefit except for vital pulpotomy.

(C) Laboratory processed crowns are not a benefit.

(D) Removable prosthetics shall be a benefit only for patients as a requirement for employment.

(E) The director may, by regulation, provide for the provision of fixed artificial dentures that are necessary for medical conditions that preclude the use of removable dental prostheses.

(F) Notwithstanding the conditions specified in subparagraphs (A) to (E), inclusive, the department may approve services for persons with special medical disorders subject to utilization review.

(3) Paragraph (2) shall become inoperative on July 1, 1995.

(i) Medical transportation is covered, subject to utilization controls.

(j) Home health care services are covered, subject to utilization controls.

(k) (1) Prosthetic and orthotic devices and eyeglasses are covered, subject to utilization controls. Utilization controls shall allow replacement of prosthetic and orthotic devices and eyeglasses necessary because of loss or destruction due to circumstances beyond the beneficiary's control. Frame styles for eyeglasses replaced pursuant to this subdivision shall not change more than once every two years, unless the department so directs.

(2) Orthopedic and conventional shoes are covered when provided by a prosthetic and orthotic supplier on the prescription of a physician and when at least one of the shoes will be attached to a prosthesis or brace, subject to utilization controls. Modification of stock conventional or orthopedic shoes when medically indicated is covered, subject to utilization controls. If there is a clearly established medical need that cannot be satisfied by the modification of stock conventional or orthopedic shoes, custom-made orthopedic shoes are covered, subject to utilization controls.

(3) Therapeutic shoes and inserts are covered when provided to a beneficiary with a diagnosis of diabetes, subject to utilization controls, to the extent that federal financial participation is available.

(*l*) Hearing aids are covered, subject to utilization controls. Utilization controls shall allow replacement of hearing aids necessary because of loss or destruction due to circumstances beyond the beneficiary's control.

(m) Durable medical equipment and medical supplies are covered, subject to utilization controls. The utilization controls shall allow the replacement of durable medical equipment and medical supplies when necessary because of loss or destruction due to circumstances beyond the beneficiary's control. The utilization controls shall allow authorization of durable medical equipment needed to assist a disabled beneficiary in caring for a

child for whom the disabled beneficiary is a parent, stepparent, foster parent, or legal guardian, subject to the availability of federal financial participation. The department shall adopt emergency regulations to define and establish criteria for assistive durable medical equipment in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code).

(n) Family planning services are covered, subject to utilization controls. However, for Medi-Cal managed care plans, utilization controls shall be subject to Section 1367.25 of the Health and Safety Code.

(o) Inpatient intensive rehabilitation hospital services, including respiratory rehabilitation services, in a general acute care hospital are covered, subject to utilization controls, when either of the following criteria are met:

(1) A patient with a permanent disability or severe impairment requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to develop function beyond the limited amount that would occur in the normal course of recovery.

(2) A patient with a chronic or progressive disease requires an inpatient intensive rehabilitation hospital program as described in Section 14064 to maintain the patient's present functional level as long as possible.

(p) (1) Adult day health care is covered in accordance with Chapter 8.7 (commencing with Section 14520).

(2) Commencing 30 days after the effective date of the act that added this paragraph, and notwithstanding the number of days previously approved through a treatment authorization request, adult day health care is covered for a maximum of three days per week.

(3) As provided in accordance with paragraph (4), adult day health care is covered for a maximum of five days per week.

(4) As of the date that the director makes the declaration described in subdivision (g) of Section 14525.1, paragraph (2) shall become inoperative and paragraph (3) shall become operative.

(q) (1) Application of fluoride, or other appropriate fluoride treatment as defined by the department, and other prophylaxis treatment for children under 21 years of age are covered.

~~(2) Paragraph (1) includes the application of fluoride varnish in the primary care setting, to be billed as a medical benefit, for children under 21 years of age.~~

~~(3) The department shall establish and promulgate a billing~~

(2) No later than January 1, 2027, the department shall establish and promulgate a billing policy, as follows:

(A) A policy specifying that paragraph (1) includes the application of fluoride varnish as medically necessary regardless of whether the service is billed as a dental benefit or as a medical benefit, for children under 21 years of age, subject to utilization controls.

(B) A policy that allows a Medi-Cal enrolled provider who is authorized to apply and bill for the application of fluoride varnish to be reimbursed for that service, if the fluoride varnish is physically applied by a person who is both of the following:

~~(A)~~

(i) Employed by the Medi-Cal enrolled provider or working in a contractual relationship with the Medi-Cal provider.

~~(B)~~

(ii) Otherwise authorized under law, including under Section 104762 or 104830 of the Health and Safety Code, to apply fluoride varnish.

(3) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, without taking any further regulatory action, may implement, interpret, or make specific this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions.

(4) All dental hygiene services provided by a registered dental hygienist, registered dental hygienist in extended functions, and registered dental hygienist in alternative practice licensed pursuant to Sections 1753, 1917, 1918, and 1922 of the Business and Professions Code may be covered as long as they are within the scope of Denti-Cal benefits and they are necessary services provided by a registered dental hygienist, registered dental hygienist in extended functions, or registered dental hygienist in alternative practice.

(r) (1) Paramedic services performed by a city, county, or special district, or pursuant to a contract with a city, county, or special district, and pursuant to a program established under former

Article 3 (commencing with Section 1480) of Chapter 2.5 of Division 2 of the Health and Safety Code by a paramedic certified pursuant to that article, and consisting of defibrillation and those services specified in subdivision (3) of former Section 1482 of the article.

(2) A provider enrolled under this subdivision shall satisfy all applicable statutory and regulatory requirements for becoming a Medi-Cal provider.

(3) This subdivision shall be implemented only to the extent funding is available under Section 14106.6.

(s) (1) In-home medical care services are covered when medically appropriate and subject to utilization controls, for a beneficiary who would otherwise require care for an extended period of time in an acute care hospital at a cost higher than in-home medical care services. The director shall have the authority under this section to contract with organizations qualified to provide in-home medical care services to those persons. These services may be provided to a patient placed in a shared or congregate living arrangement, if a home setting is not medically appropriate or available to the beneficiary.

(2) As used in this subdivision, "in-home medical care service" includes utility bills directly attributable to continuous, 24-hour operation of life-sustaining medical equipment, to the extent that federal financial participation is available.

(3) As used in this subdivision, in-home medical care services include, but are not limited to:

(A) Level-of-care and cost-of-care evaluations.

(B) Expenses, directly attributable to home care activities, for materials.

(C) Physician fees for home visits.

(D) Expenses directly attributable to home care activities for shelter and modification to shelter.

(E) Expenses directly attributable to additional costs of special diets, including tube feeding.

(F) Medically related personal services.

(G) Home nursing education.

(H) Emergency maintenance repair.

(I) Home health agency personnel benefits that permit coverage of care during periods when regular personnel are on vacation or using sick leave.

(J) All services needed to maintain antiseptic conditions at stoma or shunt sites on the body.

(K) Emergency and nonemergency medical transportation.

(L) Medical supplies.

(M) Medical equipment, including, but not limited to, scales, gurneys, and equipment racks suitable for paralyzed patients.

(N) Utility use directly attributable to the requirements of home care activities that are in addition to normal utility use.

(O) Special drugs and medications.

(P) Home health agency supervision of visiting staff that is medically necessary, but not included in the home health agency rate.

(Q) Therapy services.

(R) Household appliances and household utensil costs directly attributable to home care activities.

(S) Modification of medical equipment for home use.

(T) Training and orientation for use of life-support systems, including, but not limited to, support of respiratory functions.

(U) Respiratory care practitioner services as defined in Sections 3702 and 3703 of the Business and Professions Code, subject to prescription by a physician and surgeon.

(4) A beneficiary receiving in-home medical care services is entitled to the full range of services within the Medi-Cal scope of benefits as defined by this section, subject to medical necessity and applicable utilization control. Services provided pursuant to this subdivision, which are not otherwise included in the Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with a home- and community-based services waiver.

(t) Home- and community-based services approved by the United States Department of Health and Human Services are covered to the extent that federal financial participation is available for those services under the state plan or waivers granted in accordance with Section 1315 or 1396n of Title 42 of the United States Code. The director may seek waivers for any or all home- and community-based services approvable under Section 1315 or 1396n of Title 42 of the United States Code. Coverage for those services shall be limited by the terms, conditions, and duration of the federal waivers.

(u) Comprehensive perinatal services, as provided through an agreement with a health care provider designated in Section 14134.5 and meeting the standards developed by the department pursuant to Section 14134.5, subject to utilization controls.

The department shall seek any federal waivers necessary to implement the provisions of this subdivision. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this subdivision shall be implemented unless matching funds from Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code are available.

(v) Early and periodic screening, diagnosis, and treatment for any individual under 21 years of age is covered, consistent with the requirements of Subchapter XIX (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code.

(w) (1) Hospice services are covered, in accordance with Medicare requirements, and are subject to utilization controls. Coverage shall be available only to the extent that no additional net program costs are incurred.

(2) This subdivision shall be implemented only to the extent that federal financial participation is available and not otherwise jeopardized, and any necessary federal approvals have been obtained.

(3) Notwithstanding any other law, the department, without taking any further regulatory action, may implement, interpret, or make specific this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions.

(x) When a claim for treatment provided to a beneficiary includes both services that are authorized and reimbursable under this chapter and services that are not reimbursable under this chapter, that portion of the claim for the treatment and services authorized and reimbursable under this chapter shall be payable.

(y) Home- and community-based services approved by the United States Department of Health and Human Services for a beneficiary with a diagnosis of Acquired Immune Deficiency Syndrome (AIDS) or AIDS-related complex, who requires intermediate care or a higher level of care.

Services provided pursuant to a waiver obtained from the Secretary of the United States Department of Health and Human Services pursuant to this subdivision, and that are not otherwise included in the Medi-Cal schedule of benefits, shall be available only to the extent that federal financial participation for these services is available in accordance with the waiver, and subject to the terms, conditions, and duration of the waiver. These services shall be provided to a beneficiary in accordance with the client's needs as identified in the plan of care, and subject to medical necessity and applicable utilization control.

The director may, under this section, contract with organizations qualified to provide, directly or by subcontract, services provided for in this subdivision to an eligible beneficiary. Contracts or agreements entered into pursuant to this division shall not be subject to the Public Contract Code.

(z) Respiratory care when provided in organized health care systems as defined in Section 3701 of the Business and Professions Code, and as an in-home medical service as outlined in subdivision (s).

(aa) (1) There is hereby established in the department a program to provide comprehensive clinical family planning services to any person who has a family income at or below 200 percent of the federal poverty level, as revised annually, and who is eligible to receive these services pursuant to the waiver identified in paragraph (2). This program shall be known as the Family Planning, Access, Care, and Treatment (Family PACT) Program.

(2) The department shall seek a waiver in accordance with Section 1315 of Title 42 of the United States Code, or a state plan amendment adopted in accordance with Section 1396a(a)(10)(A)(ii)(XXI) of Title 42 of the United States Code, which was added to Section 1396a of Title 42 of the United States Code by Section 2303(a)(2) of the federal Patient Protection and Affordable Care Act (PPACA) (Public Law 111-148), for a program to provide comprehensive clinical family planning services as described in paragraph (8). Under the waiver, the program shall be operated only in accordance with the waiver and the statutes and regulations in paragraph (4) and subject to the terms, conditions, and duration of the waiver. Under the state plan amendment, which shall replace the waiver and shall be known as the Family PACT successor state plan amendment, the program

shall be operated only in accordance with this subdivision and the statutes and regulations in paragraph (4). The state shall use the standards and processes imposed by the state on January 1, 2007, including the application of an eligibility discount factor to the extent required by the federal Centers for Medicare and Medicaid Services, for purposes of determining eligibility as permitted under Section 1396a(a)(10)(A)(ii)(XXI) of Title 42 of the United States Code. To the extent that federal financial participation is available, the program shall continue to conduct education, outreach, enrollment, service delivery, and evaluation services as specified under the waiver. The services shall be provided under the program only if the waiver and, when applicable, the successor state plan amendment are approved by the federal Centers for Medicare and Medicaid Services and only to the extent that federal financial participation is available for the services. This section does not prohibit the department from seeking the Family PACT successor state plan amendment during the operation of the waiver.

(3) Solely for the purposes of the waiver or Family PACT successor state plan amendment and notwithstanding any other law, the collection and use of an individual's social security number shall be necessary only to the extent required by federal law.

(4) Sections 14105.3 to 14105.39, inclusive, 14107.11, 24005, and 24013, and any regulations adopted under these statutes shall apply to the program provided for under this subdivision. No other law under the Medi-Cal program or the State-Only Family Planning Program shall apply to the program provided for under this subdivision.

(5) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, without taking regulatory action, the provisions of the waiver after its approval by the federal Centers for Medicare and Medicaid Services and the provisions of this section by means of an all-county letter or similar instruction to providers. Thereafter, the department shall adopt regulations to implement this section and the approved waiver in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Beginning six months after the effective date of the act adding this subdivision, the department shall provide a status report to the

Legislature on a semiannual basis until regulations have been adopted.

(6) If the Department of Finance determines that the program operated under the authority of the waiver described in paragraph (2) or the Family PACT successor state plan amendment is no longer cost effective, this subdivision shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(7) If this subdivision ceases to be operative, all persons who have received or are eligible to receive comprehensive clinical family planning services pursuant to the waiver described in paragraph (2) shall receive family planning services under the Medi-Cal program pursuant to subdivision (n) if they are otherwise eligible for Medi-Cal with no spend down of excess income, or shall receive comprehensive clinical family planning services under the program established in Division 24 (commencing with Section 24000) either if they are eligible for Medi-Cal with a spend down of excess income or if they are otherwise eligible under Section 24003.

(8) For purposes of this subdivision, "comprehensive clinical family planning services" means the process of establishing objectives for the number and spacing of children, and selecting the means by which those objectives may be achieved. These means include a broad range of acceptable and effective methods and services to limit or enhance fertility, including contraceptive methods, federal Food and Drug Administration-approved contraceptive drugs, devices, and supplies, natural family planning, abstinence methods, and basic, limited fertility management. Comprehensive clinical family planning services include, but are not limited to, preconception counseling, maternal and fetal health counseling, general reproductive health care, including diagnosis and treatment of infections and conditions, including cancer, that threaten reproductive capability, medical family planning treatment and procedures, including supplies and followup, and informational, counseling, and educational services.

Comprehensive clinical family planning services shall not include abortion, pregnancy testing solely for the purposes of referral for abortion or services ancillary to abortions, or pregnancy care that is not incident to the diagnosis of pregnancy. Comprehensive clinical family planning services shall be subject to utilization control and include all of the following:

(A) Family planning related services and male and female sterilization. Family planning services for men and women shall include emergency services and services for complications directly related to the contraceptive method, federal Food and Drug Administration-approved contraceptive drugs, devices, and supplies, and followup, consultation, and referral services, as indicated, which may require treatment authorization requests.

(B) All United States Department of Agriculture, federal Food and Drug Administration-approved contraceptive drugs, devices, and supplies that are in keeping with current standards of practice and from which the individual may choose.

(C) Culturally and linguistically appropriate health education and counseling services, including informed consent, that include all of the following:

(i) Psychosocial and medical aspects of contraception.

(ii) Sexuality.

(iii) Fertility.

(iv) Pregnancy.

(v) Parenthood.

(vi) Infertility.

(vii) Reproductive health care.

(viii) Preconception and nutrition counseling.

(ix) Prevention and treatment of sexually transmitted infection.

(x) Use of contraceptive methods, federal Food and Drug Administration-approved contraceptive drugs, devices, and supplies.

(xi) Possible contraceptive consequences and followup.

(xii) Interpersonal communication and negotiation of relationships to assist individuals and couples in effective contraceptive method use and planning families.

(D) A comprehensive health history, updated at the next periodic visit (between 11 and 24 months after initial examination) that includes a complete obstetrical history, gynecological history, contraceptive history, personal medical history, health risk factors,

and family health history, including genetic or hereditary conditions.

(E) A complete physical examination on initial and subsequent periodic visits.

(F) Services, drugs, devices, and supplies deemed by the federal Centers for Medicare and Medicaid Services to be appropriate for inclusion in the program.

(G) (i) Home test kits for sexually transmitted diseases, including any laboratory costs of processing the kit, that are deemed medically necessary or appropriate and ordered directly by an enrolled Medi-Cal or Family PACT clinician or furnished through a standing order for patient use based on clinical guidelines and individual patient health needs.

(ii) For purposes of this subparagraph, "home test kit" means a product used for a test recommended by the federal Centers for Disease Control and Prevention guidelines or the United States Preventive Services Task Force that has been CLIA-waived, FDA-cleared or ~~-approved,~~ *FDA-approved*, or developed by a laboratory in accordance with established regulations and quality standards, to allow individuals to self-collect specimens for STDs, including HIV, remotely at a location outside of a clinical setting.

(iii) Reimbursement under this subparagraph shall be contingent upon the addition of codes specific to home test kits in the Current Procedural Terminology or Healthcare Common Procedure Coding System to comply with Health Insurance Portability and Accountability Act requirements. The home test kit shall be sent by the enrolled Family PACT provider to a Medi-Cal-enrolled laboratory with fee based on Medicare Clinical Diagnostic Laboratory Tests Payment System Final Rule.

(9) In order to maximize the availability of federal financial participation under this subdivision, the director shall have the discretion to implement the Family PACT successor state plan amendment retroactively to July 1, 2010.

(ab) (1) Purchase of prescribed enteral nutrition products is covered, subject to the Medi-Cal list of enteral nutrition products and utilization controls.

(2) Purchase of enteral nutrition products is limited to those products to be administered through a feeding tube, including, but not limited to, a gastric, nasogastric, or jejunostomy tube. A

beneficiary under the Early and Periodic Screening, Diagnostic, and Treatment Program shall be exempt from this paragraph.

(3) Notwithstanding paragraph (2), the department may deem an enteral nutrition product, not administered through a feeding tube, including, but not limited to, a gastric, nasogastric, or jejunostomy tube, a benefit for patients with diagnoses, including, but not limited to, malabsorption and inborn errors of metabolism, if the product has been shown to be neither investigational nor experimental when used as part of a therapeutic regimen to prevent serious disability or death.

(4) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement the amendments to this subdivision made by the act that added this paragraph by means of all-county letters, provider bulletins, or similar instructions, without taking regulatory action.

(5) The amendments made to this subdivision by the act that added this paragraph shall be implemented June 1, 2011, or on the first day of the first calendar month following 60 days after the date the department secures all necessary federal approvals to implement this section, whichever is later.

(ac) Diabetic testing supplies are covered when provided by a pharmacy, subject to utilization controls.

(ad) (1) Nonmedical transportation is covered, subject to utilization controls and permissible time and distance standards, for a beneficiary to obtain covered Medi-Cal services.

(2) (A) (i) Nonmedical transportation includes, at a minimum, round trip transportation for a beneficiary to obtain covered Medi-Cal services by passenger car, taxicab, or any other form of public or private conveyance, and mileage reimbursement when conveyance is in a private vehicle arranged by the beneficiary and not through a transportation broker, bus passes, taxi vouchers, or train tickets.

(ii) Nonmedical transportation does not include the transportation of a sick, injured, invalid, convalescent, infirm, or otherwise incapacitated beneficiary by ambulance, litter van, or wheelchair van licensed, operated, and equipped in accordance with state and local statutes, ordinances, or regulations.

(B) Nonmedical transportation shall be provided for a beneficiary who can attest in a manner to be specified by the

department that other currently available resources have been reasonably exhausted. For a beneficiary enrolled in a managed care plan, nonmedical transportation shall be provided by the beneficiary's managed care plan. For a Medi-Cal fee-for-service beneficiary, the department shall provide nonmedical transportation when those services are not available to the beneficiary under Sections 14132.44 and 14132.47.

(3) Nonmedical transportation shall be provided in a form and manner that is accessible, in terms of physical and geographic accessibility, for the beneficiary and consistent with applicable state and federal disability rights laws.

(4) It is the intent of the Legislature in enacting this subdivision to affirm the requirement under Section 431.53 of Title 42 of the Code of Federal Regulations, in which the department is required to provide necessary transportation, including nonmedical transportation, for recipients to and from covered services. This subdivision shall not be interpreted to add a new benefit to the Medi-Cal program.

(5) The department shall seek any federal approvals that may be required to implement this subdivision, including, but not limited to, approval of revisions to the existing state plan that the department determines are necessary to implement this subdivision.

(6) This subdivision shall be implemented only to the extent that federal financial participation is available and not otherwise jeopardized and any necessary federal approvals have been obtained.

(7) Prior to the effective date of any necessary federal approvals, nonmedical transportation was not a Medi-Cal managed care benefit with the exception of when provided as an Early and Periodic Screening, Diagnostic, and Treatment service.

(8) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, without taking any further regulatory action, shall implement, interpret, or make specific this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions until the time regulations are adopted. By July 1, 2018, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. Commencing January 1, 2018, and notwithstanding Section

10231.5 of the Government Code, the department shall provide a status report to the Legislature on a semiannual basis, in compliance with Section 9795 of the Government Code, until regulations have been adopted.

(9) This subdivision shall not be implemented until July 1, 2017.

(ae) (1) No sooner than January 1, 2022, Rapid Whole Genome Sequencing, including individual sequencing, trio sequencing for a parent or parents and their baby, and ultra-rapid sequencing, is a covered benefit for any Medi-Cal beneficiary who is one year of age or younger and is receiving inpatient hospital services in an intensive care unit.

(2) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, without taking any further regulatory action, shall implement, interpret, or make specific this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions until the time regulations are adopted.

(3) This subdivision shall be implemented only to the extent that any necessary federal approvals are obtained, and federal financial participation is available and not otherwise jeopardized.

(af) (1) Home test kits for sexually transmitted diseases that are deemed medically necessary or appropriate and ordered directly by an enrolled Medi-Cal clinician or furnished through a standing order for patient use based on clinical guidelines and individual patient health needs.

(2) For purposes of this subdivision, "home test kit" means a product used for a test recommended by the federal Centers for Disease Control and Prevention guidelines or the United States Preventive Services Task Force that has been CLIA-waived, FDA-cleared or ~~-approved,~~ *FDA-approved*, or developed by a laboratory in accordance with established regulations and quality standards, to allow individuals to self-collect specimens for STDs, including HIV, remotely at a location outside of a clinical setting.

(3) Reimbursement under this subparagraph shall be contingent upon the addition of codes specific to home test kits in the Current Procedural Terminology or Healthcare Common Procedure Coding System to comply with Health Insurance Portability and Accountability Act requirements. The home test kit shall be sent by the enrolled Medi-Cal provider to a Medi-Cal-enrolled

laboratory with fee based on Medicare Clinical Diagnostic Laboratory Tests Payment System Final Rule.

(4) This subdivision shall be implemented only to the extent that federal financial participation is available and not otherwise jeopardized, and any necessary federal approvals have been obtained.

(5) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Health Care Services may implement this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions, without taking any further regulatory action.

(ag) (1) Violence prevention services are covered, subject to medical necessity and utilization controls.

(2) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department, without taking any further regulatory action, may implement, interpret, or make specific this subdivision by means of all-county letters, plan letters, plan or provider bulletins, or similar instructions until the time regulations are adopted.

(3) This subdivision shall be implemented only to the extent that any necessary federal approvals are obtained, and federal financial participation is available and not otherwise jeopardized.

(4) The department shall post on its internet website the date upon which violence prevention services may be provided and billed pursuant to this subdivision.

(5) "Violence prevention services" means evidence-based, trauma-informed, and culturally responsive preventive services provided to reduce the incidence of violent injury or reinjury, trauma, and related harms and promote trauma recovery, stabilization, and improved health outcomes.

~~SEC. 4.~~

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within

the meaning of Section 6 of Article XIII B of the California Constitution.

O

ASSEMBLY BILL No. 2140

Introduced by Assembly Member Johnson

February 18, 2026

An act to amend Section 802 of the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2140, as introduced, Johnson. Healing arts: reports: claims against licensees.

Existing law makes failure of a licensee of the Medical Board of California, the Podiatric Medical Board of California, the Board of Psychology, the Dental Board of California, the Dental Hygiene Board of California, the Osteopathic Medical Board of California, the State Board of Chiropractic Examiners, the Board of Registered Nursing, the Board of Vocational Nursing and Psychiatric Technicians of the State of California, the State Board of Optometry, the Veterinary Medical Board, the Board of Behavioral Sciences, the Physical Therapy Board of California, the California State Board of Pharmacy, the Speech-Language Pathology and Audiology and Hearing Aid Dispensers Board, the California Board of Occupational Therapy, the Acupuncture Board, or the Physician Assistant Board, a claimant, or their counsel to report a settlement, judgment, or arbitration award over $3,000 of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional services, by a person who holds a license, certificate, or other similar authority from one of those boards, who does not possess professional liability insurance as to the claim, within 30 days to the agency that issued the license, certificate, or similar

authority, punishable by a fine of not less than $50 or more than $500, as specified.

This bill would increase the minimum fine for a violation of that provision to $100.

Existing law makes failure of a marriage and family therapist, clinical social worker, professional clinical counselor, a claimant, or their counsel to report a settlement, judgment, or arbitration award over $10,000 of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional services, by a marriage and family therapist, a clinical social worker, or a professional clinical counselor who does not possess professional liability insurance as to that claim, within 30 days to the agency that issued the license, certificate, or similar authority, punishable by a fine of not less than $50 nor more than $500, as specified.

This bill would increase the minimum fine for a violation of that provision to $100.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 802 of the Business and Professions Code is amended to read:

802. (a) Every settlement, judgment, or arbitration award over three thousand dollars ($3,000) of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional services, by a person who holds a license, certificate, or other similar authority from an agency specified in subdivision (a) of Section 800 (except a person licensed pursuant to Chapter 3 (commencing with Section 1200) or Chapter 5 (commencing with Section 2000) or the Osteopathic Initiative Act) who does not possess professional liability insurance as to that claim shall, within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the judgment or arbitration award on the parties, be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or ~~his or her~~ *their* counsel, with a copy of the

communication to be sent to the claimant through ~~his or her~~ *their* counsel if the person is so represented, or directly if ~~he or she is~~ *they are* not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if the claimant is not represented by counsel, the ~~claimant himself or herself)~~ *claimant)* has not received a copy of the report, ~~he or she shall himself or herself~~ *they shall* make the complete report. Failure of the licensee or claimant (or, if represented by counsel, their counsel) to comply with this section is a public offense punishable by a fine of not less than ~~fifty dollars ($50)~~ *one hundred dollars ($100)* or more than five hundred dollars ($500). Knowing and intentional failure to comply with this section or conspiracy or collusion not to comply with this section, or to hinder or impede any other person in the compliance, is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

(b) Every settlement, judgment, or arbitration award over ten thousand dollars ($10,000) of a claim or action for damages for death or personal injury caused by negligence, error or omission in practice, or by the unauthorized rendering of professional services, by a marriage and family therapist, a clinical social worker, or a professional clinical counselor licensed pursuant to Chapter 13 (commencing with Section 4980), Chapter 14 (commencing with Section 4990), or Chapter 16 (commencing with Section 4999.10), respectively, who does not possess professional liability insurance as to that claim shall within 30 days after the written settlement agreement has been reduced to writing and signed by all the parties thereto or 30 days after service of the judgment or arbitration award on the parties be reported to the agency that issued the license, certificate, or similar authority. A complete report shall be made by appropriate means by the person or ~~his or her~~ *their* counsel, with a copy of the communication to be sent to the claimant through ~~his or her~~ *their* counsel if ~~he or she is~~ *they are* so represented, or directly if ~~he or she is~~ *they are* not. If, within 45 days of the conclusion of the written settlement agreement or service of the judgment or arbitration award on the parties, counsel for the claimant (or if ~~he or she is~~ *they are* not represented by counsel, the ~~claimant himself or herself)~~ *claimant)* has not received a copy of the report, ~~he or~~

~~she shall himself or herself~~ *they shall* make a complete report. Failure of the marriage and family therapist, clinical social worker, or professional clinical counselor or claimant (or, if represented by counsel, ~~his or her~~ *their* counsel) to comply with this section is a public offense punishable by a fine of not less than ~~fifty dollars ($50)~~ *one hundred dollars ($100)* nor more than five hundred dollars ($500). Knowing and intentional failure to comply with this section, or conspiracy or collusion not to comply with this section or to hinder or impede any other person in that compliance, is a public offense punishable by a fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000).

SENATE BILL No. 1311

Introduced by Senator Wahab

February 20, 2026

An act to amend Sections 1750 and 1755 of the Business and Professions Code, relating to healing arts, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 1311, as introduced, Wahab. Dentistry: dental assistants: infection control course.

The Dental Practice Act establishes the Dental Board of California to license and regulate the practice of dentistry. Existing law requires the board to license and regulate dental auxiliaries, including, among others, dental assistants, as defined, and sets forth duties and functions that those dental auxiliaries are authorized to perform. Existing law requires an unlicensed dental assistant not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program to complete an infection control certification course, as specified. In this regard, existing law allows the unlicensed dental assistant to complete a board-approved 8-hour course, with 6 hours being didactic instruction and 2 hours being laboratory instruction, as specified.

This bill would allow an unlicensed dental assistant to complete the Dental Assisting National Board's Infection Control examination instead of completing an infection control course. The bill would also revise the requirements for those infection control courses to allow an unlicensed dental assistant to complete one of specified courses approved by the board or a course with at least 4 hours of didactic instruction and at least 2 hours of laboratory instruction using video or a series of video training tools, as specified.

Existing law makes the employer of a dental assistant responsible for ensuring that the dental assistant has successfully completed a board-approved 8-hour course in infection control before performing any basic supportive dental procedures involving potential exposure to blood, saliva, or other potentially infectious material.

This bill would instead require the employer to ensure the dental assistant has successfully completed a course or examination in infection control, as described above, before performing those procedures.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: ⅔. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 1750 of the Business and Professions Code is amended to read:

1750. (a) A dental assistant is an individual who, without a license, may perform basic supportive dental procedures, as authorized by Section 1750.1 and by regulations adopted by the board, under the supervision of a licensed dentist. "Basic supportive dental procedures" are those procedures that have technically elementary characteristics, are completely reversible, and are unlikely to precipitate potentially hazardous conditions for the patient being treated.

(b) The supervising licensed dentist shall be directly responsible for determining the competency of the dental assistant to perform the basic supportive dental procedures, as authorized by Section 1750.1.

(c) The employer of a dental assistant shall be responsible for ensuring that the dental assistant has successfully completed ~~a board-approved eight-hour course in infection control~~ *an infection control course or examination in accordance with subdivision (b) of Section 1755* prior to performing any basic supportive dental procedures involving potential exposure to blood, saliva, or other potentially infectious materials.

(d) The employer shall maintain evidence for the length of the employment for the dental assistant at the supervising dentist's treatment facility to verify the dental assistant has met and

maintained all certification requirements as dictated by statute and regulation.

(e) The employer shall inform the dental assistant of the educational requirements described in subdivision (f) to maintain employment as an unlicensed dental assistant.

(f) The employer of a dental assistant shall be responsible for ensuring that the dental assistant who has been employed continuously or on an intermittent basis by that employer for one year from the date of first employment provides evidence to the employer that the dental assistant has already successfully completed, or successfully completes, all of the following within one year of the first date of employment:

(1) A board-approved two-hour course in the Dental Practice Act.

(2) Current certification in basic life support issued by the American Red Cross, the American Heart Association, the American Safety and Health Institute, the American Dental Association's Continuing Education Recognition Program, or the Academy of General Dentistry's Program Approval for Continuing Education, in accordance with both of the following:

(A) The dental assistant shall be responsible for maintaining current certification in basic life support to perform duties involving patients.

(B) The employer of a dental assistant shall be responsible for ensuring that the dental assistant maintains certification in basic life support.

(3) To perform radiographic procedures, a dental assistant shall complete a board-approved course in radiation safety. The original or a copy of the current, valid certificate issued by a board-approved radiation safety course provider shall be publicly displayed at the treatment facility where the dental assistant performs dental services.

(4) To perform coronal polishing prior to licensure as a registered dental assistant, an unlicensed dental assistant shall complete a board-approved coronal polishing course and obtain a certificate of completion. Prior to taking the coronal polishing course, the dental assistant shall provide evidence to the course provider of having completed a board-approved eight-hour course in infection control and a current, valid certification in basic life support.

(A) Coronal polishing performed pursuant to this paragraph shall be performed under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist, who shall, at minimum, evaluate each patient after coronal polishing procedures are performed by the dental assistant.

(B) The original or a copy of the current, valid certificate issued by a board-approved coronal polishing course provider shall be publicly displayed at the treatment facility where the dental assistant performs dental services.

SEC. 2. Section 1755 of the Business and Professions Code is amended to read:

1755. (a) A course in infection control is one that has as its main purpose providing theory and clinical application in infection control practices and principles where the protection of the public is its primary focus.

(b) An unlicensed dental assistant not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program as defined in subdivision (a) of Section 1741, shall *successfully* complete *either the Dental Assisting National Board's Infection Control examination or* one of the following infection control certification courses:

(1) A board-approved eight-hour ~~course, with six hours being didactic instruction and two hours being laboratory instruction.~~ *infection control course provided by a board-approved registered dental assisting education program.*

(2) A board-approved eight-hour infection control course pursuant to Section 1070.6 of Title 16 of the California Code of Regulations.

~~(2) A board-approved eight-hour course, with six hours of didactic instruction and at least two hours of laboratory instruction using video or a series of video training tools, all of which may be delivered using asynchronous, synchronous, or online learning mechanisms or a combination thereof.~~

(3) (A) Notwithstanding Sections 1070, 1070.1, and 1070.6 of Title 16 of the California Code of Regulations, a course with at least four hours of didactic instruction, as described in subdivision (e), and at least two hours of laboratory instruction using video or a series of video training tools, all of which may be delivered using asynchronous, synchronous, or online learning mechanisms or a combination thereof, offered by the California Dental

Association or a provider approved by the California Dental Association, the American Dental Association's Continuing Education Recognition Program, or the Academy of General Dentistry's Program Approval for Continuing Education.

(B) For purposes of this paragraph, "laboratory instruction" means instruction in which students perform procedures using study models, mannequins, or other simulation methods.

(c) A course shall establish specific instructional objectives. Instruction shall provide the content necessary for students to make safe and ethical judgments regarding infection control and asepsis.

(d) Objective evaluation criteria shall be used for measuring student progress. Students shall be provided with specific performance objectives and the evaluation criteria that will be used for didactic testing.

(e) Didactic instruction shall include, at a minimum, all of the following as they relate to Cal/OSHA regulations, as set forth in Sections 300 to 344.85, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations:

(1) Basic dental science and microbiology as they relate to infection control in dentistry.

(2) Legal and ethical aspects of infection control procedures.

(3) Terms and protocols specified in Section 1005 of Title 16 of the California Code of Regulations regarding the minimum standards for infection control.

(4) Principles of modes of disease transmission and prevention.

(5) Principles, techniques, and protocols of hand hygiene, personal protective equipment, surface barriers and disinfection, sterilization, sanitation, and hazardous chemicals associated with infection control.

(6) Principles and protocols of sterilizer monitoring and the proper loading, unloading, storage, and transportation of instruments to work area.

(7) Principles and protocols associated with sharps management.

(8) Principles and protocols of infection control for laboratory areas.

(9) Principles and protocols of waterline maintenance.

(10) Principles and protocols of regulated and nonregulated waste management.

(11) Principles and protocols related to injury and illness prevention, hazard communication, general office safety, exposure control, postexposure requirements, and monitoring systems for radiation safety and sterilization systems.

(f) Upon successful completion of the course, students shall receive a certificate of completion as defined in subdivision (e) of Section 1741.

(g) The board may adopt regulations to implement this section.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

Unlicensed dental assistants are currently required to take an eight-hour course prior to performing any basic supportive dental procedures that would have potential exposure to infectious materials. There have been issues preventing the establishment of the eight-hour course virtually and the eight-hour course is not readily available in many parts of the state, especially remote and rural areas already experiencing access and workforce shortage issues. To mitigate these outcomes, it is necessary that this act take effect immediately.

Senate Resolution **No. 82**

Introduced by Senator Pérez
(Coauthors: Senators Arreguín, Ashby, Becker, Blakespear, Cabaldon, Cervantes, Cortese, Dahle, Durazo, Grayson, Laird, McNerney, Niello, Ochoa Bogh, Padilla, Rubio, Seyarto, Smallwood-Cuevas, Stern, Umberg, and Weber Pierson)

February 19, 2026

Senate Resolution No. 82—Relative to Children's Dental Health Month.

WHEREAS, In California, tooth decay remains a significant public health problem. By the third grade, 7 in 10 children have experienced tooth decay, and 1 in 5 children have untreated tooth decay; and

WHEREAS, Tooth decay disparities related to race or ethnicity, or both, and socioeconomic status continue to exist in California and undermine health equity. Among Latinx children, 72 percent have experienced some form of tooth decay. African American children between three and five years of age experience untreated tooth decay at a rate of 36.8 percent, while African American children between six and nine years of age experience untreated tooth decay at a rate of 55.6 percent. Among children who are socioeconomically disadvantaged, 72.3 percent experience tooth decay and 26 percent experience untreated tooth decay; and

WHEREAS, Untreated cavities can cause pain and infections that may lead to problems with eating, speaking, playing, and learning. California children miss 874,000 days of school each year, collectively, due to dental problems, costing schools over $29,000,000 from a reduction in daily attendance rates; and

WHEREAS, Tooth decay is the number one chronic infectious disease affecting children in the United States, although it is largely

preventable. Early dental visits help prevent cavities and tooth decay. Basic preventive treatments like fluoride varnish, dental sealants, and community water fluoridation can all help prevent cavities in primary (baby) teeth. Early infant dental visits are key to long-term oral health, as studies have shown that delaying dental care to even two or three years of age can have a negative impact on a child's oral health. In one survey, up to 40 percent of parents and caregivers were found to have postponed their child's first visit until after 2.6 years of age; and

WHEREAS, California has made significant investments in recent years to improve the oral health infrastructure in the state, including efforts to increase preventive dental services and improve dental health for children enrolled in Medi-Cal. These recent improvements have resulted in a 34-percent increase, or 3,300 providers, in Medi-Cal dental program providers since 2017, and that rate is increasing each year; and

WHEREAS, Access to fluoride is essential for children's oral health because it helps strengthen tooth enamel, making it more resistant to tooth decay. Regular exposure to fluoride through toothpaste, drinking water, or professional treatments can significantly reduce the risk of cavities and prevent early tooth loss; and

WHEREAS, Despite this expanded access, barriers to oral health care still exist; and

WHEREAS, Many Californians experience delayed dental care, exacerbating access-to-care issues for children's oral health. In fact, approximately 50 percent of all children enrolled by Medi-Cal visited a dentist last year; and

WHEREAS, Increased awareness of the importance of children's oral health will continue to further educational goals and efforts to prevent childhood oral health diseases; and

WHEREAS, Children's Dental Health Month is an important nationwide tool for raising awareness about the importance of childhood oral health and the role it plays in children's overall health among California's leaders, policymakers, and the public, as well as about the impact of poor oral health on children; now, therefore, be it

Resolved by the Senate of the State of California, That the Senate hereby recognizes and declares the month of February 2026 as Children's Dental Health Month in California; and be it further

Resolved, That the Senate is committed to supporting efforts to raise awareness about the importance of oral health and preventing oral health diseases in children; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the author for appropriate distribution.

AMENDED IN SENATE JULY 9, 2025

AMENDED IN ASSEMBLY APRIL 9, 2025

CALIFORNIA LEGISLATURE—2025–26 REGULAR SESSION

ASSEMBLY BILL No. 873

Introduced by Assembly Member Alanis

February 19, 2025

An act to amend Sections 1725, 1750, *1750.1, 1753, 1753.5, 1753.52, 1754.5,* and 1755 of the Business and Professions Code, relating to healing arts, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 873, as amended, Alanis. Dentistry: ~~dental assistants: infection control course.~~ *dental assistants.*

Existing law, the Dental Practice Act, establishes the Dental Board of California to license and regulate the practice of dentistry, including the licensure and regulation of dental auxiliaries, including, among others, dental assistants, as defined, and sets forth duties and functions that those dental auxiliaries are authorized to perform. Existing law ~~authorizes~~ *requires* the board to review and evaluate all applications for licensure in all dental assisting categories to ascertain whether a candidate meets the appropriate licensing requirements specified by statute and board regulation. Existing law establishes the Dental Assisting Council within the Dental Board of California and requires the council to consider all matters relating to dental assistants in the state, as specified, and to make appropriate recommendations to the board and the standing committees of the board in specified areas, including standards and criteria for approval of dental assisting

educational programs, courses, and continuing education. Existing law requires the board to approve, modify, or reject recommendations by the council within 120 days of submission to the board during full board business.

Existing law requires that fees relating to the licensing and permitting of dental assistants be established by regulation, subject to certain limitations prescribed by statute. *Existing regulations set the fee for an application for board approval of various courses for dental auxiliaries, including infection control courses and radiation safety courses, at $300.*

This bill would require that the fee for review of each approval application or reevaluation for a course for instruction in interim therapeutic restoration and radiographic decisionmaking, radiation safety, or infection control that is not accredited by a board-approved agency or the Chancellor's office of the California Community Colleges not exceed $300, and would make conforming changes.

Existing law ~~provides that~~ *makes* the employer of a dental assistant ~~is~~ responsible for ensuring that the dental assistant has successfully completed a board-approved 8-hour course in infection control ~~prior to~~ *before* performing any basic supportive dental procedures involving potential exposure to blood, saliva, or other potentially infectious material. *Existing regulations require an employer of employees who, through performance of their duties, could reasonably anticipate skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials to ensure that those employees participate in a bloodborne pathogen training program that provides, among other things, explanations related to bloodborne diseases and pathogens.*

This bill would, instead, ~~provide that~~ *make* the employer ~~is~~ responsible for ensuring that the dental assistant has successfully completed the course ~~within 90~~ *in infection control on or before 60* days from the date of first employment ~~with the employer.~~ *at the dental office.* The bill would also ~~expand the courses that~~ *authorize* a dental assistant ~~may take~~ to comply with this requirement ~~to include a~~ *by taking a board-approved* course provided by a board-approved registered dental assisting education program, ~~and~~ *a stand-alone course approved by the board, as specified, or* a course with 6 hours of didactic instruction and at least 2 hours of laboratory instruction using video or a series of video training tools, as specified. *The bill would also require the employer to provide the above-described bloodborne pathogen training program*

prior to the dental assistant's potential exposure to blood, saliva, or other potentially infectious materials and annually thereafter.

~~Existing law requires an unregistered dental assistant not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program, as specified, to complete a certification course in infection control, as specified. Existing law requires a certification course in infection control to meet minimum requirements related to duration, including having at least 6 hours of didactic instruction and 2 hours of laboratory instruction, as prescribed. Existing law requires that, upon successful completion of the course, students receive a certificate of completion, as defined.~~

~~This bill would delete the above-described requirement for unregistered dental assistants not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program. The bill would also provide that for certain infection control courses, a provider shall submit an application on a form furnished by the board for board approval to offer the course, the above-described fee, and certain documentation related to course identification and course structure, including written laboratory protocols that comply with certain regulations, as specified. The bill would require the course director to, among other things, actively participate in, and be responsible for, the administration of the course, as specified. The bill would require the course provider to, among other things, notify prospective students of the computer or communications technology necessary to participate in didactic and laboratory instruction.~~

~~This bill would authorize the board or its designees to approve, provisionally approve, or deny approval of a course in infection control after evaluating all of its components. The bill would limit provisional approval to a course that substantially complies with all existing standards for full approval and would make that provisional approval expire one year after provisional approval or upon subsequent approval or denial, whichever occurs first. The bill would require a board-approved course to be reevaluated every 7 years, as specified, and would authorize the board to withdraw approval at any time if it determines the course does not meet specified requirements. The bill would impose various requirements on certain courses in infection control, including that the course provide technological assistance to students, as needed, to participate in didactic and laboratory instruction.~~

~~This bill would require the certificate of completion to state the statutory authority used to approve the course, as specified. The bill~~

~~would prohibit certain courses from satisfying the infection control course requirement for licensure as a registered dental assistant or obtaining an orthodontic assistant permit or a dental sedation assistant permit. The bill would require course records to be available for inspection by the board at any time.~~

Existing law authorizes a registered dental assistant in extended functions licensed on or after January 1, 2010, to perform specified procedures under direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist, including gingival retraction for impression and restorative procedures.

This bill would add polishing and contouring existing amalgam restorations to that list of authorized duties and make conforming changes.

Existing law requires a person seeking licensure as a registered dental assistant in extended functions to meet certain eligibility requirements, including completion of an extended functions postsecondary program approved by the board, as specified. If the applicant completes a program that teaches the duties that registered dental assistants in extended functions were allowed to perform pursuant to board regulations before January 1, 2010, existing law also requires the applicant to complete a course approved by the board in a list of specified procedures.

This bill would revise the list of procedures required to be covered by that course. Specifically, the bill would remove taking final impressions for permanent indirect restorations, would add performing post, core, and build-up procedures in conjunction with direct and indirect restorations, and would add polishing and contouring existing amalgam restorations.

Existing law requires an unregistered dental assistant not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program, as specified, to complete a certification course in infection control, as specified.

This bill would delete that requirement.

Existing law establishes various requirements for courses in radiation safety and infection control for certain dental auxiliaries, including that the course establish specific instructional objectives, utilize objective evaluation criteria for measuring student progress, and meet certain requirements related to duration of instruction.

Existing regulations require a dental assisting program or course to meet certain criteria to secure and maintain board approval, including

that the program or course director actively participate in, and be responsible for, the administration of the program or course, as specified. Existing regulations authorize the board to approve, provisionally approve, or deny approval of a program or course, as specified. Existing regulations impose specific requirements on a radiation safety course for board approval, including that the course provide no fewer than 32 clock hours of instruction, including at least 8 hours of didactic instruction, at least 12 hours of laboratory instruction, and at least 12 hours of clinical instruction. Existing regulations also impose specific requirements on a course in infection control for board approval, including that each student pass a written examination that reflects the curriculum content, which may be administered at intervals throughout the course as determined by the director.

This bill would codify those regulations with certain modifications, including, among other things, requiring that provisional approval for a course in radiation safety or infection control expire after one year or upon subsequent board approval or denial, whichever occurs first, and that the board provide, in writing, the specific reasons for provisionally approving or denying a course to the course director within 90 days of that decision. The bill would authorize the board to, in lieu of conducting its own investigation for a course in radiation safety, accept the findings of a commission or accreditation agency approved by the board, or its designee, and adopt those findings as its own.

This bill would require a radiation safety course to provide students with certain experiences. Specifically, the bill would require the laboratory instruction to include supervised experience performing procedures using study models, manikins, or other simulation models, and would require the clinical instruction to include supervised experience performing procedures in a clinical setting on patients. The bill would require laboratory instruction to be completed before a student participates in clinical instruction, and would establish minimum requirements for laboratory instruction, including providing demonstrations in applying hand cleansing products and performing hand cleansing techniques, protocols, and procedures, among other things.

This bill would authorize didactic instruction to be provided through distance learning modalities and would require providers using those modalities to meet specified requirements, including providing

technological assistance to students, as needed, to participate in instruction, and requiring didactic instruction to be completed before a student participates in laboratory instruction. The bill would require the course provider to, among other things, notify prospective students of the computer or communications technology necessary to participate in didactic and laboratory instruction.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: ⅔. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 1725 of the Business and Professions Code is amended to read:

1725. The amount of the fees prescribed by this chapter that relate to the licensing and permitting of dental assistants shall be established by regulation and subject to the following limitations:

(a) The application fee for an original license shall not exceed two hundred dollars ($200).

(b) The fee for examination for licensure as a registered dental assistant shall not exceed the actual cost of the examination.

(c) The fee for application and for the issuance of an orthodontic assistant permit or a dental sedation assistant permit shall not exceed two hundred dollars ($200).

(d) The fee for the written examination for an orthodontic assistant permit or a dental sedation assistant permit shall not exceed the actual cost of the examination.

(e) The fee for the Registered Dental Assistant Combined Written and Law and Ethics Examination for a registered dental assistant shall not exceed the actual cost of the examination.

(f) The fee for examination for licensure as a registered dental assistant in extended functions shall not exceed the actual cost of the examination.

(g) The biennial renewal fee for a registered dental assistant license, registered dental assistant in extended functions license, dental sedation assistant permit, or orthodontic assistant permit shall not exceed two hundred dollars ($200).

(h) The delinquency fee shall be 50 percent of the renewal fee for the license or permit in effect on the date of the renewal of the license or permit.

(i) The fee for issuance of a duplicate registration, license, permit, or certificate to replace one that is lost or destroyed, or in the event of a name change, shall not exceed one hundred dollars ($100).

(j) The fee for each curriculum review and site evaluation for educational programs for registered dental assistants that are not accredited by a board-approved agency, or the Chancellor's office of the California Community Colleges shall not exceed seven thousand five hundred dollars ($7,500).

(k) The fee for review of each approval application or reevaluation for a course that is not accredited by a board-approved agency or the Chancellor's office of the California Community Colleges shall not exceed two thousand dollars ($2,000).

(*l*) The fee for review of each approval application or reevaluation for a course provided pursuant to Sections 1753.52, 1754.5, and 1755 that is not accredited by a board-approved agency or the Chancellor's office of the California Community Colleges shall not exceed three hundred dollars ($300).

(m) Fees collected pursuant to this section shall be deposited in the State Dentistry Fund.

SEC. 2. Section 1750 of the Business and Professions Code is amended to read:

1750. (a) A dental assistant is an individual who, without a license, may perform basic supportive dental procedures, as authorized by Section 1750.1 and by regulations adopted by the board, under the supervision of a licensed dentist. "Basic supportive dental procedures" are those procedures that have technically elementary characteristics, are completely reversible, and are unlikely to precipitate potentially hazardous conditions for the patient being treated.

(b) The supervising licensed dentist shall be directly responsible for determining the competency of the dental assistant to perform the basic supportive dental procedures, as authorized by Section 1750.1.

(c) *(1)* The employer of a dental assistant shall be responsible for ensuring that the dental assistant has successfully completed a board-approved eight-hour course in infection control ~~within 90~~

on or before 60 days from the date of first employment at the dental ~~office.~~ *office, and shall provide bloodborne pathogen training, pursuant to paragraph (2) of subdivision (g) of Section 5193 of Title 8 of the California Code of Regulations, prior to the dental assistant's potential exposure to blood, saliva, or other potentially infectious materials and annually thereafter.*

(2) The board-approved eight-hour course in infection control described in paragraph (1) shall be one of the following:

(A) A board-approved course provided as part of a board-approved registered dental assisting education program.

(B) A stand-alone course approved by the board pursuant to the requirements of Section 1070.6 of Title 16 of the California Code of Regulations.

(C) Notwithstanding Section 1070.6 of Title 16 of the California Code of Regulations, a course with six hours of didactic instruction and at least two hours of laboratory instruction using video or a series of video training tools, all of which may be delivered using asynchronous, synchronous, or online learning mechanisms or a combination thereof, that is approved by the board pursuant to the requirements in Section 1755.

(d) The employer shall maintain evidence for the length of the employment for the dental assistant at the supervising dentist's treatment facility to verify the dental assistant has met and maintained all certification requirements as dictated by statute and regulation.

(e) The employer shall inform the dental assistant of the educational requirements described in subdivision (f) to maintain employment as an unlicensed dental assistant.

(f) The employer of a dental assistant shall be responsible for ensuring that the dental assistant who has been employed continuously or on an intermittent basis by that employer for one year from the date of first employment provides evidence to the employer that the dental assistant has already successfully completed, or successfully completes, all of the following within one year of the first date of employment:

(1) A board-approved two-hour course in the Dental Practice Act.

(2) Current certification in basic life support issued by the American Red Cross, the American Heart Association, the American Safety and Health Institute, the American Dental

Association's Continuing Education Recognition Program, or the Academy of General Dentistry's Program Approval for Continuing Education, in accordance with both of the following:

(A) The dental assistant shall be responsible for maintaining current certification in basic life support to perform duties involving patients.

(B) The employer of a dental assistant shall be responsible for ensuring that the dental assistant maintains certification in basic life support.

(3) To perform radiographic procedures, a dental assistant shall complete a board-approved course in radiation safety. The original or a copy of the current, valid certificate issued by a board-approved radiation safety course provider shall be publicly displayed at the treatment facility where the dental assistant performs dental services.

(4) To perform coronal polishing prior to licensure as a registered dental assistant, an unlicensed dental assistant shall complete a board-approved coronal polishing course and obtain a certificate of completion. Prior to taking the coronal polishing course, the dental assistant shall provide evidence to the course provider of having completed a board-approved eight-hour course in infection control and a current, valid certification in basic life support.

(A) Coronal polishing performed pursuant to this paragraph shall be performed under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist, who shall, at minimum, evaluate each patient after coronal polishing procedures are performed by the dental assistant.

(B) The original or a copy of the current, valid certificate issued by a board-approved coronal polishing course provider shall be publicly displayed at the treatment facility where the dental assistant performs dental services.

SEC. 3. Section 1750.1 of the Business and Professions Code is amended to read:

1750.1. (a) A dental assistant may perform the following duties under the general supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist:

(1) Extraoral duties specified by the supervising licensee that meet the definition of a basic supportive dental procedure specified in subdivision (b) of Section 1741. These duties may include a

procedure that requires the use of personal protective equipment, laboratory functions, and sterilization and disinfection procedures described in Section 1005 of Title 16 of the California Code of Regulations and Section 5193 of Title 8 of the California Code of Regulations.

(2) Operate dental radiography equipment for the purpose of oral radiography if the dental assistant has complied with the requirements of paragraph ~~(4)~~ *(3)* of subdivision (f) of Section 1750.

(3) Perform intraoral and extraoral photography.

(b) A dental assistant may perform the following duties under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist:

(1) Apply nonaerosol and noncaustic topical agents, including all forms of topical fluoride.

(2) Take intraoral impressions for all nonprosthodontic appliances.

(3) Take facebow transfers and bite registrations.

(4) Place and remove rubber dams or other isolation devices.

(5) Place, wedge, and remove matrices for restorative procedures.

(6) Remove postextraction dressings after inspection of the surgical site by the supervising licensed dentist.

(7) Perform measurements for the purposes of orthodontic treatment.

(8) Cure dental materials with a light curing device.

(9) Examine orthodontic appliances.

(10) Place and remove orthodontic separators.

(11) Remove ligature ties and archwires.

(12) After adjustment by the dentist, examine and seat removable orthodontic appliances and deliver care instructions to the patient.

(13) Remove periodontal dressings.

(14) Remove sutures after inspection of the site by the dentist.

(15) Place patient monitoring sensors.

(16) Adjust the flow of nitrous oxide and oxygen gases if deemed necessary and directed by the supervising dentist who shall be present in the operatory directly supervising the adjustment.

(17) Extraoral functions specified by the supervising dentist that meet the definition of basic supportive dental procedures

specified in subdivision (b) of Section 1741. ~~Such~~ *These* duties may include patient monitoring, placing monitoring sensors, taking of vital signs, or other extraoral procedures related to the scope of their practice.

(18) In response to a medical emergency and under the direct supervision, order, control, and full professional responsibility of the licensed dentist, a dental assistant may administer or assist in the administration of oxygen.

(c) The board may specify additional allowable duties by regulation.

(d) The duties of a dental assistant or a dental assistant holding a permit in orthodontic assisting or in dental sedation shall not include any of the following procedures unless specifically allowed by law:

(1) Diagnosis and comprehensive treatment planning.

(2) Placing, finishing, or removing permanent restorations.

(3) Surgery or cutting on hard and soft tissue including, but not limited to, the removal of teeth and the cutting and suturing of soft tissue.

(4) Prescribing medication.

(5) Starting the flow of nitrous oxide and oxygen gases.

(6) Administration of local or general anesthesia or sedation.

(e) Unless otherwise permitted in this section, the duties of a dental assistant do not include any duty or procedure that only a registered dental assistant, registered dental assistant in extended functions, orthodontic assistant, dental sedation assistant, registered dental hygienist, or registered dental hygienist in alternative practice is allowed to perform.

(f) The placement of pit and fissure sealants may only be performed by a registered dental assistant, registered dental assistant in extended functions, registered dental hygienist, or registered dental hygienist in alternative practice.

SEC. 4. Section 1753 of the Business and Professions Code is amended to read:

1753. (a) On and after January 1, 2010, the board may license as a registered dental assistant in extended functions a person who files a completed application, pays the applicable fee, and submits written evidence, satisfactory to the board, of all of the following eligibility requirements:

(1) Current, active, and valid licensure as a registered dental assistant.

(2) A full set of fingerprints for purposes of conducting a criminal history check.

(3) Successful completion of either of the following:

(A) An extended functions postsecondary program approved by the board in all of the procedures specified in Section 1753.5.

(B) An extended functions postsecondary program approved by the board to teach the duties that registered dental assistants in extended functions were allowed to perform pursuant to board regulations prior to January 1, 2010, and a course approved by the board in the procedures specified in paragraphs (1), (2), (5), *(6),* and ~~(7)~~ *(8)* to ~~(11),~~ *(12),* inclusive, of subdivision (b) of Section 1753.5.

(4) Current certification in basic life support issued by American Red Cross, American Heart Association, American Safety and Health Institute, American Dental Association's Continuing Education Provider Recognition Program, or Academy of General Dentistry's Program Approval for Continuing Education.

(5) Successful completion of a board-approved pit and fissure sealant course.

(6) Passage of a written examination administered by the board. The board shall designate whether the written examination shall be administered by the board.

(b) A registered dental assistant in extended functions with permits in either orthodontic assisting or dental sedation assisting shall be referred to as an "RDAEF with orthodontic assistant permit," or "RDAEF with dental sedation assistant permit," as applicable. These terms shall be used for reference purposes only and do not create additional categories of licensure.

(c) Completion of the continuing education requirements established by the board pursuant to Section 1645 by a registered dental assistant in extended functions who also holds a permit as an orthodontic assistant or dental sedation assistant shall fulfill the continuing education requirement for such permit or permits.

(d) The licensee shall be responsible for complying with all applicable licensure renewal requirements, including continuing education pursuant to Section 1645.

SEC. 5. Section 1753.5 of the Business and Professions Code is amended to read:

1753.5. (a) A registered dental assistant in extended functions licensed on or after January 1, 2010, is authorized to perform all duties and procedures that a registered dental assistant is authorized to perform as specified in and limited by Section 1752.4, and the duties in this section.

(b) A registered dental assistant in extended functions licensed on or after January 1, 2010, is authorized to perform the following additional procedures under direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist:

(1) Perform oral health assessments, including intraoral and extraoral soft tissue evaluations to identify oral lesions, classifying occlusion, performing myofunctional evaluations, and oral cancer screenings as authorized by the supervising dentist.

(2) Perform oral health assessments in school-based, community health project settings under the direction of a dentist, registered dental hygienist, or registered dental hygienist in alternative practice.

(3) Gingival retraction for impression and restorative procedures.

(4) Size and fit endodontic master points and accessory points.

(5) Cement endodontic master points and accessory points.

(6) Perform post, core, and build-up procedures in conjunction with direct and indirect restorations.

(7) Take final impression for permanent indirect restorations.

(8) Take final impressions for tooth-borne removeable prosthesis.

(9) Place, contour, finish, and adjust all direct restorations.

(10) Adjust and adhere all permanent indirect restorations.

(11) Polish and contour existing amalgam restorations.

~~(11)~~

(12) Other procedures authorized by regulations adopted by the board.

(c) A registered dental assistant in extended functions licensed on or after January 1, 2010, may perform a duty specified in this section using contemporary techniques and materials designed for use in the performance of that duty under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist if the registered dental assistant in extended functions has completed the appropriate education and training, and whose skill, knowledge, and education in the use of

such contemporary technique or material has been determined clinically competent by the supervising licensed dentist.

SEC. 6. Section 1753.52 of the Business and Professions Code is amended to read:

1753.52. (a) On or after January 1, 2026, a provider of a course for instruction in interim therapeutic restorations and radiographic decisionmaking for a registered dental assistant in extended functions shall apply for board approval to offer the course and submit all of the following to the board:

(1) An application prescribed by the board that shall specify the name of the course or educational program administrator or director, the name of the course provider, the name of the course, and the location where the course will be offered.

(2) The application fee prescribed by ~~regulation.~~ *Section 1725.*

(3) A detailed course curriculum evidencing that the course is sufficient in length for the students to develop competency in placement of protective restorations, but shall be, at a minimum, 16 hours in length and include all of the following:

(A) Four hours of didactic training, which may take place in an in-person or online environment, and shall include:

(i) Review of pulpal anatomy.

(ii) Theory of adhesive restorative materials used in the placement of adhesive protective restorations, including mechanisms of bonding to tooth structure, handling characteristics of the materials, preparation of the tooth prior to material placement, and placement techniques.

(iii) Criteria used in clinical dentistry pertaining to the use and placement of adhesive protective restorations, which shall include:

(I) Patient factors, as follows:

(ia) According to the American Society of Anesthesiologists Physical Status Classification, the patient is Class III or less.

(ib) The patient is cooperative enough to have the interim therapeutic restoration placed without the need for special protocols, including sedation or physical support.

(ic) The patient, or responsible party, has provided consent for the interim therapeutic restoration procedure.

(id) The patient reports that the tooth is asymptomatic, or if there is mild sensitivity that stops within a few seconds of the removal of the offending stimulus.

(II) Tooth factors, as follows:

(ia) The lesion is accessible without the need for creating access using a dental handpiece.

(ib) The margins of the lesion are accessible so that clean, noninvolved margins can be obtained around the entire periphery of the lesion with the use of hand instrumentation.

(ic) The depth of the lesion is more than two millimeters from the pulp on radiographic examination or is judged by the supervising licensed dentist to be a shallow lesion such that the treatment does not endanger the pulp or require the use of local anesthetic.

(id) The tooth is restorable and does not have other significant pathology.

(iv) The protocols to deal with adverse outcomes used in the placement of adhesive protective restorations, including mechanisms of bonding to tooth structure, handling characteristics of the materials, preparation of the tooth prior to material placement, and placement techniques.

(v) Criteria for evaluating successful completion of adhesive protective restorations, including, but not limited to, restorative material not in hyper occlusion, no marginal voids, and minimal excess material.

(vi) Protocols for adverse outcomes after interim therapeutic restoration placement, including, but not limited to, exposed pulp, tooth fracture, gingival tissue injury, high occlusion, open margins, tooth sensitivity, rough surface, complications, or unsuccessful completion of adhesive protective restorations, including situations requiring immediate referral to a dentist.

(vii) Protocols for followup of adhesive protective restorations, including, but not limited to, at least two followup examinations of the interim therapeutic restoration within a 12-month period.

(B) Four hours of laboratory training, which shall be held at a physical facility, and include placement of 10 adhesive protective restorations where students demonstrate competency in this technique on typodont teeth.

(C) Eight hours of clinical training, which shall be held at a physical facility, and include experiences where students demonstrate, at minimum, placement of five interim therapeutic restorations under direct supervision of faculty.

(4) A detailed course curriculum evidencing that the course is sufficient in length for the students to develop competency in

making decisions about which radiographs to expose to facilitate diagnosis and treatment planning by a dentist, but shall be, at a minimum, four hours in length and include all of the following:

(A) Didactic instruction, including all of the following:

(i) The concept of managing caries and individualizing treatment based on a caries risk assessment.

(ii) Guidelines for radiographic decisionmaking, including, but not limited to, both of the following concepts:

(I) The American Dental Association's Dental Radiographic Examinations: Recommendations for Patient Selection and Limiting Radiation Exposure (Revised 2012).

(II) The American Academy of Pediatric Dentistry's Guidelines on Prescribing Dental Radiographs.

(iii) The guidelines developed by Pacific Center for Special Care at the University of the Pacific Arthur A. Dugoni School of Dentistry (Pacific) for use in training for Health and Workforce Pilot Project No. 172, including both of the following:

(I) Instruction on specific decisionmaking guidelines that incorporate information about the patient's health, radiographic history, time span since previous radiographs were taken, and availability of previous radiographs.

(II) Instruction pertaining to the general condition of the mouth, including the extent of dental restorations present and visible signs of abnormalities, including broken teeth, dark areas, holes in teeth, demineralization, visible carious lesions, and remineralization.

(B) Laboratory training that includes case-based examination with various clinical situations where trainees make decisions about which radiographs to expose and demonstrate competency to faculty based on these case studies.

(C) Simulated clinical experiences consisting of a review of various clinical cases with instructor-led discussion about radiographic decisionmaking in these clinical situations.

(5) Evidence of student access to adequate equipment and facilities to satisfy the educational requirements as specified in this section.

(6) Evidence that the physical facilities required under this section have all of the following:

(A) A patient clinic area, laboratory, and radiology area.

(B) Access to equipment necessary to develop dental assisting skills in radiographic decisionmaking.

(C) Infection control equipment as required by the board.

(7) Evidence that the physical facilities and equipment are maintained and replaced in a manner designed to provide students with a course that will meet the educational objectives set forth in this section.

(8) Evidence that all students have access to all of the following:

(A) A hazardous waste management plan for the disposal of needles, cartridges, medical waste, and storage of oxygen and nitrous oxide tanks.

(B) A clinic hazard communication plan.

(C) A copy of the course's bloodborne and infectious diseases exposure control plan, which shall include emergency needlestick information.

(9) Written clinical and laboratory protocols to ensure adequate asepsis, infection and hazard control, and disposal of hazardous wastes, which shall comply with the board's regulations and other federal, state, and local requirements. The course provider shall provide ~~such~~ *those* protocols to all students, faculty, and appropriate staff to assure compliance with ~~such~~ *those* protocols. Adequate space shall be provided for preparing and sterilizing all armamentaria.

(10) Evidence that the course is established at the postsecondary educational level.

(b) The course content may be incorporated into a current registered dental assistant in extended functions program.

(c) For course enrollment, the course provider shall ensure submission by the student of satisfactory evidence of both of the following requirements:

(1) A current, active license as a registered dental assistant in extended functions issued on or after January 1, 2010.

(2) A current certification in basic life support from American Red Cross, American Heart Association, American Safety and Health Institute, American Dental Association's Continuing Education Recognition Program, or Academy of General Dentistry's Program Approval for Continuing Education.

(d) The program or course director shall do both of the following:

(1) Ensure all faculty involved in clinical evaluation of students maintain currency in evaluation protocols for interim therapeutic restoration placement and radiographic decisionmaking.

(2) Ensure that all faculty responsible for clinical evaluation have completed a one-hour methodology course in clinical evaluation for interim therapeutic restoration placement and radiographic decisionmaking before instruction.

(e) Satisfactory completion of a course in interim therapeutic restoration and radiographic decisionmaking is determined using criteria-referenced completion standards, where the instructor determines when the trainee has achieved competency based on these standards, but trainees take varying amounts of time to achieve competency. Any student who does not achieve competency in this duty in the specified period of instruction may receive additional training and evaluation. In cases where, in the judgment of the faculty, students are not making adequate progress, they shall be discontinued from the program.

(f) Each student shall pass a written examination ~~which~~ *that* reflects the entire curriculum content.

(g) Each student shall pass a simulated clinical examination in which the student successfully completes the application of three of the five interim therapeutic restoration placements required for clinical instruction under faculty supervision.

(h) Each approved course shall be subject to board review at any time for compliance with the requirements under this section. The board may withdraw approval at any time that it determines that the course does not meet the requirements set forth in this section.

(i) The program or course director shall be responsible for notifying the board in writing of any changes to the course content, physical facilities, and faculty within 10 days of ~~such~~ *the* changes.

(j) The board may adopt regulations to implement this section.

SEC. 7. Section 1754.5 of the Business and Professions Code is amended to read:

1754.5. (a) A radiation safety course shall have the primary purpose of providing theory, laboratory, and clinical application in radiographic techniques. The board shall approve only those courses that adhere to the minimum requirements of this ~~section.~~ *section and applicable regulations adopted by the board.*

(b) A radiation safety course provider applying for initial board approval shall submit a completed application for course approval, on a form provided by the board, accompanied by the ~~applicable fee.~~ *fee prescribed in subdivision (l) of Section 1725. The board*

may, in lieu of conducting its own investigation, accept the findings of any commission or accreditation agency approved by the board, or its designee, and adopt those findings as its own. The board may ~~approve~~ *approve, provisionally approve,* or deny approval after it evaluates all components of the course.

(1) Provisional approval shall be limited to those courses that substantially comply with all existing standards for full approval and shall expire one year from the date of provisional approval or upon subsequent board approval or denial, whichever occurs first.

(2) A provider of a course given provisional approval shall immediately notify each student of that status.

(3) If the board provisionally approves or denies approval of a course, the board shall provide the specific reasons for the decision to the course director, in writing, within 90 days of that decision.

(c) ~~Continuation of approval will be contingent upon continued compliance with Sections 1070 and 1070.1 of Title 16 of the California Code of Regulations and all requirements set forth in this section.~~ *A board-approved radiation safety course shall be reevaluated at least every seven years, but may be subject to reevaluation and inspection by the board at any time to ensure compliance with this section.* The board may withdraw approval at any time ~~that~~ *if* it determines that the course does not meet the requirements ~~set forth in this subdivision.~~ *of this section.*

(d) *A radiation safety course provider shall ensure the course complies with the Radiologic Technology Act (Section 27 of the Health and Safety Code) and applicable regulations.* Providers shall ~~make adequate provisions for~~ *render* appropriate supervision, operation, and facilities ~~when used~~ for laboratory and ~~preclinical instruction.~~ *clinical instruction, including compliance with all of the following requirements:*

(1) Laboratory and clinical instruction facilities shall be equipped with supplies, materials, and equipment for instruction in radiation safety and practical work that include, for every six students, at least the following:

(A) One functioning radiography (X-ray) machine that complies with all federal and state laws, including registration with the State Department of Public Health, and is equipped with the appropriate position-indicating devices for each technique being taught.

(B) One X-ray training manikin head designed for instruction in radiographic techniques per X-ray unit.

(C) One film view box or screen for viewing digital images.

(D) Processing and viewing equipment. This facility requirement may be deemed met if computer-based equipment for digital radiographic procedures is solely or in part utilized within the program or course facility. The equipment may be located in the operatory area where exposures will occur.

(2) The choice of image receptor for laboratory and clinical experiences shall be either traditional film or digital sensor or any combination thereof as determined by the course provider.

(3) X-ray exposure areas shall provide protection to patients, students, faculty, and observers in full compliance with applicable federal and state laws.

(e) A course in radiation safety shall be of sufficient duration for the student to achieve minimum competence, but ~~in no event less than 32 hours, including at least 8 hours of didactic instruction, at least 12 hours of laboratory instruction, and at least 12 hours of supervised clinical instruction.~~ *not fewer than 32 hours composed of the following:*

(1) At least eight hours of didactic instruction.

(2) At least 12 hours of laboratory instruction in which students receive supervised experience performing procedures using study models, manikins, or other simulation models.

(3) At least 12 hours of clinical instruction in which students receive supervised experience in performing procedures in a clinical setting on patients.

(f) A course shall establish specific instructional objectives. The theoretical aspects of the course shall provide the content necessary for students to make safe and ethical judgments regarding radiation safety.

(g) Objective evaluation criteria shall be used for measuring student progress. Students shall be provided with specific performance objectives and the evaluation criteria that will be used for all evaluation and testing procedures.

(h) *Didactic instruction shall be provided in safe and educationally conducive lecture classrooms or through distance learning modalities.* Areas of didactic instruction shall include, at a minimum, all of the following:

(1) Radiation physics and biology.

(2) Radiation protection and safety.

(3) Recognition of normal intraoral and extraoral anatomical landmarks.

(4) Radiograph exposure and processing techniques.

(5) Radiograph mounting or sequencing, and viewing, including anatomical landmarks of the oral cavity.

(6) Intraoral techniques including holding devices and image receptors.

(7) Proper use of patient protection devices and personal protective equipment for operator use.

(8) Identification and correction of faulty radiographs.

(9) Introduction to contemporary equipment and devices including the use of computerized digital radiography and extraoral imaging that may include panographs or cone-beam imaging.

(10) Techniques and exposure guidelines for a variety of patients including, but not limited to, adult, pediatric, edentulous, partially edentulous, endodontic, and patients with special needs.

(11) Radiographic record management.

(i) A provider using distance learning modalities for didactic instruction shall do all of the following:

(1) Before enrolling a student, notify the prospective student of the computer or communications technology necessary to participate in didactic instruction.

(2) Provide technological assistance to students, as needed, to participate in didactic instruction.

(3) Ensure completion of didactic instruction by the student before the student participates in laboratory instruction.

~~(i)~~

(j) (1) For the student to achieve minimum competence in the application of dental radiographic techniques and radiation ~~safety, all the following shall be met by a board-approved course:~~ *safety, the radiation safety course shall include all of the following:*

~~(1)~~

(A) Successful completion of laboratory experiences consisting of at least two bitewing radiographic series and two full mouth intraoral radiographic series using an ~~x-ray~~ *X-ray* training ~~mannequin~~ *manikin* designed for radiographic exposures utilizing any dental radiographic image receptor or device deemed appropriate by the course director. *A student shall successfully*

complete laboratory instruction before the student participates in clinical instruction.

~~(2)~~

(B) Successful completion of clinical experiences consisting of at least three full-mouth intraoral radiographic series using any dental radiographic image receptor or device deemed appropriate by the course director or supervising dentist.

(C) Written evaluations of each radiographic series identifying errors, causes of errors, correction of errors, and, if applicable, the number of reexposures necessary for successful completion of a series to clinical competency.

~~(j) All clinical~~

(2) Clinical radiographs shall be made using diagnostic criteria established by the course of instruction and shall in no event exceed three reexposures per series.

(k) Before the student's performance of procedures on patients, the student shall provide evidence to the radiation safety course provider of having completed a board-approved eight-hour course in infection control and current, valid certification in basic life support.

~~(*l*) Completion of student and instructor written evaluations of each radiographic series identifying errors, causes of error, correction of errors, and, if applicable, the number of reexposures necessary for successful completion of a series to clinical competency.~~

~~(m)~~

(l) The student shall successfully complete a comprehensive written exam ~~prior to~~ *before* the completion of the course. The exam shall include questions specific to ~~items~~ *dental radiographic installations and quality assurance for dental radiography* addressed in Article 4 (commencing with Section 30305) of Group 3 of Subchapter 4 of Chapter 5 of Division 1 of Title 17 of the California Code of Regulations ~~relative to the special requirements for the use of x-ray in the healing arts.~~ *or its successor.*

~~(n)~~

(m) Extramural dental facilities may be utilized by a ~~course~~ *course, in accordance with board regulations,* for the purposes of clinical experiences. ~~Clinical oversight shall be performed under the general supervision of a licensed dentist who shall authorize the student to perform, at minimum, three radiographic series.~~

~~Didactic and laboratory instruction shall be provided only by course faculty or instructional staff prior to clinical performances.~~

~~(o) Programs and courses~~ *A program or course* using extramural dental ~~faculties~~ *facilities* for dental radiographic clinical experiences shall provide to the board, upon ~~request or renewal of provider status,~~ *request,* copies of all contracts of affiliation and documentation demonstrating compliance with board regulations.

~~(p)~~

(n) Upon successful completion of the course, students shall receive a certificate of completion as defined in subdivision (e) of Section 1741.

~~(q)~~

(o) The board may adopt regulations to implement this section.

~~SEC. 3.~~

SEC. 8. Section 1755 of the Business and Professions Code is amended to read:

~~1755. (a) A course in infection control is one that has as its main purpose providing theory and clinical application in infection control practices and principles where the protection of the public is its primary focus.~~

~~(b) An eight-hour infection control course taken for compliance with the requirements of subdivision (c) of Section 1750 shall be one of the following:~~

~~(1) A board-approved eight-hour infection control course provided by a board-approved registered dental assisting education program.~~

~~(2) An eight-hour infection control course approved by the board pursuant to Section 1070.6 of Title 16 of the California Code of Regulations.~~

~~(3) A board-approved eight-hour course, with six hours of didactic instruction and at least two hours of laboratory instruction using video or a series of video training tools, all of which may be delivered using asynchronous, synchronous, or online learning mechanisms or a combination thereof.~~

~~(c)~~

1755. (a) A provider of an infection control course offered to students ~~for compliance with paragraph (3)~~ *pursuant to subparagraph (C) of paragraph (2)* of subdivision ~~(b)~~ *(c) of Section 1750* shall submit an application on a form furnished by the board

for board approval to offer the course, the applicable fee specified in Section 1725, and all of the following:

(1) The course name, course provider name, course director name, business address, telephone number, and email address as identified in the application for board approval.

(2) Proof that the course director possesses a valid, active, and current license issued by the board or the Dental Hygiene Board of California.

(3) A detailed course outline, in writing, that clearly states the curriculum, subject matter, hours of didactic and laboratory instruction, and specific instructional objectives. Instruction shall provide the content necessary for students to make safe and ethical judgments regarding infection control and asepsis.

(4) Objective evaluation criteria that shall be used for measuring student progress. Students shall be provided with specific performance objectives and the evaluation criteria that will be used for course examination.

(5) Proof that course instructors have experience in the instruction of Division of Occupational Safety and Health (Cal/OSHA) regulations, as set forth in Sections 330 to ~~344.85,~~ *344.90*, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations.

(6) Documentation of didactic instruction that includes, at a minimum, all of the following as they relate to Cal/OSHA regulations, as set forth in Sections 300 to ~~344.85,~~ *344.90*, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations:

(A) Basic dental science and microbiology as they relate to infection control in dentistry.

(B) Legal and ethical aspects of infection control procedures.

(C) Terms and protocols specified in Section 1005 of Title 16 of the California Code of Regulations regarding the minimum standards for infection control.

(D) Principles of modes of disease transmission and prevention.

(E) Principles, techniques, and protocols of hand hygiene, personal protective equipment, surface barriers and disinfection,

instruments and devices, sterilization, sanitation, and hazardous chemicals associated with infection control.

(F) Principles, protocols, and procedures of sterilizer monitoring and the proper loading, unloading, storage, and transportation of instruments to work area.

(G) Principles, protocols, and procedures associated with sharps management.

(H) Principles, protocols, and procedures of infection control for laboratory areas.

(I) Principles, protocols, and procedures of waterline maintenance.

(J) Principles, protocols, and procedures of ~~contaminated medical waste management occurring in the dental health care setting.~~ *regulated and nonregulated waste management.*

(K) Principles, protocols, and procedures related to injury and illness prevention, hazard communication, general office safety, exposure control, postexposure requirements, and monitoring systems for radiation safety and sterilization systems.

(7) Documentation of laboratory instruction that includes, at a minimum, demonstrations in the following areas as they relate to Cal/OSHA regulations, as set forth in Sections 300 to ~~344.85,~~ *344.90*, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations:

(A) Applying hand cleansing products and performing hand cleansing techniques, protocols, and procedures.

(B) Applying, removing, and disposing of patient treatment gloves, utility gloves, overgloves, protective eyewear, masks, and clinical attire.

(C) ~~Utilizing~~ *Handling* instruments, surfaces, and situations where contamination is simulated, without actual contamination, from bloodborne and other pathogens being present.

(D) Applying the appropriate techniques, protocols, and procedures for the preparation, sterilization, and storage of instruments, including, at a minimum, application of personal protective equipment, precleaning, ultrasonic cleaning, rinsing, sterilization wrapping, internal or external process indicators, labeling, sterilization, drying, storage, and delivery to work areas.

(E) Precleaning and disinfecting contaminated operatory surfaces and devices, and properly using, placing, and removing surface barriers.

(F) Maintaining sterilization, including, at a minimum, proper instrument loading and unloading, operation cycling, spore testing, and handling and disposal of sterilization chemicals.

(G) Applying work practice controls as they relate to the following classifications of sharps: anesthetic needles or syringes, orthodontic wires, and broken glass.

(H) Applying infection control protocols and procedures for the following laboratory devices: impressions, bite registrations, and prosthetic appliances.

(I) Performing waterline maintenance, including using water tests and purging waterlines.

(J) Performing techniques for safe handling and disposal of contaminated regulated medical waste.

(8) Written laboratory protocols that comply with the board's Minimum Standards for Infection Control as set forth in Section 1005 of Title 16 of the California Code of Regulations, and other federal, state, and local requirements governing infection control. The course shall provide these protocols to all students and course instructors to ensure compliance.

(9) A written examination that reflects the curriculum content, which may be administered at intervals throughout the course, as determined by the course director, that shall be successfully completed by each student prior to issuance of the certificate of completion described in subdivision (e).

~~(d) For infection control courses offered to students for compliance with paragraph (3) of subdivision (b), all of the following apply:~~

~~(1)~~

(b) The board or its designee may approve, provisionally approve, or deny approval of the course after it evaluates all components of the course. ~~Provisional approval shall expire one year from the date of provisional approval or upon subsequent board approval or denial, whichever occurs first. Provisional~~

(1) Provisional approval shall be limited to those courses that substantially comply with all existing standards for full ~~approval. A~~ *approval and shall expire one year from the date of provisional*

approval or upon subsequent board approval or denial, whichever occurs first.

(2) A provider of a course given provisional approval shall immediately notify each student of that status. ~~If~~

(3) If the board provisionally approves or denies approval of a course, the *board shall provide the* specific reasons for the decision ~~shall be provided by the board~~ to the course director in writing within 90 days of that ~~action.~~ *decision.*

~~(2)~~

(4) A board-approved *infection* control course shall be reevaluated *at least* every seven years, but may be subject to reevaluation and inspection by the board at any time to ensure compliance with this ~~section.~~

~~(3) The~~ *section. The* board may withdraw approval at any time that it determines the course does not meet the requirements of this section.

~~(4)~~

(c) The course director shall actively participate in and be responsible for the administration of the course and each of the following requirements:

~~(A)~~

(1) Maintaining for a period of not less than five years copies of curricula, program outlines, objectives, grading criteria, course instructor credentials, licenses, and certifications, and individual student records, including those necessary to establish satisfactory completion of the course.

~~(B)~~

(2) Informing the board of the closure of, or any major change to, the course, including changes to the course provider name, course director, business contact information, or course content, within 10 days of the closure or change.

~~(C)~~

(3) Ensuring that all course instructors meet the requirements set forth in this section.

~~(5) Prior to enrolling a student, the course shall provide~~

(d) The course provider shall:

(1) Provide notification to the prospective student of the computer or communications technology necessary to participate in didactic and laboratory instruction.

~~(6) The course shall provide~~

(2) Provide technological assistance to students, as needed, to participate in didactic and laboratory instruction.

~~(7) The course shall ensure~~

(3) Ensure completion of didactic instruction by the student prior to the student's participation in laboratory instruction.

(e) Upon successful completion of the course, students shall receive a certificate of completion as defined in subdivision (e) of Section 1741. The certificate of completion shall state *that* the ~~statutory authority pursuant to paragraph (1), (2), or (3) of subdivision (b) for which the course has been approved.~~ *course provider has been approved by the board to offer the infection control course pursuant to this section.*

(f) Course records shall be subject to inspection by the board at any time.

~~(g) A course taken pursuant to paragraph (3) of subdivision (b) shall not satisfy completion of an infection control course required for licensure as a registered dental assistant or obtaining an orthodontic assistant permit or a dental sedation assistant permit.~~

~~(h)~~

(g) The board may adopt regulations to implement this section.

~~SEC. 4.~~

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:

Unlicensed dental assistants are currently required to take an eight-hour course prior to performing any basic supportive dental procedures that would have potential exposure to infectious materials. ~~There have been issues preventing the establishment of the eight-hour course virtually and the eight-hour course is not readily available in many parts of the state, especially remote and rural areas already experiencing access and workforce shortage issues. To mitigate these outcomes, it is necessary that this act take effect immediately.~~ *However, there have been delays in establishing a virtual format for this course, and it is not readily available in many regions of the state, particularly in remote and rural areas that already face significant access and workforce challenges. Immediate action is necessary to expand access to infection control training and ensure appropriate safeguards are in place. In addition, this act includes essential updates to licensing*

pathways, continuing education requirements, and permit processes for dental licenses, which are needed to remove outdated or unclear provisions, address inconsistencies, and modernize the Dental Practice Act to reflect current practice standards and evolving technologies. Prompt enactment of these provisions will enhance public protection, improve regulatory clarity, and ensure the Dental Board of California has the authority to implement necessary oversight and course approval processes without delay.

AMENDED IN SENATE JUNE 23, 2025

CALIFORNIA LEGISLATURE—2025–26 REGULAR SESSION

ASSEMBLY BILL No. 1130

Introduced by Assembly Member Berman

February 20, 2025

An act to ~~amend Section 2011 of~~ *add Article 10 (commencing with Section 1980) to Chapter 4 of Division 2 of* the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 1130, as amended, Berman. ~~Medical Board of California: appointments: removal.~~ *Dentistry: outreach and support program.*

Existing law, the Dental Practice Act, establishes the Dental Board of California in the Department of Consumer Affairs to license and regulate the practice of dentistry.

This bill would require the board to develop, implement, and maintain an outreach and support program to recruit students from underserved communities in the state to pursue education and licensure in the field of dentistry. The bill would establish duties the board would be required to carry out in that regard, including conducting at least 2 outreach activities per year focused on students from underserved communities. The bill would require the board to provide a summary of actions taken pursuant to the bill's provisions as part of its report to the Legislature through the sunset review process.

~~Existing law, the Medical Practice Act, establishes the Medical Board of California within the Department of Consumer Affairs and sets forth its powers and duties relating to the licensure and regulation of the practice of medicine by physicians and surgeons. Under the act, the board consists of 15 members, including 13 members appointed by the~~

~~Governor, one appointed by the Senate Committee on Rules, and one appointed by the Speaker of the Assembly, as prescribed. The act authorizes the appointing power to remove any member of the board for neglect of duty, incompetency, or unprofessional conduct.~~

~~Under other existing law with respect to the department and its constituent boards, an appointing authority has power to remove from office at any time a member of any board appointed by the appointing authority for continued neglect of duties required by law, or for incompetence, or unprofessional or dishonorable conduct. Existing law prohibits this provision from being construed as a limitation or restriction on the power of the appointing authority conferred on the appointing authority by any other provision of law to remove any member of any board.~~

~~This bill would revise the removal authority of an appointing power of the Medical Board of California granted by the Medical Practice Act to instead authorize the removal of a member of the board appointed by that authority for continued neglect of duties required by law, or for incompetence, or unprofessional or dishonorable conduct.~~

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There continues to be a recognized shortage of dental care professionals in underserved communities throughout the state, and increasing access to dental education and professional licensure for individuals from these communities is essential to ensuring equitable access to oral health care.

(b) According to the California Future Health Workforce Commission, the state is projected to face challenges in ensuring adequate access to dental care by 2030, not due to a lack of dentists overall, but because of a maldistribution of the dental workforce.

(c) Without targeted efforts to improve workforce distribution and address systemic barriers such as reimbursement rates and regional workforce shortages, underserved areas will continue to experience limited access to dental providers.

(d) The federal Health Resources and Services Administration has designated over 570 Dental Health Professional Shortage

Areas in California, where millions of residents lack adequate access to dental care providers.

(e) Less than 10 percent the state's dentists are identified as Latino or Black, despite those groups comprising approximately 45 percent of the state's population, resulting in significant barriers to accessing culturally and linguistically competent care for patients.

(f) The cost and complexity of applying to dental school and obtaining licensure are significant barriers for students from underserved communities, especially those who are first-generation college students.

(g) Expanding awareness of existing state programs, such as the California Dental Corps Loan Repayment Program, and offering application guidance can help more qualified candidates from underserved areas enter the dental profession and serve in high-need regions.

SEC. 2. Article 10 (commencing with Section 1980) is added to Chapter 4 of Division 2 of the Business and Professions Code, to read:

Article 10. Outreach and Support Program

1980. (a) For purposes of this section, the following definitions apply:

(1) "Board" means the Dental Board of California.

(2) "Underserved community" means a geographic area or population group identified in a database compiled by the federal Health Resources and Services Administration, or a medically underserved population, as defined in Section 128552 of the Health and Safety Code.

(b) The board shall develop, implement, and maintain an outreach and support program to recruit students from underserved communities in the state to pursue education and licensure in the field of dentistry.

(c) As part of the program, the board shall do all of the following:

(1) Coordinate with public high schools, community colleges, universities, dental schools, and community-based organizations to identify and engage students from underserved communities with an interest in oral health care professions.

(2) Provide accessible information to interested students regarding the educational pathway to becoming a licensed dentist in California, including undergraduate requirements, dental school admissions, licensure examinations, and application procedures.

(3) Offer guidance, directly or through partnerships, on preparing for and applying to accredited dental schools, including information on prerequisite coursework, application timelines, personal statement writing, and interview preparation.

(4) Provide assistance and information regarding the California Dental Corps Loan Repayment Program established pursuant to Section 1970 and other available financial aid or scholarship opportunities for students pursuing dental education or entering the dental workforce in underserved communities.

(5) Conduct at least two outreach activities per year, such as webinars, in-person presentations, or resource fairs, focused on students from underserved communities.

(6) Develop and maintain a publicly available webpage containing all of the information required under this section in a clear and comprehensible format in both English and Spanish.

(d) The board may collaborate with relevant state and federal agencies, health professional organizations, and accredited educational institutions to carry out the duties described in this section.

(e) The board shall provide a summary of actions taken pursuant to this section as part of its report to the Legislature through the sunset review process.

~~SECTION 1. Section 2011 of the Business and Professions Code is amended to read:~~

~~2011. The appointing power may remove any member of the board appointed by that authority pursuant to Section 106.~~

AMENDED IN SENATE JULY 8, 2025

AMENDED IN ASSEMBLY APRIL 2, 2025

CALIFORNIA LEGISLATURE—2025–26 REGULAR SESSION

ASSEMBLY BILL No. 1307

Introduced by Assembly Member Ávila Farías
(Coauthors: Assembly Members Bains and Jackson)

February 21, 2025

An act to repeal and add Article 2.7 (commencing with Section 1645.4) of Chapter 4 of Division 2 of the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 1307, as amended, Ávila Farías. Licensed Dentists from Mexico Pilot Program.

Existing law, the Licensed Dentists from Mexico Pilot Program, requires the Dental Board of California to issue 3-year nonrenewable permits to practice dentistry to dentists from Mexico who meet specified criteria.

This bill would repeal those provisions and replace them with a new Licensed Dentists from Mexico Pilot Program. Under that new program, the bill would require the board to issue a 3-year nonrenewable license to practice dentistry to an applicant that meets ~~specified~~ *certain* criteria, *as specified,* and require participants in the program to comply with specified requirements. *The bill would require specified portions of the program to be administered by representatives from a certain federally qualified health center.* The bill would authorize participants to be employed only by federally qualified health centers that meet specified conditions, and would impose requirements on those centers. The bill

would require an evaluation of the program to be commenced beginning one year after the program has commenced, as specified, and would prescribe the information to be included in that evaluation. ~~The bill would require the costs for the program to be fully paid for by funds provided by philanthropic foundations.~~

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The facts and sources cited in this section describe the dental shortages that existed from 2000 in California and the United States, including an emphasis on the lack of having dentists practice in dental health professional shortage areas (DHPSAs) and ensuring that California's dental schools are educating and training dental students to have cultural and linguistic competency to serve millions of California residents who suffer the severe lack of access to preventive dental care.

(b) According to the 1999 Institute of Medicine report requested by the United States Congress, research evidence suggests that provider-patient communication is directly linked to patient satisfaction, adherence, and, subsequently, health outcomes. Thus, when sociocultural differences between the patient and the provider are not appreciated, explored, understood, or communicated in the medical encounter, the result is patient dissatisfaction, poor adherence, poorer health outcomes, and racial and ethnic disparities in health care.

(c) In 1996, only 4 percent of dentists in California were Latino.

(d) In 1999, only 11 percent of dentists in California were a member of a racial or ethnic minority group, with 5 percent being classified as Asian or Pacific Islanders.

(e) Despite the phenomenal population growth of Latinos in California in the 1980 census, which was projected to continue for no less than three to four decades, and despite the current percentage of Latinos that comprise the State of California's population (estimated at 40 percent), there have been no new initiatives to educate, train, and place dentists in communities where there is a documented shortage of preventive dental care.

(f) Underscoring the lack of preparation, creativity, and commitment to deal with the needs of a culturally and linguistically diverse society such as California since the 1980s, and the growing dental shortages in the state, the University of California Schools of Dentistry do not offer any mandatory cultural or foreign language courses to prepare dental students to serve the diverse populations that reside in California. The actions and policies taken by these dental institutions confirm the need for programs such as the Licensed Dentist from Mexico Pilot Program.

(g) The University of California, San Francisco Center for California Health Workforce Studies issued a report in 2000 on the "Geographic Distribution of Dentists in California, Dental Shortage Areas, 1998" that found that there has never been a comprehensive assessment of the availability and geographic distribution of dentists in California. A major finding of this study was that dental shortage areas have higher minority populations, lower median incomes, and a higher percentage of children.

(h) The study also underscored that "oral diseases and other oral conditions ... are among the most prevalent of all chronic health conditions."

(i) The study found that there is a structural problem with the shortage of dentists and that the ratios presented in the study "…do not indicate which dentists serve low-income persons or those without dental insurance, nor do they indicate how much time the dentist spends in practice or other factors that may limit access."

(j) Exacerbating the dental shortage, especially in the most vulnerable, working poor, and high concentration of children communities, is the even greater shortage of culturally and linguistically competent dentists. This is a barrier to preventive dental care that is not even measured or considered by the federal government or the State of California.

(k) In 2000, the study identified 28,800 licensed dentists in California, of which 23,079 were in active practice. In March 2024, there were 30,280 active dentists in the state, making California one of the top states with active dentists.

(l) However, the Kaiser Family Foundation reported that as of December 31, 2024, there were 532 DHPSAs in the state, in which 2,700,000 Californians reside.

(m) Compounding these serious historical structural problems of dental shortages is the fact that the largest demographic group

of California's population are Latino, estimated to be at 40 percent. Approximately 10,400,000 Californians of Latino heritage speak Spanish as their primary language.

(n) The data presented in this section underscore the many structural barriers that have existed for decades in California that deny access to vital dental care for Latinos. Neither the dental educational institutions in California nor the associations of dental professionals have proposed any initiatives since 2000 that are aimed at altering this most dire lack of access to dental care. This is the impetus for the creation of the Licensed Dentists from Mexico Pilot Program.

~~SECTION 1.~~

SEC. 2. Article 2.7 (commencing with Section 1645.4) of Chapter 4 of Division 2 of the Business and Professions Code is repealed.

~~SEC. 2.~~

SEC. 3. Article 2.7 (commencing with Section 1645.4) is added to Chapter 4 of Division 2 of the Business and Professions Code, to read:

Article 2.7. Licensed Dentists from Mexico Pilot Program

1645.4. (a) For purposes of this article, the following definitions apply:

(1) "Applicant" means a person who is licensed as a dentist in Mexico and applying for licensure pursuant to this article.

~~(H) Health maintenance organizations.~~
~~(6) Except as provided by subdivision (d), provide the board with an individual taxpayer identification number or social security number.~~
~~(d) (1) The board shall issue a license to an applicant who has not provided an individual taxpayer identification number or social security number if both of the following conditions are satisfied:~~
~~(A) The board determines the applicant is otherwise eligible for a license.~~
~~(B) The applicant provides evidence to the board that the applicant has sought an appropriate three-year visa and accompanying social security number.~~
~~(2) (A) A participant who has been issued a license pursuant to paragraph (1) shall provide the board with the social security number within 10 days of receipt of a social security card and related visa.~~
~~(B) The board may terminate a license if a participant fails to comply with subparagraph (A).~~
~~(3) If the board determines that a participant has met the requirements of paragraphs (1) and (2), the board shall notify the applicant that the applicant may engage in the practice of dentistry under the license issued pursuant to paragraph (1).~~
~~(e) (1) An applicant shall submit copies of documents establishing that the applicant meets the criteria described in subdivision (c) to the board.~~
~~(2) A document submitted pursuant to this subdivision shall be a primary source document.~~
~~(3) The board shall confirm the authenticity of a document submitted pursuant to this subdivision.~~
~~(f) The fee for a license and associated Controlled Substance Utilization Review and Evaluation System fee shall be one thousand two dollars ($1002).~~

~~(g) The three-year period for a license shall commence on the first day the participant engages in the practice of dentistry.~~

~~(h) (1) Before engaging in the practice of dentistry, a participant shall complete an eight-hour infection control program approved by the board.~~

~~(2) For each year that a participant has a license, the participant shall comply with Article 2.6 (commencing with Section 1645).~~

~~(3) Within three months of receiving a license, a participant shall complete eight hours of infection disease continuing medical education courses, and thereafter complete at least two hours of those courses per year.~~

(5) (A) If the applicant is licensed to practice dentistry in any other state, territory, province, or country other than Mexico, a certified license history record from the licensing agency. The licensing agency shall submit the license history record directly to the program administrators.

(B) If the applicant has been subject to disciplinary action within the seven years directly preceding submission of the application, the board shall review that action to determine if it presents sufficient evidence of a violation of Article 4 (commencing with section 1670) to warrant the submission of additional information from the applicant or the denial of the application for participation in the program.

(6) Two classifiable sets of fingerprints or a Live Scan inquiry to establish the identity of the applicant and to permit the board to conduct a criminal history record check. The applicant shall pay any costs for furnishing the fingerprints and conducting the criminal history record check.

(7) Certified or notarized criminal history report from each foreign state, territory, province, or country, as applicable, where the applicant has resided within the seven years directly preceding submission of the application.

(8) Any other information as specified by the board to the extent it is required of dentist license applicants under this chapter.

(d) (1) Subject to paragraph (2), no more than 30 participants shall be issued a license under this article.

(2) The program administrators shall select an applicant from the alternate list described in subparagraph (D) of paragraph (3) of subdivision (b) for submission to the board in either of the following events:

(A) An application for licensure under this article is denied by the board.

(B) If a participant leaves the program for any reason within 24 months from the date of license issuance, an applicant from the alternative list who is approved by the board shall fill the vacancy. A new nonrenewable three-year license shall be assigned to the replacing participant. No more than 5 participants in the cohort established pursuant to paragraph (2) of subdivision (e) who leave the program shall be replaced by a new participant, and no three-year license shall be issued under this article after 24 months from the license issuance date established under paragraph (2) of subdivision (e).

(e) (1) If the board determines that an applicant has satisfied the requirements for licensure under subdivision (c), the board shall issue a nonrenewable three-year license that authorizes the holder to practice dentistry only in the facilities described in subdivision (l).

(2) The licenses issued by the board under this article shall be issued as one cohort to no more than 30 participants, and the licenses shall have the same issuance and expiration dates.

(3) (A) Notwithstanding Section 30, the board shall issue a license to an applicant who has not provided an individual taxpayer identification number or social security number if both of the following conditions are satisfied:

(i) The board determines the applicant is otherwise eligible for a license.

(ii) The applicant provides evidence to the board that the applicant has sought an appropriate three-year visa and accompanying individual taxpayer identification number or social security number.

(B) A participant who has been issued a license pursuant to subparagraph (A) shall provide the board with the individual taxpayer identification number or social security number within 10 days of receipt of an individual taxpayer identification number or social security card and related visa.

(C) The board shall revoke a license if the participant fails to comply with subparagraph (A) or (B).

(f) Before engaging in the practice of dentistry, a participant shall submit to the board all of the following:

(1) A certificate of completion for each of the following:

(A) An eight-hour board-approved infection control course.

(B) A two-hour board-approved course in the Dental Practice Act.

(C) A two-hour board-approved course on the responsibilities and requirements of prescribing Schedule II opioids.

(2) Current certification in basic life support provided by any of the following board-approved providers:

(A) The American Heart Association or the American Red Cross.

(B) A course taught by a provider approved by the American Dental Association's Continuing Education Recognition Program or the Academy of General Dentistry's Program Approval for Continuing Education.

(C) A course taught by a provider approved by the American Safety and Health Institute.

(g) A participant shall not engage in the practice of dentistry pursuant to this article until the board issues a license pursuant to paragraph (1) of subdivision (e) and determines that the conditions in paragraph (3) of subdivision (e) and subdivision (f) have been satisfied.

(h) (1) If the board determines that a participant has satisfied the requirements of paragraph (3) of subdivision (e) and subdivision (f), the board shall notify the participant and the facility identified in the license application that the participant may engage in the practice of dentistry at the facility under the license issued pursuant to paragraph (1) of subdivision (e).

(2) The expiration date of the license issued pursuant to paragraph (2) of subdivision (e) shall be extended by the board in accordance with the date on which the board issues the notice of approval to engage in the practice of dentistry pursuant to this subdivision so that the participant shall be authorized to practice dentistry for three years.

(i) For each year that a participant possesses a license issued pursuant to this article, the participant shall submit to the board by the last day of the month in which the license was issued written documentation executed by the authorized agent of the employing facility described in subdivision (l) verifying all of the following information:

(1) The participant's current employment status.

(2) The number of hours worked per week by the participant.

(3) The facility name, address, and contact information for each location where the participant is providing dental services.

(j) (1) A license issued under this article shall be subject to disciplinary action for any violation of this division. Adjudication under the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) Part 1 of Division 3 of Title 2 of the Government Code) shall not be required to suspend or revoke the license.

(2) The board shall immediately revoke the license if the participant is found to be practicing dentistry in California in any location other than a facility described in subdivision (l).

(3) Upon taking disciplinary action against the license, the board shall issue a notice of disciplinary action to the participant and send a copy of the notice of disciplinary action to the program administrators.

~~(i) A~~

(k) Subject to subdivision (j), a license *issued under this article* shall be deemed to be in *active, unrestricted, and* good standing pursuant to the provisions of this chapter for the purpose of participation and reimbursement in all federal, state, and local health programs, including, but not limited to, all of the following:

(1) The Medicare Program.

(2) The fee-for-service system of the Medi-Cal program.

(3) The managed care delivery system of the Medi-Cal program.

(4) Private insurance.

~~(j) (1) Except as provided in paragraph (2), suspension or revocation of a license shall be governed by Article 4 (commencing with Section 1670).~~

~~(2) In addition to the requirements of Article 4 (commencing with Section 1670), the board shall notify a participant of a suspension or revocation of a license by certified mail, return receipt requested, at the participant's address of record.~~

~~(k) Representatives from California and the National Autonomous University of Mexico that executed and implemented the provisions of the former Physicians and Dentists from Mexico Pilot Program shall be the points of contact for all of the following:~~

~~(1) Securing required documents.~~

~~(2) Recruiting and vetting candidates.~~

~~(3) Assisting candidates for this program in Mexico in meeting all program requirements.~~

~~(4) Selecting appropriate federally qualified health centers throughout California.~~

~~(5) Ensuring compliance with program provisions.~~

~~(6) Developing policy and clinical workshops.~~

~~(7) Monitoring productivity and increased access to medical care.~~

~~(8) Assessing the necessity of policy and programmatic improvements.~~

~~(9) Working with the governments of Mexico and the United States to obtain the visas required for program participation.~~

(*l*) A participant ~~may~~ *shall* only be employed by a federally qualified health center that meets all of the following conditions:

(1) The center has at least one health professional shortage area or dental professional shortage area within its service area, as determined by the Department of Health Care Access and Information:

(2) The center has medical quality assurance protocols.

(3) The center is either of the following:

(A) Accredited by any of the following:

(i) The Joint Commission.

(ii) The Accreditation Association for Ambulatory Health Care.

(iii) The National Committee for Quality Assurance.

(B) Affiliated with a federally qualified health center that satisfies subparagraph (A).

(m) A federally qualified health center that employs a participant shall do all of the following:

(1) Comply with any requests from the board for information regarding the participant's practice at the facility.

~~(1)~~

(2) Continue the peer review protocols and procedures required by the federal government.

(3) Comply with any requests from the board to produce documentation of the completed peer reviews.

~~(2)~~

(4) Work with a *board-approved* dental school ~~in California approved by the board~~ to conduct 10 secondary peer reviews of randomly selected patient encounters with each participant per six-month period and transmit complete ~~records~~ *records, with personally identifiable patient information redacted,* of those encounters to the dental school.

~~(3)~~

(5) Provide all applicable employment benefits, salary, and policies to the participant as it provides to other current employees, including, but not limited to, malpractice insurance.

~~(n) (1) Beginning one year after the program has commenced, an evaluation of the program shall be conducted by either of the following:~~

~~(A) A dental school in California and either the National Autonomous University of Mexico or a foreign dental school approved by the board.~~

~~(B) An independent consultant selected by the Director of Consumer Affairs.~~

~~(2) The evaluation required by paragraph (1)~~

(n) (1) Beginning one year after the program has commenced, an evaluation of the program shall be conducted by a board-approved dental school selected by the program administrators and shall include, but ~~is~~ *shall* not *be* limited to, an evaluation of all of the following:

(A) Quality of care provided by participants.

(B) Adaptability of participants to California dental standards.

(C) Impact on working and administrative environments in the federally qualified health centers employing participants.

(D) Impact on interpersonal relations with medical licensed counterparts in the federally qualified health centers employing participants.

(E) Responses by patients of participants.

(F) Impact on cultural and linguistic services.

(G) Increases in dental encounters provided by participants with various patient populations.

(H) Increases in the number of various patient populations seeking dental services from federally qualified health centers.

~~(3)~~

(2) The evaluation required by paragraph (1) shall be fully paid for by funds provided by philanthropic ~~foundations.~~ *foundations and private donors.*

~~(o) The costs for administering the program shall be fully paid for by funds provided by philanthropic foundations.~~

(o) The federally qualified health centers employing the participants under subdivision (m) shall pay for all of the following:

(1) The application fee for a license issued under this article that shall be set at nine hundred five dollars ($905) and submitted to the board from the employing federally qualified health center. An application shall not be processed until receipt by the board of the application fee. The application fees collected pursuant to this paragraph shall be deposited in the State Dentistry Fund.

(2) Costs for an applicant to furnish fingerprints for the purpose of conducting a criminal history record check.

(3) Fees charged for certification, notarizing, copying, or other fees related to records for applicant submission to the board.

(4) Fees for participant registration in the Controlled Substance Utilization Review and Evaluation System (CURES) pursuant to Section 208. The CURES registration fees collected pursuant to this subparagraph shall be deposited into the CURES Fund.

ASSEMBLY BILL No. 1558

Introduced by Assembly Member Arambula

January 8, 2026

An act to add Article 7.7 (commencing with Section 8599.5) to Chapter 7 of Division 1 of Title 2 of the Government Code, relating to volunteer emergency services.

LEGISLATIVE COUNSEL'S DIGEST

AB 1558, as introduced, Arambula. Uniform Emergency Volunteer Health Practitioners Act.

Existing law establishes the Emergency Medical Services Authority (EMSA) in the California Health and Human Services Agency to establish planning and implementation guidelines for emergency medical service systems, as specified. The guidelines are required to address, among other things, disaster response, and the authority is required to provide technical assistance to existing agencies, counties, and cities for the purpose of developing the components of emergency medical services systems. The EMSA is required to adopt rules and regulations, approved by the Commission on Emergency Medical Services, in order to carry out its duties.

Existing law ratifies, approves, and sets forth the provisions of the Emergency Management Assistance Compact, an interstate agreement that provides for mutual assistance between states responding to emergencies and disasters. Under the compact, a person who holds a professional license, certificate, or other permit issued by a state party to the compact is deemed licensed, certified, or permitted by a state requesting assistance to render aid involving that skill to meet a declared emergency or disaster, as specified.

Existing federal law establishes the Emergency System for Advance Registration of Volunteer Health Professionals (ESAR-VHP) program to support states and territories in establishing volunteer registration programs for disasters and public health and medical emergencies. Pursuant to the ESAR-VHP program, the EMSA established the Disaster Healthcare Volunteers program to register volunteers in California. Existing federal law also establishes the Medical Reserve Corps to provide for an adequate supply of volunteers in the case of a federal, state, local, or tribal public health emergency, as specified.

This bill would enact the Uniform Emergency Volunteer Health Practitioners Act, which would authorize the establishment of additional volunteer registration systems by additional entities. In this regard, the bill would require a registration system to be an ESAR-VHP program or a local unit of the Medical Reserve Corps, as specified, to be designated by the EMSA as a registration system, or to be operated by one of specified types of entities, including, among others, a disaster relief organization, as defined. The bill would require that a registration system be capable of supplying the EMSA with sufficient information concerning whether a volunteer is licensed to provide specified health or veterinary services in another state or territory of the United States and in good standing before that volunteer provides those services in this state while an emergency declaration is in effect, as specified. The bill would establish scope-of-practice standards for a registered volunteer health practitioner. The bill would authorize the EMSA to limit, restrict, or otherwise regulate, among other things, the duration of practice, the geographical areas in which volunteer health practitioners may practice, and any other matters necessary to coordinate the provision of health or veterinary services during the emergency. The bill would authorize the applicable licensing board and the host entity, as defined, to restrict or modify the health or veterinary services that a volunteer health practitioner may provide. The bill would require the EMSA and host entities to coordinate their activities with the Office of Emergency Services, as specified.

This bill would exempt a registered volunteer health practitioner from the unauthorized practice provisions for a health or veterinary service unless they have reason to know of an applicable limitation, modification, or restriction or that a similarly licensed practitioner in this state would not be permitted to provide that service. The bill would authorize a health care licensing board to impose administrative sanctions upon a health practitioner licensed in this state for conduct

outside of this state in response to an out-of-state emergency, and to impose administrative sanctions upon a practitioner not licensed in this state for conduct in this state in response to an in-state emergency, if certain conditions are met. The bill would also provide that volunteer health practitioners providing services in California shall be considered agents or employees of the state for the purpose of workers' compensation coverage while performing services in this state or traveling to or from this state for that purpose. The bill would authorize the authority to promulgate rules, after approval by the Commission on Emergency Medical Services, in order to implement the provisions of the Uniform Emergency Volunteer Health Practitioners Act.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Article 7.7 (commencing with Section 8599.5) is added to Chapter 7 of Division 1 of Title 2 of the Government Code, to read:

Article 7.7. Uniform Emergency Volunteer Health Practitioners Act

8599.5. This article may be cited as the Uniform Emergency Volunteer Health Practitioners Act.

8599.51. For the purposes of this article, the following terms have the following meanings:

(a) "Disaster relief organization" means an entity that provides emergency or disaster relief services that include health or veterinary services provided by volunteer health practitioners and that meets either of the following requirements:

(1) It is designated or recognized as a provider of those services pursuant to a disaster response and recovery plan adopted by an agency of the federal government or the Emergency Medical Services Authority.

(2) It regularly plans and conducts its activities in coordination with an agency of the federal government or the Emergency Medical Services Authority.

(b) "Emergency" means an event or condition that is a state of emergency proclaimed pursuant to Section 8588 or 8625, a local

emergency proclaimed pursuant to Section 8630, a health emergency proclaimed pursuant to Section 101080 of the Health and Safety Code, or a state of war.

(c) "Emergency declaration" means a proclamation of emergency issued pursuant to Section 8588, 8625, or 8630, a declaration of health emergency pursuant to Section 101080 of the Health and Safety Code, or a declaration of war by the United States.

(d) "Emergency Management Assistance Compact" means the interstate compact approved by Congress by Public Law No. 104-321 and ratified in Article 3.7 (commencing with Section 179) of Chapter 1 of Division 1 of Title 1.

(e) "Entity" means a person other than an individual.

(f) "Health facility" means an entity licensed under the laws of this or another state to provide health or veterinary services.

(g) "Health practitioner" means an individual licensed under the laws of this or another state to provide health or veterinary services.

(h) "Health services" means the provision of treatment, care, advice, or guidance, or other services, or supplies, related to the health or death of individuals or human populations, to the extent necessary to respond to an emergency, including all of the following:

(1) Services or supplies concerning the physical or mental condition or functional status of an individual or affecting the structure or function of the body, including the following:

(A) Preventive, diagnostic, therapeutic, rehabilitative, maintenance, or palliative care.

(B) Counseling, assessment, procedures, or other services.

(2) The sale or dispensing of a drug, a device, equipment, or another item to an individual in accordance with a prescription.

(3) Funeral, cremation, cemetery, or other mortuary services.

(i) "Host entity" means an entity operating in this state that uses volunteer health practitioners to respond to an emergency.

(j) "License" means authorization by a state to engage in health or veterinary services that are unlawful without the authorization. The term includes authorization under the laws of California to provide health or veterinary services based upon a national certification issued by a public or private entity.

(k) "Person" means an individual, corporation, business trust, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(*l*) "Scope of practice" means the extent of the authorization to provide health or veterinary services granted to a health practitioner by a license issued to the practitioner in the state in which the principal part of the practitioner's services is rendered, including any conditions imposed by the licensing authority in that state.

(m) "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

(n) "Veterinary services" means the provision of treatment, care, advice or guidance, or other services or supplies, related to the health or death of an animal or to animal populations, to the extent necessary to respond to an emergency, including all of the following:

(1) Diagnosis, treatment, or prevention of an animal disease, injury, or other physical or mental condition by the prescription, administration, or dispensing of vaccine, medicine, surgery, or therapy.

(2) Use of a procedure for reproductive management.

(3) Monitoring and treatment of animal populations for diseases that have spread or demonstrate the potential to spread to humans.

(o) "Volunteer health practitioner" means a health practitioner who provides health or veterinary services, whether or not the practitioner receives compensation for those services. "Volunteer health practitioner" does not include a practitioner who receives compensation pursuant to a preexisting employment relationship with a host entity or affiliate that requires the practitioner to provide health services in this state, unless the practitioner is not a resident of this state and is employed by a disaster relief organization providing services in this state while an emergency declaration is in effect.

8599.52. This article applies to volunteer health practitioners registered with a registration system that complies with Section 8599.54 and who provide health or veterinary services in this state for a host entity while an emergency declaration is in effect.

8599.53. (a) While an emergency declaration is in effect, the Emergency Medical Services Authority may limit, restrict, or otherwise regulate all of the following:

(1) The duration of practice by volunteer health practitioners.

(2) The geographical areas in which volunteer health practitioners may practice.

(3) The types of volunteer health practitioners who may practice.

(4) Any other matters necessary to coordinate effectively the provision of health or veterinary services during the emergency.

(b) An order issued pursuant to subdivision (a) may take effect immediately, without prior notice or comment, and is not a regulation within the meaning of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3).

(c) A host entity that uses volunteer health practitioners to provide health or veterinary services in this state shall do both of the following:

(1) Coordinate its activities with the Emergency Medical Services Authority to the extent practicable to provide for the efficient and effective use of volunteer health practitioners.

(2) Comply with any laws other than this article relating to the management of emergency health or veterinary services.

(d) The Emergency Medical Services Authority shall coordinate its activities under this section with the Office of Emergency Services to ensure that any deployment of volunteer health practitioners is consistent with the standardized emergency management system, established pursuant to Section 8607.

8599.54. (a) To qualify as a volunteer health practitioner registration system, a system shall do all of the following:

(1) Accept applications for the registration of volunteer health practitioners before or during an emergency.

(2) Include information about the licensure and good standing of health practitioners that is accessible by authorized persons.

(3) Be capable of supplying sufficient information about registered volunteer health practitioners to the Emergency Medical Services Authority, or a similar designated agency, in order to allow that authority or agency to confirm the accuracy of information concerning whether a health practitioner is licensed and in good standing before health services or veterinary services are provided under this article.

(4) Meet at least one of the following conditions:

(A) Be an emergency system for advance registration of volunteer health care practitioners established by a state and funded through the Health Resources and Services Administration under Section 319C-2 of the Public Health Service Act (42 U.S.C. Sec. 247d-3b).

(B) Be a local unit consisting of trained and equipped emergency response, public health, and medical personnel formed pursuant to Section 2813 of the Public Health Service Act (42 U.S.C. Sec. 300hh-15).

(C) Be operated by one of the following:

(i) A disaster relief organization.

(ii) A licensing board or bureau established pursuant to Division 2 (commencing with Section 500) of, or Chapter 12 (commencing with Section 7600) of Division 3 of, the Business and Professions Code.

(iii) A national, state, or regional association of licensing boards or health practitioners.

(iv) A health facility that provides comprehensive inpatient and outpatient health care services, including a tertiary care and teaching hospital.

(v) A governmental entity.

(D) Be designated by the Emergency Medical Services Authority as a registration system for purposes of this article.

(b) While an emergency declaration is in effect, the Emergency Medical Services Authority, a person authorized to act on behalf of the authority, or a host entity may confirm whether volunteer health practitioners utilized in this state are registered with a registration system that complies with subdivision (a). Confirmation is limited to obtaining identities of the practitioners from the system and determining whether the system indicates that the practitioners are licensed and in good standing.

(c) Upon request of a person in this state authorized to manage the emergency response, or a similarly authorized person in another state, a registration system located in this state shall notify the person of the identities of volunteer health practitioners and whether the practitioners are licensed and in good standing.

(d) A host entity is not required to use the services of a volunteer health practitioner even if the practitioner is registered with a

registration system that indicates that the practitioner is licensed and in good standing.

8599.55. (a) While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system that complies with Section 8599.54 and licensed and in good standing in the state in which the practitioner's registration is based, may practice in this state to the extent authorized by this article as if the practitioner were licensed in this state.

(b) A volunteer health practitioner qualified under subdivision (a) is not entitled to the protections of this article if the practitioner is licensed in more than one state and any license of the practitioner is suspended, revoked, or subject to an order limiting or restricting practice privileges, or has been voluntarily terminated under threat of sanction.

(c) Nothing in this article is intended to modify the licensing requirements imposed on any health practitioner by licensing or regulatory provisions contained in Division 2 (commencing with Section 500) of the Business and Professions Code, or by any other laws or regulations of this state, in the absence of an emergency declaration, as that term is defined in subdivision (c) of Section 8599.51.

8599.56. (a) For purposes of this section, the following terms have the following meanings:

(1) "Credentialing" means obtaining, verifying, and assessing the qualifications of a health practitioner to provide treatment, care, or services in or for a health facility.

(2) "Privileging" means the authorizing by an appropriate authority, such as a governing body, of a health practitioner to provide specific treatment, care, or services at a health facility subject to limits based on factors that include license, education, training, experience, competence, health status, and specialized skill.

(b) This article does not affect credentialing or privileging standards of a health facility and does not preclude a health facility from waiving or modifying those standards while an emergency declaration is in effect.

8599.57. (a) Except as further limited by subdivisions (b) and (c), a volunteer health practitioner shall adhere to the scope of practice for a similarly licensed practitioner established by the licensing provisions, practice acts, or other laws of this state.

(b) Except as otherwise provided in subdivision (c), this article does not authorize a volunteer health practitioner to provide services that are outside the practitioner's scope of practice, even if a similarly licensed practitioner in this state would be permitted to provide the services.

(c) The applicable licensing board or bureau may restrict or may, consistent with the limitations set forth in subdivision (a), modify the health services or veterinary services regulated by that body that volunteer health practitioners may provide pursuant to this article. An order under this subdivision may take effect immediately, without prior notice or comment, and is not a regulation within the meaning of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3).

(d) A host entity may restrict the health or veterinary services that a volunteer health practitioner may provide pursuant to this article.

(e) A volunteer health practitioner shall not be found to have engaged in unauthorized practice unless the practitioner has reason to know of any limitation, modification, or restriction under this section or that a similarly licensed practitioner in this state would not be permitted to provide the services. A volunteer health practitioner has reason to know of a limitation, modification, or restriction or that a similarly licensed practitioner in this state would not be permitted to provide a service if either:

(1) The practitioner knows the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service.

(2) From all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service.

(f) In addition to the authority granted by the laws of this state, other than this article, to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in this state has the following powers and duties:

(1) It may impose administrative sanctions upon a health practitioner licensed in this state for conduct outside of this state in response to an out-of-state emergency.

(2) It may impose administrative sanctions upon a practitioner not licensed in this state for conduct in this state in response to an in-state emergency.

(3) It shall report any administrative sanctions imposed upon a practitioner licensed in another state to the appropriate licensing board or other disciplinary authority in any other state in which the practitioner is known to be licensed.

(g) In determining whether to impose administrative sanctions under subdivision (f), a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the practitioner's scope of practice, education, training, experience, and specialized skill.

8599.58. This article does not limit rights, privileges, or immunities provided to volunteer health practitioners by laws other than this article.

8599.59. A volunteer health practitioner who is providing health or veterinary services in this state pursuant to this article, or who is traveling to or from this state to provide those services, shall be considered an employee of this state for purposes of worker's compensation coverage concerning any injury, occupational illness, or death incurred by the practitioner in providing the services or in traveling to or from this state to provide the services. Worker's compensation benefits for volunteer health practitioners are limited to those benefits provided to state employees under the laws of this state.

8599.60. The Emergency Medical Services Authority may promulgate rules, after approval by the Commission on Emergency Medical Services, to implement this article. In doing so, the authority shall consult with and consider the recommendations of the entity established to coordinate the implementation of the Emergency Management Assistance Compact and shall also consult with and consider rules promulgated by similarly empowered agencies in other states to promote uniformity of application of this article and make the emergency response systems in the various states reasonably compatible.

8599.61. In applying and construing this article, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

O

ASSEMBLY BILL No. 1563

Introduced by Assembly Member Gabriel

January 9, 2026

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, relating to the state budget, to take effect immediately, budget bill.

LEGISLATIVE COUNSEL'S DIGEST

AB 1563, as introduced, Gabriel. Budget Act of 2026.

This bill would make appropriations for the support of state government for the 2026–27 fiscal year.

This bill would declare that it is to take effect immediately as a Budget Bill.

Vote: majority. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 2026."

SEC. 1.50. (a) In accordance with Sections 12460, 13338, and 13344 of the Government Code, it is the intent of the Legislature that this act and other financial transactions authorized outside of this act utilize a coding scheme or structure compatible with the Governor's Budget, the records of the Controller in legacy systems, and the Financial Information System for California (FI$Cal), and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a structure which is common to all the state's fiscal systems. The meaning of this structure is as follows:

2720—Business Unit (known as organization code in legacy systems, indicates the department or entity) (e.g., 2720 represents the Department of the California Highway Patrol)

001—Reference Code (indicates whether the item is from the Budget Act or some other source and its character (e.g., 001–100 represents state operations in the Budget Act))

0044—Fund Code (e.g., 0044 represents the Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in Business Unit order.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each Business Unit are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes or structures used in this act or used in other spending authority outside of this act to provide compatibility between the codes or structures used in this act or in other spending authority outside of this act and those used in the Governor's Budget, in the records of the Controller in legacy systems, and in FI$Cal.

(d) Notwithstanding any other law, the Department of Finance may revise the schedule of any appropriation made in this act or in other spending authority outside of this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize technical changes or corrections in FI$Cal or the Controller's legacy systems resulting from or related to the conversion or implementation of FI$Cal for the current or past fiscal years, including, but not limited to, any of the following:

(1) Corrections to errors inadvertently created during the data conversion process from legacy systems into FI$Cal.

(2) Corrections or changes related to renumbering of programs and capital outlay projects. FI$Cal requires a different numbering scheme for the programs, elements, components, and tasks and projects. A new set of numbers is being utilized in FI$Cal different from what is reflected in prior budget acts and other authorizing sources. A comprehensive crosswalk facilitates the translation from programs, elements, components, and tasks to programs and subprograms and projects.

(3) Corrections or changes necessary to ensure compatibility among the legacy systems of the Controller and departments, and with that of FI$Cal. Multiple coding systems and structures (or chart of accounts) are being utilized during the transition period and until all departments and the Controller's control functions are fully implemented in FI$Cal.

SEC. 1.51. For purposes of this act, a citation to a budget act includes all acts amending that budget act.

SEC. 1.80. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated and available for encumbrance or expenditure for the use and support of the State of California for the 2026–27 fiscal year beginning July 1, 2026, and ending June 30, 2027. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury and shall be available for liquidation of encumbrances in accordance with Section 16304.1 of the Government Code.

(b) All capital outlay appropriations and reappropriations, unless otherwise provided herein, are available as follows:

(1) Studies, preliminary plans, working drawings, and performance criteria appropriations are available for encumbrance or expenditure until June 30, 2027.

(2) All other capital outlay appropriations are available for encumbrance or expenditure until June 30, 2029.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

SEC. 2.00. Items of appropriation.

the actions of appellate courts, appellate court judicial officers, appellate court employees, or court contractors, (b) matters arising from the actions of the Judicial Council, council members, council employees or agents, or Judicial Council contractors, and (c) matters arising from the actions of trial courts, trial court judicial officers, trial court employees, or court contractors. The Judicial Council, an appellate court, or trial court, or an officer, judicial officer, or employee of these entities, must be named as a defendant or alleged to be the responsible party, or be the responsible party pursuant to a contractual provision, memorandum of understanding, or intrabranch agreement. Any funds not used for this purpose shall revert to the General Fund. The amount allocated shall be available for encumbrance or expenditure until June 30, 2028.

2. Notwithstanding any other law, upon approval and order of the Department of Finance, the amount appropriated in this item shall be reduced by the amount transferred in Item 0250-011-0001 to provide adequate resources to the Judicial Branch Workers' Compensation Fund to pay workers' compensation claims for judicial branch employees and justices, and administrative costs pursuant to Section 68114.10 of the Government Code.

3. Of the funds appropriated in Schedule (2), $82,486,000 is available for the Court-Appointed Counsel Program and shall be used solely for that program. Any funds for the program not expended by June 30, 2027, shall revert to the General Fund.

4. Of the amount appropriated in this item, up to $325,000 is available to reimburse the California State Auditor for the costs of audits incurred by the California State Auditor pursuant to subdivision (c) of Section 19210 of the Public Contract Code.

5. Of the funds appropriated in Schedule (3), $1,500,000 shall be available for administrative costs related to the management and claiming of federal reimbursements for court-appointed dependency counsel. To the extent these administrative costs are able to be reimbursed, any excess funding shall revert to the General Fund.

Item | Amount

6. Of the amount appropriated in Schedule (3), $1,050,000 shall be retained by the Judicial Council for costs associated with implementing, supporting, and evaluating pretrial programs in courts, including, but not limited to:
   (a) Providing technical assistance to courts on practices and programs related to pretrial decisionmaking.
   (b) Providing judicial education.
   (c) Evaluating pretrial programs and practices through this program.
   (d) Providing administrative services on programs related to pretrial decisionmaking.
7. Of the amount appropriated in Schedule (3), $866,000 shall be distributed by the Judicial Council to the Legal Services Trust Fund Commission of the State Bar of California for administrative costs related to allocating resources for legal services to implement the Community Assistance, Recovery, and Empowerment Act (Part 8 (commencing with Section 5970) of Division 5 of the Welfare and Institutions Code). The commission shall coordinate with the Judicial Council to ensure that the commission collects and reports the data necessary for the Judicial Council to comply with all Community Assistance, Recovery, and Empowerment Act reporting requirements.
   (a) The Legal Services Trust Fund Commission shall be responsible for collecting outcome data from each county's public defender office, qualified legal services projects, and support centers. The State Bar of California shall annually provide to the Judicial Council a report that includes funding allocations, annual expenditures, and program outcomes by service area and service provider. Data shall be reported using the reporting framework developed by the Legal Services Trust Fund Commission in consultation with the Judicial Council to ensure that data reporting is consistent and comparable across Judicial Council and Legal Services Trust Fund Commission data. The Judicial Council shall include this report in the annual report pursuant to Section 5985 of the Welfare and Institutions Code.

	(8) Reimbursements to 0150075-Grants—Other.....	−2,550,000
	Provisions:	
	1. In order to improve equal access and the fair administration of justice, $35,392,000 of the funds appropriated in Schedule (5) are to be distributed by the Judicial Council through the Legal Services Trust Fund Commission to qualified legal services projects and support centers as defined in Sections 6213 to 6215, inclusive, of the Business and Professions Code, to be used for legal services in civil matters for indigent persons. The Judicial Council shall approve awards made by the commission if the council determines that the awards comply with statutory and other relevant guidelines. Up to 10 percent of the funds appropriated for purposes of this provision shall be for joint projects of courts and legal services programs to make legal assistance available to pro per litigants and not less than 90 percent of the funds appropriated for purposes of this provision shall be distributed consistent with Sections 6216 to 6223, inclusive, of the Business and Professions Code. Any funding not allocated for joint projects shall be redistributed consistent with Sections 6216 to 6223, inclusive, of the Business and Professions Code. The Judicial Council may establish additional reporting or quality control requirements consistent with Sections 6213 to 6223, inclusive, of the Business and Professions Code. Of the amount appropriated for purposes of this provision, not more than 2.5 percent shall be available, upon order of the Department of Finance,

for administrative costs of the Judicial Council and the State Bar.

1.5. Funds appropriated under Provision 1 shall not be used for legal services defending a person against removal from the United States consistent with the restrictions set forth in paragraph 3 of subdivision (b) of Section 13303 of the Welfare and Institutions Code.

2. In order to improve equal access and the fair administration of justice, $5,000,000 shall be annually appropriated in Schedule (5) by the Judicial Council to the California Access to Justice Commission for grants to civil legal aid nonprofits, including qualified legal services projects and qualified support centers as defined in Sections 6213 to 6215, inclusive, of the Business and Professions Code, to be used to support the infrastructure and innovation needs of legal services in civil matters for indigent persons. Of this amount, not more than 2.5 percent shall be available for administrative costs of the California Access to Justice Commission associated with distributing and monitoring the grants.

3. The California Access to Justice Commission shall make award determinations for grants described in Provision 2. In awarding these grants, preference shall be given to qualified legal aid agencies' proposals that focus on services to rural or underserved immigrant communities regardless of citizenship status and proposals that are innovative or that involve partnership with community-based nonprofits. Any funding not allocated in a given fiscal year shall be reallocated pursuant to Provision 1.

4. The grant process described in Provision 2 shall ensure that any qualified legal service project and qualified support center demonstrates a high need for infrastructure and innovation to ensure that funding is distributed equitably among qualified legal service projects and support centers. The qualified legal service project or support center shall demonstrate that funds received under this provision will not be used to supplant existing resources.

Item Amount

5. The funds described in Provisions 1 and 2 are available for encumbrance or expenditure until June 30, 2028.
6. The amount appropriated in Schedule (1) is available for reimbursement of court costs related to the following activities: (a) payment of service of process fees billed to the trial courts pursuant to Chapter 1009 of the Statutes of 2002, (b) payment of the court costs payable under Sections 4750 to 4755, inclusive, and Section 6005 of the Penal Code, and (c) payment of court costs of extraordinary homicide trials.
7. Of the amount appropriated in Schedule (1), $48,950,000 shall be allocated to the Judicial Council to fund local assistance to each superior court based on each county's relative proportion of the state population that is 18 through 25 years of age. These resources may be used for the following:
   (a) Costs associated with judicial officer pretrial release decisions prior to or at arraignment.
   (b) Costs for technology to facilitate information exchange and process automation between courts and county departments.
   (c) Costs for implementation and improvement of court date reminder programs.
   (d) Costs associated with assessments of defendants' ability to pay a financial condition in cases where the court determines that such a condition is necessary to ensure public safety and return to court.
   (e) Costs associated with providing services to and monitoring of individuals released pretrial. The pretrial services agencies shall implement evidence-based monitoring practices of defendants released prearraignment and pretrial with the least restrictive interventions and practices necessary to enhance public safety and ensure the defendants' return to court. Electronic monitoring that is funded under this program may only be used in limited cases after other less restrictive interventions are deemed insufficient to enhance public safety and to ensure the defendants return to court.
   (f) Other programs and practices related to pretrial decisionmaking that address public

Item Amount

safety, appearance in court, and the efficient and fair administration of justice.

8. Courts shall contract with any county department, including county probation departments, to provide pretrial services, except those departments or agencies that have primary responsibility for making arrests or prosecuting criminal offenses.

9. The Superior Court of California, County of Santa Clara, may contract with the Office of Pretrial Services in that county. The Superior Court of California, County of San Francisco, may contract with the Sheriff's Office and the existing not-for-profit entity that is performing pretrial services in the city and county for pretrial assessment and supervision services.

10. The county department with which the court has contracted is not precluded from contracting with community-based organizations to provide complementary or supportive services in furtherance of the county department's pretrial release services if all of the following conditions have been satisfied:

(a) The contractor adheres to the same transparency, accountability, and outcome measure standards that apply to county probation departments.

(b) The contractor has a proven record of providing culturally competent and responsive rehabilitative services.

(c) The contract will not result in the displacement of county employees or a reduction in the provision of services by county probation department employees.

(d) The contractor pays wages and benefits to its nonsupervisory employees that are commensurate with or greater than the wages and benefits paid to public employees in similar job classifications.

(e) The contractor does not pay wages and benefits to its most highly compensated executive and managerial employees that are significantly higher than the rates that would be paid to public employees performing similar job duties.

Item Amount

(f) The county has consulted with the court prior to entering into a contract for the provision of these services.

11. Of the amount allocated in Provision 7, superior courts may retain up to 30 percent of the funding for costs associated with these programs and practices. The superior courts shall contract with a county department as described in Provision 8 and shall provide the county department with the remainder of the funds to be used for costs outlined in Provision 10, as appropriate.

12. To receive the funding allocated in Provision 7, courts and county departments and their contractors shall collaborate with local justice system partners in reporting to the Judicial Council on pretrial programs and practices, including information on expenditure of funds, as required by the Judicial Council, for evaluation of the programs and practices.

12.5. The Judicial Council may reallocate unspent funds from counties to other counties with demonstrated needs.

13. The Judicial Council shall provide an annual report to the Legislature providing an evaluation of pretrial programs and practices, and shall include any changes made to the pretrial allocation.

14. Of the funds appropriated in this item, $15,750,000 is available for legal services to implement the Community Assistance, Recovery, and Empowerment (CARE) Act (Part 8 (commencing with Section 5970) of Division 5 of the Welfare and Institutions Code), and shall be distributed by the Judicial Council through the Legal Services Trust Fund Commission of the State Bar of California as grants to qualified legal services projects, as defined in Sections 6213 to 6214.5, inclusive, of the Business and Professions Code, to provide legal counsel pursuant to subdivision (c) of Section 5976 of the Welfare and Institutions Code for representation in CARE Act proceedings, matters related to CARE agreements, and CARE plans by July 1, 2026. Funds shall be available for encumbrance or expenditure by qualified legal services projects and public defender offices until January 1, 2028. As a condition of receiving these funds,

Item | Amount

recipients are required to comply with Judicial Council or Legal Services Trust Fund Commission directions on the collection and reporting of data necessary for the Judicial Council to comply with all CARE Act reporting requirements specified in Item 0250-001-0001.

(a) Notwithstanding the competitive nature of these grants, the Legal Services Trust Fund Commission shall use a formula to determine the amount of funding to provide representation in CARE Act proceedings, matters related to CARE agreements, and CARE plans in each county.

(b) These grants are to serve the counties described in subdivisions (a) and (b) of Section 5970.5 of the Welfare and Institutions Code. The Legal Services Trust Fund Commission shall provide any funds not awarded to qualified legal services projects for representation in CARE Act proceedings, matters related to CARE agreements, and CARE plans in each county to that county's public defender office, public defender services shared with another county, or organization providing public defender services to the county to provide those services.

(c) (1) The Legal Services Trust Fund Commission of the State Bar shall seek proposals from qualified legal services projects to provide legal counsel pursuant to subdivision (c) of Section 5976 of the Welfare and Institutions Code for a three-year period.

(2) If funds are provided to a county for public defender services pursuant to this item, an associated funding commitment shall also be provided for a three-year period. If a county receives funding for public defender services according to this item, the county's proportional share of overall funding for legal counsel in the county pursuant to subdivision (c) of Section 5976 of the Welfare and Institutions Code, shall not be reduced by more than 50 percent at the next three-year funding cycle.

Item			Amount
	(3) In fiscal year 2026–27, neither a qualified legal services project nor a county for public defender services shall have their proportional share of overall funding for legal counsel in the county, pursuant to subdivision (c) of Section 5976 of the Welfare and Institutions Code, be reduced by more than 25 percent compared to the 2025–26 fiscal year, unless the qualified legal services project does not apply.		
	15. Of the funds appropriated in Schedule (5), up to $788,000 is available to provide legal training and technical assistance related to the implementation of the CARE Act. These funds shall be distributed by the Judicial Council through the Legal Services Trust Fund Commission of the State Bar of California by December 1, 2026, as grants to qualified support centers or other entities that have expertise in providing legal training and technical assistance to legal aid providers or public defenders. The Legal Services Trust Fund Commission shall provide any funds not awarded for legal training and technical assistance related to the implementation of the CARE Act to qualified legal services projects and public defender offices to provide legal counsel pursuant to subdivision (c) of Section 5976 of the Welfare and Institutions Code for representation in CARE Act proceedings, matters related to CARE agreements, and CARE plans by December 1, 2026. Funds under this provision shall be available for encumbrance or expenditure by recipients until January 1, 2028.		
	16. If any funds in Provision 15 remain after grants are awarded, upon order of the Department of Finance, up to $275,000 shall be transferred to Item 8140-001-0001 for the State Public Defender to provide legal training and technical assistance to legal aid providers or public defenders.

Ten percent of the funds remaining after administrative costs shall be for joint projects of courts and legal services programs to make legal assistance available to pro per litigants and 90 percent of the funds remaining after administrative costs shall be distributed, consistent with Sections 6216 to 6223, inclusive, of the Business and Professions Code. The Judicial Council may establish additional reporting or quality control requirements, consistent with Sections 6213 to 6223, inclusive, of the Business and Professions Code.

7. Funds available for expenditure in Schedule (7) may be augmented by order of the Department of Finance by the amount of any additional resources deposited for distribution to the Equal Access Fund program in accordance with Sections 68085.3 and 68085.4 of the Government Code. Any augmentation under this provision shall be authorized not sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and appropriate subcommittees that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may determine.

7.5. Funds appropriated under Schedule (7) shall not be used for legal services defending a person against removal from the United States consistent with the restrictions set forth in paragraph 3 of subdivision (b) of Section 13303 of the Welfare and Institutions Code.

8. Sixteen (16.0) subordinate judicial officer positions are authorized to be converted to judgeships in the 2026–27 fiscal year in the manner and pursuant to the authority described in subparagraph (B) of paragraph (1) of subdivision (c) of Section 69615 of the Government Code, as described in the notice filed by the Judicial Council under subparagraph (B) of paragraph (3) of subdivision (c) of Section 69615 of the Government Code.

Item Amount

9. Notwithstanding any other law, and upon approval of the Department of Finance, the amount available for expenditure in Schedule (1) may be increased by the amount of any additional resources collected for the recovery of costs for court-appointed dependency counsel services.
10. Upon approval of the Administrative Director of the Courts, the Controller shall transfer up to $556,000 to Item 0250-001-0932 for administrative services provided to the trial courts in support of the court-appointed dependency counsel program.
11. Of the amounts appropriated in Schedule (1), $325,000 shall be allocated by the Judicial Council in order to reimburse the California State Auditor for the costs of trial court audits incurred by the California State Auditor pursuant to Section 19210 of the Public Contract Code.
12. Upon approval of the Administrative Director of the Courts, the Controller shall transfer up to $500,000 of the funding appropriated in Schedule (10) of this item to Schedule (1) of Item 0250-001-0932 for administrative services provided by the Judicial Council to implement and administer the civil representation pilot program.
13. Upon approval of the Administrative Director of the Courts, the amount available for expenditure in Schedule (10) may be augmented by the amount of resources collected to support the implementation and administration of the civil representation pilot program.
14. Of the amount appropriated in this item, up to $1,925,000 is available to reimburse the Controller for the costs of audits incurred by the Controller.
15. Upon order of the Department of Finance, the amount available for expenditure in Schedules (1) and (4) may be augmented by an amount sufficient to fund trial court employee benefit increases in the 2026–27 fiscal year.
16. Notwithstanding any other law, and upon approval of the Department of Finance, the amount available for expenditure in Schedule (10) may be increased by the amount of any additional resources collected to support programs pursuant to the Sargent Shriver Civil Counsel Act

Item | Amount

(Chapter 2.1 (commencing with Section 68650) of Title 8 of the Government Code).

17. The funds appropriated in Schedule (4) shall be for payments to contractual court interpreters and certified and registered court interpreters employed by the courts for services provided during court proceedings and other services related to pending court proceedings, including services provided outside a courtroom, and for court interpreter coordinator positions. For the purposes of this provision, "court interpreter coordinators" may be full- or part-time court employees.

18. The Judicial Council shall set statewide or regional rates and policies for payment of court interpreters, not to exceed the rate paid to certified interpreters in the federal court system.

19. The Judicial Council shall adopt appropriate rules and procedures for the administration of these funds. The Judicial Council shall report to the Legislature and the Department of Finance annually regarding expenditure of the funds appropriated in Schedule (4).

20. Of the funds appropriated in Schedule (1), $7,000,000 shall be available for the Judicial Council to establish a methodology to allocate a share of resources to all courts to cover the costs associated with the increased transcript rates.

22. Of the amount appropriated in Schedule (1), $30,000,000 shall be allocated by the Judicial Council in a manner that ensures all courts are allocated funds to be utilized to increase the number of official court reporters in family and civil law cases. This funding may be used for recruitment and retention purposes, filling existing vacancies, converting part-time positions to full-time positions, increasing salary schedules, and providing signing and retention bonuses to enable trial courts to compete with private employers in the labor market. This funding shall not supplant existing trial court expenditures on court reports in family law and civil law cases. Any unspent funds shall revert to the General Fund.

23. Of the funds appropriated in Schedule (1), $32,884,000 is available for the implementation

Item Amount

of the Community Assistance, Recovery, and Empowerment (CARE) Act.

24. Funds appropriated under Schedule (7) shall not be used for legal services defending an immigrant against removal from the United States or another immigration remedy based on a documented felony conviction.

(2) Reimbursements to 0150011-Court Appointed Dependency Counsel....	−66,000,000
Provisions:	
1. The amount appropriated in Schedule (1) shall be allocated by the Judicial Council using the methodology customarily used to distribute statewide court-appointed dependency counsel funding, which shall reflect annual updates to relevant variables based on the most recently available data.	
2. Upon order of the Department of Finance, the Controller shall increase Schedule (1) by up to $30,000,000 to address any shortfalls in federal reimbursements pursuant to Title IV-E of the federal Social Security Act (42 U.S.C. Sec. 670 et seq.) that supplement funding for court-appointed counsel for children, nonminor dependents, and parents in juvenile court dependency proceedings pursuant to subdivisions (b) and (c) of Section 317 of the Welfare and Institutions Code and paragraph (4) of subdivision (a) of Section 77003 of the Government Code.	
3. The Judicial Council shall work in collaboration with court-appointed dependency counsel providers to ensure timely submission, review, and payment of monthly invoices attributable to the 2026–27 fiscal year so that determination of the statewide total of federal reimbursements and any portion of the funding described in Provision 2 needed to address any remaining shortfall can be made no later than September 30, 2027. Distribution of funds to address any shortfall shall be made by the Judicial Council using the methodology customarily employed to distribute statewide court-appointed dependency counsel funding as described in Provision 1. The amounts allocated in Provision 2 shall be available for encumbrance or expenditure until October 1, 2027. Any funds described in Provision 2 not encumbered by October 1, 2027, for eligible activities attributable to the 2026–27 fiscal year shall revert to the General Fund.

0820-013-0001—For transfer by the Controller to the DNA Identification Fund..... 37,000,000

Provisions:

1. Upon order of the Department of Finance, the amount available in this item may be augmented by an amount sufficient to backfill the DNA Identification Fund if a determination is made that revenues are insufficient to support the Bureau of Forensic Services. Any augmentation shall be transferred to the DNA Identification Fund. Any augmentation of funds approved by the director under this provision shall be authorized not sooner than 30 days after notification in writing to the Chairperson of the Joint Legislative Budget Committee, or whatever lesser time the chairperson, or the chairperson's designee, may determine. When a request to augment this item is submitted to the director, a copy of that request shall be delivered to the chairperson and the chairpersons of the fiscal committees in each house of the Legislature. Delivery of a copy of that request shall not be deemed to be notification in writing for purposes of this provision.

Item	Amount
0820-015-0001—For transfer by the Controller to the Legal Services Revolving Fund for legal services provided to small clients of the Department of Justice.....	5,500,000
Provisions:	
1. The Department of Justice shall provide a projection of 2026–27 legal services hours for small clients to the Department of Finance no later than April 15, 2027. This information shall include the total number of attorney and paralegal hours projected to be expended for each departmental client during the 2026–27 fiscal year.	
2. There is hereby appropriated from each fund, other than the General Fund, an amount sufficient for payment of legal services provided by the Department of Justice during the 2026–27 fiscal year. Upon receipt of the report required by Provision 1, the Department of Finance shall determine which items of appropriation should be augmented to offset the General Fund appropriation provided in this item.	
3. The Department of Finance shall augment these appropriations and order their transfer to the Legal Services Revolving Fund not sooner than 30 days after providing written notification to the Joint Legislative Budget Committee. Any excess expenditure authority in this item resulting from the transfers in this provision shall revert to the General Fund on June 30, 2027.

director that the director concurs with the amounts specified in the billings.

2. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than $500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program.

3. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:

(a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.

(b) The maximum amount of reimbursement provided in subprovision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.

4. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the current fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.

5. The Controller shall publish and provide the Controller's monthly report, the Statement of General Fund Cash Receipts and Disbursements, within 10 days after the close of each month to the Joint Legislative Budget Committee, the fiscal committees of each house of the Legisla-

ture, the Department of Finance, the Treasurer, and the Legislative Analyst's Office.

6. The Controller shall provide to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees of each house of the Legislature a report that provides the following details by mandate: the level of claims requested, the amount reduced by the initial desk audit, the amount paid, the amount recouped, and the results of a final audit and subsequent funding adjustments. The report is due on June 30 of the current fiscal year, and will cover the fourth quarter of the past fiscal year and the first three quarters of the current fiscal year.

7. The Controller shall obtain actuarial valuation services to comply with governmental accounting and reporting standards for other postemployment benefits (OPEB). In addition to all other items required under the accounting and reporting standards, the report shall include an identification and explanation of any significant differences in actuarial assumptions or methodology from any relevant similar types of assumptions or methodology used by the Public Employees' Retirement System to estimate state pension obligations. To avoid duplication of effort and promote efficiency and cost-effectiveness, the Controller and the Department of Finance shall coordinate in obtaining additional actuarial valuation services related to OPEB plan liabilities and assets attributable to each of the state's collective bargaining units or other state entities or groups. This provision does not obligate the state to change the practice of funding health and dental benefits for annuitants currently required under state law.

8. The funds appropriated to the Controller in this act shall not be expended on additional actuarial valuations, beyond the annual actuarial valuations, for other postemployment benefits, prior to obtaining concurrence in writing from the Department of Finance. The additional actuarial valuations shall only be performed to the extent resources exist, or if funds are provided by the requesting agency.

9. The Controller shall provide the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature a report on the California State Payroll System Project specifying the dollars expended on the program in the previous fiscal year and over the life of the program and any known savings that have occurred in the prior fiscal year by October 1 of each year.

10. The Controller shall provide yearend financial data as specified by the Department of Finance, for the immediately preceding fiscal year, in electronic format that is printable via application, including, but not limited to, Adobe PDF, Microsoft Excel, or Microsoft Word, by October 31 of each year and periodically as requested by the Department of Finance. This information is necessary for the Department of Finance to determine the proper beginning balance of the current fiscal year for budgetary purposes.

11. In the event new postage rates are adopted by the United States Postal Service, but not in time for inclusion in the May Revision prior to enactment of this Budget Act, and the Controller notifies the Department of Finance with its estimates of the increased postage costs within 15 calendar days of the adoption of new rates, the Director of Finance may authorize expenditures in excess of the amount appropriated to the Controller in this item by an amount necessary to fund the postage increase. This authorization shall occur not less than 15 days after the Department of Finance notifies the Chairperson of the Joint Legislative Budget Committee.

12. Of the amount appropriated in this item, $428,000 shall be used to reimburse the Department of Justice for legal services. In addition to the amount above, upon order of the Director of Finance, any non-General Fund Budget Act item for support of the Controller may be augmented to reimburse the Department of Justice for legal services. An augmentation shall not be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.

13. The Controller shall provide the Department of Finance and the Legislative Analyst's Office a report on the SCO FI$Cal implementation veri-

fying the progress or completion of predetermined FI$Cal milestones outlined in SPR7, 8, and 9, including future milestones necessary to complete the transition to FI$Cal as the Book of Record, the dollars expended on the program in the previous quarter and over the life of the program, and any known savings that have occurred in the prior fiscal year, to be submitted on a quarterly basis commencing September 1 of each year, until completion of the implementation to FI$Cal.

14. The Controller, in consultation with the Department of Finance, the Department of Human Resources, and the Department of Technology, shall provide the Legislature and the Legislative Analyst's Office with briefings on the progress of the California State Payroll System Project, including newly executed contracts, and their purpose, and cost, on a quarterly basis.

15. Of the funding in this item, $72,000,000 is preliminarily budgeted for implementation of the California State Payroll System. This funding is earmarked for planned project work in the 2026–27 fiscal year and will be updated in the May Revision after considering the latest information available on the proposed use of these funds, and the status of project activities (including but not limited to any material delays in hiring or contract work) and the impact on the program budget.

nents of the Capital Outlay Support Program. Results associated with this review shall be included in the 2026–27 fiscal year annual May Revision Finance Letter.

13. Of the funds appropriated in Program 1835010-Capital Outlay Support, the Department of Transportation shall exempt Local SB 45 STIP Projects deprogrammed from the 2016 STIP from the full cost recovery as outlined in its Indirect Cost Recovery Plan if local agencies continue those projects with other funds. The Department of Transportation shall not charge for administrative overhead for the portion of the project's funding that was originally planned to come from the STIP before the project was deprogrammed.
14. Notwithstanding any other law, if the California Transportation Commission reprograms projects removed from the 2016 STIP, the Director of Finance may increase the expenditure authority for additional staffing for Program 1835010-Capital Outlay Support to support the reprogrammed projects not sooner than 30 days after notification in writing is made to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations and the State Budget. The notification shall include a list of the reprogrammed projects and the additional staffing required for each project.
15. Notwithstanding any other law, funds may be transferred intraschedule between Schedule (8) 1840019-State and Federal Mass Transit and Schedule (9) 1840028-Intercity Passenger Rail Program. Any transfer requires the prior approval of the Department of Finance.
16. For Program 1835010-Capital Outlay Support, appropriations include funding and expenditure authority for full-time equivalent staff at an average annual labor rate of $287,000, totaling $338,331,000 for project direct external consultant and professional services related to project delivery.
17. For Program 1835010-Capital Outlay Support, appropriations include funding and expenditure authority for state positions and personal services

Item | Amount

Provisions:

1. The amount appropriated in this item includes revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.
2. Notwithstanding any other law, $425,000 of the amount appropriated in Schedule (2) shall be available for the development and implementation of the Joint Institute for Wood Products Innovation, including, but not limited to, providing grants to promote wood product innovation consistent with the recommendations of the Forest Carbon Plan.
3. Notwithstanding any other law, $425,000 of the amount appropriated in Schedule (2) shall be available to provide grants to test the effectiveness of the California Forest Practice Rules and other natural resource protection statutes and regulations.

3540-001-3228—For support of Department of Forestry and Fire Protection, payable from the Greenhouse Gas Reduction Fund..... 1,250,000,000

Schedule:

(1) 2465-Fire Protection..... 1,457,584,000
(2) Reimbursements to 2465-Fire Protection..... −207,584,000

Provisions:

1. The Department of Finance may reduce the amount of this appropriation by any amount necessary if the actual amount of Cap-and-Invest auction proceed receipts are lower than projected and it determines the Greenhouse Gas Reduction Fund balance is projected to be insufficient to support the full amount of this appropriation. The Department of Finance may also augment Item 3540-001-0001 by the same amount of any reduction to maintain full funding for the Department of Forestry and Fire Protection's fire protection operations. The Department of Finance may also establish any schedules in Item 3540-001-0001 that are necessary to facilitate any such augmentation. Any provisions of this item that are necessary to effectuate the purposes of any funding shifted from this item to Item 3540-001-0001 pursuant to this provision shall also apply to Item 3540-001-0001.

Item Amount

2. Notwithstanding any other law, upon the order of the Department of Finance, one or more loans, not to exceed a cumulative total of 75 percent of the amount appropriated in this item, shall be made available from the General Fund to the Greenhouse Gas Reduction Fund, to be transferred as needed to meet cash needs resulting from the delay in receipt of Cap-and-Invest auction proceeds. All moneys so transferred shall be repaid as soon as sufficient Cap-and-Invest auction proceeds have been collected to meet immediate cash needs, but not later than June 30 of the fiscal year in which the loan was authorized. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code.

3. Notwithstanding any other law, the Director of Finance may authorize a loan from the General Fund, in an amount not to exceed 45 percent of reimbursements appropriated in Schedule (2) of this item, to the Department of Forestry and Fire Protection, provided that:

(a) The loan is to meet cash needs resulting from the delay in receipt of reimbursements for services provided.

(b) The loan is for a short term and shall be repaid by November 15 of the fiscal year following that in which the loan was authorized.

(c) Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code.

(d) Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of the loan approved pursuant to this provision.

4. Notwithstanding any other law or administrative procedure, the Department of Forestry and Fire Protection may amend its pilot and mechanic contract, along with its parts contract, for both scope changes and contracted amounts to address unanticipated workload resulting from higher than anticipated demand for these contracted services. The Department of Finance may augment this item and authorize expenditures in excess of the amounts appropriated in this item no sooner than 30 days after providing notifica-

tion in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

5. Of the amount appropriated in Schedule (1), $104,959,000 shall be exempt from any applicable law requiring competitive bidding or the supervision or approval of another department or agency of state government for the procurement of or contracting with vendors for logistical support, including, but not limited to, feeding, lodging, training, and the purchase of personal protective equipment for additional fire suppression staff hired for the implementation of the 66-hour workweek.

6. The funds appropriated in this item shall not be subject to the provisions of subdivision (b) of Section 15.14. The funds appropriated in this item are exempt from Sections 39712, 39715, and 39718 to 39721, inclusive, of the Health and Safety Code and Section 16428.9 of the Government Code. Additionally, the funds appropriated in this item shall not be included in the calculation of funding appropriated from the Greenhouse Gas Reduction Fund for the purposes of Section 39713 of the Health and Safety Code. The funds appropriated in this item shall not be included in the report produced pursuant to Section 39720 of the Health and Safety Code, and the Department of Forestry and Fire Protection shall not be required to submit information pursuant to Section 39721 of the Health and Safety Code for the funds appropriated in this item.

7. Notwithstanding Section 28.00 of this act, upon request of the Department of Forestry and Fire Protection, the Department of Finance may adjust Schedules (1) and (2) of this item to reflect increases in reimbursements from non-state entities providing assistance-by-hire emergency

fire suppression services. The Director of Finance may authorize expenditures in excess of the amount appropriated in this item after the receipt of the request from the Department of Forestry and Fire Protection. Within 10 days of approval, the Department of Finance shall provide written notification of any such augmentation to the Chairpersons of the committees in each house of the Legislature that consider appropriations, the Chairpersons of the committees and the appropriate subcommittees of each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

8. It is the intent of the Legislature and the Governor to appropriate the following amounts from the Greenhouse Gas Reduction Fund for the Department of Forestry and Fire Protection's fire protection activities if the General Fund is projected to be in a deficit: $500,000,000 in the 2027–28 fiscal year and $500,000,000 in the 2028–29 fiscal year.

Provisions:	
1. The Director of Finance may authorize one or more short-term cash loans, not to exceed a cumulative total amount of $1,500,000, from the General Fund to provide the cashflow needed to facilitate execution of reimbursable contracts. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. For purposes of the budgetary and legal basis of accounting and budgeting, the principal amount of any loans made pursuant to this provision shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of this provision pursuant to Section 13344 of the Government Code.

Finance, any non-General Fund Budget Act item for support of the State Water Resources Control Board may be augmented to reimburse the Department of Justice for legal services. An augmentation shall not be made sooner than 30 days after the Joint Legislative Budget Committee has been notified in writing.

2. The amount appropriated in this item includes revenues derived from the assessment of fines and penalties imposed as specified in Section 13332.18 of the Government Code.

3. The Director of Finance may authorize a short-term cash loan of up to $75,000,000 from the Underground Storage Tank Cleanup Fund to provide cashflow needed to support operational costs that will be covered by fee revenue received by the end of the fiscal year. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this provision shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of this provision pursuant to Section 13344 of the Government Code.

	ing state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least $1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the authority shall monitor the use of the funds by recipients to ensure that these funds are used in an appropriate manner.	
	3. Each region shall be eligible to receive up to one-half of the total cost of a minimal system for that region, as defined by the Emergency Medical Services Authority. However, the authority may reallocate unclaimed funds among regions.	
	4. Notwithstanding Provision 2(b), each region with a population of 300,000 or fewer as of June 30, 2026, shall receive the full amount for which it is eligible if it provides a cash match of $0.41 per capita or more. Failure to provide local cash contributions at the specified level shall result in a proportional reduction in state funding.	
	5. It is the intent of the Legislature that the Director of the Emergency Medical Services Authority provide assistance, when feasible, to poison control centers in seeking sources of funding other than General Fund support, including grants from health-related foundations, federal grants, and assistance from the California Children and Families Commission, or other relevant entities. It is also the intent of the Legislature that poison control centers assertively seek and obtain funding from foundations, private sector entities, the federal government, and sources other than the General Fund.

Provisions:

1. Notwithstanding any other law, the Department of Finance, upon request by the California Department of Aging, may authorize transfers between Program 3890-Nutrition and Program 3900-Supportive Services in response to budget revisions submitted by the area agencies on aging.
2. Notwithstanding any other law, upon request by the California Department of Aging, the Department of Finance may increase the expenditure authority in Schedule (2) for the Long-Term Care Patient Representative Program established by Chapter 3.6 (commencing with Section 9260) of Division 8.5 of the Welfare and Institutions Code if the expenditure authority in this item is projected to be insufficient to provide adequate patient representative services based on program caseload and service costs. The Department of Finance shall not authorize an increase pursuant to this provision sooner than 30 days after notification in writing of the necessity thereof is provided to the chairpersons of the committees in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may determine.
3. Of the amount appropriated in this item, $37,200,000 shall be available for encumbrance or expenditure until June 30, 2028, to support modernizing the Mello-Granlund Older Californians Act (Division 8.5 (commencing with Section 9000) of the Welfare and Institutions Code). The California Department of Aging, in consultation with the area agencies on aging, shall allocate this funding to support nutrition.
4. Notwithstanding any other law, the California Department of Aging may advance available funds to an area agency on aging in an amount up to one-fourth of the annual allocation when necessary to continue the provision of services or operations when a cashflow problem has been demonstrated according to the criteria set forth by the department. In addition to this item, this

Provisions:

1. The aggregate principal amount of disproportionate share hospital general obligation debt that may be issued in the current fiscal year pursuant to subparagraph (A) of paragraph (2) of subdivision (f) of Section 14085.5 of the Welfare and Institutions Code shall be $0.
2. Notwithstanding any other law, both the federal and nonfederal shares of any moneys recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
3. Notwithstanding any other law, accounts receivable for recoveries as described in Provision 2 shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other law, moneys recovered as described in this item that are required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the Controller to the General Fund without regard to the appropriation from which it was drawn.
4. Without regard to fiscal year, the General Fund shall make one or more loans available not to exceed a cumulative total of $1,000,000,000 to be transferred as needed to the Health Care Deposit Fund to meet cash needs. All moneys so transferred shall be repaid as soon as sufficient revenue or reimbursements have been collected to meet immediate cash needs and in installments as revenue or reimbursements accumulate if the loan is outstanding for more than one year.
5. Notwithstanding any other law, the State Department of Health Care Services may give public notice relative to proposing or amending any rule or regulation or administrative directive that could result in increased costs in the Medi-Cal program only after approval by the Department of Finance. Additionally, any rule or regulation adopted by the State Department of Health Care Services and any communication that increases costs in the Medi-Cal program shall be effective

only after the date upon which it is approved by the Department of Finance.

6. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of $250,000 shall be approved by the Department of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house of the Legislature and to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification as the chairperson of the joint committee, or the chairperson's designee, may determine. The semiannual estimates of Medi-Cal expenditures provided to the Legislature in January and May may constitute the notification required by this provision.

7. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the California Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services and county and other local assistance administration.

8. The Department of Finance may transfer funds representing all or any portion of any estimated savings that are a result of improvements in the Medi-Cal claims processing procedures from the Medi-Cal services budget or the support budget of the State Department of Health Care Services (Item 4260-001-0001) to the fiscal intermediary budget item for purposes of making improvements to the Medi-Cal claims system.

9. Notwithstanding any other law, the Department of Finance may authorize the transfer of expenditure authority between schedules within this item and between this item and Items 4260-102-

Item Amount

0001, 4260-111-0001, 4260-114-0001, and 4260-117-0001 in order to effectively administer the programs funded in these items. The Department of Finance may revise reimbursement authority in this item in order to effectively administer the programs funded in those items. The Department of Finance shall notify the Legislature within 10 days of authorizing such a transfer unless prior notification of the transfer has been included in the Medi-Cal estimates submitted pursuant to Section 14100.5 of the Welfare and Institutions Code. The 10-day notification to the Legislature shall include the reasons for the transfer, the fiscal assumptions used in calculating the transfer amount, and any potential fiscal effects on the program from which funds are being transferred or for which funds are being reduced.

10. If a federal grant that provides 75 percent federal financial participation to allow individuals in nursing homes to voluntarily move into a community setting and still receive the same amount of funding for services is awarded to the State Department of Health Care Services during the current fiscal year, then, notwithstanding any other law, the department may count expenditures from the appropriation made to this item as state matching funds for that grant.
11. Notwithstanding any other law, the Department of Finance may authorize an increase to this appropriation to address costs resulting from adverse court rulings. The Department of Finance shall provide a 30-day notice of any proposed increase to the Legislature. The notification shall include the specifics of any cases with adverse rulings and the overall fiscal impact. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the notification requirement of this provision if the required information is included in the estimate.
12. To the extent practicable and consistent with existing procedures, the State Department of Health Care Services, in its sole discretion, shall seek favorable terms from the federal government regarding the repayment of federal funds for state-only populations in order to minimize

the annual impact on the General Fund in any individual fiscal year.

13. Notwithstanding any other law, the Department of Finance may adjust amounts in this item, Item 4260-111-0001, or any other related item resulting from the State Department of Health Care Services obtaining federal approval to claim federal financial participation for expenditures associated with Designated State Health Programs as part of the CalAIM Demonstration. Within 30 days of making any adjustment pursuant to this provision, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee. Submission of the semiannual Medi-Cal estimate provided to the Legislature in January and May shall be considered meeting the reporting requirement of this provision if the required information is included in the estimate.

14. (a) Of the funds appropriated in Schedule (2), up to $10,000,000 is available for the Hearing Aid Coverage for Children Program for the purpose of providing medically necessary hearing aids and related services to eligible persons as described in subprovision (b).

(b) A person is eligible for the program described in this provision if they meet all of the following criteria:

(1) (A) The person is under 18 years of age; or

(B) effective January 1, 2023, the person is under 21 years of age.

(2) The person's household income does not exceed 600 percent of the federal poverty level.

(3) The person is not eligible for the Medi-Cal program or the California Children's Services Program.

(4) The person does not have health insurance coverage for hearing aids.

(c) For purposes of paragraph (4) of subprovision (b), a person is deemed to have no health insurance coverage if any of the following apply:

(1) The person has no health insurance coverage.

Item | Amount

(2) The person has health insurance coverage that excludes coverage for hearing aids.

(3) Effective January 1, 2023, the person has health insurance coverage that has a coverage limit of $1,500 or less for hearing aids.

(d) The State Department of Health Care Services shall specify the benefits and services provided to eligible persons under the program described in this provision. This shall include hearing aids, including bone conduction devices, when medically necessary.

(e) The State Department of Health Care Services shall develop processes to ensure, to the extent practicable, health insurance coverage for hearing aids and related services covered pursuant to this provision is used before the Hearing Aid Coverage for Children Program is billed.

(f) The State Department of Health Care Services may contract with public and private entities in order to implement this provision. Contracts entered into or amended pursuant to this provision shall be exempt from Chapter 1 (commencing with Section 14600) of Part 5.5 of Division 3 of Title 2 of the Government Code, Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, the State Contracting Manual, and the State Administrative Manual, and shall be exempt from the review or approval of any division of the State Department of General Services.

(g) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Health Care Services may implement, interpret, or make specific this provision, in whole or in part, by means of provider bulletin or similar instructions, without taking any further regulatory action.

15. (a) The department may enter into exclusive or nonexclusive contracts on a bid, non-bid, or negotiated basis with a drug rebate aggregator or another entity that provides rebate aggregation services to consolidate and manage drug rebate negotiation, invoicing, collection, dispute resolution, and other related activities with manufacturers, distributors, dispensers, or suppliers of single-source and multiple source drugs, appliances, durable medical equipment, medical supplies, and other product type health care services. Contracts entered into or amended pursuant to this section shall be exempt from Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Article 4 (commencing with Section 19130) of Chapter 5 of Part 2 of Division 5 of Title 2 of the Government Code, Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, the State Contracting Manual and the State Administrative Manual and shall be exempt from the review or approval of any division of the State Department of General Services.

(b) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section, in whole or in part, by means of plan or county letters, information notices, plan or provider bulletins, or other similar instructions without taking any further regulatory action.

16. Notwithstanding Section 16531.1 of the Government Code, the General Fund cash loans made to the Medical Providers Interim Payment Fund in fiscal year years 2024–25 and 2025–26 are available over the 2024–25 and 2025–26 fiscal years for programs funded within this item. No later than June 30, 2034, an allocation from the General Fund shall be made to recognize for budgetary financial reporting the cost of the loans made to the Medical Providers Interim Payment Fund in the 2024–25 and 2025–26 fiscal years. The Director of Finance may order

the repayment of all or a portion of the loans sooner if the Department of Finance, in consultation with the Department of Health Care Services, determines that the funds appropriated in this item exceed the required costs for programs funded within the item.

17. The Legislature finds that the total funds appropriated in this item exceeds the amount of General Fund revenue appropriated to support the Medi-Cal program prior to the effective date of Chapter 7.5 (commencing with Section 14199.100) of Part 3 of Division 9 of the Welfare and Institutions Code (Proposition 35). The Legislature further finds that, for purposes of Proposition 35, increases in Medi-Cal base managed care capitation rates reflect an expansion of healthcare benefits, healthcare services, health-care workforce, and payment rates above and be-yond those already in effect or in existence as of January 1, 2024, and are in addition to existing reimbursement rates and any other payments made by the department as of January 1, 2024, and do not supplant amounts that would other-wise be payable by a Medi-Cal managed care plan or the department, as applicable, to a recipient of moneys provided by Article 4 (commencing with Section 141900.109) of Chapter 7.5 of Part 3 of Division 9 of the Welfare and Institutions Code.

1. Notwithstanding any other law, the Department of Finance may authorize the transfer of expenditure authority between Schedules (1) and (2) of this item and between this item and Items 4260-102-0890, 4260-106-0890, 4260-111-0890, 4260-114-0890, and 4260-117-0890 in order to effectively administer the programs funded in these items. The Department of Finance shall notify the Legislature within 10 days of authorizing such a transfer unless prior notification of the transfer has been included in the Medi-Cal estimates submitted pursuant to Section 14100.5 of the Welfare and Institutions Code. The 10-day notification to the Legislature shall include the reasons for the transfer, the fiscal assumptions used in calculating the transfer amount, and any potential fiscal effects on the program from which funds are being transferred or for which funds are being reduced.

2. (a) The Department of Finance is authorized to approve expenditures payable from the Federal Trust Fund (Item 4260-101-0890) in those amounts made necessary by changes in either caseload or payments.

(b) If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the Department of Finance shall so report to the Legislature. At the time the report is made, the amount of the appropriation made in this item shall be increased by the amount of the excess unless and until otherwise provided by law.

3. (a) Of the funds appropriated in Schedule (1), up to $3,500,000 is available for California's

Provisions:		
1. The funds appropriated in this item are available for expenditure pursuant to subdivision (a) of Section 30130.55 of the Revenue and Taxation Code. The Legislature finds and declares that the expenditures are made in accordance with the California Healthcare, Research and Prevention Tobacco Tax Act of 2016 (Proposition 56). The Legislature finds that the expenditures described in this item increase funding for the existing health care programs and services described in subdivision (a) of Section 30130.55 of the Revenue and Taxation Code, and that payments and support for the nonfederal share of payments for health care, services, and treatment are increased based on the criteria described in this item, which ensures timely access, limiting specific geographic shortages of services or ensuring quality care. Expenditures shall be used only for care provided by health care professionals, clinics, and health facilities that are licensed pursuant to Section 1250 of the Health and Safety Code, and to health plans contracting with the State Department of Health Care Services to provide health benefits pursuant to subdivision (a) of Section 30130.55 of the Revenue and Taxation Code.		
2. (a) To effectively administer the Medi-Cal program, the Department of Finance may decrease or increase the expenditure authority in this item to conform the appropriation to revised revenue estimates pursuant to subdivision (a) of Section 30130.55 of the Revenue and Taxation Code or to conform the appropriation to revised expenditure estimates pursuant to Section 14100.5 of the Welfare and Institutions Code.		
(b) The Department of Finance shall notify the Joint Legislative Budget Committee within 10 days of authorizing a revision to this appropriation.		

Item		Amount
	3. The funding appropriated in this item may be available for extending supplemental payments for physician services base rate increases. The State Department of Health Care Services shall develop the structure and parameters for the payments and rate increases to be made pursuant to this item.	
	4. The payments authorized pursuant to this item that are eligible for federal financial participation shall be available after any necessary federal approvals have been obtained, except that the State Department of Health Care Services may make payments available while federal approval is pending, provided that any payment amounts for which federal approval is not obtained shall be recouped from applicable providers. This item shall be implemented only to the extent the State Department of Health Care Services obtains any necessary federal approvals for payments eligible for federal financial participation and determines that federal financial participation is not otherwise jeopardized. To the extent applicable, each of the payments by provider type may be implemented independently as federal approval is received and to the extent federal financial participation is available and not otherwise jeopardized.	
	5. The payments authorized pursuant to this item will be implemented only to the extent federal Medicaid policy does not reduce federal financial participation as projected in the annual Budget Act as determined by the Department of Finance.	
	6. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Health Care Services may implement this item by means of plan or county letters, information notices, plan or provider bulletins, or other similar instructions, without taking regulatory action.

(6) Reimbursements to 4045-Public and Environmental Health..... −222,833,000

(7) Reimbursements to 4050-Licensing and Certification..... −16,141,000

Provisions:

1. Except as otherwise prohibited by law, the State Department of Public Health shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount such that, if the new fees were effective throughout the 2026–27 fiscal year, the estimated revenues would be sufficient to offset at least 95 percent of the approved program level intended to be supported by those fees. The General Fund fees of the department that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code shall be increased by 20.3 percent. The special

Item		Amount
	fund fees of the department that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code may be increased by 20.3 percent only if the fund condition statement for a fund projects a reserve less than 10 percent of estimated expenditures and the revenues projected for the 2026–27 fiscal year are less than the appropriation contained in this act.	
	2. Notwithstanding subdivision (b) of Section 100450 of the Health and Safety Code, departmental fees that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100450 of the Health and Safety Code shall not be increased for the 2026–27 fiscal year. This adjustment shall not be applied to fees established by subdivisions (f), (g), (m), and (s) of Section 1300 of the Business and Professions Code.	
	3. The State Department of Public Health shall limit expenditures in this item to implement the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code) to the amount of actual fees collected from tissue banks.	
	4. Notwithstanding any other law, and upon approval of the Director of Finance, the amount appropriated in Schedule (1) shall be increased to adjust for federal reimbursement from the Federal Emergency Management Agency for wildfires and related emergencies. The Department of Finance shall notify the Legislature within 10 days of authorizing an augmentation pursuant to this provision. The notification to the Legislature shall describe the reason for the augmentation.	
	5. Of the funds appropriated in Schedule (2), $1,020,000 shall be available for implementation and consulting contract costs associated with the implementation of the Real Foods, Healthy Kids Act upon approval of Stage 4 of the Project Approval Lifecycle or a Project Delegation Request by the Department of Technology.

3. Upon order of the Department of Finance, the Controller shall transfer such funds as are necessary between this item and Item 4300-101-0001. Within 10 working days after approval of a transfer as authorized by this provision, the Department of Finance shall notify the chairpersons of the fiscal committees in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee of the transfer, including the amount transferred, how the amount transferred was determined, and how the amount transferred will be utilized.
4. The State Department of Developmental Services (DDS) shall notify the chairperson of each fiscal committee and the relevant policy committee of each house of the Legislature of specific outcomes resulting from citations and the results of annual surveys conducted by the State Department of Public Health, as well as findings of any other governmental agency authorized to conduct investigations or surveys of state developmental centers. DDS shall forward the notifications, including a copy of the specific findings, to the chairpersons of each fiscal committee and the relevant policy committee of each house of the Legislature within 10 working days of its receipt of these findings. DDS also shall forward these findings, within three working days of submission, to the appropriate investigating agency. In addition, DDS shall provide notification to the chairpersons of each fiscal committee and the relevant policy committee of each house of the Legislature, within three working days, of its receipt of information concerning any investigation initiated by the United States Department of Justice and the private nonprofit corporation designated by the Governor pursuant to Division 4.7 (commencing with Section 4900) of the Welfare and Institutions Code or concerning any findings or recommendations resulting from any of these investigations.

tion levels in excess of those that actually materialize, if any, shall revert to the General Fund. However, the Department of Finance may approve an increase in expenditures that are not related to caseload for the state hospitals through the redirection of funding that is reasonably believed not to be needed for accommodating projected hospital population levels if the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees of each house of the Legislature that consider appropriations not later than 30 days prior to the effective date of the approval, or prior to whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. All notifications shall include (a) the reason for the proposed redirection of caseload funding to expenditures that are not related to caseload, (b) the approved amount, and (c) the basis of the Director of Finance's determination that the funding is not needed for accommodating projected hospital population levels.

4. The funds appropriated in Schedule (3) shall be used to provide community services as provided in Section 4360 of the Welfare and Institutions Code. These funds shall support direct community services, as well as administrative and ancillary services related to the provision of direct services.

5. The State Department of State Hospitals shall provide forensic conditional release services mandated either in Title 15 (commencing with Section 1600) of Part 2 of the Penal Code or in Article 4 (commencing with Section 2960) of Chapter 7 of Title 1 of Part 3 of the Penal Code, through contracts with programs which integrate the supervision and treatment roles and providers selected consistent with Section 1615 of the Penal Code.

6. Of the funds appropriated in Schedule (3), it is intended that funds shall not be available for the payment of treatment services to persons on court visit from state hospitals to the community as designated in subdivision (a) of Section 4117 of the Welfare and Institutions Code.

Item Amount

7. Upon approval of the State Department of State Hospitals, a portion of the funds appropriated in Schedule (2) shall be available to reimburse counties for the cost of treatment and legal services to patients in the five state hospitals, pursuant to Section 4117 of the Welfare and Institutions Code. Expenditures made under this item shall be charged to either the fiscal year in which the claim is received or the fiscal year in which the Controller issues the warrant. Claims filed by local jurisdictions for legal services may be scheduled by the Controller for payment.
8. The Director of State Hospitals shall submit, as part of the annual Governor's Budget and May Revision estimate, each institution's expenditures for its approved allotments. If any institution's expenditures are trending above the allotments provided to it, the Director of State Hospitals shall detail the reasons why the institution is spending at a level above its allotments and list the actions the State Department of State Hospitals is undertaking in order to align expenditures with approved allotments. The report shall contain a yearend summary and an operating budget for each of the institutions under the control of the department. Specifically, the report shall include all of the following:
   (a) The year-end expenditures by line-item detail for each institution.
   (b) The budgeted amounts for each institution in the past year, current year, and budget year, and past year actual, projected current, and budget year expenditures for each institution including staffing, overtime, benefits, registry, and operating expenses.
   (c) The number of authorized and vacant positions for each institution.
   (d) The number of authorized and vacant positions for each institution specific to: (1) psychiatric technicians, (2) nurses, (3) physicians, (4) psychiatrists, (5) social workers, and (6) rehabilitation therapists.
   (e) The number of positions in the temporary help blanket for each institution.
9. The State Department of State Hospitals shall provide a status update on the recruitment and retention of hospital police officers, to be includ-

ed in the department's 2027–28 Governor's Budget estimate and subsequent May Revision estimate. The update shall include the number of authorized and vacant positions for each hospital, the actual attrition rate for the 2026–27 fiscal year, the projected attrition rate for the 2027–28 fiscal year, and the rate of success pertaining to the number of hospital police officer cadet graduates of the OPS Police Academy.

10. Of the amount appropriated in Schedule (2), $11,565,000 shall be expended for ligature risk special repair projects at Atascadero, Metropolitan, Napa, and Patton State Hospitals. The amount allocated shall be available for encumbrance or expenditure until June 30, 2028.

11. Contracts entered into or amended from funding included in this item to address the Incompetent to Stand Trial waitlist are exempt from Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Section 19130 of the Government Code, and Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, and from the review or approval of any division of the Department of General Services.

12. It is the intent of the Legislature that, to the extent possible, the Department of State Hospitals hire civil service psychiatric and mental health staff rather than utilizing contractors. It is also the intent of the Legislature that any cost savings realized from using fewer contractors should be prioritized towards hiring civil service employees or recruitment and retention efforts, as needed.

13. (a) The State Department of State Hospitals may enter into agreements with educational institutions and hospitals for the purpose of providing clinical training and educational opportunities related to providing care to patients. The training may take the form of, but not be limited, to rotations, residencies, fellowships, internships, or externships at a state-operated hospital, as described in Section 4100 of Welfare and Institutions Code, or internships for the State Department of State Hospital's employees and interns to

receive clinical training and educational opportunities at a hospital or clinical program.

(b) These agreements shall be exempt from Chapter 6 (commencing with Section 14825) of Part 5.5 of Division 3 of Title 2 of the Government Code, Section 19130 of the Government Code, Section 18670 of the Government Code, Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, and the State Administrative Manual, and from the review or approval of any division of the Department of General Services.

15. The Department of Finance may increase expenditure authority in this item for the costs associated with an updated project schedule and negotiated vendor costs, as well as system administration, for the Electronic Health Record Continuum project, upon notification from the Department of State Hospitals. Any such increase shall be authorized not less than 30 days following written notification to the Chairperson of the Joint Legislative Budget Committee, or a lesser period if requested by the department and approved by the chairperson or the chairperson's designee.

Sec. 1762, also known as SUN Bucks, no sooner than 30 days after notification in writing is provided to the chairpersons of the fiscal committees in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee.

14. Of the funds appropriated in this item, $200,000 shall be allocated for the purposes of developing a strategic plan for how the State Department of Social Services' methodology and outreach strategies will be implemented and executed to maximize benefits to those eligible for CalFresh benefits, pursuant to the requirements of Section 18901.58 of the Welfare and Institutions Code.

5180-001-0131—For support of State Department of Social Services, payable from the Foster Family Home and Small Family Home Insurance Fund..... 600,000

Schedule:

(1) 4275-Social Services and Licensing..... 600,000

Provisions:

1. The Department of Finance is authorized to approve expenditures from the unexpended balance available from prior years' appropriations in the Foster Family Home and Small Family Home Insurance Fund during the 2026–27 fiscal year, in those amounts made necessary by increases in either the payment of claims or the costs of operating and maintaining the Foster Family Home and Small Family Home Insurance Fund, which are within or in excess of amounts appropriated in this act for that year.

If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for the 2026–27 fiscal year, the department shall notify the Legislature.

Item		Amount
	Upon notification, the amount of the appropriation made in this item shall be increased by the amount of such excess from the unexpended balance available from prior years' appropriations in the Foster Family Home and Small Family Home Insurance Fund.	
	2. The Department of Finance is authorized to approve expenditures up to $4,200,000 in excess of the amount appropriated in this item, upon notification from the State Department of Social Services of approved claims exceeding the amount appropriated in this item, to cover the additional costs associated with the increased annual claims paid on behalf of foster family homes, small family homes, resource families, and tribally approved homes pursuant to Article 2.5 (commencing with Section 1527) of Chapter 3 of Division 2 of the Health and Safety Code. The Department of Finance shall provide notification of any adjustment in excess of the amount appropriated in this item to the Joint Legislative Budget Committee within 10 working days from the date the Department of Finance approves the adjustment. The Department of Finance shall provide quarterly updates to the Legislature regarding the total number of approved claims in the fiscal year, the amount of each claim, and the final due date per the settlement agreement.

	(5) Reimbursements to 4270019-Other Assistance Payments	−40,200,000

Provisions:

1. (a) Funds appropriated in this item shall not be encumbered unless every rule or regulation adopted and every all-county letter issued by the State Department of Social Services that adds to the costs of any program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or all-county letter that would increase the costs of a program, the Department of Finance shall consider the amount of the proposed increase on an annualized basis, the effect the change would have on the expenditure limitations for the program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, and any additional factors relating to the fiscal integrity of the program or the state's fiscal situation.

(b) Notwithstanding Sections 28.00 and 28.50, the availability of funds contained in this item for rules, regulations, or all-county letters that add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation, but excluding those that are (1) specifically required as a result of the enactment of a federal or state law or (2) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or sooner

Item | Amount

than such lesser time after notification as the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $500,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to: (a) cover the costs of a program or programs when the federal funds have not been received or funds in any subaccount within the Local Revenue Fund have not been deposited prior to the usual time for the state to transmit payment to the counties or (b) ensure cash disbursement needs in this item are met when abatements have not yet posted in time for disbursement. For this purpose, the Department of Finance may authorize an augmentation to this item to ensure cash disbursement requirements are met. This loan from the General Fund shall be repaid when the federal funds or the funds for any subaccounts within the Local Revenue Fund for the program or programs becomes available.

3. The Department of Finance may authorize the transfer of amounts from this item to Item 5180-001-0001 in order to fund the costs of the administrative hearing process associated with the CalWORKs program.

4. (a) The Department of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, including, but not limited to, the timing of federal payments, or any rule or regulation adopted and any all-county letter issued as a result of the enactment of a federal or state law, the adoption of a federal regulation, or a court action, during the 2026–27 fiscal year that are within or in excess of amounts appropriated in this act for that year.

(b) If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the department shall so report to the Legislature. At the time the report is made, the amount

Item Amount

of the appropriation made in this item shall be increased by the amount of the excess unless and until otherwise provided by law.

5. Nonfederal funds appropriated in this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) shall not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
6. In the event of a declared disaster and upon county request, the State Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. The Department of Finance may authorize the transfer of funds from this item and Item 5180-101-0890 to Items 5180-001-0001 and 5180-001-0890, for this purpose.
7. Pursuant to the Electronic Benefits Transfer (EBT) Act (Chapter 3 (commencing with Section 10065) of Part 1 of Division 9 of the Welfare and Institutions Code) and in accordance with the EBT System regulations (Manual of Policies and Procedures Section 16-401.15), in the event a county fails to reimburse the EBT contractor for settlement of EBT transactions made against the county's cash assistance programs, the state is required to pay the contractor. The State Department of Social Services may use funds from this item to reimburse the EBT contractor for settlement on behalf of the county. The county shall be required to reimburse the department for the county's settlement via direct payment or administrative offset.
8. The Department of Finance is authorized to approve expenditures for the California Food Assistance Program in those amounts made necessary by changes in the CalFresh Program Standard Utility Allowance, including changes that result from midyear Standard Utility Allowance adjustments requested by the state and any adjustments necessary to maintain parity with federal program changes. If the Department of Finance determines that the estimate of expendi-

tures will exceed the expenditure authority of this item, the department shall so report to the Legislature. At the time the report is made, the amount of the appropriation made in this item shall be increased by the amount of the excess unless and until otherwise provided by law.

9. The Department of Finance is authorized to approve expenditures in excess of the amounts appropriated in Schedule (2), upon notification from the State Department of Social Services, to replenish the State Emergency Food Bank Reserve.

10. Notwithstanding any other law, upon approval of the Department of Finance, expenditure authority may be transferred between schedules within or between the following items for the State Department of Education and the State Department of Social Services: Items 6100-194-0001, 5180-101-0001, and reimbursements. The aggregate amount of General Fund appropriation increases provided under this section during the fiscal year may not exceed the aggregate amount of General Fund appropriation decreases. This provision supports the continuity of care in the programs transitioned from the State Department of Education to the State Department of Social Services.

11. Notwithstanding any other law, the Department of Finance may authorize a cash loan from the General Fund for cashflow purposes, in an amount not to exceed $20,000,000, under the following conditions:
    (a) The loan shall meet cash needs resulting from a delay in the receipt of reimbursements from the General Child Care program (CCTR) funds.
    (b) The loan shall be used for a short-term need and shall be repaid within 90 days of the loan origination date.
    (c) Interest charges may be waived pursuant to Section 16314 of the Government Code.

12. Of the funds appropriated in Schedule (3), $1,620,566,000 shall be allocated for Alternative Payment Program, General Child Care and Migrant Child Care slots to expand childcare access, with a priority for General Child Care slots serving children who are 0 to 3 years of age.

Item Amount

13. Funds allocated for Resource and Referral, California Child Care Initiative, Quality Improvement, and Local Planning Councils shall be allocated to meet federal requirements to improve the quality of childcare and shall be used in accordance with the approved California State Plan for the federal Child Care and Development Fund that is developed pursuant to the requirements of Section 10211.5 of the Welfare and Institutions Code.

14. Notwithstanding any other law, funds in accounts payable are available for alternative payment programs for actual and allowable costs incurred for additional services, pursuant to Section 10228.1 of the Welfare and Institutions Code. The State Department of Social Services shall give priority for the allocation of these funds for accounts payable.

15. (a) (1) The State Department of Social Services shall conduct monthly analyses of CalWORKs Stage 2 and Stage 3 caseloads and expenditures and adjust agency contract maximum reimbursement amounts and allocations as necessary to ensure funds are distributed proportionally to need.

(2) Notwithstanding any other law or any other provision of this act, the Department of Finance may augment the appropriation for CalWORKs Stage 3 if the estimate of expenditures, as determined by the Department of Finance, will exceed the expenditures authorized in Schedule (3). The Department of Finance shall report any augmentation pursuant to this paragraph to the Joint Legislative Budget Committee. At the time the report is made, the amount of the appropriation made in Schedule (3) shall be increased by the amount of the augmentation.

(3) An augmentation may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the Joint Legislative Budget Committee, or whatever lesser time the chairperson of the joint

committee may determine. Any request made by the State Department of Social Services to augment the CalWORKs Stage 3 appropriation shall be approved only in order to cover increases in costs that are consistent with assumptions of this act. This provision shall not be construed to treat Stage 3 as an entitlement.

(b) Notwithstanding any other law, the funds in Schedule (3) are reserved exclusively for continuing childcare for the following families:

(1) Former CalWORKs families who are working, have left cash aid, and have exhausted their two-year eligibility for transitional services in either Stage 1 or Stage 2 pursuant to subdivision (c) of Section 10371 or Section 10372 of the Welfare and Institutions Code, respectively, but still meet eligibility requirements for receipt of subsidized childcare services.

(2) Families who received lump-sum diversion payments or diversion services under Section 11266.5 of the Welfare and Institutions Code and have spent two years in Stage 2 off of cash aid, but still meet eligibility requirements for receipt of subsidized childcare services.

(c) Notwithstanding any other law, each local planning council receiving funds appropriated in Schedule (3) shall meet the requirements of Section 10486 of the Welfare and Institutions Code to the extent feasible and to the extent data is readily accessible.

(d) (1) Notwithstanding any other law, families shall be disenrolled from subsidized childcare services consistent with the priorities for services specified in subdivision (b) of Section 10271 of the Welfare and Institutions Code. Families shall be disenrolled in the following order:

(A) Families with the highest income below 85 percent of the State Medi-

an Income (SMI) adjusted for family size.

(B) Of families with the same income level, those that have been receiving childcare services for the longest period of time.

(C) Of families with the same income level, those that have a child with exceptional needs.

(D) Families with children who are receiving child protective services or are at risk of being neglected or abused, regardless of family income.

(2) Notwithstanding any other law, the implementation of paragraph (1) of this subprovision is not subject to the appeal and resolution procedures for agencies that contract with the State Department of Social Services for the provision of childcare services or the due process requirements afforded to families that are denied services specified in Chapter 19 (commencing with Section 18000) of Division 1 of Title 5 of the California Code of Regulations.

(3) The reimbursement for meals served in childcare centers and homes shall be $0.2212 per meal.

16. Of the amount appropriated in Schedule (3), up to $9,615,000 shall be available for the child nutrition program state match for the program.

17. The Department of Finance is authorized to approve expenditures in excess of the amounts appropriated in Schedule (3) for accounts payable, upon notification from the State Department of Social Services, to reimburse for actual and allowable costs incurred to Child Care and Development Programs, as defined in Section 10213.5 of the Welfare and Institutions Code.

18. The Department of Finance may increase expenditure authority in this item for increased costs related to the reimbursement of stolen food and cash benefits.

19. Of the amount appropriated in Schedule (3), up to $43,803,000 is available to all programs funded by the State Department of Social Services pursuant to Chapter 3 (commencing with

Section 10225), Chapter 6 (commencing with Section 10235), Chapter 7 (commencing with Section 10240), Chapter 8 (commencing with Section 10250), Chapter 9 (commencing with Section 10260), and Chapter 21 (commencing with Section 10370) of Part 1.8 of, and Chapter 2 (commencing with Section 11200) of Part 3 of, Division 9 of the Welfare and Institutions Code, for implementation costs associated with paying child care and development providers prospectively, based on enrollment, pursuant to Section 10280 of the Welfare and Institutions Code and Section 8242 of the Education Code. Notwithstanding any other law, the State Department of Social Services may provide written directives for the amount and manner of reimbursement for these costs and the manner of implementation. Expenditures for this purpose shall be exempt from the administrative costs limit set forth in Section 10302 of the Welfare and Institutions Code.

20. Of the amount appropriated in Schedule (3), up to $70,000,000 is available to alternative payment programs funded by the State Department of Social Services pursuant to Chapter 3 (commencing with Section 10225) or Chapter 21 (commencing with Section 10370) of Part 1.8 of, and Chapter 2 (commencing with Section 11200) of Part 3 of, Division 9 of the Welfare and Institutions Code, to provide resources to alternative payment program agencies for administration and support costs associated with implementing ongoing provisions of the Memorandum of Understanding with Child Care Providers United. Notwithstanding any other law, the State Department of Social Services may provide written directives for the amount and manner of reimbursement for these costs and the manner of implementation.

21. Upon approval by the Department of Finance, funds appropriated in Schedule (1) of this item for the CalWORKs Housing Support Program may be transferred to Item 5180-001-0001 for state operations.

22. Upon approval of the Department of Finance, the amount in Schedule (3) may be increased as follows to restore the balances of the Child Care

Provisions:

1. Provisions 1 and 4 of Item 5180-101-0001 also apply to this item.
2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $2,000,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share or reimbursable share, or both, of costs of a program or programs when the federal funds or reimbursements (from the Health Care Deposit Fund or counties) have not been received by this state prior to the usual time for transmitting payments for the federal or reimbursable share of costs for this state. That loan from the General Fund shall be repaid when the federal share of costs for the program or programs becomes available, or in the case of reimbursements, subject to Section 16351 of the Government Code. County reimbursements also shall be subject to Section 16314 of the Government Code, which specifies the rate of interest. The State Department of Social Services may offset a county's share of cost of the In-Home Supportive Services (IHSS) program against local assistance payments made to the county if the county fails to reimburse its share of the cost of the IHSS program to the state.
3. The Department of Finance may authorize the transfer of amounts from this item to Item 5180-001-0001 in order to fund the cost of the administrative hearing process associated with changes in aid or service payments in the IHSS program. The Department of Finance shall report to the Legislature the amount to be transferred pursuant to this provision. The transfer shall be authorized at the time the report is made.

Provisions:

1. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $140,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to cover the federal or reimbursable share, or both, of costs of a program or programs when the federal funds or reimbursements have not been received by this state prior to the usual time for transmitting state payments for the federal or reimbursable share of costs. This loan from the General Fund shall be repaid when the federal share of costs or the reimbursements for the program or programs become available.
2. In the event of a declared disaster and upon county request, the State Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. The Department of Finance may authorize the transfer of funds from this item and Item 5180-141-0890 to Items 5180-001-0001 and 5180-001-0890, for this purpose.
3. Provision 1 of Item 5180-101-0001 also applies to this item.
4. Pursuant to public assistance caseload estimates reflected in the annual Governor's Budget, the Department of Finance may approve expenditures in those amounts made necessary by a court action or changes in caseload that are in excess of amounts appropriated in this act. If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the department shall so report to the Legislature. At the time the report is made, the amount of the appropriation made by this item shall be increased by the amount of the excess unless and until otherwise provided by law.
5. Nonfederal funds appropriated in this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) shall not be expended in any way that

would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

6. This item may be increased by order of the Department of Finance to address system changes necessary to implement the requirements of the federal Patient Protection and Affordable Care Act (P.L. 111-148). The Director of Finance shall provide notification in writing to the Joint Legislative Budget Committee of any expenditure approved under this provision not less than 30 days prior to the effective date of the approval.
7. The Department of Finance may increase expenditure authority in this item for the State Department of Social Services in order to fund the administrative costs to prepare for and respond to a declaration of a major disaster by the President of the United States and to maximize the amount of assistance requested and received through the federal Disaster Supplemental Nutrition Assistance Program and other federally funded nutrition assistance programs.
8. The Department of Finance may increase expenditure authority in this item for the costs associated with an updated project schedule, clarified requirements, and negotiated vendor costs for the California Statewide Automated Welfare System project, upon notification from the Office of Systems Integration. Any such increase shall be authorized not less than 30 days following written notification to the Chairperson of the Joint Legislative Budget Committee, or a lesser period if requested by the department and approved by the chairperson or the chairperson's designee.
9. Of the amount appropriated in Schedule (1), up to $2,000,000 shall be available for the State Department of Social Services for the purpose of updating public benefit program forms, notices, or reports necessary to maintain compliance with federal regulation or state law.
10. The Department of Finance may authorize the transfer of amounts in this item to Item 5180-001-0001 in order to fund the costs of administration and implementation of the SUN Bucks California program established pursuant to Section 1762 of Title 42 of the United States Code.

Item	Amount
11. The Department of Finance may increase expenditure authority in this item for increased costs related to the reimbursement of stolen food and cash benefits.

share of costs for the program or programs becomes available.

3. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180-001-0001, in order to allow the state to perform the facilities evaluation function of the Community Care Licensing Division in the event the counties fail to perform that function.

4. Nonfederal funds appropriated in this item that have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) shall not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.

5. The Department of Finance may authorize the establishment of positions and transfer of amounts from this item to Item 5180-001-0001 in order to allow the state to perform the adoptions function in the event that a county notifies the State Department of Social Services that it intends to cease performing that function.

6. Funds appropriated in this item for the Commercially Sexually Exploited Children Program required by Chapter 5.2 (commencing with Section 16524.6) of Part 4 of Division 9 of the Welfare and Institutions Code shall be appropriately reduced by the Department of Finance to the extent any activities for which funding is included are also required by the federal Preventing Sex Trafficking and Strengthening Families Act (P.L. 113-183).

7. Of the total amount appropriated in this item, up to $4,000,000 shall be available for a county-optional block grant program, for allocation to local agencies to fund activities the Commission on State Mandates identified as reimbursable state mandates in the Interagency Child Abuse and Neglect Investigation Reports (CSM-00-TC-22) mandate. A local agency that receives funding according to this item shall not be eligible to submit claims to the Controller for reimbursement under Section 17560 of the Government Code for any costs related to the reimbursable

Item Amount

state-mandated activities identified in CSM-00-TC-22 incurred in the same fiscal year during which the local agency received funding according to this item. The State Department of Social Services, in consultation with the California State Association of Counties, shall develop an allocation methodology for the purpose of distributing these funds to participating counties. Block grant funding apportioned according to this item is subject to annual financial and compliance audits.

8. Of the amount appropriated in this item, $7,000,000 shall be available for contracts under the authority of Chapter 5.6 (commencing with Section 13300) of Part 3 of Division 9 of the Welfare and Institutions Code with organizations qualified pursuant to that chapter, to provide legal services to persons on California State University campuses. Use of these funds shall be reported in updates provided to the Legislature on the State Department of Social Services' immigration programs.

9. (a) Of the funds appropriated in Schedule (1), $87,000 shall be available to eligible federally recognized Indian tribes or tribal agencies to purchase Live Scan machines and receive ongoing reimbursements for fingerprinting costs, other maintenance and operation items, or related activities necessary to enable the tribes or tribal agencies to complete background checks for the purpose of approving tribally approved homes for the placement of Indian children into foster or adoptive care pursuant to Section 10553.12 of the Welfare and Institutions Code.

(b) The funding in subdivision (a) shall be available to the tribes or tribal agencies currently approved by the Department of Justice to receive state and federal level summary criminal history information pursuant to Section 11105.08 of the Penal Code.

(c) Of the funding in subdivision (a), the amount that each tribe or tribal agency can utilize for the purposes specified in subdivision (a) will be determined in consultation with, and subject to review and approval by, the State Department of Social Services.

Item | Amount

10. Of the funds appropriated in Schedule (1), $18,146,000 shall be available to support enhanced care planning and assessment services, exceptional care and supervision needs for a child in a licensed setting, or other exceptional community, educational, or family supports that have been identified by a qualified individual or a child and family team, as necessary to meet the needs of a child in the least restrictive setting. The State Department of Social Services shall allocate funds through contracts with community-based providers or entities or through local assistance allocations to counties that support new or expanded programs, services, and practices that ensure the provision of the high-quality continuum of care that is designed to support foster children in the least restrictive setting, consistent with a child's permanency plan.
11. Of the funds appropriated in Schedule (1), $4,145,000 shall be available for the State Department of Social Services to provide funding to support legal counsel to represent an Indian tribe in California juvenile court proceedings contingent upon the enactment of statutory changes detailing objectives, implementation design and timelines, data collection, and outcome measurements for these activities.
12. Of the funds appropriated in Schedule (1), $4,777,000 shall be available for the State Department of Social Services to provide financial assistance with recruiting and approving homes for the purpose of foster or adoptive placement of an Indian child contingent upon the enactment of statutory changes detailing objectives, implementation design and timelines, data collection, and outcome measurements for these activities. The department shall seek federal approvals or waivers necessary to claim federal reimbursement under Title IV-E of the federal Social Security Act (42 U.S.C. Sec. 670 et seq.) in order to maximize funding for the purpose described in this section.
13. Of the amount appropriated in this item, $10,000,000 shall be available for legal services pursuant to Chapter 5.6 (commencing with Section 13300) of Part 3 of Division 9 of the Welfare and Institutions Code, for, but not lim-

Provisions:

1. The Department of Corrections and Rehabilitation shall store all audio and video obtained through the statewide correctional video surveillance program for a period of no less than 90 days from the date recorded. Additionally, the following events shall require the department to preserve the recorded data for a longer period as potential evidence in an investigation, or an administrative, civil, or criminal proceeding:
   (a) Any use-of-force incident.
   (b) Riots.
   (c) Suspected felonious criminal activity.
   (d) Any incident resulting in serious bodily injury, great bodily injury, or a suspicious death.

Item | Amount

(e) Sexual assault allegations.
(f) Allegations of staff misconduct by an incarcerated person, employee, visitor, or other person.
(g) Incidents that may be potentially referred to the district attorney's office.
(h) An employee report to a supervisor of injury.

The following events shall require staff to preserve the recorded data for a longer period if filed or reported within 90 days of the event:

(1) Incarcerated person claims with the California Victim Compensation Board.
(2) The Department of Corrections and Rehabilitation's Office of Internal Affairs may request to review audio and video recordings when conducting an inquiry as it relates to a submitted third-level appeal.

An audio or video recording that becomes evidence in a Department of Corrections and Rehabilitation's Office of Internal Affairs investigation shall be stored until resolution of any investigation and written release by the Office of Internal Affairs, Department of Corrections and Rehabilitation's Office of Legal Affairs, the Attorney General, or the Employment Advocacy and Prosecution Team of the Office of Legal Affairs. An audio or video recording that the Department of Corrections and Rehabilitation has reason to believe may become evidence in an administrative, civil, or criminal proceeding shall be stored indefinitely unless other direction is given by the Office of Legal Affairs or, in the event of a criminal proceeding, the district attorney's office.

2. The Department of Corrections and Rehabilitation shall utilize video obtained through the statewide correctional video surveillance program during the review of staff complaints and other serious appeals and complaints.
3. Of the amount appropriated in Schedules (4) and (5), $20,147,000 and $1,525,000 is available for the Integrated Substance Use Disorder Treatment Program, respectively. Any unencumbered balances of the amounts identified in this provision shall revert to the General Fund on June 30, 2027.

Item Amount

4. The Department of Corrections and Rehabilitation shall report spending on class action lawsuits against the department to the budget committees of both houses of the Legislature and the Legislative Analyst's Office by January 31 of each year. At a minimum, this report shall include spending for each lawsuit in the most recently completed fiscal year on all litigation activities, including, but not limited to, the costs of the department's legal staff time, payments to outside counsel for legal services, and payments to plaintiffs, monitors, and court experts.
5. The Department of Corrections and Rehabilitation shall submit an updated report to the chairpersons of the budget committees of both houses of the Legislature and the Joint Legislative Budget Committee by January 10 of each year until 2030, of the status of state-owned deactivated adult and juvenile correctional facility properties for evaluation. The report shall include an inventory of all deactivated facilities, a discussion of any functions the properties are currently serving, and projected timelines for declaring properties as surplus to the Department of General Services.
6. Of the amount specified in Schedule (6) of this item, up to $19,999,000 is specified for the purpose of the Air Cooling Pilot Program and shall be available for encumbrance or expenditure until June 30, 2029.
   (a) On or before January 10, 2027, the Department of Corrections and Rehabilitation shall submit to the budget committees of each house, the Joint Legislative Budget Committee, and the Legislative Analyst's Office a report on the following:
      (1) The department's current capabilities and plans to collect statewide data on temperature in housing units as well as other areas of prisons that may also require cooling, such as kitchens.
      (2) For the Air Cooling Pilot Program housing units, the design type, existing air cooling infrastructure, if any, and number of days with indoor temperatures exceeding 90 degrees between

Item Amount

November 1, 2025 and October 31, 2026.

(3) The number of days in Stage 1, 2, and 3 heat alerts in the prior calendar year during the reporting period of November 1, 2025 through October 31, 2026, by institution.

(4) A discussion of the steps taken or planned steps, such as conducting additional engineering studies, to identify cooling options for housing units not included in the pilot.

(5) A discussion of policies and/or practices adopted and/or under consideration to mitigate the effects of indoor heat in the near term.

(b) On or before January 10, 2031, the Department of Corrections and Rehabilitation shall submit to the budget committees of each house, the Joint Legislative Budget Committee, and the Legislative Analyst's Office a report on the results of the pilot program and recommended statewide strategy for scaling air cooling in a timely and efficient manner. To the extent the strategy would involve deactivating housing units while air cooling is being installed, the report should discuss how the department would manage the impact to the prison population and employees. In addition, the report should include consideration of options to expedite installation.

7. Schedule (1) of this item reflects an unallocated reduction of $250,000,000 for 2026–27 for the purposes of effectuating planned savings from various operational efficiencies across the Department of Corrections and Rehabilitation. To implement this plan, upon order of the Department of Finance, up to $250,000,000 may be transferred between schedules in this item and the Department of Finance may order that funds be transferred between this item and schedules within other items of appropriation for the Department of Corrections and Rehabilitation as follows: Items 5225-001-0001, 5225-002-0001, 5225-008-0001, 5225-009-0001, 5225-012-0001, 5225-014-0001, 5225-016-0001, 5225-025-0001 5225-093-0001, 5225-094-0001, and 5225-101-

	0001. The aggregate appropriation adjustments allocated under this provision shall balance to $0. The Department of Finance shall notify the Joint Legislative Budget Committee 30 days prior to implementing any adjustments authorized under this provision. It is the intent of the Legislature that in effectuating these planned savings, no reductions shall be made, to the extent possible, to the level, quantity, or quality of rehabilitative and reentry programming, especially programs provided by community-based nonprofit organizations, or of programs related to family connection, including phone calls and the frequency and duration of visitation. The administration shall first consider other reductions that do not otherwise violate a court order or jeopardize the health and safety of the staff, incarcerated persons, or the public. The Integrated Substance Use Disorder Treatment Program is not included in the category of rehabilitative or reentry programming for the purposes of this provision.		
	8. The Department of Corrections and Rehabilitation shall provide copies of its regular status updates on implementing the Office of the Inspector General's Natural Disaster Emergency Preparedness and Mitigation Efforts audits to the budget and policy committees of each house, the Joint Legislative Budget Committee, and the Legislative Analyst's Office at the same intervals the updates are provided to the Office of the Inspector General.

vested in the Secretary of the Department of Corrections and Rehabilitation were to be performed by a Receiver appointed by the court commencing April 17, 2006, until further order of the court. The Undersecretary of Health Care Services of the Department of Corrections and Rehabilitation is to administer this item to the extent directed by the Receiver.

2. Notwithstanding any other law, the Department of Corrections and Rehabilitation is not required to competitively bid for health services contracts in cases in which contracting experience or history indicates that only one qualified bid will be received.

3. Notwithstanding Section 13324 of the Government Code or Section 32.00 of this act, a state employee shall not be held personally liable for any expenditure or the creation of any indebtedness in excess of the amounts appropriated therefor as a result of complying with the directions of the Receiver or orders of the United States District Court in Plata v. Newsom.

4. The amounts appropriated in Schedules (1) and (4) are available for expenditure by the Receiver appointed by the Plata v. Newsom court to carry out its mission to deliver constitutionally adequate medical care to the incarcerated population.

5. The amount appropriated in Schedule (2) is available for expenditure by the Department of Corrections and Rehabilitation to provide dental services. The amount appropriated in Schedule (5) is available for expenditure by the Department of Corrections and Rehabilitation, only to the extent related to the provision of dental services.

6. Of the amounts appropriated in Schedules (1) and (4), $138,057,000 and $70,241,000 are available for the Integrated Substance Use Disorder Treatment Program, respectively. Any unencumbered balances of the amounts identified in this provision shall revert to the General Fund on June 30, 2027.

7. The amount appropriated in Schedule (4) reflects a reduction of $13,923,000 based on estimated abatement amounts that will be received by the Department of Corrections and Rehabilitation

Item | Amount

from the Pharmaceutical Fiscal Intermediary. Notwithstanding any other law, upon order of the Department of Finance, the amount in Schedule (4) may be adjusted to align with actual or estimated abatement amounts that are received or projected to be received from the Pharmaceutical Fiscal Intermediary and to meet cashflow needs resulting from the delay in receipt of abatement amounts. To the extent an adjustment is made pursuant to this provision related to cashflow needs, the Department of Finance may order subsequent adjustments to the amount in Schedule (4) of this item consistent with receipt of abatement amounts.

8. The Department of Corrections and Rehabilitation shall provide biannual reporting to the Legislature on abatements received and adjustments made pursuant to Provision 7 by July 31 and January 31 of each year, beginning July 31, 2025, through January 1, 2028.

9. The Department of Corrections and Rehabilitation shall work in collaboration with other state agencies, community-based service providers, and other stakeholders as determined by the department, to develop a report focused on alternatives to incarceration for individuals who are advanced in age, disabled, or have significant medical needs. Alternatives may include identifying community correctional reentry centers, Medi-Cal offset possibilities, and the development of new community-based programs, among other alternatives as determined by the department. The report may also identify potential changes the department has or is considering to existing programs, such as the compassionate release, medical parole, and elderly parole programs, to the extent any changes are considered, and any limitations to changes considered. The alternatives shall address the growing number of incarcerated individuals who are advanced in age, disabled, or have significant medical needs. In evaluating the alternatives, the department shall assess the potential to reduce departmental costs, provide the appropriate treatment settings required, challenges faced, and recommendations for accompanying statutory or policy changes that would facilitate the alternatives explored.

Item | Amount

The department shall provide the report to the Legislature on or before March 1, 2026.

10. The reports required by Provision 9 of this item shall be submitted to the Legislature pursuant to Section 9795 of the Government Code.

11. The amount appropriated in Schedules (1) and (4) incorporates General Fund offsets of $5,000,000 and $6,000,000, respectively, based on anticipated federal reimbursements for the California Advancing and Innovating Medi-Cal Justice Involved Initiative (CalAIM). Notwithstanding any other law, upon order of the Department of Finance, the amounts available in Schedules (1) and (4) of this item may be adjusted to align with actual or estimated reimbursement amounts under CalAIM.

12. On August 27, 2025, the United States District Court in the case of Coleman v. Newsom (No. 2:90-cv-00520-KJM-SCR) suspended the exercise by the Secretary of the Department of Corrections and Rehabilitation of all powers related to the administration, control, management, operation, and financing of the California prison Mental Health Services Delivery System. The court ordered that all such powers vested in the Secretary of the Department of Corrections and Rehabilitation were to be performed by a Receiver appointed by the court commencing September 1, 2025, until further order of the court. The Undersecretary of Health Care Services of the Department of Corrections and Rehabilitation is to administer this item to the extent directed by the Receiver.

13. Notwithstanding any other law, the Department of Corrections and Rehabilitation is not required to competitively bid for mental health care contracts in cases in which contracting experience or history indicates that only one qualified bid will be received.

14. Notwithstanding Section 13324 of the Government Code or Section 32.00 of this act, a state employee shall not be held personally liable for any expenditure or the creation of any indebtedness in excess of the amounts appropriated therefor as a result of complying with the directions of the Receiver or orders of the United States District Court in Coleman v. Newsom.

Item | Amount

15. The amount appropriated in Schedule (3) is available for expenditure by the Receiver appointed by the Coleman v. Newsom court to carry out its mission to deliver constitutionally adequate mental health services to the incarcerated population, in accordance with the Amended Order Setting Out Powers and Duties of Receiver issued September 5, 2025 and as may be amended by the court.

16. The amount appropriated in Schedule (5) is available, only to the extent related to the provision of mental health services, for expenditure by the Receiver appointed by the Coleman v. Newsom court to carry out its mission to deliver constitutionally adequate mental health services to the incarcerated population, in accordance with the Amended Order Setting Out Powers and Duties of Receiver issued September 5, 2025 and as may be amended by the court.

vide grants to community-based organizations that provide rehabilitative services to incarcerated individuals.

3. Of the amount appropriated in Schedule (1) of this item, $12,900,000 is for support of the Returning Home Well program. The funding for this program shall not supplant existing funding for Specialized Treatment for Optimized Programming. Notwithstanding any other law, contracts or grants awarded or amended to support the Returning Home Well program are exempt from the Public Contract Code and the State Contracting Manual, and are not subject to the approval of the Department of General Services. Consistent with Provision 3 of Item 5225-008-0001, Budget Act of 2022 (Chs. 43, 45, and 249, Stats. 2022), on or before March 1, 2026, the department shall provide the Legislature a report on the Returning Home Well program. The report shall include, for each quarter the program is in operation, a description of how the housing need was determined, how many individuals were released from prison to parole with an identified housing need, the number of unique participants served, the average number of days spent in the program, and the actual costs of the program. The report shall also include, for program participants, data on housing status after leaving the program, return to prison rates, reconviction rates, and arrest rates. The report may include additional relevant outcomes, metrics, or information as determined by the department.

4. Of the amounts appropriated in Schedules (3) and (4), $54,633,000 and $738,000 are available for the Integrated Substance Use Disorder Treatment Program, respectively. Any unencumbered balances of the amounts identified in this provision shall revert to the General Fund on June 30, 2027.

5. Of the amount appropriated in Schedule (3) of this item, $1,950,000 shall be available to transform and expand the Pine Grove Youth Conservation Camp in the County of Amador into a camp that also promotes rehabilitation and life skills. The amount identified in this provision shall be available to expand the Pine Grove

Youth Conservation Camp in the County of Amador for additional qualifying participants, and for providing mental health care services, life skills support, peer-to-peer mentorship, life coaches, support groups based on cognitive-behavioral principles, prosocial peer support, and robust reentry preparation support, which includes, but is not limited to, connecting reentering members of society to housing, GED programs, higher education, and career development programs that lead to meaningful employment. The amount identified in this provision shall only be available to nongovernmental organizations that have experience working with formerly or currently incarcerated youth and young adults as well as reentry populations. These organizations shall also have experience providing career development services to formerly or currently incarcerated youth or young adults.

6. The Department of Corrections and Rehabilitation shall provide an annual report to the Legislature, on or before January 10 of each year, related to expansion of community correctional reentry centers as defined in Chapter 9.5 (commencing with Section 6250) of Title 7 of Part 3 of the Penal Code, including funds expended, additional capacity planned and achieved, and challenges to expansion. The report shall also include a plan to introduce annual cost-of-living adjustments into future contracts to operationally and financially sustain existing community correctional reentry facilities.

7. It is the intent of the Legislature that the Department of Corrections and Rehabilitation maximize Medi-Cal reimbursements whenever possible. On or before January 10, 2027, the Department of Corrections and Rehabilitation shall submit a report on the status and steps taken pursuant to the plan submitted to the Legislature in response to Provision 10 of Item 5225-008-0001 of the Budget Act of 2024 (Chs. 22, 35, and 994, Stats. 2024), to leverage Medi-Cal, where possible, for Specialized Treatment for Optimized Programming (STOP) services. The report shall provide a status update on the approach outlined in the plan, including monitoring direct referrals to Medi-Cal services(s) for STOP

	(b) Of the funds in Schedule (4), $150,000 of the funds shall be used to support professional learning opportunities offered to local educational agencies by FCMAT.	
	8. Notwithstanding any other law, funds appropriated in Schedules (1), (2), (3), and (4), to a county office of education selected pursuant to subdivision (a) of Section 42127.8 of the Education Code to oversee FCMAT responsibilities shall be allocated by the Controller directly to that county office of education as soon as possible, but no later than 60 days after the enactment of this act. Funds appropriated in this item shall not be subject to grant allocation or review processes by the State Department of Education or the Superintendent of Public Instruction. The county office of education that receives these funds shall annually provide a report detailing past year expenditures, identifying the local educational agencies (LEAs) assisted with these funds, and a summary of progress for each. Additionally, the report shall identify a plan for the proposed uses of the allocations in this item, identifying estimated expenditures for each LEA anticipated to be served. This report shall be submitted to the State Department of Education and to the Department of Finance by October 1 of each year.

(3) 5200120-Title IV, Student Support and Academic Enrichment..... 158,118,000

Provisions:

1. In administering the accountability system required by this item, the State Department of Education shall align the forms, processes, and procedures required of local educational agencies so that duplication of effort is minimized at the local level.

2. The State Department of Education shall provide to the Legislature, the Legislative Analyst's Office, and the Department of Finance a letter by April 15, of each year, reporting expenditures and anticipated savings for each schedule, based on available information.

3. The funds appropriated in this item shall be considered offsetting revenues within the meaning of subdivision (e) of Section 17556 of the Government Code for any reimbursable mandated cost claim for activities that result from implementation of the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95). Local educational agencies accepting funding from this item shall reduce any estimated and actual mandate reimbursement claims by the amount of funding provided to them from this item.

4. The State Department of Education shall submit an expenditure plan prior to the expenditure of funds to the Department of Finance and the Joint Legislative Budget Committee that includes the use of federal funds pursuant to the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95).

Item | Amount

5. As a condition of receipt of funds appropriated in this item, the local educational agency's plan for use of federal funds required pursuant to Section 1112 of Part A of Title I of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6312) shall be approved by the State Board of Education. Approval of such plans shall be contingent on the local educational agency's demonstration that its planned use of the federal funds will supplement and enhance local priorities or initiatives funded with state funds, as reflected in the local educational agency's local control and accountability plan.
6. Of the funds appropriated in Schedule (2), no less than $146,281,000 is available for purposes of providing grants to local educational agencies with schools identified as requiring support, consistent with the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95). The State Department of Education shall develop and administer a process for providing grants from these funds on a formula basis to local educational agencies with schools identified as requiring support. Local educational agencies shall use the funds for the development of strategies to improve pupil performance at schools identified as requiring support that are aligned to goals, actions, and services identified in the local educational agency's local control and accountability plan. Such funds shall not be expended to hire additional permanent staff.
7. The funds appropriated in Schedule (1) shall be allocated to county offices of education for the purposes of supporting development and implementation of comprehensive support and improvement (CSI) plans in coordination with the statewide system support for local educational agencies established in the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95). The State Department of Education shall develop, in consultation with the Executive Director of the State Board of Education and with the approval of the Department of Finance, the method of allocation for these funds, which shall be based on a formula that considers the number of schools within a county that are identified for additional support consistent with

Item		Amount
	the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95).	
	8. The funds appropriated in Schedule (3) are available on a one-time basis, and shall be used in accordance with Part A of Title IV of the federal Every Student Succeeds Act (P.L. 114-95).	
	9. The funds appropriated in Schedule (3) shall be allocated to local educational agencies pursuant to Section 4105 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 7115), as reauthorized by the federal Every Student Succeeds Act (P.L. 114-95).	
	10. For purposes of performing the calculation to ensure that no less than 95 percent of the state's reserve is being allocated as grants to local educational agencies, pursuant to Section 1003 of the federal Every Student Succeeds Act (P.L. 114-95), the amount appropriated in Schedule (1) and the amount specified in Provision 6 shall be added together.	
	11. Of the funds appropriated in Schedule (2), $5,000,000 shall be allocated to county offices of education for the purposes of review and approval of comprehensive support and improvement (CSI) plans through the CSI prompts in the local control and accountability plan. The method of allocation shall be the same as the one developed and approved pursuant to Provision 7.

than six months from the end of the agency fiscal year. If, for any reason, the contract is terminated during the contract period, the audit shall cover the period from the beginning of the contract through the date of termination.

Non-LEA entities receiving funds pursuant to this item shall be held liable for all department costs incurred in obtaining an independent audit if the contractor fails to produce or submit an acceptable audit.

3. The State Department of Education shall continue to ensure that outcome measures for State Department of State Hospitals and State Department of Developmental Services clients are set at a level where these clients will continue to be eligible for adult education services in the current fiscal year and beyond to the full extent authorized under federal law. The State Department of Education shall also consult with the State Department of State Hospitals, State Department of Developmental Services, and Department of Finance for this purpose.

4. When the State Department of Education Request for Application (RFA) is publicly available, the RFA for these funds shall include the incorporation of core federal performance metrics, including placement in postsecondary education, transition into employment, and retention of employment included in the performance targets of participating agencies. The RFA shall also request information regarding the extent to which applicants are coordinating services as part of consortia established pursuant to Article 3 (commencing with Section 84830) of Chapter 5 of Part 50 of Division 7 of Title 3 of the Education Code and indicate that priority will be given to applicants that provide evidence of demonstrated effectiveness through performance data on its record of improving skills of eligible individuals, particularly those who have low levels of literacy. The Workforce Innovation and Opportunity Act California state plan shall serve as the source document of the RFA.

of staff time utilized to process the different types of credentials. The biannual reports shall be submitted on October 1 and March 1 of each year, and shall include historical data as well as data from the most recent six months.

3. Of the funds appropriated in Schedule (1), $308,000 is provided from federal Title II funds through an interagency agreement with the State Department of Education to support Teacher Misassignment Monitoring, pursuant to Section 44258.9 of the Education Code. These funds shall be used to reimburse county offices of education for costs associated with monitoring public schools and school districts for teacher misassignments. Funds shall be allocated on a basis determined by the Commission on Teacher Credentialing. Districts and county offices receiving funds for credential monitoring will provide reasonable and necessary information to the commission as a condition of receiving these funds.

4. The Commission on Teacher Credentialing shall submit biannual reports to the chairpersons and vice chairpersons of the budget committees of each house of the Legislature, the Legislative Analyst's Office, and the Department of Finance on the workload of the Division of Professional Practices (DPP) and the status of the teacher misconduct caseload. The report shall include information on the DPP's workload and the timeliness of completing key steps in reviewing teacher misconduct cases that are under the control of the commission. The workload report shall include the number of cases opened by case type and the average number of days and targets for each key step in the misconduct review process, including: (a) intake of new cases and documents, (b) assignment of cases to staff and gathering of needed documents for investigation, (c) investigation and notification of allegations to individuals charged with an offense, (d) review of cases by the commission, (e) implementation of final discipline decisions by the commission, (f) monitoring during the probationary period, and (g) response to violation of probationary period. The biannual reports shall be submitted by October 1 and March 1 of each

Item | Amount

year. All reports shall include historical data as well as data from the most recent six months.

5. (a) The Attorney General shall submit a biannual report to the chairpersons and vice chairpersons of the budget committees of each house of the Legislature, the Legislative Analyst's Office, and the Department of Finance concerning the status of the teacher misconduct discipline caseload and other cases being handled by the Attorney General for the Commission on Teacher Credentialing. The biannual report shall be submitted by August 30 and February 28 of each year for the previous corresponding fiscal quarters.

(b) Each report shall include, at a minimum, all of the following for teacher discipline matters:

(1) The number of matters with the Attorney General at the beginning of the reporting period.

(2) The number of matters for which further investigation was requested by the Attorney General.

(3) The number of matters for which further investigation was received by the Attorney General.

(4) The number of matters adjudicated by the Attorney General.

(5) The number of matters with the Attorney General at the end of the reporting period.

(6) The minimum, maximum, and median number of days from the date the Attorney General receives an accusation or statement of issues referral from the commission to the commencement of a hearing at the Office of Administrative Hearings for cases adjudicated during this period.

(c) To determine the average cost of the Attorney General to adjudicate a case representing the commission, each report shall provide the following information for cases adjudicated in the reporting period specified in subdivision (a):

Item Amount

(1) The average and median number of hours worked by the staff of the Attorney General to adjudicate accusation and statement of issues matters.

(2) The average and median fees charged by the Attorney General to the commission to adjudicate accusation and statement of issues matters.

(3) The average and median litigation costs to adjudicate accusation and statement of issues matters.

(d) To determine the total activities conducted by the Attorney General to represent the commission for each period, the Attorney General shall report the following:

(1) The total hours worked during the period by staff of the Attorney General for representation of the commission in teacher discipline matters.

(2) The total fees charged during the period by the Attorney General to the commission for representation in teacher discipline matters.

(3) The total hours worked during the period by staff of the Attorney General for representation of the commission unrelated to teacher discipline matters.

(4) The total fees charged during the period by the Attorney General to the commission for representation unrelated to teacher discipline matters.

(e) This information shall be provided with the intent that recipients shall be able to determine the caseload input and output of the Attorney General in relation to representation of the commission in teacher discipline cases, especially as it relates to determining the average case processing time for accusation and statement of issues representation and adjudication, and proper funding level for handling the teacher discipline caseload and other legal work for the commission. Staff from the Attorney General shall provide timely follow-up information to staff from the offices identified in subdivision (a) upon request if further explanation or information is required.

6. (a) The Commission on Teacher Credentialing and the State Department of Education (SDE) shall maintain a data-sharing agreement to provide the commission with certificated employee assignment data necessary to annually identify misassignments, as defined in subparagraph (B) of paragraph (5) of subdivision (b) of Section 33126 of the Education Code, at school districts and county offices of education. The data-sharing agreement shall also require the commission to make teacher credential, misassignment, and other relevant data available to the SDE to support federally required reporting consistent with the California State Plan for the federal Every Student Succeeds Act (P.L. 114-95) approved by the State Board of Education.

   (b) The commission shall use the nonpersonally identifiable educator identification number required by Section 44230.5 of the Education Code for the purpose of sharing data with local educational agencies and the SDE pursuant to this provision.

7. The Commission on Teacher Credentialing shall submit an annual report to the Department of Finance in September of each year detailing changes to contracts with examination providers, changes in examination fees, teacher examination validation, equating, or alignment studies, and teacher examination development conducted during the previous fiscal year.

8. Funds appropriated in Schedule (2) may be used to fund costs incurred from the administration and adjudication of cases, which include court reporter fees and representation from the Attorney General and the administrative hearing process through the Office of Administrative Hearings.

9. Of the funds appropriated in Schedule (1), $583,000 and 3.0 positions are available to support Teacher Performance Assessment Workgroup activities, pursuant to Chapter 889 of the Statutes of 2024.

10. Of the funds appropriated in Schedule (1), $1,145,000 is available on an ongoing basis to support the Commission on Teacher Credential-

ing's leasing costs at the May Lee State Office Complex.

11. Of the funds appropriated in Schedule (2), $253,000 and 2.0 positions are available to support administrative activities.

12. Of the funds appropriated in Schedule (1), $671,000 and 5.0 positions are available to support workload related to increased teacher credential application volume.

13. Of the funds appropriated in Schedule (1), $130,000 and 1.0 position is available to support workload related to adding supplementary and subject matter authorizations to a teaching credential, pursuant to Chapter 831 of the Statutes of 2024.

14. Of the funds appropriated in Schedule (1), $322,000 is available for purposes of convening a workgroup, and 2.0 positions are to support the Professional Services Division with workload associated with updating and adding a non-teaching pathway to the Administrative Services Credential.

15. Of the funds appropriated in Schedule (4), $717,000 and 4.0 positions are available to support the IT Branch with addressing various IT workload issues.

16. Of the funds appropriated in Schedule (1), $422,000 and 2.0 positions are available to support legal staffing needs in the Division of Professional Practices.

17. Of the funds appropriated in Schedule (1), $201,000 and 1.0 position are available to support workload associated with monitoring and supporting local educational agencies that consistently misassign educators.

18. Of the funds appropriated in Schedule (4), $180,000 is available for ongoing IT security workload, including the implementation of a disaster recovery solution.

19. Of the funds appropriated in Schedule (4), $156,000 and 1.0 position are available to support increased accounting workload from grant administration.

6440-001-0001—For support of University of California..... 5,261,221,000

Schedule:

(1) 5440-Support..... 5,261,221,000

Item | Amount

Provisions:

1. This appropriation is exempt from Sections 6.00 and 31.00.

2. (a) The Regents of the University of California shall implement measures to reduce the university's cost structure.

(b) The Legislature finds and declares that many state employees hold positions with comparable scope of responsibilities, complexity, breadth of job functions, experience requirements, and other relevant factors to those employees designated to be in the Senior Management Group pursuant to existing Regents Policy.

(c) (1) Therefore, at a minimum, the Regents shall, when considering compensation for any employee designated to be in the Senior Management Group, use a market reference zone that includes state employees.

(2) At a minimum, the Regents shall include in a market reference zone all comparable positions from the lists included in subdivision (*l*) of Section 8 of Article III of the California Constitution and Article 1 (commencing with Section 11550) of Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code.

2.1. Notwithstanding any other law, the Director of Finance may reduce funds appropriated in this item by an amount equal to the estimated Cal Grant and Middle Class Scholarship Program cost increases caused by a 2026–27 academic year increase in systemwide tuition. No reduction may be authorized pursuant to this provision sooner than 30 days after the Director of Finance provides notice of the intended reduction to the Chairperson of the Joint Legislative Budget Committee.

3. (a) The Controller shall transfer funds from this appropriation upon receipt of a report from the Department of Finance indicating the amount of debt service anticipated to become due and payable in the fiscal year associated with state general obligation bonds issued for university projects.

Item Amount

(b) The Controller shall return funds to this appropriation upon receipt of a report from the Department of Finance.

4. Payments made by the state to the University of California for each month from July through April shall not exceed one-twelfth of the amount appropriated in this item, less the amount that is expected to be transferred pursuant to Provision 3. Transfers of funds pursuant to Provision 3 shall not be considered payments made by the state to the university.

5. (a) Of the funds appropriated in this item, $15,800,000 shall be available to support meal donation programs, food pantries serving students, CalFresh enrollment, and other means of directly providing nutrition assistance to students. All monetary assistance provided to students pursuant to this subprovision shall be distributed to the student by the campus financial aid office. The funds described in this subprovision may also be used for any of the following:

(1) To assist homeless and housing-insecure students in securing stable housing.

(2) To supply students with personal hygiene products.

(3) To establish basic-needs centers as a centralized location on campus where students experiencing basic-needs insecurity can be identified, supported, and linked to on- and off-campus resources to support timely program completion. Campus basic-needs centers may use funds for operations of the center.

(4) To designate or hire dedicated basic-needs coordinators for the basic-needs centers who will serve as a single point of contact for students.

(b) The University of California shall report to the Department of Finance and relevant policy and fiscal committees of the Legislature by February 1 of each year regarding the use of funds specified in subdivision (a) and Provision 7. The report shall include, but not necessarily be limited to, all of the following information for the preceding fis-

Item | Amount

cal year and estimates of all of the following for the current fiscal year:

(1) The amount of funds distributed to campuses, and identification of which campuses received funds.

(2) For each campus, a programmatic budget summarizing how the funds were spent. The budget shall include any other funding used to supplement the General Fund.

(3) A description of the types of programs in which each campus invested.

(4) A list of campuses that accept or plan to accept electronic benefits transfer.

(5) A list of campuses that participate or plan to participate in the CalFresh Restaurant Meals Program.

(5.5) The number of students who first started receiving CalFresh benefits in the preceding year as well as the total number of students in the preceding year receiving CalFresh.

(5.8) The number of campuses that have a data-sharing agreement with the relevant county operating the CalFresh program with the purpose of identifying new, continuing, and returning students who are potentially eligible for CalFresh benefits, or efforts underway to enact such an agreement.

(6) A list of campuses that offer or plan to offer emergency housing or assistance with long-term housing arrangements.

(7) A description of how campuses leveraged or coordinated with other state or local resources to address housing and food insecurity, and student mental health.

(7.1) The number of students receiving mental health services on campus, disaggregated by race, ethnicity, gender, age group, and type of service received.

(7.2) The average wait time for initial routine mental health counseling appointments.

Item Amount

(7.3) The average number of campus mental health counseling appointments per student.

(7.4) The number of students referred to off-campus providers for mental health services.

(7.5) The number of student mental health staff by provider type and the counselor-to-student ratio.

(7.6) Total spending on student mental health services, by fund source, including spending covered by insurance providers.

(8) An analysis describing how funds reduced food insecurity and homelessness among students, increased student mental health, and, if feasible, how funds impacted student outcomes such as persistence or completion.

(9) Other findings and best practices implemented by campuses.

6. Of the funds appropriated in this item, $21,300,000 shall be available to increase student mental health resources.

7. (a) Of the funds appropriated in this item, $3,700,000 shall be available to support rapid rehousing efforts assisting homeless and housing-insecure students. All monetary assistance to students shall be distributed to the student by the campus financial aid office.

(b) Campuses shall establish ongoing partnerships with community organizations that have a tradition of helping populations experiencing homelessness to provide wraparound services and rental subsidies for students. Funds appropriated in this item may be used for, but authorized uses are not limited to, the following activities:

(1) Connecting students with community case managers who have knowledge and expertise in accessing safety net resources.

(2) Establishing ongoing emergency housing procedures, including on-campus and off-campus resources.

Item Amount

(3) Providing emergency grants that are necessary to secure housing or to prevent the imminent loss of housing.

(c) Funding shall be allocated to campuses based on demonstrated need.

(d) The terms "homeless" and "housing insecure" shall be defined as students who lack a fixed, regular, and adequate nighttime residence. This includes students who are:

(1) Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.

(2) Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations.

(3) Living in emergency or transitional shelters.

(4) Abandoned in hospitals.

(5) Living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.

(6) Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

(e) The University of California shall submit a report to the Director of Finance and, in conformity with Section 9795 of the Government Code, to the Legislature by February 1 of each year regarding the use of these funds, for the preceding fiscal year and estimates for the current fiscal year, for information including the number of coordinators hired, number of students served by campus, distribution of funds by campus, a description of the types of programs funded, and other relevant outcomes, such as the number of students that were able to secure permanent housing, and whether students receiving support remained enrolled at the institution or graduated. This report may be submitted jointly with other basic needs reporting due to the Legislature.

8. (a) Of the funds appropriated in this item, $12,900,000 shall be available to support

Item Amount

and expand existing UC Programs in Medical Education and to establish a new UC Program in Medical Education focused on Native American communities. These funds may also be available to establish additional UC Programs in Medical Education that are state priorities. The University of California is encouraged to use these funds to support UC Programs in Medical Education that would serve underrepresented areas of the state.

(b) One-third of the funds appropriated in this provision shall be used to augment need-based financial aid for UC Programs in Medical Education students.

(c) The University of California shall report the following information about UC Programs in Medical Education program outcomes to the Department of Finance and the Legislature annually by March 1, until March 1, 2027:

(1) Enrollment numbers and student demographics in each program.

(2) A summary of each program's current curriculum.

(3) Graduation and residency placement rates for each program.

(4) To the extent feasible, postgraduate data on where each program's graduates currently practice and the extent to which they serve the populations and communities targeted by the program in which they participated.

9. Of the funds appropriated in this item, $1,823,000 shall be used for legal services for undocumented and immigrant students, faculty, and staff.

10. Of the funds appropriated in this item, $3,000,000 shall be used for the University of California Firearm Violence Research Center. It is the intent of the Legislature that these funds be directly allocated by the University of California to the University of California Firearm Violence Research Center, and that the University of California and the University of California, Davis, campus shall not assess administrative costs or charges against these funds.

Item | Amount

11. Of the funds appropriated in this item, $1,000,000 shall be used for the Institute on Global Conflict and Cooperation.
12. Of the funds appropriated in this item, $4,000,000 shall be used by the University of California to provide summer-term financial aid to any student who is eligible for state financial aid and is a California resident, including students receiving an exemption for nonresident tuition pursuant to Section 68130.5 of the Education Code. These funds shall be used to supplement and not supplant existing funds provided by the University of California for summer-term financial aid. The Legislature finds and declares that this provision is a state law within the meaning of subsection (d) of Section 1621 of Title 8 of the United States Code.
13. Of the funds appropriated in this item, $6,000,000 shall be available to support foster youth programs pursuant to Section 92663 of the Education Code.
14. By November 1 each year, the University of California shall report key information regarding UCPath to the Department of Finance and the Joint Legislative Budget Committee. At a minimum, the report shall include UCPath's staffing levels, funding by source, and spending by function. The funding source data shall summarize fund sources used by campuses to cover any campus assessment. The report shall include actual data for the prior fiscal year, budgeted data for the current fiscal year, and projected data for the coming fiscal year. The report shall include any cost savings resulting from the UCPath project at the campus level.
15. To provide for legislative oversight, the Office of the President of the University of California shall report to the Legislature and the Department of Finance, by September 30 each year, all of the following information for the preceding fiscal year and estimates of all of the following for the current fiscal year:
    (a) The amount of any campus assessments charged to support the Office of the President of the University of California, reflecting amounts contributed by each campus

and the fund source or sources from which those amounts were paid.

(b) The total budget of the Office of the President of the University of California.

(c) A categorized list of actual and planned budgetary expenditures for the Office of the President of the University of California.

(d) Factors contributing to any year-over-year change in the budget of the Office of the President of the University of California.

(e) The amount of the budget of the Office of the President of the University of California that either passes through to recipients across the state or supports fee-for-service activities aligned with the university's mission.

(f) Information on reserves and fund balances held by the Office of the President of the University of California.

16. Of the funds appropriated in this item, $650,000 shall be available to support the integration of Association of Independent California Colleges and Universities members onto the ASSIST platform.

17. Of the funds appropriated in this item, $1,000,000 shall be available to support the California Vectorborne Disease Surveillance Gateway.

18. Of the funds appropriated in this item, $4,000,000 shall be available to the University of California for disbursement to all undergraduate-serving University of California campuses, after consultation with Underground Scholars directors and coordinators, to establish and sustain Underground Scholars programs as a centralized location on campus where incarcerated, formerly incarcerated, and system-impacted students can be provided with recruitment programs, retention services, advocacy, and wellness programs to support admission to the University of California system and timely program completion. Campuses shall share best practices for program operations annually with other University of California campuses for purposes of developing spending plans to serve incarcerated, formerly incarcerated, and system-impacted students. Each undergraduate-serving University of California campus shall have one or more

dedicated Underground Scholars directors and coordinators who will serve as a point of contact for students.

19. Of the funds appropriated in this item, $5,000,000 shall be available for the University of California to establish and operate student services programs on each campus to serve undocumented students.

20. Of the funds appropriated in this item, $22,500,000 shall be available to support Student Academic Preparation and Educational Partnerships programs.

21. Of the funds appropriated in this item, $75,000 shall be available to support the University of California, Los Angeles Anderson School of Management to include climate change economic impacts by California region in the UCLA Anderson Forecast economic forecasting model for California.

22. Of the funds appropriated in this item, $21,000,000 shall be available to the University of California to support UC Medical School Projects at UC Merced and UC Riverside.

23. Of the funds appropriated in this item, $13,000,000 shall be available to support research, education, and public engagement on labor issues in California. The funds shall be allocated as follows:
    (a) $3,000,000 to the University of California, Berkeley Labor Center.
    (b) $3,000,000 to the University of California, Los Angeles Labor Center.
    (c) $3,000,000 to the University of California, Merced Community and Labor Center.
    (d) $500,000 to the University of California, Berkeley Labor Occupational Health Program.
    (e) $500,000 to the University of California, Los Angeles Labor Occupational Safety and Health Program.
    (f) $3,000,000 to be allocated to support a multicampus initiative as determined by a five-member committee comprising the directors of the centers specified in subprovisions (a), (b), and (c), or their designees, as well as two members appointed by the California Federation of Labor. The committee

shall allocate these funds based on proposals submitted by the University of California's Davis, Irvine, Riverside, San Diego, Santa Barbara, and Santa Cruz campuses. The committee shall determine the criteria and timeline to submit proposals, as well as how to allocate funds among eligible proposals.

24. Of the funds appropriated in this item, $41,601,000 shall be available to support approved UC Higher Education Student Housing Grant Program projects.

25. Of the funds appropriated in this item, $33,300,000 shall be available to support UC Merced and UC Riverside Campus Expansion Project and the UC Berkeley Clean Energy Campus Project.

26. Of the funds appropriated in this item, $2,000,000 shall be available to support the UC Riverside School of Medicine.

27. Of the funds appropriated in this item, $254,361,000 is provided as a five percent base funding increase and shall be available to support operational costs.

28. It is the intent of the Legislature to defer $129,692,000 one-time from the General Fund from 2026–27 until 2027–28.

29. For 2026–27, the Director of Finance may authorize a no-interest, short-term loan from General Fund resources, upon the request of the University of California, to assist cash flow resources for purposes of remediating state payment deferrals.

(a) A loan may be authorized pursuant to this section no sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time that notification the chairperson of that joint committee, or the chairperson's designee, may in each instance determine.

30. As specified in Section 93000 of the Education Code, it is the intent of the Legislature that the University of California replace an additional 902 nonresident undergraduate full-time equiva-

Item | Amount

lent students annually from 2022–23 through 2026–27 with an equal number of resident undergraduate full-time equivalent students combined at the Berkeley, Los Angeles, and San Diego campuses. The total combined annual replacement of nonresident students should be 902 full-time equivalent students, with Berkeley, Los Angeles, and San Diego each contributing towards the 902 full-time equivalent student replacement total annually. If the University of California replaces more than 902 nonresident undergraduate full-time students in the 2025–26 enrollment target, those additional students can be counted towards the 2026–27 target. Nonresident undergraduate full-time equivalent student replacement above that annual 902 target from 2022–23, 2023–24, 2024–25, and 2025–26 can be counted towards the replacement of 902 nonresident undergraduate full-time equivalent students in 2026–27.

31. Of the funds appropriated in this item, $1,500,000 shall be available to support students with disabilities. This funding shall supplement, not supplant, core funds the University of California spends to support these students. The University of California shall allocate these funds to campuses based upon their number of students with disabilities. Campuses shall use these funds to improve services for these students, with a focus on increasing the number of professional staff serving them, thereby reducing their associated caseload.

32. Of the funds appropriated in this item, $3,000,000 shall be available to support the University of California, Los Angeles Ralph J. Bunche Center for African American Studies.

33. Of the funds appropriated in this item, $430,000 shall be available to support the California Newspaper Projects at the University of California, Riverside.

program with the purpose of identifying new, continuing, and returning students who are potentially eligible for CalFresh benefits, or efforts underway to enact such an agreement.

(6) A list of campuses that offer or plan to offer emergency housing or assistance with long-term housing.

(6.1) The number of students receiving mental health services on campus, disaggregated by race and ethnicity, gender, age group, and type of service received.

(6.2) The average wait time for initial routine mental health counseling appointments.

(6.3) The average number of campus mental health counseling appointments per student.

(6.4) The number of students referred to off-campus providers for mental health services.

(6.5) The number of student mental health staff by provider type and the counselor-to-student ratio.

(6.6) Total spending on student mental health services, by fund source, including spending covered by insurance providers.

(7) A description of how campuses leveraged or coordinated with other state or local resources to address housing and food insecurity and student mental health.

(8) An analysis describing how funds reduced food insecurity and homelessness among students, increased student mental health, and, if feasible, how funds impacted student outcomes such as persistence or completion.

(9) Other findings and best practices implemented by campuses.

2.2. Of the funds appropriated in this item, $25,000,000 shall be available to support the transition of Humboldt State University into a polytechnic university.

Item Amount

2.3. Of the funds appropriated in this item, $35,000,000 shall be available to support the Graduation Initiative 2025. This funding shall be used exclusively to support efforts to close equity gaps in graduation rates for low-income students and historically underrepresented students. California State University shall report on the activities it is undertaking to close equity gaps, how it is evaluating the result of these activities, the most important lessons it has learned to date, and what changes it needs to make moving forward to eliminate these gaps. The California State University also shall report systemwide and campus graduation rates for all students, low-income students, and historically underrepresented students, disaggregated by race. All of this information may be included in its annual report required by Section 89295 of the Education Code.

2.4. (a) Of the funds appropriated in this item, $11,300,000 shall be available to support Project Rebound programs for formerly incarcerated students at participating California State University campuses. Funds shall be distributed to campuses using a funding formula that provides campuses with (1) standard baseline operating funds, (2) augmented baseline funding based on matriculated student enrollment headcounts in individual campus programs, and (3) annually recurring equity allocations for student basic needs relative to the indices of student need among program participants in individual campus programs, such as number of Pell Grant recipients, students who have exhausted their lifetime Pell Grant eligibility, students eligible for tuition exemptions pursuant to Chapter 814 of the Statutes of 2001 (Assembly Bill 540 of the 2001–02 Regular Session), and student parents of minor children. Model programming shall incorporate the following program components:

(1) Admissions supports, including, but not limited to: (I) permitting eligible students to apply after the application initial filing period, (II) utilizing general exceptions as an educational opportunity

program pursuant to Section 40900 of the California Code of Regulations and subdivision (c) of Section 66022.5 of the Education Code; and (III) facilitating the seamless transfer from one California State University to another of students enrolled in California State University degree programs while incarcerated who are released from custody prior to degree completion.

(2) Comprehensive support to assist students with the transition to on-campus higher education, including (I) wraparound student support services that address needs such as books and supplies, tuition, scholarships, housing, food, and transportation; and (II) collaboration with offices of financial aid to provide individualized cost of attendance adjustments to minimize the impacts of program basic needs supports on student financial aid eligibility.

(3) Staffing and space commitments, including: (I) dedicated staffing of a program coordinator or director, dedicated academic adviser or retention specialist, and student peer navigators with preference for staff with lived experience in the criminal justice system; (II) dedicated space on the university campus for the program that allows for both privacy and community; (III) use of the Federal Work-Study Program to provide eligible students with employment and professional development opportunities; and (IV) formal partnerships with California Community Colleges to build transfer pathways, and with other key stakeholders, including, but not limited to, the Department of Corrections and Rehabilitation, probation departments, and community-based organizations.

(b) As a condition of receiving the $11,300,000 specified in this provision, the California State University shall, no later than April 1, 2027, and annually each year thereafter, report to the Department of Finance and the

Item Amount

relevant policy and fiscal committees of the Legislature regarding the California State University's use of these funds, program enrollment, and student outcomes. The report shall include, but not be limited to, the following:

(1) A description of educational and support services each Project Rebound campus provides to students and potential students.

(2) A description of outreach, orientation, and transfer support services the Project Rebound Consortium provides to students and potential students in the custody of the Department of Corrections and Rehabilitation.

(3) Student enrollment in Project Rebound, disaggregated by race, ethnicity, gender, and age, as well as first-time freshmen, transfer students, undergraduate students, and graduate students, as well as students with prior foster care system involvement, prior juvenile justice involvement, and students that are parents of minor children.

(4) Outcomes associated with the program, disaggregated by campus, including, but not limited to, student retention, graduation, and recidivism rates.

(5) Any plans to expand Project Rebound to other California State University campuses.

2.5. (a) Of the funds appropriated in this item, $6,800,000 shall be available to support rapid rehousing efforts assisting homeless and housing-insecure students.

(b) Campuses shall establish ongoing partnerships with community organizations that have a tradition of helping populations experiencing homelessness to provide wraparound services and rental subsidies for homeless and housing-insecure students. Funds appropriated in this item may be used for, but are not limited to, the following authorized activities:

(1) Connecting students with community case managers who have knowledge and

expertise in accessing safety net resources.

(2) Establishing ongoing emergency housing procedures, including on-campus and off-campus resources.

(3) Providing emergency grants that are necessary to secure housing or to prevent the imminent loss of housing.

(c) Funding shall be allocated to campuses based on demonstrated need.

(d) For the purposes of this item, "homeless" and "housing insecure" mean students who lack a fixed, regular, and adequate nighttime residence. This includes students who are:

(1) Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.

(2) Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations.

(3) Living in emergency or transitional shelters.

(4) Abandoned in hospitals.

(5) Living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.

(6) Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

(e) The California State University shall annually submit a report to the Director of Finance and, in conformity with Section 9795 of the Government Code, to the Legislature regarding the use of these funds, including the number of coordinators hired, the number of students served by campus, the distribution of funds by campus, a description of the types of programs funded, and other relevant outcomes, such as the number of students who were able to secure permanent housing, and whether students receiving support remained enrolled at the institution or graduated.

Item Amount

3. (a) The Controller shall transfer funds from this appropriation as follows:
(1) For base rental as and when provided for in the schedule submitted by the Department of Finance. Notwithstanding the payment dates in any related facility lease or indenture, the schedule may provide for an earlier transfer of funds to ensure debt requirements are met and to pay base rental in full when due.
(2) For additional rental no later than 30 days after enactment of this budget, $64,000 of the amount appropriated in this item to the Expense Account in the Public Buildings Construction Fund.
(3) This item may be adjusted pursuant to Section 4.30. Any adjustments to this item shall be reported to the Joint Legislative Budget Committee pursuant to Section 4.30.
(4) For debt service anticipated to become due and payable in the fiscal year associated with state general obligation bonds issued for university projects upon receipt of any report from the Department of Finance.
(b) The Controller shall return funds to this appropriation if directed pursuant to a report from the Department of Finance.

3.1. Notwithstanding any other law, the Director of Finance may reduce funds appropriated in this item by an amount equal to the estimated Cal Grant and Middle Class Scholarship program cost increases caused by a 2026–27 academic year increase in systemwide tuition. A reduction shall not be authorized pursuant to this provision sooner than 30 days after the Director of Finance provides notice of the intended reduction to the Chairperson of the Joint Legislative Budget Committee.

4. Payments made by the state to the California State University for each month from July through April shall not exceed one-twelfth of the amount appropriated in this item, less than the amount that is expected to be transferred pursuant to Provision 3. Transfers of funds pur-

suant to Provision 3 shall not be considered payments made by the state to the university.

(a) It is the intent of the Legislature that the California State University increase resident undergraduate enrollment in 2026–27. It is the expectation of the Legislature that the California State University increase resident undergraduate enrollment by an additional 10,161 FTES in 2026–27 for total resident undergraduate enrollment of 360,160 FTES.

4. Of the funds appropriated in this item, $6,000,000 shall be used by the California State University to provide summer-term financial aid to any student who is eligible for state financial aid and who is a California resident, including students who receive an exemption from nonresident tuition pursuant to Section 68130.5 of the Education Code. These funds shall be used to supplement and not supplant existing funds provided by the California State University for summer-term financial aid. The Legislature finds and declares that this provision is a state law within the meaning of subsection (d) of Section 1621 of Title 8 of the United States Code.

5. Of the funds appropriated in this item, $5,500,000 shall be available to support the estimated costs of an expanded fee waiver for Medal of Honor recipients, children of Medal of Honor recipients, and dependents of service-injured veterans at-tending the California State University.

6. Of the funds appropriated in this item, $12,000,000 shall be available to support foster youth programs pursuant to Section 89348 of the Education Code.

7. Of the funds appropriated in this item, $8,000,000 shall be available to support the Asian American, Native Hawaiian, and Pacific Islander Student Achievement Program pursuant to Article 11 (commencing with Section 89297) of Chapter 2 of Part 55 of Division 8 of Title 3 of the Education Code.

8. Of the funds appropriated in this item, $1,000,000 shall be available to support students with disabilities. This funding shall supplement, not supplant, California State University core expenditures to support these students. The

Item Amount

California State University shall allocate these funds to campuses based upon the number of students with disabilities. Campuses shall use these funds to improve services for these students, with a focus on increasing the number of professional staff serving them, thereby reducing their associated caseload.

9. Of the funds appropriated in this item, $1,000,000 shall be available to support the Mervyn M. Dymally African American Political and Economic Institute at the California State University, Dominguez Hills.

10. It is the intent of the Legislature to defer $143,839,000 one-time General Fund from the 2026–27 fiscal year to the 2027–28 fiscal year.

11. For the 2026–27 fiscal year, the Director of Finance may authorize a no-interest, short-term loan from General Fund resources, upon request of the university, to assist cash flow resources for purposes of remediating state payment deferrals. A loan may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the Chairperson's designee, may in each instance determine.

(1) 5660-Health Benefits for CSU Retired Annuitants	602,155,000	
Provisions:		
1. The maximum transfer amounts specified in subdivision (c) of Section 26.00 do not apply to this item.		

Item Amount

2. Notwithstanding Section 22844 of the Government Code or any other law, annuitants who were employed by the California State University who become eligible for Part A and Part B of Medicare during the 2026–27 fiscal year, and family members of these annuitants who become eligible for Part A and Part B of Medicare during the 2026–27 fiscal year, shall not be enrolled in a basic health benefits plan during the 2026–27 fiscal year. If the annuitant or family member is enrolled in Part A or Part B of Medicare, they may enroll in a supplement to the Medicare plan. This provision does not apply to employees and family members who are specifically excluded from enrollment in a supplement to the Medicare plan by federal law or regulation.

3. The maximum monthly contribution for an annuitant's health benefits plan shall be $1,084 for a single enrollee, $2,057 for an enrollee and one dependent, and $2,638 for an enrollee and two or more dependents for the 2026 calendar year. The maximum monthly contribution shall be adjusted based on Section 22871 of the Government Code to reflect the health benefit plan premium rates approved by the Board of Administration of the Public Employees' Retirement System for the 2027 calendar year.

4. Notwithstanding any other law, upon approval of the Director of Finance, expenditure authority may be transferred between Item 9650-001-0001 and this item as necessary to fund costs for health benefits.

5. The Director of Finance may adjust this appropriation to reflect the health benefit premiums approved by the Board of Administration of the Public Employees' Retirement System for the 2027 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

Provisions:

1. The funds appropriated in this item are for transfer by the Controller during the 2026–27 fiscal year to Section B of the State School Fund.
2. (a) The funds appropriated in Schedule (1) shall be allocated using the budget formula established pursuant to Section 84750.4 of the Education Code. The budget formula shall be adjusted to reflect the following:
   (1) Of the funds appropriated in Schedule (1), $31,886,000 shall be used to increase statewide growth of full-time equivalent students (FTES) by 0.5 percent.
   (2) Of the funds appropriated in Schedule (1), $240,604,000 shall be used to reflect a cost-of-living adjustment of 2.41 percent.
   (3) Notwithstanding paragraph (1), the Chancellor's Office of the California Community Colleges may allocate unused growth funding to backfill any unanticipated shortfalls in the total amount of funding appropriated and support the budget formula established pursuant to Section 84750.4 of the Education Code.

Item Amount

(b) Funds allocated to a community college district from funds appropriated in Schedule (1) shall directly offset any mandated costs claimed for the Minimum Conditions for State Aid (02-TC-25 and 02-TC-31) program or any costs of complying with Section 84754.5 of the Education Code.

(c) Of the funds appropriated in Schedule (1):

(1) Up to $100,000 is for a maintenance allowance, pursuant to Section 54200 of Title 5 of the California Code of Regulations.

(2) Up to $500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date pursuant to Section 58508 of Title 5 of the California Code of Regulations.

(d) Of the funds appropriated in Schedule (1), $91,207,000 shall be allocated to support the California College Promise pursuant to Article 3 (commencing with Section 76396) of Chapter 2 of Part 47 of Division 7 of Title 3 of the Education Code.

(e) (1) Of the funds appropriated in Schedule (1), $50,000,000 shall be used to hire new full-time faculty for community college districts to increase their percentage of full-time faculty toward meeting the 75 percent full-time faculty target. The Chancellor's Office of the California Community Colleges shall consult with representatives from the Department of Finance, the Legislature, and the Legislative Analyst's Office before distributing these funds to community college districts.

(2) Of the funds appropriated in Schedule (1), $100,000,000 shall be used to hire new full-time faculty for participating community college districts to increase their percentage of full-time faculty toward meeting the 75 percent full-time faculty target. The Chancellor's Office of the California Community Colleges

Item | Amount

shall consult with representatives from the Department of Finance, the Legislature, and the Legislative Analyst's Office before distributing these funds to community college districts. It is the intent of the Legislature that the funding available pursuant to this paragraph be used to increase a district's hiring of full-time faculty above the level that the district would have otherwise employed each year.

3. (a) (1) The funds appropriated in Schedule (2) shall be available pursuant to Article 3 (commencing with Section 79140) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code. Funds appropriated pursuant to this subdivision shall be available for encumbrance or expenditure until June 30, 2029.

(2) Pursuant to Section 79149.3 of the Education Code, the reimbursement rate shall be $10.57 per hour.

(b) Of the funds appropriated in Schedule (2), $30,000,000 shall be used for the California Apprenticeship Initiative pursuant to Section 79148.1 of the Education Code. Funds appropriated pursuant to this subdivision shall be available for encumbrance or expenditure until June 30, 2032.

(c) Of the funds appropriated in Schedule (2), $14,337,000 shall be available to support the California Healthy School Food Pathways program. Funds appropriated pursuant to this subdivision shall be available for encumbrance or expenditure until June 30, 2029.

4. (a) The funds appropriated in Schedule (3) shall be available pursuant to Article 8 (commencing with Section 8150) of Chapter 1 of Part 6 of Division 1 of Title 1 of the Education Code. Funds appropriated pursuant to this subdivision shall be available for encumbrance or expenditure until June 30, 2029.

(b) Pursuant to Section 8152 of the Education Code, the reimbursement rate shall be $10.57 per hour.

Item Amount

5. The funds appropriated in Schedule (4) shall be apportioned to community college districts pursuant to Section 78222 of the Education Code.

6. (a) Of the funds appropriated in Schedule (5):

(1) Not less than $14,467,000 is available to provide $0.91 per unit reimbursement to community college districts for the provision of California College Promise Grants pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.

(2) Not less than $14,626,000 is available for the Board Financial Assistance Program to provide reimbursement of 2 percent of total waiver value to community college districts for the provision of California College Promise Grants pursuant to paragraph (2) of subdivision (m) of Section 76300 of the Education Code.

(3) (A) $5,300,000 shall be allocated to a community college district to conduct a statewide outreach, marketing, and paid media campaign to promote the following messages: (i) many types of financial aid are available year-round to cover fees and help with college costs, such as books, housing, and other educational costs; (ii) students can contact their local community college financial aid office to get one-on-one assistance with completing and submitting financial aid applications and forms; and (iii) a community college education can improve the lives of students and their families by providing financial aid, as well as career training and guaranteed transfer opportunities to get into a rewarding, good-paying career. The campaign should target efforts to reach ethnically diverse, low-income students in primarily underresourced communities who must overcome barriers in accessing postsecondary education. The Chancellor's Office of the

Item | Amount

California Community Colleges shall apprise the Student Aid Commission of ongoing outreach and marketing efforts.

(B) Of the amount identified in subparagraph (A), $2,500,000 shall be allocated to: (i) expand outreach for students from non-English speaking households and bilingual households; (ii) tie financial aid messaging to enrollment messaging where applicable to encourage current and potential students to enroll or continue their education at a California Community College and apply for financial aid; and (iii) marketing and outreach aimed at increasing current and potential student awareness of the California College Promise Grant and other types of financial aid available for California Community College students. Bilingual efforts shall target areas of the state that meet at least one of the following conditions: (i) have concentrations of non-English speaking and bilingual households, or (ii) have underserved populations, a history of declining community college attendance, or both.

(4) Not more than $45,200,000 shall be for direct contact with potential and current financial aid applicants. Each California Community College campus shall receive a minimum allocation of $50,000. The remainder of the funding shall be allocated to campuses based upon a formula reflecting full-time equivalent students (FTES) weighted by a measure of low-income populations demonstrated by the California College Promise Grant program participation within a district.

(5) Funds allocated to a community college district pursuant to paragraphs (1) and (2) shall supplement, not supplant, the level of funds allocated for the administration of student financial aid programs

Item Amount

during the 2001–02 or 2006–07 fiscal year, whichever is greater.

(6) Funding allocated to a community college district pursuant to paragraphs (1) and (2) shall directly offset any costs claimed by that district for any of the following mandates: Enrollment Fee Collection (99-TC-13), Enrollment Fee Waivers (00-TC-15), Cal Grants (02-TC-28), and Tuition Fee Waivers (02-TC-21).

(7) Notwithstanding subdivision (m) of Section 76300 of the Education Code or any other law, the amount of funds appropriated for the purpose of administering fee waivers for the 2026–27 fiscal year shall be determined in this act.

(8) Not more than $5,000,000 shall be for ongoing maintenance, subscription, and training costs for financial aid technology advancements and innovations that streamline the financial aid verification process and enable colleges to more efficiently process state and federal financial aid grants. It is the intent of the Legislature that system improvements supported by this funding have the effect of reducing the manual processing of financial aid applications, thereby enabling financial aid program staff to provide additional technical assistance and guidance to students seeking financial aid. The Chancellor's Office of the California Community Colleges shall determine the methodology for allocating these funds to community college districts.

7. (a) The funds appropriated in Schedule (6) shall be used to assist districts in funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges and for state hospital programs, as mandated by federal law.

(b) Of the amount appropriated in Schedule (6):

(1) At least $3,945,000 shall be used to address deficiencies identified by the

Item | Amount

United States Department of Education Office for Civil Rights.

(2) At least $943,000 shall be used to support the High Tech Centers for activities, including, but not limited to, training of district employees, staff, and students in the use of specialized computer equipment for the disabled.

(3) At least $9,600,000 shall be allocated to community college districts for sign language interpreter services, real-time captioning equipment, or other communication accommodations for hearing-impaired students. A community college district is required to spend $1 from local or other resources for every $4 received pursuant to this paragraph.

8. (a) The funds appropriated in Schedule (7) shall be allocated pursuant to Article 5 (commencing with Section 79200) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code.

(b) Of the amount appropriated in Schedule (7):

(1) $11,781,000 shall be for childcare, except that a community college district may request that the Chancellor of the California Community Colleges approve the use of funds for other purposes.

(2) No less than $6,283,000 shall be used to provide direct workstudy wage reimbursement for students served under this program, and $788,000 is available for campus job development and placement services.

9. The funds appropriated in Schedule (8) shall be allocated to community college districts to provide foster and relative or kinship care education and training pursuant to Article 8 (commencing with Section 79420) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code. A community college district shall ensure that education and training required pursuant to paragraphs (12) and (13) of subdivision (g) of Section 16519.5 of the Welfare and Institutions Code receive priority.

10. The funds appropriated in Schedule (9) shall be allocated to a community college district to

contract with the State Department of Social Services in order to contract with organizations qualified pursuant to Chapter 5.6 (commencing with Section 13300) of Part 3 of Division 9 of the Welfare and Institutions Code to provide services pursuant to that chapter to persons on California Community College campuses. Use of these funds shall be included in updates provided to the Legislature on the State Department of Social Services' immigration programs.

11. Of the amount appropriated in Schedule (10), $685,000 is available to support the Academic Senate for California Community Colleges course identification numbering system efforts and shall be subject to the requirements of subparagraph (B) of paragraph (5) of subdivision (b) of Section 70901 of the Education Code.

12. Of the amount appropriated in Schedule (11), $10,000,000 shall be allocated to community college districts to support the continued implementation of equal employment opportunity plans and to enable campuses to engage in sustainable practices to diversify faculty, staff, and administrators, including the continued use of best practices and tools identified by office of the Chancellor of the California Community Colleges' Equal Employment Opportunity and Diversity Advisory Committee.

13. The funds appropriated in Schedule (12) shall be allocated to community college districts for the purpose of providing a state incentive program to encourage community college districts to offer health insurance for part-time faculty pursuant to Article 9 (commencing with Section 87860) of Chapter 3 of Part 51 of Division 7 of Title 3 of the Education Code.

14. The funds in Schedule (13) shall be allocated to increase compensation for part-time faculty. Funds shall be allocated to districts based on the total actual number of full-time equivalent students (FTES) in the previous fiscal year, with an adjustment to the allocations provided to small districts. These funds shall be used to assist districts in making part-time faculty salaries more comparable to full-time salaries for similar work, as determined through collective bargaining in each community college district. If a

Item Amount

community college district achieves parity between compensation for full-time faculty and part-time faculty, funds received pursuant to this provision may be used for any other educational purpose.

15. Of the funds appropriated in Schedule (15):

(a) $20,000,000 shall be allocated to the Chancellor of the California Community Colleges to increase the number of courses available through the use of technology, provide alternative methods for students to earn college credit, and support the California Virtual Campus Distance Education Program. These funds may be used to pay for a consistent learning management system to help implement this program. The chancellor shall ensure, to the extent possible, that the following conditions are satisfied:

(1) These courses can be articulated across all community college districts.

(2) These courses are made available to students systemwide, regardless of the campus at which a student is enrolled.

(3) Students who complete these courses are granted degree-applicable credit across community colleges.

(4) These funds shall be used for those courses that have the highest demand, fill quickly, and are prerequisites for many different degrees.

(b) By September 1 of each fiscal year, up to $3,000,000 shall be disbursed by the Office of the Chancellor of the California Community Colleges to one or more community college districts to provide textbooks or digital course content to students incarcerated or detained in federal or state prison, county jail, juvenile facility, or other correctional institutions who are enrolled in one or more California Community College courses. The provision of this material is expected to enable community college districts to provide instruction to incarcerated or detained students.

(1) To the extent possible, community college districts providing textbooks or digital course content pursuant to this

Item Amount

subdivision are encouraged to first use open educational resources.

(2) Notwithstanding any other law, a contract between the Office of the Chancellor of the California Community Colleges and a community college district for purposes of this subdivision is not subject to any competitive bidding requirements of Section 10340 of the Public Contract Code.

16. Of the funds appropriated in Schedule (16):

(a) $22,929,000 is available for the following purposes:

(1) Up to 10 percent may be allocated for state-level technical assistance, including statewide network leadership, organizational development, coordination, and information and support services.

(2) All remaining funds shall be allocated for programs that target investments in priority and emergent sectors, including statewide or regional centers, hubs, collaborative communities, advisory bodies, and short-term grants. Short-term grants may include industry-driven regional education and training, Responsive Incumbent Worker Training, and Job Development Incentive Training. Funds allocated pursuant to this provision may be used to provide substantially similar services in support of the Strong Workforce Program.

(3) Funds applied to performance-based training shall be matched by a minimum of $1 contributed by private businesses or industry for each $1 of state funds. The Chancellor of the California Community Colleges shall consider the level of involvement and financial commitments of business and industry in making awards for performance-based training.

(b) $290,400,000 shall be available to support the Strong Workforce Program pursuant to Part 54.5 (commencing with Section 88820) of Division 7 of Title 3 of the Education Code. Of this amount, $60,000,000 shall be

Item | Amount

available to support the Rebuilding Nursing Infrastructure Grant Program pursuant to Sections 88770, 88771, 88772, and 88773 of the Education Code. It is the intent of the Legislature to appropriate $60,000,000 each fiscal year between 2026–27 to 2028–29, inclusive, to support the Rebuilding Nursing Infrastructure Grant Program.

17. Of the funds provided in Schedule (17):
(a) $1,381,000 shall be used to support the Historically Black Colleges and Universities (HBCU) Transfer Pathway program, which helps develop transfer guarantee agreements that help facilitate a smooth transition for students from the California Community Colleges to partnered HBCU institutions.
(b) (1) $698,000 shall be used to support transfer and articulation projects and common course numbering projects.
(2) Funding provided to community college districts shall directly offset any costs claimed by community college districts to be mandates pursuant to Chapter 737 of the Statutes of 2004.

18. (a) Of the funds appropriated in Schedule (18):
(1) $193,860,000 shall be used pursuant to Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code. Funds provided in this item for Community College Extended Opportunity Programs and Services shall be available to students on all campuses within the California Community Colleges system.
(2) $35,448,000 shall be used for funding, at all colleges, the Cooperative Agencies Resources for Education program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code. The Chancellor of the California Community Colleges shall allocate these funds to local programs on the basis of need for student services.
(b) Of the amount allocated pursuant to subdivision (a), no less than $4,972,000 shall be available to support additional textbook as-

sistance grants to community college students.

19. The funds appropriated in Schedule (19) shall be used for the following purposes:

(a) $13,326,000 shall be used for the Puente Project to support up to 115 colleges. These funds are available if matched by $200,000 of private funds and if the participating community colleges and University of California campuses maintain their 1995–96 fiscal year support level for the Puente Project.

(1) Of the funds provided in subdivision (a), $5,331,000 shall be allocated to a community college district to contract with the Puente Project to support the general operation of, and direct services delivered through, central administration which includes, but is not limited to, professional development, program data collection, program research and evaluation, and initiatives to improve student transfer rates.

(2) Of the funds provided in subdivision (a), $7,995,000 shall be allocated directly to participating districts in accordance with their participation agreement.

(3) (A) If the appropriation provided in this subdivision is increased from the funding level provided in the 2022–23 fiscal year, funding allocated to districts as described in paragraphs (1) and (2) shall be adjusted consistent with their percentage share of total funding in this subdivision.

(B) Notwithstanding paragraphs (1) and (2), if the appropriation provided in this subdivision is reduced from the funding level provided in the 2022–23 fiscal year, the Puente Project, in consultation with the Chancellor's Office of the California Community Colleges, will determine the funding allocation to support services and programs provided in paragraphs (1) and (2).

Item | Amount

(4) In any fiscal year in which districts have any unexpended or unencumbered funds allocated pursuant to paragraph (2) by June 30, the Puente Project will determine a reallocation of funds that may include, but not be limited to, maintaining the allocation level for a participating site or reallocating funds to another participating site.

(b) (1) $39,423,000 is to allow all colleges to establish and support California Community College Mathematics, Engineering, Science Achievement (MESA) programs. Funds provided in this item for MESA programs shall be available to students on all campuses within the California Community Colleges system to enhance California's STEM workforce, while aiding the state and nation in reducing equity and achievement gaps.

(2) The Office of the Chancellor of the California Community Colleges shall award each MESA program ongoing annual funding to meet the program's goals, at a minimum allocation of $280,000 per college. Colleges receiving an allocation shall use the funding to supplement, but not supplant, local sources of funding supporting MESA programs.

(3) In any fiscal year in which districts have any unexpended or unencumbered funds allocated pursuant to subprovision (2) by June 30 of that year, MESA shall make a determination regarding the reallocation of funds that shall include maintaining the allocation level for a participating MESA program or reallocating funds to another participating MESA program.

(c) No less than $1,836,000 is for the Middle College High School Program. With the exception of special part-time students at the community colleges pursuant to Sections 48802 and 76001 of the Education Code, student workload based on participation in

Item | Amount

the Middle College High School Program shall not be eligible for community college state apportionment.

(d) (1) (A) No less than $9,178,000 is for the Umoja program.

(B) Of funds provided in subparagraph (A), $3,671,000 shall be allocated to a community college district to contract with the Umoja Statewide program office to provide additional resources to facilitate the capacity building and development of the statewide office in an effort to expand the Umoja program, build a data support system, target the needs of special populations in the African American community, improve tutoring and mental health resources, enhance STEM/STEAM and career opportunities, and improve outcomes for students enrolled in Umoja campus programs.

(C) Of the funds provided in subparagraph (A), $5,507,000 shall be allocated by the Office of the Chancellor of the California Community Colleges directly to participating districts in accordance with their Umoja Statewide participation agreement for campuses with Umoja programming. Umoja Statewide, in consultation with the Chancellor's Office, shall determine the allocation of resources to campuses. The Umoja Statewide program shall annually report, by July 30, updates on the status of Umoja's capacity building and expansion plan to the Office of the Chancellor of the California Community Colleges and the budget committees of the Senate and Assembly. Of the funds provided in this subparagraph, 1 percent shall be allocated directly to the community college district contracting with the Umoja Statewide program office

for purposes related to this subparagraph.

(e) Consistent with the intent of Article 7 (commencing with Section 79220) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code, the chancellor shall enter into agreements with community college districts to provide additional services in support of postsecondary education for foster youth. Up to $54,110,000 of the funds appropriated in this item shall be prioritized for services pursuant to Article 7 (commencing with Section 79220) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code. Further, the chancellor shall ensure that the list of eligible expenditures developed pursuant to subdivision (d) of Section 78221 of the Education Code includes expenditures that are consistent with the intent of Article 7 (commencing with Section 79220) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code.

(f) $10,822,000 of the funds shall be for support of Veteran Resource Centers. To the extent funding is provided in the annual Budget Act, the chancellor shall only allocate funding to community colleges that commit to either meeting or making progress towards meeting the minimum standards developed by the Office of the Chancellor of the California Community Colleges.

(g) (1) Colleges shall establish ongoing partnerships with community organizations that have a tradition of helping populations experiencing homelessness to provide wraparound services and rental subsidies for homeless and housing-insecure students. $20,562,000 of the funds appropriated in Schedule (19) may be used for, but are not limited to, the following authorized activities:

(A) Connecting students with community case managers who have knowledge and expertise in accessing safety net resources.

Item Amount

(B) Establishing ongoing emergency housing procedures, including on-campus and off-campus resources.

(C) Providing emergency grants that are necessary to secure housing or to prevent the imminent loss of housing.

(2) Funding shall be allocated to campuses based on demonstrated need.

(3) "Homeless" and "housing-insecure" mean students who lack a fixed, regular, and adequate nighttime residence. This includes students who are:

(A) Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.

(B) Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations.

(C) Living in emergency or transitional shelters.

(D) Abandoned in hospitals.

(E) Living in a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.

(F) Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

(4) By July 15 of each year, the Office of the Chancellor of the California Community Colleges shall submit a report to the Director of Finance and, in conformity with Section 9795 of the Government Code, to the Legislature regarding the prior year use of these funds, including the number of coordinators hired, the number of students served by campus, the distribution of funds by campus, a description of the types of programs funded, and other relevant outcomes, such as the number of students who were able to secure permanent housing, and whether students receiving support

						remained enrolled at the institution or graduated.	
				(h)		$11,600,000 shall be allocated by the Chancellor's Office of the California Community Colleges to community colleges to support Dreamer Resource Liaisons and student support services, including those related to career pathways and economic mobility, for immigrant students, pursuant to Section 66021.8 of the Education Code.	
				(i)		$83,754,000 shall be available to support the basic needs of community college students.	
					(1)	(A) Of the amount allocated for this subdivision, $32,466,000 shall be available to provide for student mental health resources.	
						(B) The Chancellor's Office of the California Community Colleges shall submit a report to the Department of Finance and relevant policy and fiscal committees of the Legislature by January 1, 2025, and every three years thereafter, regarding the use of funds specified in this paragraph. The report shall include, but not necessarily be limited to, all of the following information:	
						(i) The amount of funds provided for each community college district.	
						(ii) A description of how the funds were used for the purposes reflected in this paragraph.	
						(iii) A description of the types of programs in which districts invested.	
						(iv) The number of students receiving mental health services on campus disaggregated by race/ethnicity, gender, age group, and type of service received.	
						(v) The average wait time for initial routine mental health counseling appointments.	
						(vi) The average number of campus mental health counseling appointments per student.	

Item Amount

(vii) The number of students referred to off-campus providers for mental health services.

(viii) Total spending on student mental health services, by fund source, including spending covered by insurance providers.

(ix) Other findings and best practices implemented by districts.

(2) Of the amount made available by this subdivision, $51,288,000 shall be allocated by the Chancellor's Office of the California Community Colleges for colleges to establish and operate basic needs centers as a centralized location on campus where students experiencing basic needs insecurity can be identified, supported, and linked to on- and off-campus resources to support timely program completion pursuant to Section 66023.5 of the Education Code. Colleges shall also designate or hire dedicated basic needs coordinators for the basic needs centers who will serve as a single point of contact for students. It is the intent of the Legislature that an additional $8,000,000 be available for basic needs centers on a one-time basis in fiscal years 2026–27 and 2027–28, which includes, but is not limited to, providing classified employees with access to food pantry services offered by basic needs centers pursuant to paragraph (7) of Education Code Section 66023.5.

(j) (1) $35,000,000 shall be available to support the Rising Scholars Network pursuant to Article 6 (commencing with Section 78070) of Chapter 1 of Part 48 of Division 7 of Title 3 of the Education Code.

(2) (A) Of the funds provided for in paragraph (1), 60 percent annually shall support ongoing implementation of model programming for juvenile justice-impacted students, as a grant program administered and supported by the Rising Scholars Network of

the Chancellor's Office of the California Community Colleges. Funds shall be used for model college programming with key components based on the Project Change model, to be offered both within juvenile facilities and on the community college campus, to establish a direct pathway to college for juvenile justice-impacted young people.

(B) Of the funds provided for in subparagraph (A), at least 86.7 percent annually shall support a maximum of 45 community colleges on 5-year grant cycles to implement model programming to serve juvenile justice-impacted students, incorporating the three following core Project Change program components:

(i) College programming that is: (I) offering University of California and California State University transferable courses and comprehensive student support programming; (II) provided by a California Community College through instruction; and (III) offered both on campus at a community college and in local juvenile detention facilities.

(ii) Comprehensive support to assist students with the transition to on-campus higher education, including: (I) wraparound student support services that address basic needs such as books and supplies, tuition, fees, stipends, housing, food, and transportation; and (II) educational transition plans for students, outlining their multiyear framework from high school through college completion.

(iii) Staffing and space commitments, including: (I) dedicated staffing of a program lead, counselor, and retention specialist; (II) dedicated space on the college campus for the program; and (III) formal partnerships

with key stakeholders, including, but not limited to, the local county office of education, probation department, local high school districts, and community-based organizations.

(C) Community colleges may implement model program components on a phased timeline. Model programs must utilize both Dual Enrollment and Guided Pathways frameworks. At the conclusion of the 5-year cohort, community colleges may reapply for continued funding support.

(D) Colleges may be funded on a tiered model. Tiered model funding may consider the number of core program components a college can implement; student counts; whether the college already has an established or funded Rising Scholars program; and other metrics determined by the Rising Scholars Network of the Office of the Chancellor of the California Community Colleges.

(E) Of the funds provided in subparagraph (A), 8.3 percent annually shall support technical assistance for successful implementation of model programming overseen by the Rising Scholars Network of the Office of the Chancellor of the California Community Colleges. Technical assistance includes contract staffing positions to oversee the project implementation, in-person trainings, and support.

(k) (1) $1,100,000 shall be allocated by the Chancellor's Office for the expansion of African American Male Education Network and Development (A2MEND) student charters at up to 50 colleges to improve academic success and develop a student support structure for African American male students attending community colleges.

(2) In considering an allocation methodology to community colleges, the Office of the Chancellor of the California Community Colleges shall consider a factor that allocates funds to community colleges that have submitted work plans pursuant to paragraph (3) of subdivision (c) of Section 88922 of the Education Code, including considering the community college's guided pathways activities and practices.

(*l*) $42,000,000, of which $7,000,000 is ongoing, shall be available to support the Credit for Prior Learning Initiative pursuant to Section 26 of the 2025 Higher Education Omnibus Trailer Bill (Ch. 9, Stats. 2025).

20. The funds appropriated in Schedule (20) shall be allocated by the Chancellor of the California Community Colleges to community college districts that levied childcare permissive override taxes in the 1977–78 fiscal year pursuant to Sections 8272 and 8272.5 of the Education Code in an amount proportional to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its childcare and development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased or decreased by any cost-of-living adjustment granted in subsequent fiscal years. These funds shall be used only for the purpose of community college childcare and development programs.

21. Of the funds appropriated in Schedule (21):

(a) $8,475,000 shall be used to provide support for nursing programs.

(b) $4,903,000 shall be used for diagnostic and support services, preentry coursework, alternative program delivery model development, and other services to reduce the incidence of student attrition in nursing programs.

22. Of the amount appropriated in Schedule (22):

(a) (1) $7,500,000 may be used by the Chancellor of the California Community Colleges to provide technical assistance to community college districts that demonstrate low performance in any area of operations. It is the intent of the

Legislature that technical assistance providers be contracted in a cost-effective manner, that they primarily consist of experts who are current and former employees of the California Community Colleges, and that they provide technical assistance consistent with the vision for the California Community Colleges.

(2) Technical assistance funded pursuant to this paragraph that is initiated by the chancellor may be provided at no cost to the community college district. If a community college district requests technical assistance, the district is required to spend at least $1 from local or other resources for every $2 received, as determined by the chancellor.

(b) (1) $20,000,000 may be used by the chancellor to provide regional and online workshops and trainings to community college personnel to promote statewide priorities, including, but not limited to, strategies to improve student achievement; strategies to improve community college operations; and system leadership training to better coordinate planning and implementation of statewide initiatives in alignment with the Board of Governors of the California Community Colleges' Vision for Success. To the extent possible, the chancellor shall partner with existing statewide initiatives with proven results of improving student success and institutional effectiveness. Each fiscal year, the chancellor shall submit a report on the use of funds appropriated pursuant to this provision in the prior year to the Department of Finance and the Joint Legislative Budget Committee no later than December 31 of each year and, beginning in the 2025–26 fiscal year and every three years thereafter, the chancellor shall submit a report on the use of the funds appropriated pursuant to this provision in the prior three years to the Department of Finance and the Joint Legisla-

tive Budget Committee no later than December 31 of that year. This report shall include information regarding California Community Colleges' participation in the activities funded pursuant to this provision.

(2) Funding available pursuant to this paragraph may be used by the chancellor to coordinate with community college districts to conduct policy research, and develop and disseminate effective practices through the establishment of an online clearinghouse of information. The development of effective practices shall include, but not be limited to, statewide priorities such as the development of educational programs or courses for the incarcerated adults in prisons and jails, and the formerly incarcerated, educational programs or courses for California Conservation Corps members, and other effective practices. The online clearinghouse of information shall also reflect effective practices, guidance, policies, curriculum, courses, and programs developed by local community colleges in support of the Strong Workforce Program established pursuant to Part 54.5 (commencing with Section 88820) of Division 7 of Title 3 of the Education Code.

(3) It is the intent of the Legislature to encourage the chancellor to facilitate the development of local community college courses for the California Conservation Corps and the incarcerated adults in prisons and jails, and the formerly incarcerated. The Department of Corrections and Rehabilitation and the California Conservation Corps are encouraged to partner with the Chancellor's Office in the development and dissemination of local community college courses and effective practices pursuant to this paragraph and paragraph (2).

23. Of the funds appropriated in Schedule (23):

Item Amount

(a) $10,613,000 shall be allocated to continue providing a systemwide and integrated online infrastructure that supports the continuity of education and quality distance learning across the community college system. These infrastructure investments may include, but are not limited to, access to online tutoring and counseling, ensuring available and accessible technical support, and providing mental health services and other student support services.

(b) $8,000,000 shall be provided to cover increased administrative costs related to the Corporation for Education Network Initiatives in California.

(c) $41,890,000 shall be allocated by the Chancellor of the California Community Colleges for the following purposes:

(1) Procurement, development, evaluation, and upgrading of high-priority systemwide technology tools and infrastructure, including, but not limited to, e-transcript, e-planning, and other tools to assist colleges to implement multiple measures of assessment pursuant to Chapter 745 of the Statutes of 2017, and technologies that facilitate portability of education credentials.

(2) Provision of access to statewide multimedia hosting and delivery services for colleges and districts.

(3) Provision of systemwide internet, audio bridging, data security, and telephony.

(4) Services related to technology use, including accessibility guidance and information security.

(5) Technology product development and program management, technical assistance and planning, and cooperative purchase agreements.

(6) Ongoing faculty and staff development related to technology use and adoption.

(7) Ongoing support of the California Partnership for Achieving Student Success (Cal-PASS) program.

(8) Ongoing support for programs designed to use technology in assisting accredita-

tion and the alignment of curricula across K–20 segments in California, as well as to support integration and interoperability toward an improved student experience.

(9) Support for technology pilots and ongoing technology programs and applications that serve to maximize the utility and economy of scale of the technology investments of the community college system toward improving learning outcomes.

(10) Up to 5 percent of the funds may be allocated by the chancellor to a community college district for statewide activities, not limited to statewide technical assistance to evaluate, plan, and continuously improve the system's data and technology roadmap and deployment.

(d) Any funds not allocated pursuant to subdivision (c) shall be available for allocations to districts to maintain technology capabilities.

(e) $4,000,000 shall be used to expand the implementation of the systemwide technology platform for library services to better manage and deliver digital information to support teaching and learning, including for students enrolled in distance education.

(f) (1) $25,000,000 shall be provided for community college districts to implement local and systemwide technology and data security measures that support improved oversight of fraud mitigation, online learning quality, and cybersecurity efforts. Funds shall be used by community college districts to hire local cybersecurity staff, and funds shall also be used for systemwide measures, including, but not limited to, security upgrades for CCCApply and education technology platforms and the establishment of systemwide cybersecurity teams.

(2) As a condition of receiving funds pursuant to this subdivision, a community college district shall do all of the following:

Item Amount

(A) Complete an annual cybersecurity self-assessment of their information technology infrastructure to determine their National Institute of Standards and Technology (NIST) Computer Systems Laboratory (CSL) score and report their current phase in Cal-Secure standards.

(B) Participate in the following regularly scheduled cybersecurity reporting:

(i) Submit remediation updates twice per year, for the fall and spring semester terms, on vulnerability and other issues identified in the previous self-assessment or triennial assessment.

(ii) Submit detailed after-action reports of all cybersecurity incidents that either lead to a breach of personally identifiable information or lead to the disruption of services, including, but not limited to, a breach of student identification numbers, distributed denial-of-service attacks, and ransomware.

(iii) The total number of admission applications received from CCCApply that are determined to be fraudulent, including applications marked as "likely fraud" within CCCApply, on an annual basis.

(iv) Information requested on suspected fraudulent enrollments, and fraudulent receipt of financial aid, on an annual basis.

(C) Reporting required by this section shall not be duplicated by other reporting required by the Office of the Chancellor of the California Community Colleges.

(3) If the reporting required pursuant to paragraph (2) is duplicative of other reports provided by a community college district, a community college district may submit those reports in lieu of the reporting required by paragraph (2).

Item | Amount

(g) Of the amount appropriated in Schedule (23), $41,000,000, of which $5,000,000 is ongoing, shall be provided for the Common Cloud Data Platform. This platform shall enhance statewide reporting, data sharing, and available analytical tools across community college districts and the Chancellor's Office. The platform shall be designed to support community college student success initiatives, improve community college districts' stewardship of resources and ability to use data-driven decision making, streamline community college administrative processes, and inform state budget and policy making.

24. The funds appropriated in Schedule (24) shall be allocated to support the Classified Community College Employee Summer Assistance Program established pursuant to Article 11 (commencing with Section 88280) of Chapter 4 of Part 51 of Division 7 of Title 3 of the Education Code.

25. The funds appropriated in Schedule (25) shall be allocated on an ongoing basis by the Office of the Chancellor to support the California Community Colleges Asian American, Native Hawaiian, and Pacific Islander Student Achievement Program pursuant to Article 10 (commencing with Section 79510) of Chapter 9 of Part 48 of Division 7 of Title 3 of the Education Code.

26. Beginning on October 1, 2022, and annually thereafter, the Chancellor of the California Community Colleges shall provide the Legislature and Department of Finance a list of all statewide or regional projects, initiatives, and services administered by districts in partnership with the Office of the Chancellor. The list shall include the amount of each agreement from the prior fiscal year, the categorical program funding source, the name of the fiscal agent, the contractor, and a brief description of the services provided by and the deliverables expected of the contractor to the Office of the Chancellor or other districts. The list shall be comprehensive, including all grants and contracts.

7100-001-0588—For support of Employment Development Department, payable from the Unemployment Compensation Disability Fund..... 510,238,000

Schedule:

(1) 5915-California Unemployment Insurance Appeals Board..... 8,097,000

(2) 5925-Disability Insurance Program..... 428,705,000

(3) 5930-Tax Program..... 73,436,000

Provisions:

1. On October 1, 2026, and April 1, 2027, the Employment Development Department shall submit to the Department of Finance, for its review and approval, an estimate of expenditures for both the current and budget year, including the assumptions and calculations underlying Employment Development Department projections for expenditures from this item. If the Director of Finance determines that the estimate of expenditures differs from the amount appropriated by this item, the director shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this appropriation and the approved estimate of the Director of Finance. Revisions reported pursuant to this provision are not subject to Section 28.00.

2. (a) Of the amount appropriated in Schedule (2), $84,583,000 shall be available for the support of the EDDNext modernization projects and vendor services contracts.

(b) The Employment Development Department shall provide the Department of Finance with an expenditure plan by October 1, 2026, for utilization of available funds for the EDDNext modernization projects. The expenditure plan shall identify projected EDDNext expenditures and any changes the Employment Development Department has identified are necessary for implementation activities, including any shifts of amounts between project workstreams. To the extent the Employment Development Department

identifies a need to shift amounts between project workstreams, the shift of any amounts between project workstreams is contingent upon approval of the expenditure plan by the Department of Finance and no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee.

(c) The Employment Development Department shall provide the Department of Finance and the Legislative Analyst's Office with a quarterly report on EDDNext that includes the following:

(1) Project approval documents and project delegation documents, and oversight reports from the California Department of Technology.

(2) Identification of vendors, equipment, subscription services, software licensing, and tools that align to priorities and technical needs for the following: transformation office, contact center enhancement, fraud and data analytics, forms redesign and research, document management system solution, shared customer portal enhancement, integration of claims management systems, and data platform implementation.

(3) The amount of encumbrances and expenditures and unencumbered or unexpended funds available for each project workstream by fiscal year.

Provisions:

1. Provision 1 of Item 7100-001-0588 also applies to Schedules (1) and (3) of this item.
2. For Schedule (2), on October 1, 2026, and April 20, 2027, the Employment Development Department (EDD) shall submit to the Department of Finance, for its review and approval, an estimate of expenditures for both the current and budget year, including the assumptions and calculations underlying the Employment Development Department's projections for expenditures from this schedule. To the extent the Employment Development Department identifies unspent, or receives unanticipated additional, federal Workforce Innovation and Opportunity Act (P.L. 113-128) (WIOA) discretionary funds, the Director of Finance may increase expenditure authority for Schedule (2) if the additional funding is consistent with the expenditure plan for WIOA discretionary funds in this item and meets the four requirements set forth in subdivision (b) of Section 28.00. Any such augmentation may be authorized not sooner than 30 days after written notification is provided to the chairpersons of the committees in each house of the Legislature that consider the State Budget and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.
3. For Schedule (2), in the event that the Employment Development Department is notified of a reduction in federal Workforce Innovation and Opportunity Act (P.L. 113-128) (WIOA) discretionary funds, the Director of Finance may decrease expenditure authority for Schedule (2). Any such decrease may be authorized not sooner than 30 days after notification in writing is provided to the chairpersons of the committees in each house of the Legislature that consider the State Budget and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the

Provisions:

1. It is the intent of the Legislature that all funds appropriated to the Franchise Tax Board for processing tax returns, auditing, and collecting owed tax amounts shall be used in a manner consistent with the board's authorized budget and with the documents that were presented to the Legislature for its review in support of that budget. The Franchise Tax Board shall not reduce expenditures or redirect funding or personnel resources away from direct auditing or collection activities without prior approval of the Director of Finance. The Director of Finance shall not approve any such reduction or redirection sooner than 30 days after providing notification to the Joint Legislative Budget Committee. A position shall not be transferred from the organizational unit to which it was assigned in the 2026–27 Governor's Budget and the Salaries and Wages Supplement, as revised by legislative actions, without the approval of the Director of Finance. The Franchise Tax Board shall expeditiously fill budgeted positions consistent with the funding provided in this act.
2. It is the intent of the Legislature that the Franchise Tax Board resolve tax controversies, without litigation, on a basis that is fair to both the state and the taxpayer and in a manner that will enhance voluntary compliance and public confidence in the integrity and efficiency of the board.
3. During the 2026–27 fiscal year, the collection cost recovery fee for purposes of subparagraph (A) of paragraph (1) of subdivision (a) of Section 19254 of the Revenue and Taxation Code shall be $362, and the filing enforcement cost recovery fee for purposes of subparagraph (A) of paragraph (2) of that subdivision shall be $143.

(B) of paragraph (1) of subdivision (a) of Section 19254 of the Revenue and Taxation Code shall be $292, and the filing enforcement cost recovery fee for purposes of subparagraph (B) of paragraph (2) of that subdivision shall be $122.

5. Of the amount appropriated in Schedule (1) of this item, $36,259,000 is for implementation of the Earned Income Tax Credit, which, pursuant to Section 17052 of the Revenue and Taxation Code, shall have an adjustment factor at a rate of 85 percent for the 2026 tax year. Implementation of the Earned Income Tax Credit includes processing returns, auditing, and necessary system changes to support this program. To effectively administer this program, the Franchise Tax Board may pay the Social Security Administration for relevant data and related development work prior to receipt of data pursuant to Section 12425 of the Government Code.

6. Of the amount appropriated in this item, $3,864,000 is for implementation of the individual health care mandate and the associated penalty provisions.

7. Of the amount appropriated in this item, $10,000,000 is for outreach to create increased awareness of, and participation in, the Earned Income Tax Credit and the Volunteer Income Tax Assistance Program. These funds shall be allocated via contracts to nonprofit and community-based organizations. The participating nonprofit and community-based organizations shall particularly focus their outreach efforts on persons who file tax returns using Individual Taxpayer Identification Numbers.

(23) Reimbursements to 9900100-Administration..... −4,130,000

Provisions:

1. Notwithstanding any other law, revenues from the legislative bills and publications received by the Legislative Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other law, if the Director of General Services determines in writing that there is insufficient cash in a special fund under the director's authority to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund in the amount necessary to make the payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
   (a) A loan shall not be made that would interfere with carrying out the object for which the Service Revolving Fund was created.
   (b) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, except for a one-time $2,500,000 loan to the Natural Gas Services Program Fund made in the 2016–17 fiscal year. All loans under this provision shall be repaid no later than 18 months after the date of the loan. The amount loaned shall not exceed the amount for which the fund or program is authorized at the time of the loan to expend during the 2026–27 fiscal year from the recipient fund.
   (c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

3. The Director of General Services may augment this item or any of Items 7760-001-0002, 7760-001-0003, and 7760-001-0026 in cases in which (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the Department of General Services. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of General Services augments this item or Item 7760-001-0002, 7760-001-0003, or 7760-001-0026, the Department of General Services shall notify the Director of Finance as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Director of Finance. The Director of General Services shall not use this provision to augment this item or Item 7760-001-0002, 7760-001-0003, or 7760-001-0026 for costs of which the Department of General Services had knowledge in time to include in the May Revision.

4. A loan shall be made available from the General Fund to the Department of General Services not to exceed a cumulative total of $20,000,000. The loan funds shall be transferred to this item as needed to meet cashflow needs due to delays in collecting reimbursements from departments participating in the GS $Mart Program and are subject to the repayment provisions of Section 16351 of the Government Code.

5. The Director of General Services may approve intraschedule transfers within this item, or any of Items 7760-001-0001, 7760-001-0002, 7760-001-0003, 7760-001-0006, 7760-001-0026, 7760-001-0328, 7760-001-0956, 7760-001-3091, 7760-001-3144, 7760-001-3245, 7760-001-9740, and 7760-001-9746, to provide flexibility for the efficient and cost-effective delivery of pro-

(iii) Disclosure Requirements and Deferral of Property Taxation (Ch. 712, Stats. 2022) (22-TC-06)

Provisions:

1. Allocations of funds provided in this item to the appropriate local entities shall be made by the Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior-year claims may be paid from this item. The funds appropriated in this item shall be allocated only for the payment of claims as required by Chapter 4 (commencing with Section 17550) of Part 7 of Division 4 of Title 2 of the Government Code, and that payment shall be made pursuant to Article 5 (commencing with Section 17615) of that chapter. Notwithstanding any other law, interest shall be paid from funds appropriated in this item only to the extent, and in the amount, authorized by Section 17561.5 of the Government Code.
2. The Controller shall offset payments made from the appropriation in this item to recoup the amount of any unallowable mandate claim costs determined by desk or field audits.
3. Notwithstanding any other law, accounts receivable for recoveries that result in savings as described in this item shall have no effect upon the positive balance of the General Fund. The savings may be used to pay claims for costs incurred to carry out the cited state mandates in this item.

(4) Reimbursements to 6912-Youth & Community Programs.....		−110,000
Provisions:		
1. Expenditures shall not be made from the funds appropriated in this item as a substitution for personnel, equipment, facilities, or other assistance, or for any portion thereof, that, in the absence of the expenditure, or of this appropriation, would be available to the Adjutant General, the California State Military, or the State Military Reserve from the federal government.		
2. Of the funds appropriated in Schedule (1), $480,000 shall be for military retirements, in accordance with Sections 228 and 256 of the Military and Veterans Code.		
3. Of the funds appropriated in this item, $1,763,000 shall be used to provide mandatory employee compensation increases for state active duty employees. The funds provided in this provision shall be expended pursuant to Sections 320 and 321 of the Military and Veterans Code, which require state active duty employees to receive the same compensation increases as their counterparts on federal active duty. Any unspent funds subject to this provision shall revert to the General Fund.		
4. Annually on March 1, the Military Department shall submit a report to the fiscal committees of each house of the Legislature for the Job ChalleNGe Program with the following: (a) the program completion rate; (b) the rate of job placement in the field of study; and (c) the rate of continued employment 12 months after completion of the program based on responses from program graduates.

recoveries. The Military Department shall separate this amount from its operating budget in its accounting system and provide quarterly reports to the Department of Finance that reflect the updated appropriation authority for operations.

6. Of the amount appropriated in Schedule (1), up to $1,301,000 shall be used for the California Cybersecurity Integration Center.

7. Information sharing by the California Cybersecurity Integration Center shall be conducted in a manner that protects the privacy and civil liberties of individuals, safeguards sensitive information, preserves business confidentiality, and enables public officials to detect, investigate, respond to, and prevent cyberattacks that threaten public health and safety, economic stability, and national security.

8. Notwithstanding any other law, the Director of Finance may authorize a loan from the General Fund to the Military Department for cashflow purposes in an amount not to exceed $30,000,000, subject to the following conditions:
   (a) The loan is to meet cash needs resulting from a delay in reimbursements.
   (b) The loan is for a short term and shall be repaid upon order of the Director of Finance.
   (c) Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code.
   (d) Within 15 days of authorizing the loan, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house that consider appropriations.

9. Of the funds appropriated in Schedule (1), $15,000,000 shall be available for Counterdrug Task Force drug interdiction activities supporting local, state, federal, and tribal law enforcement agencies. Priority shall be given to activities targeting heroin, fentanyl, methamphetamine, cocaine, and other illegal drugs that can cause overdose deaths. The Military Department shall submit a report on how this funding was used on an annual basis, beginning October 1, 2026, until all funds have been spent. For each request, the report shall provide, at minimum,

9285-101-0001—For local assistance, payment to counties for Trial Court Security—Court Construction, to be allocated by the Controller..... 20,000,000

Schedule:

(1) 7580-Trial Court Security..... 20,000,000

Provisions:

1. The amount appropriated in this item is to provide payment to counties for increased trial court security staff as a result of court construction projects that had an occupancy date on or after October 9, 2011.
2. Counties may be eligible and may apply for funding from the Department of Finance if they demonstrate that, as a result of projects described in Provision 1, there is an overall effect of increasing costs to the county sheriff for court security. The Department of Finance may allocate funds upon a determination that additional funding is warranted under Section 69927 of the Government Code.
3. Funding requests may be submitted to the Department of Finance at any time, but requests shall be submitted by March 1, 2027, to be considered for funding in the 2026–27 fiscal year. Each county requesting additional trial court security staff as a result of the state's construction of court facilities, as described in Provision 1, shall submit a request to the Department of Finance pursuant to Section 69927 of the Government Code. Requests will be considered by the Department of Finance on a case-by-case basis. Requests received after March 1, 2027, shall be considered for funding in the following fiscal year, subject to an appropriation.
4. Upon review and approval of requests, the Department of Finance shall submit an allocation schedule to the Controller and shall notify the county of its decision. The Controller shall make payments to counties within 30 days of receipt of the allocation schedule provided by the Department of Finance.
5. The amount provided to counties shall be based on a base rate of $100,000 for each additional staff that the Department of Finance determines is necessary to meet the increased trial court se-

Schedule:

(1) 7720-Cash Management..... 1,000,000

Provisions:

1. The Director of Finance, the Controller, and the Treasurer shall satisfy any need of the General Fund for borrowed funds in a manner consistent with the Legislature's objective of conducting General Fund cashflow borrowing in a manner that best meets the state's interest. The state fiscal officers may, among other factors, take into consideration the costs of external versus internal cashflow borrowings and the potential impact

on other borrowings of the state including long-term borrowing. In conducting internal borrowing, the Controller shall ensure such borrowing is made in the most economical manner to the General Fund. Internal borrowable funds that require a higher rate of interest payments shall be borrowed only after other internal borrowable funds are fully utilized.

2. In the event that interest expenses and other costs related to internal borrowing exceed the amount appropriated in this item, there is hereby appropriated any amount necessary to pay such costs. Augmentation pursuant to this provision shall not be expended until 30 days after the Department of Finance notifies the Joint Legislative Budget Committee of the amounts necessary or until any lesser time after that notification as determined by the chairperson of the joint committee.

3. In the event that Revenue Anticipation Warrants (RAWs) or Registered Warrants (IOUs) are issued, or considered to be issued, there is hereby appropriated any amount necessary to pay the expenses incurred by the Controller, Treasurer, Attorney General, and the Department of Finance in providing for the preparation, sale, issuance, advertising, legal services, credit enhancement, liquidity facility, or any other act which, as approved by the Department of Finance, is necessary for such issuance. Augmentation pursuant to this provision shall not be expended or obligated prior to 30 days after the Department of Finance notifies the Joint Legislative Budget Committee of the amounts or potential costs necessary or prior to a shorter period of time as determined by the Chairperson of the Joint Legislative Budget Committee.

4. To ensure prompt and accurate General Fund cashflow projections for the state, all departments must provide information as requested by the Department of Finance in the timeframe and medium as specified by the Department of Finance. Information requested may include past actuals and future projection of disbursements, receipts, and cash balances.

Schedule:

(1) 7765-Equity Claims..... 0

(2) 7770-Settlements and Judgments.... 0

Item Amount

Provisions:

1. There is hereby appropriated from each fund, other than the General Fund, an amount sufficient for payment of tort liability claims, settlements, compromises, and judgments against the state, its officers, and servants and employees of state agencies, departments, boards, bureaus, or commissions arising from activities supported from that fund. No expenditure from any appropriation from a fund other than the General Fund for payment of tort liability claims, settlements, compromises, and judgments shall be made unless approved by the Department of Finance in its discretion.
2. Expenditures made under this item shall be charged to the fiscal year in which the warrant is issued by the Controller.
3. Payment under this item is limited in amount to claims, settlements, compromises, and judgments which do not exceed $70,000, exclusive of interest, and no payment from this item exceeding that amount shall be approved by the Department of Finance or made by the Department of Justice.
4. No payment shall be approved by the Department of Finance or made by the Department of Justice from this item except in full and final satisfaction of the claim, settlement, compromise, or judgment upon which the payment is based.
5. Funding for the payment of tort liability claims, settlements, compromises, and judgments which require the approval of the Director of Finance shall first be considered from within the affected agency's, department's, board's, bureau's, or commission's existing budgeted resources. Payment pursuant to this item (from funds other than the General Fund) shall be made only after the affected agency, department, board, bureau, or commission has demonstrated to the Department of Finance that insufficient funds are available for payment of all or a portion of the claim.

9800-001-0001—For Augmentation for Employee Compensation..... 122,873,000

Schedule:

(1) 7800-Employee Compensation Program..... 116,873,000

(2) 7801-Affordable Care Act Penalty Assessment..... 6,000,000

Provisions:

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.

2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to the General Fund, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.

3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to

Item Amount

collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

4. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively "pending agreements") that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.
5. As of July 31, 2027, the unencumbered balances of the funds appropriated in this item shall revert to the General Fund.
6. The Director of Finance may adjust this item of appropriation to reflect the health benefit premiums approved by the Board of Administration of the Public Employees' Retirement System or dental benefit premiums approved by the Department of Human Resources for the 2027 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.
7. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, the Department of Finance shall provide written notification to the Joint Legislative Budget Committee regarding any expenditure of funds resulting from any side

letter, appendix, or other addendum to a properly ratified memorandum of understanding which has not been proposed to the Legislature in a budget bill.

8. Notice provided pursuant to Provision 7 shall include a copy of the side letter, appendix, or other addendum (collectively, "addendum") and a fiscal summary of any expenditure of funds resulting from the agreement in the 2026–27 fiscal year and future fiscal years. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subdivision (a), (b), or (c) of this provision.

(a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine, if all of the following apply:

(1) The agreement results in total net costs of less than $1,000,000 (all funds) associated with each bargaining unit affected by the agreement during the 2026–27 fiscal year.

(2) Any cost resulting from the agreement can be absorbed within the 2026–27 fiscal year appropriation authority of impacted departments.

(3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.

(b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative

Budget Committee, or the chairperson's designee, may in each instance determine, if, during the legislative consideration of the 2026–27 Governor's Budget, the Department of Finance identified to the Legislature both of the following:

(1) The administration anticipated that the addendum would be signed during the 2026–27 fiscal year.

(2) Any costs resulting from the addendum are included in the 2026–27 Governor's Budget or another piece of legislation.

(c) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds requires legislative action before implementation if any of the following apply:

(1) The agreement results in total net costs greater than $1,000,000 (all funds) associated with each bargaining unit affected by the agreement during the 2026–27 fiscal year.

(2) The agreement results in costs that cannot be absorbed within the 2026–27 fiscal year appropriation authority of impacted departments.

(3) The addendum presents substantial additions that are not reasonably within the parameters of the original memorandum of understanding.

9. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, any addendum to a properly ratified memorandum of understanding that is implemented in the 2026–27 fiscal year, pursuant to subdivision (a) of Provision 8 and requires the expenditure of funds beyond the 2026–27 fiscal year that was not approved as part of the Budget Act of 2026, shall be approved by the Legislature as part of the Budget Act of 2027 or through another piece of legislation.

10. The Department of Human Resources shall promptly post on its public internet website all signed addenda. Each addendum shall be posted in its entirety, including any attachments or schedules that are part of the agreement, along

with the fiscal summary documents of the agreement.

11. The amount appropriated in Schedule (2) of this item shall be available for penalties the state may be assessed under the federal Patient Protection and Affordable Care Act (P.L. 111-148) or by another government entity where an individual health care mandate has been enacted and the state has a reporting obligation.

(a) The Director of Finance shall identify the specific amounts to be advanced and paid from the General Fund to the Internal Revenue Service, or another government entity, for payment of those penalties and notify the Controller of these amounts. Upon notification, the Controller shall make penalty assessment payments from this item.

(b) Notwithstanding any other law, the Department of Finance may transfer from, and adjust amounts in any appropriation item, or in any category thereof, funds necessary to reimburse this item for costs directly related to each state agency's, department's, or board's portion of employer reporting penalties that are attributable to those departments, as identified by the Controller. Additionally, notwithstanding any other law, the Department of Finance may direct a state agency, including those with funds and accounts held outside of the state treasury including, but not limited to, district agricultural associations, to reimburse, and such state agency shall reimburse, this item for costs directly related to the state agency's portion of employer reporting penalties that are attributable to the state agency, as identified by the Controller. Additionally, notwithstanding Section 22150 of the Government Code and Section 66606.2 of the Education Code, this provision shall also apply to the California State University. The authority granted to the Department of Finance under this provision may be used to reimburse this item for costs not reimbursed in prior fiscal years. Upon order of the Director of Finance, the Department of Finance shall provide the Controller a schedule of

the timing and amounts to be transferred and/or adjusted for purposes of this provision.

(c) Within 30 days after making any adjustment pursuant to this provision, the Director of Finance shall report the penalties assessed to the state in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

12. The Director of Finance may augment this item by up to $1,000,000 to reconcile adjustments, changes, and clarifications to federal laws, regulations, or guidelines pursuant to Section 13332.01 of the Government Code. The Department of Finance shall identify the specific amounts to be paid from the General Fund to the United States Department of Treasury, or other federal government entity, and notify the Controller of these amounts. Upon notification, the Controller shall make payments from this item.

9800-001-0494—For Augmentation for Employee Compensation, payable from other unallocated special funds..... 95,916,000

Schedule:

(1) 7800-Employee Compensation Program..... 95,916,000

Provisions:

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.

2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to special funds, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary

Item Amount

and benefit schedules established by the Department of Human Resources.

3. Notwithstanding any other law, upon approval of the Director of Finance, expenditure authority may be transferred between this item and Item 9800-001-0988 as necessary to fund costs for approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.

4. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision does not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased compensation costs, or approvals for departments to provide increased employee compensation levels, that are included in bills separate from the Budget Act.

5. This item contains funds estimated to be necessary to implement side letters, appendices, or other addenda to a memorandum of understanding (collectively referred to as “pending agreements”) that have been determined by the Joint Legislative Budget Committee to require legislative approval prior to their implementation, but which may not have been approved in separate legislation as of the date of the passage of this act. In the event that the Legislature does not approve separate legislation to authorize implementation of any of the pending agreements, the

Director of Finance shall not allocate any funds related to those pending agreements pursuant to Provision 2, and the expenditure of funds for those pending agreements shall not be deemed to have been approved by the Legislature.

6. As of July 31, 2027, the unencumbered balances of the above appropriation shall no longer be available for expenditure.

7. The Director of Finance may adjust this item of appropriation to reflect the health benefit premiums approved by the Board of Administration of the Public Employees' Retirement System or dental benefit premiums approved by the Department of Human Resources for the 2027 calendar year. Within 30 days of making any adjustment pursuant to this provision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

8. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, the Department of Finance shall provide written notification to the Joint Legislative Budget Committee regarding any expenditure of funds resulting from any side letter, appendix, or other addendum to a properly ratified memorandum of understanding which has not been proposed to the Legislature in a budget bill.

9. Notice provided pursuant to Provision 8 shall include a copy of the side letter, appendix, or other addendum (collectively addendum) and a fiscal summary of any expenditure of funds resulting from the agreement in the 2026–27 fiscal year and future fiscal years. The notice shall indicate whether the Department of Finance determines that an agreement does or does not require legislative action to ratify the addendum before implementation, pursuant to subdivision (a), (b), or (c) of this provision.

(a) An addendum to a properly ratified memorandum of understanding may be implemented without legislative action not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser

time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine, if all of the following apply:

(1) The agreement results in total net costs of less than $1,000,000 (all funds) associated with each bargaining unit affected by the agreement during the 2026–27 fiscal year.

(2) Any cost resulting from the agreement can be absorbed within the 2026–27 fiscal year appropriation authority of impacted departments.

(3) The addendum does not present substantial additions that are reasonably outside the parameters of the original memorandum of understanding.

(b) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds may be implemented not less than 30 calendar days after notice has been provided to the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine, if, during the legislative consideration of the 2026–27 Governor's Budget, the Department of Finance identified to the Legislature both of the following:

(1) The administration anticipated that the addendum would be signed during the 2026–27 fiscal year.

(2) Any costs resulting from the addendum are included in the 2026–27 Governor's Budget or another piece of legislation.

(c) An addendum to a properly ratified memorandum of understanding that results in any expenditure of funds requires legislative action before implementation if any of the following apply:

(1) The agreement results in total net costs greater than $1,000,000 (all funds) associated with each bargaining unit affected

by the agreement during the 2026–27 fiscal year.

(2) The agreement results in costs that cannot be absorbed within the 2026–27 fiscal year appropriation authority of impacted departments.

(3) The addendum presents substantial additions that are not reasonably within the parameters of the original memorandum of understanding.

10. Notwithstanding Sections 3517.6 and 3517.63 of the Government Code, any addendum to a properly ratified memorandum of understanding that is implemented in the 2026–27 fiscal year, pursuant to subdivision (a) of Provision 9 and requires the expenditure of funds beyond the 2026–27 fiscal year that was not approved as part of the Budget Act of 2026, shall be approved by the Legislature as part of the Budget Act of 2027 or through another piece of legislation.

11. The Department of Human Resources shall promptly post on its public internet website all signed addenda. Each addendum shall be posted in its entirety, including any attachments or schedules that are part of the agreement, along with the fiscal summary documents of the agreement.

9840-001-0001—For Augmentation for Contingencies or Emergencies..... 40,000,000

Schedule:

(1) 7806-Augmentation for Contingencies or Emergencies..... 40,000,000

Provisions:

1. Subject to the conditions set forth in this item, amounts appropriated by this item shall be transferred, upon approval by the Director of Finance, to augment any other General Fund item of appropriation that is made under this act to an agency, department, board, commission, or other state entity. Such a transfer may be made to fund unanticipated expenses to be incurred for the 2026–27 fiscal year under an existing program that is funded by that item of appropriation, but only in a case of actual neces-

sity as determined by the Director of Finance. For purposes of this item, an "existing program" is one that is authorized by law.

2. The Director of Finance shall not approve a transfer under this item, nor may any funds appropriated in augmentation of this item be allocated, to fund any of the following: (a) capital outlay, (b) any expense attributable to a prior fiscal year, (c) any expense related to legislation enacted without an appropriation, (d) startup costs of programs not yet authorized by the Legislature, (e) costs that the administration had knowledge of in time to include in the May Revision, or (f) costs that the administration has the discretion to incur or not incur.

3. A transfer of funds approved by the Director of Finance under this item shall become effective no sooner than 30 days after the director files written notification thereof with the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the fiscal committees in each house of the Legislature, or no sooner than any lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine, except for an approval for an emergency expense as defined in Provision 5.

4. Each notification shall include all of the following: (a) the date the recipient state entity reported to the Director of Finance the need to increase its appropriation, (b) the reason for the expense, (c) the transfer amount approved by the Director of Finance, and (d) the basis of the director's determination that the expense is actually needed. Each notification shall also include a determination by the director as to whether the expense was considered in a legislative budget committee and formal action was taken not to approve the expense for the 2026–27 fiscal year. Any increase in a department's appropriation to fund unanticipated expenses shall be approved by the Director of Finance.

5. The Director of Finance may approve a transfer under this item for an emergency expense only if the approval is set forth in a written notification that is filed with the Chairperson of the Joint Legislative Budget Committee, and the chairper-

sons of the fiscal committees in each house of the Legislature, no later than 10 days after the effective date of the approval. Each notification for an emergency expense shall state the reason for the expense, the transfer amount approved by the director, and the basis of the director's determination that the expense is an emergency expense. For the purposes of this item, "emergency expense" means an expense incurred in response to conditions of disaster or extreme peril that threaten the immediate health or safety of persons or property in this state.

6. Within 15 days of receipt, the Director of Finance shall provide, to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature, copies of all requests, including any supporting documentation, from any agency, department, board, commission, or other state entity for a transfer under this item. The submission to the Legislature of a copy of such a request does not constitute approval of the request by the Director of Finance. Within 15 days of receipt, the director shall also provide copies to these chairpersons of all other requests received by the Director of Finance from any state agency, department, board, commission, or other state entity to fund a contingency or emergency through a supplemental appropriations bill augmenting this item.

7. For any transfer of funds pursuant to this item, the augmentation of a General Fund item of appropriation shall not exceed the following during any fiscal year:
   (a) 30 percent of the amount appropriated, for those appropriations made by this act that are $4,000,000 or less.
   (b) 20 percent of the amount appropriated, for those appropriations made by this act that are more than $4,000,000.

8. The Director of Finance may withhold authorization for the expenditure of funds transferred pursuant to this item until such time as, and to the extent that, preliminary estimates of potential unanticipated expenses are verified.

9. The Director of Finance shall submit any requests for supplemental appropriations in aug-

mentation of this item to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature. Requests shall include the information and determinations required by Provision 4, excluding subdivision (c), and a determination that requests meet the requirements of Provision 2.

9840-001-0494—For Augmentation for Contingencies or Emergencies, payable from unallocated special funds..... 15,000,000

Schedule:

(1) 7806-Augmentation for Contingencies or Emergencies..... 15,000,000

Provisions:

1. Provisions 1, 2, 3, 4, 5, 6, 7, 8, and 9 of Item 9840-001-0001 also apply to this item, except references to General Fund appropriations shall instead refer to special fund appropriations.
2. For Augmentation for Contingencies or Emergencies, payable from special funds, there are appropriated from each special fund sums necessary to meet contingencies or emergencies, to be expended only upon written authorization of the Director of Finance.

9840-001-0988—For Augmentation for Contingencies or Emergencies, payable from unallocated nongovernmental cost funds..... 15,000,000

Schedule:

(1) 7806-Augmentation for Contingencies or Emergencies..... 15,000,000

Provisions:

1. Provisions 1, 2, 3, 4, 5, 6, 7, 8, and 9 of Item 9840-001-0001 also apply to this item, except references to General Fund appropriations shall instead refer to nongovernmental cost fund appropriations.
2. For Augmentation for Contingencies or Emergencies, payable from nongovernmental cost funds, there are appropriated from each nongovernmental cost fund that is subject to control or limited by this act, sums necessary to meet contingencies or emergencies, to be expended only upon written authorization of the Director of Finance.

9850-011-0001—For Augmentation for Contingencies or Emergencies (Loans)..... (25,000,000)

Provisions:

1. This appropriation is for loans that may be made to state agencies which derive their support from the General Fund or from sources other than the General Fund, upon terms and conditions for repayment as may be prescribed by the Department of Finance. Any sum so loaned shall, if ordered by the Department of Finance, be transferred by the Controller to the fund from which the support of the agency is derived.
2. No loan shall be made which requires repayment from a future legislative appropriation.
3. Authorizations for loans shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or not sooner than a lesser time which the joint committee, or its designee, may in each instance determine, except that this limit shall not apply if the Director of Finance states in writing to the Chairperson of the Joint Legislative Budget Committee the necessity and urgency for the loan which, in the judgment of the director, makes prior approval impractical.
4. Within 10 days after approval, the Director of Finance shall file with the Joint Legislative Budget Committee copies of all executive orders for loans stating the reasons for, and the amount of, all of these authorizations.

GENERAL SECTIONS
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 2026, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it may include acquisition of land or other real property to be owned by the state. It may also include minor projects, studies, specifications, design, construction, and equipment necessary in connection with a construction, repair, or improvement project on state-owned or state-leased property.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each program or project included in the schedule shall be limited to the amount specified for that program or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any moneys, and is not itself an item of appropriation.

As used in this act in reference to the schedules, "program" or "project" means a class of expenditure.

(a) "Programs" include all expenditures required to carry out the objectives of the named activity.

(b) "Projects" include expenditures to carry out a particular phase, or multiple phases, of work attributed to a project. For capital outlay projects, phases are budgeted as subschedules under the "project" schedule within an item of appropriation.

As used in this act in reference to the subschedules, the following means a class of expenditure such as, but not limited to:

(1) "Studies," when used in conjunction with a capital outlay project, are defined as budget package development, site studies and suitability reports, master planning, environmental studies and services, architectural programming, engineering assessments, and schematic design.

(2) "Acquisition" is defined as the acquisition of land or other real property in fee simple or any lesser right or interest.

(3) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion, and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(4) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(5) "Construction," when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration, and associated costs.

(6) "Performance criteria" are defined as the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site; the required form, fit, function, operational requirements, and quality of design, materials, equipment, and workmanship; and any other information

deemed necessary to sufficiently describe the state's needs. Performance criteria may include concept drawings, which include any schematic drawings or architectural renderings that are prepared in such detail as is necessary to sufficiently describe the state's needs.

(7) "Design-build" phase means the period following the award of a contract to a design-build entity in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(8) "Minor projects" include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 2026–27" submitted by the Governor to the Legislature at the 2026 portion of the 2025–26 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the Controller and to every state agency to which appropriations are made under this act.

SEC. 3.10. (a) Notwithstanding any other law, and in accordance with legislative intent, the Department of Finance may authorize subschedule transfers, as defined in Section 3.00, within individual capital outlay items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the projects funded by this act.

SEC. 3.50. Whenever an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, the following shall be charged to the appropriation from which salaries and wages are paid: workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the administrative costs of the Merit Award Program provided by Section 19823 of the Government Code, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20822 and 20824 of the Government Code, the state's contribution to the Teachers' Retirement Fund as provided by Sections 22950, 22951, and 23000 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 22601 and 22602 of the Government Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund for payment of hospital insurance taxes imposed by the Internal Revenue Code, the state's contribution to the Public Employees' Contingency Reserve Fund, the state's contribution for the cost of health benefits plans as provided by Sections 22871, 22881, and subdi-

vision (b) of Section 22883 of the Government Code, and the state's contribution for costs of other employee benefits and the administrative costs associated with the provision of benefits established by any state agency legally authorized to negotiate and set salary and benefit levels.

As of the effective date of this act, the state's contributions, as provided by Sections 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 22871, 22881, and subdivision (b) of Section 22883 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees' Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other law, the employers' retirement contributions for the 2026–27 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees' Retirement System (PERS) or the Judges' Retirement System II and who is in that employment or office shall be the percentage of salaries and wages by state member category, as follows:

Miscellaneous, First Tier..... 31.30%

California State University, Miscellaneous, First Tier..... 31.30%

Miscellaneous, Second Tier..... 31.30%

State Industrial..... 21.28%

State Safety..... 22.68%

Peace Officer/Firefighter..... 50.55%

California State University, Peace Officer/Firefighter..... 50.55%

Highway Patrol..... 68.32%

Judges' Retirement System II..... 22.62%

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for employer contributions for 2026–27 fiscal year retirement benefits to achieve the percentages specified in this subdivision. Beginning in the 2013–14 fiscal year, adjustments to the California State University (CSU) rates are applied to the actual pensionable 2013–14 fiscal year payroll, which is $2,307,876,000, as identified by the Controller. This process establishes pension funding adjustments through this section for CSU. This results in pension funding for CSU of $731,016,000 from the General Fund for the 2026–27 fiscal year. This amount will be included in the total appropriation for Item 6610-001-0001 in the 2026–27 fiscal year.

(b) Notwithstanding any other law, the Director of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivisions (a) and (b) are made.

(d) Of the percentage of salaries and wages by state member categories identified in subdivision (a), the following percentages are estimated to be the result of the increased employee contributions pursuant to Chapter 296 of the Statutes of 2012 (Assembly Bill 340 of the 2011–12 Regular Session) known as the California Public Employees' Pension Reform Act of 2013, and will be directed toward the state's unfunded pension liability:

Miscellaneous, First Tier..... 0.10%

California State University, Miscellaneous, First Tier..... 0.10%

Miscellaneous, Second Tier..... 0.10%

State Industrial..... 0.88%

State Safety..... 1.18%

Peace Officer/Firefighter..... 1.65%

California State University, Peace Officer/Firefighter..... 1.65%

Highway Patrol..... 1.32%

The contributions to the unfunded liability, as a result of the percentages of salaries and wages in this subdivision, are estimated to be $151,790,000 ($103,907,000 General Fund) for the 2026–27 fiscal year.

(e) The Director of Finance may adjust the percentage levels of the employers' retirement contributions listed in subdivisions (a) and (d) as a result of rates provided by the Board of Administration of the Public Employees' Retirement System. The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to this subdivision. Within 30 days of making an adjustment pursuant to this subdivision, the Director of Finance shall report the adjustment in writing to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

(f) (1) In addition to the employers' retirement contributions listed in subdivisions (a) and (d), the Department of Finance may direct the Controller to transfer up to the amount identified for appropriation pursuant to subclause (IV) of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution equivalent to the amount described in paragraph (3) of subdivision (d) of Section 35.50 to supplement the state's retirement contributions for the 2026–27 fiscal year.

(2) The Director of Finance shall direct the Controller to transfer the amount specified in paragraph (1) to either of the following:

(A) The Public Employees' Retirement Fund.

(B) The Surplus Money Investment Fund and other funds in the Pooled Money Investment Account that accrue interest to the General Fund, for repayment of principal and interest of a cash loan that was made to supplement the state's retirement contributions.

(3) The supplemental payment described in this subdivision is for unfunded liabilities for state-level pension plans in excess of current base amounts for the 2026–27 fiscal year. Therefore, any amount transferred to a fund identified in paragraph (2) constitutes an obligation pursuant to subclause (IV) of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution.

(4) The Director of Finance shall provide the Controller a schedule of the timing and amounts to be used for purposes of this subdivision.

SEC. 3.61. Contribution to Prefund Other Postemployment Benefits.

(a) Notwithstanding any other law, the employers' contribution for prefunding other postemployment benefits for the 2026–27 fiscal year that are chargeable to any item with respect to each state officer and employee who is a member of the Public Employees' Retirement System, the Judges' Retirement System, the Judges' Retirement System II, or the Legislators' Retirement System and who is in that employment or office shall be the monthly dollar amount or the percentage of pensionable compensation by bargaining unit, retirement category, fund source, or state office, department, division, board, bureau, commission, organization, or agency, as follows:

Bargaining Units 1, 3, 4, 11, 14, 15, 17, 20, and 21, Service Employees International Union.....0.0% of pensionable compensation.

Bargaining Unit 2, California Attorneys, Administrative Law Judges, and Hearing Officers in State Employment.....0.0% of pensionable compensation.

Bargaining Unit 5, California Association of Highway Patrolmen.....0.0% of pensionable compensation.

Bargaining Unit 6, California Correctional Peace Officers Association.....0.0% of pensionable compensation.

Bargaining Unit 7, California Statewide Law Enforcement Association.....0.0% of pensionable compensation.

Bargaining Unit 8, California Department of Forestry Firefighters.....0.0% of pensionable compensation.

Bargaining Unit 9, Professional Engineers in California Government.....0.0% of pensionable compensation.

Bargaining Unit 10, California Association of Professional Scientists..... 0.0% of pensionable compensation.

Bargaining Unit 12, International Union of Operating Engineers.....0.0% of pensionable compensation.

Bargaining Unit 13, International Union of Operating Engineers.....0.0% of pensionable compensation.

Bargaining Unit 16, Union of American Physicians and Dentists.....0.0% of pensionable compensation.

Bargaining Unit 18, California Association of Psychiatric Technicians.....0.0% of pensionable compensation.

Bargaining Unit 19, American Federation of State, County, and Municipal Employees.....0.0% of pensionable compensation.

Exempt and excluded employees with a collective bargaining identification designation of "E".....0.0% of pensionable compensation.

State employees of the Judicial Branch (excluding justices)..... 0.0% of pensionable compensation.

The Director of Finance may adjust amounts in any appropriation item, or in any category thereof, as a result of changes from amounts budgeted for the employers' contributions for prefunding other postemployment benefits for the 2026–27 fiscal year to achieve the percentages specified in this subdivision.

(b) Notwithstanding any other law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations shall be deemed to be the amounts remaining after the adjustments required by subdivision (a) are made.

(c) The Director of Finance may adjust the percentage levels of the employers' contribution for prefunding other postemployment benefits listed in subdivision (a) in accordance with either of the following:

(1) Labor agreements or other legislation approved by the Legislature.

(2) For employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.

(d) The Director of Finance shall notify the Controller by executive order of adjustments made pursuant to subdivision (c). The executive order shall be submitted not sooner than 30 days after notification of the adjustments in writing to the chairpersons of the fiscal committees in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

(e) (1) In addition to the employers' prefunding of other postemployment benefits listed in subdivision (a), the Department of Finance may direct the Controller to transfer up to the amount identified for appropriation pursuant to subclause (IV) of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution equivalent to the amount described in paragraph (3) of subdivision (d) of Section 35.50 for the prior fiscal year or the current fiscal year.

(2) The Director of Finance shall direct the Controller to transfer the amount specified in paragraph (1) to the California Employers' Retiree Benefit Trust Fund. The Director of Finance shall provide the Controller a schedule of the timing and amounts to be used for purposes of this subdivision.

SEC. 4.05. (a) Notwithstanding any other law, each item of appropriation provided in this act or other spending authority provided outside of this act, with the exception of those for the Legislature and the Legislative Counsel Bureau, shall be adjusted, as appropriate, to reflect the net savings achieved through operational efficiencies, elimination of excess positions, and other cost-reduction measures. The Director of Finance shall allocate the necessary adjustments to each item of appropriation or other spending or position authority to reflect net savings achieved. The Director of Finance may authorize an augmentation to any item of appropriation provided in this act or outside of this act to reflect the costs related to implementing operational efficiencies, elimination of excess positions, and other cost-reduction measures. The Department of Finance shall make the final determination of the budgetary and accounting transactions to ensure proper implementation of this section.

(b) Within 30 days of making any adjustments pursuant to this section, the Department of Finance shall report the adjustments in writing to the Joint Legislative Budget Committee.

SEC. 4.11. To promote greater transparency in how departments use position authority, the Department of Finance shall report to the Joint

Legislative Budget Committee and Legislative Analyst by January 10 of each year the past year actual numbers for each of the following: (1) percentage of vacant positions for each department, by month; (2) total authorized positions for each department; and (3) average percentage of vacant positions throughout the year for each department. This report shall be posted on the Department of Finance's internet website and easily accessible by the public from the department's eBudget internet website.

SEC. 4.13. Notwithstanding any other law, the Department of Finance may adjust General Fund expenditures resulting from the final redirection calculation and appeals pursuant to Chapter 24 of the Statutes of 2013 (AB 85). Upon order of the Department of Finance, any payment to a county based on the AB 85 final reconciliation shall be transferred by the Controller to the health account within the county's local health and welfare trust fund.

SEC. 4.20. Notwithstanding any other law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22885 of the Government Code, shall be 0.08 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses. The Director of Finance may, not sooner than 30 days after notification to the Joint Legislative Budget Committee, adjust the rate to ensure a two-month reserve in the Public Employees' Contingency Reserve Fund.

SEC. 4.30. (a) Notwithstanding any other law, the Director of Finance may adjust amounts in appropriation items, including funds transferred to the Expense Account in the Public Buildings Construction Fund, for rental payments on lease-purchase and lease-revenue bonds in this act as a result of changes from amounts budgeted for the costs for the 2026–27 fiscal year.

(b) Notwithstanding any other law, the adjustments for rental payments and insurance may be made from funds appropriated for this purpose or from any other funds legally available.

(c) Within 30 days of making any adjustments pursuant to this section, the Department of Finance shall report the adjustments in writing to the Joint Legislative Budget Committee.

SEC. 4.72. Upon presentation of project cost information by the Department of General Services, the Department of Finance may augment any non-General Fund item of appropriation of any department by an amount sufficient to reimburse the Department of General Services for activities related to engineering assessments and electric vehicle charging infrastructure at state facilities.

SEC. 4.75. The Director of Finance may adjust any item of appropriation for departmental support for the purpose of reimbursing the Department of General Services for centralized costs billed through the statewide surcharge.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs have been incurred, departments that have incurred those costs shall commit a suffi-

cient portion of their support appropriations to repay the interim financing costs.

SEC. 4.90. Notwithstanding any other law, the Department of Finance may transfer any funds previously transferred to the Architecture Revolving Fund back to the original fund source. A transfer shall not be authorized sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

SEC. 4.95. Notwithstanding any other law, the Department of Finance may transfer any funds previously transferred from the General Fund to the Inmate Construction Revolving Account back to the General Fund.

SEC. 5.25. (a) Payment of the attorney's fees specified in paragraphs (1) and (2) arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus, or commissions shall be paid from items of appropriation that support the state operations of the affected agency, department, board, bureau, or commission:

(1) State court actions filed pursuant to Section 1021.5 of the Code of Civil Procedure, the "private attorney general" doctrine, or the "substantial benefit" doctrine.

(2) Writ of mandate actions filed pursuant to Section 10962 of the Welfare and Institutions Code.

(b) Expenditures pursuant to subdivision (a) shall be made by the Controller, subject to the approval of the Director of Finance, and shall be charged to the fiscal year in which the disbursement is issued.

(c) A payment shall not be made by the Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney's fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Committee on Budget pursuant to Items 9840-001-0001, 9840-001-0494, and 9840-001-0988 of Section 2.00 when there are insufficient funds appropriated in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. The Department of Finance may, pursuant to a request by a department to which an appropriation is made by this act, authorize the use of up to $3,000,000 appropriated for support purposes for one or more of the acquisition, preliminary plans, working drawings, construction, performance criteria, or design-build phases of any project for the improvement of a state facility, provided that overall project costs do not exceed

$3,000,000. A request of more than $500,000 shall be reported to the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, not less than 30 days prior to Department of Finance approval.

SEC. 8.00. (a) Notwithstanding Section 28.00, any amounts received from the federal government for the purposes of funding antiterrorism costs in the state that exceed the current appropriation of federal funds for that purpose, are hereby appropriated. These federal funds shall be allocated upon order of the Director of Finance to state departments for state or local assistance purposes or directly to local governments to address high-priority needs for costs of funding antiterrorism incurred in the 2025–26 fiscal year and ongoing or new costs for the 2026–27 fiscal year.

(b) Allocations made to state departments may be used to offset expenditures paid or to be paid from other funding sources. Allocations made for the purpose of an offset shall be applied as a negative expenditure to the appropriation where the expenditure has been or will be charged.

(c) Allocations pursuant to this section may be authorized not sooner than 30 days after notification to the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairpersons of the committees in each house of the Legislature that consider appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2026–27 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

(c) Any expenditure of federal Temporary Assistance for Needy Families (TANF) block grant funds in excess of the amounts specified and appropriated in this act are subject to the notification procedures and requirements set forth in Section 28.00, or Provision 4 of Item 5180-101-0001 of Section 2.00, whichever is applicable. The notification and other requirements of Section 28.00 also shall apply to any proposed substitution of TANF block grant funds for other state or federal funds.

SEC. 8.51. Each state agency shall, by certification to the Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 8.52. (a) The Director of Finance may reduce items of appropriation upon receipt or expenditure of federal trust funds in lieu of the amount appropriated for the same purpose and may make allocations for the purpose of offsetting expenditures. Allocations made for the purpose of offsetting existing expenditures shall be applied as a negative expenditure to the appropriation where the expenditure was charged.

(b) The director shall notify in writing the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees in each house of the Legislature not less than 30 days prior to the effective date of any adjustments to items of appropriations made pursuant to this section or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine. The notification shall include, but not be limited to, the basis for the proposed appropriation adjustments, a description of the fiscal assumptions used in making the appropriation adjustments, and any necessary background information regarding the programs to be adjusted. Any expenditure of federal funds for purposes other than offsetting other fund appropriations shall continue to be subject to the provisions of Section 28.00.

SEC. 8.53. It is the intent of the Legislature that reductions to federal funds appropriated in the Budget Bill enacted for each fiscal year, resulting from federal audits, be communicated to the Legislature in a timely manner. Therefore, notwithstanding any other law, an agency, department, or other state entity receiving a final federal audit or deferral letter shall provide a copy of it to the Chairperson of the Joint Legislative Budget Committee within 30 days.

SEC. 8.54. (a) It is the intent of the Legislature that the State of California collect federally allowable statewide indirect costs, except where prohibited by federal statutes. If the Department of Finance determines a state agency is not recovering allowable statewide indirect costs from the federal government as required by Sections 13332.01 and 13332.02 of the Government Code, the Department of Finance may reduce any appropriation for state operations for the state agency by an amount not to exceed 1 percent and transfer that amount to the Central Service Cost Recovery Fund, the General Fund, or both, as allocated by the Department of Finance.

(b) The Department of Finance shall notify in writing the Chairperson of the Joint Legislative Budget Committee not less than 30 days prior to the effective date of any reductions to items of appropriation made pursuant to this section or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. The notification shall contain the following: (1) the state agency name, (2) the amount of central services costs that was not recovered, (3) the item of appropriation that will be reduced, and (4) the amount of the reduction to the appropriation and the amount of the transfer to the Central Service Cost Recovery Fund, the General Fund, or both.

SEC. 8.75. (a) In order to maximize the state's receipt of federal funds, it is the intent of the Legislature in enacting this section to provide flexibility and streamline the administrative approval process for providing funds, including funds from the General Fund, to meet state matching requirements and take full advantage of funding opportunities made available under the Infrastructure Investment and Jobs Act (P.L. 117-58), the Inflation Reduction Act (P.L. 117-169), and the CHIPS Act of 2022 (P.L. 117-167), and set a deadline of September 30, 2028, for expenditure of the funds. It is also the intent of the Legislature in enacting this section to more generally provide flexibility for budgetary adjustments to appropriations for applicable purposes, to expend unanticipated federal funds received by the state that are available for such purposes, and offer the use of state funds consistent with the purposes for which the unanticipated federal funds were made available, if applicable.

(b) In the event that unanticipated formula or competitive fund opportunities are made available for a state department under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, the Director of Finance may provide the department a letter of commitment, if one is needed, for funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source and provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match, to indicate the state's commitment to meet the state match requirements mandated for the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022.

(c) In the event that unanticipated formula or competitive fund opportunities under the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 are awarded to a state department, the Department of Finance may adjust any item in Section 2.00 or create a new item to provide funds from an existing appropriation, including funds from the General Fund, if the department lacks an alternative viable funding source, to meet state match requirements mandated for the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022, provided the proposed use of the additional federal funds is consistent with general uses of the appropriated funds provided as match.

(d) The Department of Finance may allocate unanticipated federal funds to effect or reduce, in whole or in part, any item of appropriation for purposes, including appropriations from state funds and from existing federal funding sources. Allocations shall be consistent with the purposes for which the unanticipated federal funds were made available. Reductions to appropriations made pursuant to this subdivision shall equal the amount of federal funds to be allocated. Any savings pursuant to this section shall revert to the fund from which the appropriation was made.

(e) The Department of Finance may create a new budget item to accommodate unanticipated federal funds from the Infrastructure Investment and Jobs Act, the Inflation Reduction Act, or the CHIPS Act of 2022 intended for applicable purposes consistent with the purposes for which the unanticipated federal funds were made available, should an applicable item of appropriation not exist in the State Budget.

(f) Any adjustment pursuant to this section shall not be made prior to 30 days after the Director of Finance notifies the Chairperson of the Joint Legislative Budget Committee in writing of the purposes of the planned adjustment, and justification for the adjustment amount. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the Controller shall so notify the Department of Finance. The Department of Finance shall then notify the Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act would have insufficient funding by such a charge, funding augmentations must follow the regular budget processes.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Section 10108 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with this section. Upon receipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. The Department of Finance shall report to the Joint Legislative Budget Committee when a reportable information technology project's overall costs increase by $5,000,000 or 20 percent of the budgeted cost of the project, whichever is less. Each report shall include all of

the following: (a) the total change in cost, scope, and schedule; (b) the reason for the change or changes; (c) a description of new, amended, or new and amended contracts required as a result of the change or changes; (d) a list of the risks and issues identified in the last two Independent Verification and Validation and Independent Project Oversight Reports and any risk and issue that has been identified since those reports; and (e) the department's planned mitigation of these risks and issues. The report shall be made no less than 30 calendar days prior to any commitment to a new contract or contract amendment that is a result of the change or changes identified above, or a lesser period if requested by the department and approved by the Chairperson of the Joint Legislative Budget Committee or the chairperson's designee.

SEC. 11.10. (a) Before a department may enter into or amend a statewide software license agreement not previously approved by the Legislature that obligates state funds in the current year or future years, the Director of Finance shall notify the Legislature whether or not the obligation will result in a net expenditure or savings. A department shall prepare and submit to the Department of Finance a business proposal containing the following elements: installed base analysis, future use (including assumptions for future use), the reason for choosing a statewide license agreement rather than any other procurement method such as a volume purchase agreement, a cost-benefit analysis, a cost-allocation methodology, and a funding plan. A statewide software license agreement may not be entered into or amended unless the approval of the Director of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairpersons of the budget committees of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not less than whatever shorter period prior to the effective date of the approval the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. Each notification required by this section shall:

(1) Explain the necessity and rationale for the proposed agreement.

(2) Identify the cost savings, revenue increase, or other fiscal benefit of the proposed agreement.

(3) Identify the funding source for the proposed agreement.

(b) For purposes of this section, "statewide software license agreement" means a software license contract that can be used by multiple state agencies subject to Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code except that this section shall not apply to the University of California, the California State University, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the California Constitution, or the Legislature.

(c) Subdivision (a) does not apply if the amount of the proposed contract or amendment is less than $1,000,000 in the aggregate.

SEC. 11.11. To protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advices to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advices is protected from unauthorized access. The Department of Human Resources shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 11.96. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative adjustments, to fully spend the $27,017,016,860 in federal funds allocated from the Coronavirus State Fiscal Recovery Fund as authorized by the federal American Rescue Plan Act of 2021 (P.L. 117-2), that support the state's response to the COVID-19 public health emergency, address the negative economic impacts caused by COVID-19, support eligible infrastructure, or are otherwise eligible expenditures pursuant to federal law or guidance. These funds shall be deposited in the Coronavirus Fiscal Recovery Fund of 2021 and may earn interest.

(b) Except as provided in this section, allocations of these funds shall be made in the annual Budget Act or another statute. Section 28.00 does not apply to the funds described in this section.

(c) Beginning July 1, 2026, the Director of Finance may adjust any item of appropriation to reallocate funds, to ensure funds are either returned to the federal government pursuant to federal guidance and regulations or expended or encumbered by the federal deadline for other allowable activities, including, but not limited to, direct disaster response costs based upon actual expenditures, as determined by the Department of Finance, pursuant to this section, subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h). If no item for a department currently exists to allow for the expenditure of funds, an item may be created for this purpose. The Controller shall shift any accounting transactions posted as directed by the Director of Finance.

(d) Until all funds are expended or encumbered, the Director of Finance shall annually report in writing by March 1 the amount of unexpended or unencumbered funds by program to the Joint Legislative Budget Committee and the chairpersons of the committees in each house of the Legislature that consider appropriations.

(e) All obligations from the Coronavirus Fiscal Recovery Fund of 2021 shall be liquidated by the end of the period of performance of December 31, 2026, unless the Director of Finance determines this deadline should be adjusted pursuant to any changes authorized by the federal government, including regulations or federal guidance.

(f) The Director of Finance is authorized to initiate the reversion of unspent funds from an appropriation for a specific programmatic purpose from the Coronavirus Fiscal Recovery Fund of 2021. Any unspent funds made available pursuant to this subdivision shall be allocated to direct

disaster response costs based upon actual expenditures or returned to the federal government, as determined by the Department of Finance, pursuant to this section, subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h).

(g) (1) Notwithstanding any other provision of law, the Director of Finance may authorize the transfer of interest earned from the Coronavirus Fiscal Recovery Fund of 2021 to the General Fund to be allocated for the following purposes:

(A) To support administrative and operational costs incurred for the programmatic purposes appropriated from the Coronavirus Fiscal Recovery Fund of 2021 until December 31, 2026.

(B) To conduct an audit or address audit findings to mitigate and ensure full compliance and use of the funds described in subdivision (a) for the intended purposes, consistent with federal requirements for any program, project, or function in the schedule of any item of appropriation in this act.

(C) Any remaining interest, after the allocations pursuant to paragraphs (A) and (B), shall be allocated as determined by the Department of Finance.

(2) If no item for a department currently exists to allow for a General Fund allocation, pursuant to paragraph (1), an item may be created for this purpose. The funds allocated pursuant to this subdivision shall be available for encumbrance or expenditure until December 31, 2026.

(3) Any actions taken by the Director of Finance pursuant to this subdivision is subject to notification to the Joint Legislative Budget Committee as specified in subdivision (h).

(h) Adjustments, including reversions, authorized pursuant to this section shall not be expended or reverted prior to 30 days after the Director of Finance notifies the Joint Legislative Budget Committee in writing of the purposes of the planned expenditure or reversion and the justification for the amount proposed for expenditure or reversion. The Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may shorten or waive that 30-day period by written notification to the Director of Finance.

SEC. 11.97. It is the intent of the Legislature that federal fund appropriations for capital outlay projects that may be excluded from the state appropriations limit, as provided in Article XIII B of the California Constitution, be funded with General Fund resources to the maximum extent possible in the 2026–27 fiscal year. The Department of Finance shall determine if any appropriation of federal funds meets the definition of qualified capital outlay projects pursuant to Section 7914 of the Government Code. If the Department of Finance determines that a capital outlay federal fund appropriation qualifies, except for federal funds specifically allocated for capital outlay projects, the Director of Finance may replace the identified appropriation with eligible noncapital outlay expenditures appropriated from the General Fund, but only to the extent necessary to remain below the state appropriations limit for the 2026–27 fiscal year.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state "appropriations limit" of $180,590,000,000 for the 2026–27 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the "appropriations limit" for the 2026–27 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2026–27 Final Change Book for the 2026–27 fiscal year ending balance. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording "Proposition 98." In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, not less than 30 days after notification in writing of the proposed designation to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not less than a shorter period after notification that the chairperson of the joint committee, or the chairperson's designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of Division 3 of Title 2 of the Education Code, the total appropriations for Proposition 98 for the 2026–27 fiscal year are $89,876,642,000, or 39.34 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for school districts are $80,440,571,000, or 35.21 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated to school districts and community college districts for adult education and K–12 Career Technical Education Strong Workforce Program are $863,463,000, or 0.38 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for community college districts are $8,472,507,000, or 3.71 percent of total General Fund revenues, Education Protection Account revenues, and transfers subject to the state appropriations limit. General Fund and Education Protection Account revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are $100,101,000, or 0.04 percent of total General Fund revenues, Education

Protection Account revenues, and transfers subject to the state appropriations limit. No General Fund and Education Protection Account revenues are scheduled to be transferred to the Public School System Stabilization Account for the 2026–27 fiscal year.

(c) Notwithstanding any preexisting budgetary or accounting requirements to the contrary, the Department of Finance shall make the final determination of the proper budgeting and accounting of the revenues received by, and disbursements from, the Education Protection Account.

SEC. 12.35. Notwithstanding any other law, the Student Aid Commission shall not implement any change in policy or practice that would have a fiscal effect exceeding $5,000,000 in any year to the costs of the programs funded in Item 6980-101-0001 unless the change is first approved by the Director of Finance and notice is provided by the Director of Finance to the chairpersons of the fiscal committees of each house of the Legislature not less than 30 days prior to the effective date of the approval. Each notification shall (a) explain the necessity for the change in policy or practice and (b) identify the fiscal effect of the change in the current fiscal year and subsequent fiscal years. It is the intent of the Legislature not to affect the entitlements of the Cal Grant Program.

SEC. 12.45. The Director of Finance shall, for all agencies and departments paid through the Uniform State Payroll System (including the California State University), adjust as necessary any items to recognize the change in the accounting method for the payment of state employee salaries, pursuant to Section 13302 of the Government Code, and all benefits, including, but not limited to, both salary-driven benefits, not otherwise deferred, and health care costs.

SEC. 13.00. (a) Notwithstanding any other law, expenditures under Items 0160-001-0001 and 0160-001-9740 of Section 2.00 or any appropriation in augmentation of those items shall be exempt from Chapter 5.5 (commencing with Section 11531) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, or successor statutes, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor’s Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other law, the unencumbered balances as of June 30, 2027, of the appropriations made by Items 0160-001-0001 and 0160-001-9740 of Section 2.00 are reappropriated and shall be available for encumbrance until June 30, 2028, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other law, all moneys that are received as payment for the sale of services or personal property by the agency that have not been taken into consideration in the schedule of Item 0160-001-0001 of Section 2.00, or are in excess of the amount so taken into consideration, are to be credited to that item and are hereby appropriated in

augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

SEC. 14.00. (a) Notwithstanding any other law, if the Director of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the Department of Consumer Affairs to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the purpose for which the special fund was created.

(2) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 24 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2026–27 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other law, the Department of Consumer Affairs, during the 2026–27 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the purpose for which that special fund was created.

(B) The loan shall be repaid as soon as there are sufficient moneys in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2026–27 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the "clearing account" in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays operating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of Consumer Affairs shall provide a report by April 1, 2027, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding fiscal year to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds $200,000 or (2) the aggregate amount of loans from any one fund exceeds $200,000.

SEC. 15.04. (a) The Department of Finance may transfer any portion of any Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024 (Proposition 4) appropriation from the state entity receiving the appropriation to another state entity, for the following purposes:

(i) To collaboratively fund projects at a landscape or multijurisdictional scale to provide multiple benefits consistent with Section 90620 of the Public Resources Code. A single state entity may be designated as the primary state entity for the purposes of receiving transferred Proposition 4 funds and administering a landscape or multijurisdictional scale project that meets the purpose or purposes specified in Proposition 4.

(ii) To avoid delays related to cashflow constraints resulting from reimbursements in arrears when a state entity awards or assigns funding pursuant to Proposition 4 to another state entity by instead providing the funding directly to the state entity receiving the award or assignment.

(b) To receive consideration for approval of a transfer pursuant to paragraph (i) of subdivision (a) of this section, the primary state entity must notify Finance within 30 days of finalizing an agreement with each participating state entity. The notification shall include: the project name and description, total estimated cost of the project, the amount of funding to be contributed by the participating entity, the amount or amounts and the Proposition 4 section or sections authorizing the subject funding for each needed transfer, and the amounts by funding source of all other approved or pending state entity contributions to the project.

(c) The Department of Finance may create new items as necessary to facilitate the transfer and expenditure of funds as authorized pursuant to this section.

(d) Upon processing of any transfer authorized pursuant to this section, the state entity receiving the transfer shall notify the California Natural Resources Agency to assist with tracking of transferred funds. The notification shall include the project name, the amount of funding transferred,

and a list of the item or items of appropriation impacted, including dollar amounts by item, and the associated Proposition 4 sections authorizing the funding.

SEC. 15.14. (a) Any appropriation from the Greenhouse Gas Reduction Fund shall be subject to the restrictions specified in subdivision (b).

(b) No department shall encumber or commit its appropriations for fiscal year 2026–27 until a determination is made by the Department of Finance that Cap-and-Invest auction proceeds in fiscal year 2026–27 are sufficient to fully fund amounts specified in subdivisions (a) and (b) and paragraph (1) of subdivision (c) of Section 39719.4 of the Health and Safety Code.

(c) If there are not sufficient funds to fully fund appropriations pursuant to subdivision (b), the Department of Finance shall proportionally reduce appropriations based on the amount of funding available from auction proceeds after subdivisions (a) and (b) and paragraph (1) of subdivision (c) of Section 39719.4 of the Health and Safety Code are fully funded.

(d) Upon determination of the final amount of auction proceeds after the fourth Cap-and-Invest auction in fiscal year 2026–27, the Department of Finance shall make a final determination for the expenditure of any remaining available auction proceeds pursuant to subdivision (d) of Section 39719.4 of the Health and Safety Code, and shall notify the Joint Legislative Budget Committee no later than 30 days after its final determination if there are decreased auction proceeds that require a modification to the expenditure of funds.

(e) The Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) does not apply to guidelines or other standards adopted and used by a state agency in administering an allocation of moneys from the Greenhouse Gas Reduction Fund.

SEC. 15.25. (a) Notwithstanding any other law, the Director of Finance may adjust amounts in any item of appropriation in Section 2.00 resulting from changes in rates for technology services in the 2025 or 2026 calendar year.

(b) Within 30 days of making any adjustment pursuant to this section, the Department of Finance shall report the adjustment in writing to the Joint Legislative Budget Committee.

SEC. 15.45. The Controller shall offset General Fund payments to the Trial Court Trust Fund in Section 2.00 with any funds received from county offices of education for reimbursement of trial court costs pursuant to Section 2578 of the Education Code. These offsets shall be recorded as a reduction of total expenditures and shall not be a reduction to any department or program budget item.

SEC. 20.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of reappropriations and reversions within individual items of appropriation in those instances where the actions are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by

this act or any prior appropriation. No adjustment shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function. This process shall not be used for the Department of Corrections and Rehabilitation.

(b) The Director of Finance may extend the date of availability for encumbrance or expenditure, of any appropriation or reappropriation, or a portion thereof, from the funds specified in subdivision (f), to no later than three years following the last day the appropriation is currently available for encumbrance if the Director of Finance determines that the department, office, or other state entity requires additional time to complete the original purpose of the appropriation.

(c) The Director of Finance may extend the period that an encumbrance of an appropriation from the funds specified in subdivision (f), or a portion thereof, is available for liquidation to no later than three years following the last day the appropriation is currently available for liquidation.

(d) If the Director of Finance determines that it is necessary to revert all, or a portion, of a support or local assistance appropriation from the funds identified in subdivision (f), that portion shall, upon order of the Director of Finance, revert to and become a part of the fund from which the appropriation was made.

(e) (1) Any reappropriation, extension, or reversion pursuant to subdivision (b), (c), or (d) may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. No more than two such notifications shall be submitted per fiscal year, and shall be submitted on or before February 1 and May 1 and include the information in paragraph (2).

(2) The notification shall include a report listing reappropriations, reversions, and extensions of liquidations. For each reappropriation, reversion, and extension, the report shall include all information that identifies each impacted department, if applicable, the appropriation type, the associated item of appropriation and enactment year, bond subsection, if applicable, new encumbrance and liquidation dates, if applicable, and a brief description of the rationale for each change.

(f) This section shall apply to the following specified funds:

(1) 0545-River Parkway Subaccount.

(2) 0660/0668-Public Buildings Construction Fund.

(3) 6001-Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund.

(4) 6005-Flood Protection Corridor Subaccount.

(5) 6007-Urban Stream Restoration Subaccount.
(6) 6013-Watershed Protection Subaccount.
(7) 6022-Coastal Nonpoint Source Control Subaccount.
(8) 6026-Bay-Delta Multipurpose Water Management Subaccount.
(9) 6027-Interim Water Supply and Water Quality Infrastructure and Management Subaccount.
(10) 6029-California Clean Water, Coastal and Beach Protection Fund of 2002.
(11) 6031-Water Security, Clean Drinking Water, Clean Air, Safe Neighborhood Parks, and Coastal Protection Fund.
(12) 6041-Higher Education Capital Outlay Bond Fund of 2004.
(13) 6049-2006 California Community College Capital Outlay Bond Fund.
(14) 6051-Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Fund of 2006.
(15) 6083-Water Quality, Supply, and Infrastructure Improvement Fund of 2014.
(16) 6087-2016 California Community College Capital Outlay Bond Fund.
(17) 6088-California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Fund.

SEC. 24.00. For each fiscal year, the donations and oil and mineral revenues from federal lands that are deposited in the State School Fund shall be divided between Sections A and B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or B of the State School Fund are disbursed for regular apportionments.

SEC. 24.30. Notwithstanding any other law, the Controller, upon the order of the Director of Finance, shall transfer sale and lease revenues received pursuant to Sections 17089 and 17089.2 of the Education Code, in an amount determined by the Department of Finance, from the State School Building Aid Fund to the General Fund.

SEC. 24.60. Each state entity receiving lottery funds shall annually report to the Governor and the Legislature on or before May 15 the amount of lottery funds that the entity received and the purposes for which those funds were expended in the prior fiscal year, including administrative costs. The State Department of Education shall report on behalf of K–12 entities. If applicable, the entity shall also report the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expen-

diture of funds allocated to a local educational agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA's fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 25.40. Notwithstanding any other law, the Department of Finance may adjust amounts in any appropriation item, or in any category thereof, to remove amounts budgeted from any state departments, that are used to reimburse the Department of General Services for Contracted Fiscal Services, budgeting and accounting services.

SEC. 25.50. Notwithstanding any other law, an amount not to exceed $885,000 is hereby appropriated from various funds to the Controller, as specified below, for reimbursement of costs for the ongoing maintenance and support of the Apportionment Payment System:

0046 Public Transportation Account.....19,000

0062 Highway Users Tax Account.....305,000

0064 Motor Vehicle License Fee Account.....17,000

0330 Local Revenue Fund.....100,000

0877 DMV Local Agency Collection Fund.....2,000

0932 Trial Court Trust Fund.....174,000

0969 Public Safety Account.....268,000

Total, All Funds.....885,000

The Controller shall assess these funds for the costs of the Apportionment Payment System because apportionment payments in excess of $10,000,000 are made annually from these funds. Assessments in support of the expenditures for the Apportionment Payment System shall be made monthly, and the total amount assessed from these funds may not exceed the total expenditures incurred by the Controller for the Apportionment Payment System for the 2026–27 fiscal year.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intraschedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) Twenty percent of the amount so scheduled on that line for those appropriations made by this act that are $2,000,000 or less.

(2) $400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than $2,000,000 but equal to or less than $4,000,000.

(3) Ten percent of the amount so scheduled on that line for those appropriations made by this act that are more than $4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of $200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time after that notification the chairperson of the joint committee, or the chairperson's designee, may in each instance determine.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other nonstate funds in cases that meet the criteria set forth in this section. However, this section does not provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation. Specifically, augmentations for items which the administration had knowledge to include in its 2026–27 budget plan should not be submitted through the process provided by this section. Augmentations for items which can be deferred to the 2027–28 fiscal year should be included in the administration's 2027–28 fiscal year budget proposals.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule of any appropriation in this act or any additional program, project, or function equal to the amount of any additional, unanticipated funds that the director estimates will be received by the state during the 2026–27 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2026–27 fiscal year.

(c) In order to receive consideration for an augmentation, an agency shall either (1) notify the director within 45 days of receiving official notice of the availability of additional, unanticipated funds, or (2) explain in writing to the director why that notification was infeasible or impractical. In either case, the recipient agency shall provide the director a copy of the official notice of fund availability.

(d) The director also may reduce any program, project, or function whenever the director determines that funds to be received will be less than the amount taken into consideration in the schedule.

(e) Any augmentation or reduction that exceeds either (1) $400,000 or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or the chairperson's designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by the director that the augmentation meets each of the requirements set forth in subdivisions (b) and (c). This notification shall include the date that the recipient department received official notice of the additional funds, and a copy of the agency's written explanation if a 45-day notice was not provided to the director. This notification requirement does not apply to federal funds related to caseload increases in the Medi-Cal program, California Work Opportunity and Responsibility to Kids (CalWORKs), and the Supplemental Security Income/State Supplementary Payment (SSI/SSP) Program.

(f) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2027.

SEC. 28.30. (a) (1) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of budgetary reductions to appropriations to address unanticipated reductions in the receipt of federal funds. Upon the enactment of federal legislation or an action by a cognizant federal agency to either terminate, rescind, or otherwise reduce the state's receipt of federal funds already committed to the state by the cognizant federal agency, the Director of Finance is authorized to reduce, through executive order or budget revision, any item of appropriation, including appropriations from any state fund, for any program, project, or function to align with any reduction in the state's receipt of federal funds.

(2) Notwithstanding any other law, the Director of Finance, pursuant to paragraph (1), shall direct the state agency subject to the appropriation reduction. The state agency shall comply with the directions of the Director of Finance to align current services and operations to available funding levels until June 30, 2027.

(3) This section does not authorize the Director of Finance to make programmatic changes, including, but not limited to, benefit determinations such as eligibility criteria and payment rates.

(b) Any reductions authorized pursuant to subdivision (a) shall not be made prior to 30 days after the Director of Finance notifies the chairperson of the Joint Legislative Budget Committee in writing of the planned re-

duction and the justification for the amount of the planned reduction. The chairperson of the joint committee, or the chairperson's designee, may shorten or waive the 30-day period by written notification to the Director of Finance.

SEC. 28.31. (a) Notwithstanding any other law, the Director of Finance may authorize a short-term loan from the General Fund or any special fund to state departments or agencies experiencing delays in their receipt of federal funds in an amount to be determined by the Director of Finance, as specified, and based on terms and conditions for repayment as prescribed by the Director of Finance. A loan from the General Fund or a special fund to the affected state department or agency under this subdivision shall be subject to the following conditions:

(1) The loan is intended only to meet cash needs resulting from a delay in the receipt of federal funds.

(2) The loan is short-term and shall be repaid by June 30, 2027, or upon receipt of the federal funds, pursuant to terms and conditions and other determinations established by the Department of Finance.

(3) For short-term loans from the General Fund, interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code.

(4) The Director of Finance may administratively establish or adjust items of appropriation to implement this subdivision.

(b) For purposes of implementing this section, |P`delay|P' includes instances when federal funding is temporarily paused or the federal government requires additional review or additional or new submission requirements before reimbursement is received for a federal program. |P`Delay|P' does not include funding that the federal government has proposed for cancellation, reversion, or rescission, or that it has cancelled, reverted, or rescinded.

(c) Any loan authorized pursuant to subdivision (a) shall not be made prior to 20 days after the Director of Finance notifies the chairperson of the Joint Legislative Budget Committee in writing of the planned loan and the justification for the amount of the planned loan. The chairperson of the joint committee, or the chairperson's designee, may shorten or waive the 20-day period by written notification to the Director of Finance.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2026–27 fiscal year all moneys received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2026–27 fiscal year that exceeds $200,000, the Director of Finance shall

provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairpersons of the committees in each house of the Legislature that consider appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not later than whatever lesser amount of time prior to that effective date the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50.

(c) (1) Upon written notification from the Senate Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0110-001-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Senate and the entity receiving the additional funding under the latter item.

(2) Upon written notification from the Assembly Committee on Rules to the Controller and the Director of Finance, the Controller shall transfer, from Item 0120-011-0001 of Section 2.00 to an item specified by the committee, an amount specified by the committee for a purpose mutually agreed upon by the Assembly and the entity receiving the additional funding under the latter item.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total positions for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision, and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain actual filled positions for the past year, an estimate of positions for the current year, and proposed positions for the budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of positions proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of positions for the fiscal year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2027, no moneys in any fund that, by any statute other than a Budget Act, are continuously appropriated without regard to fiscal years may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2027.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of departmental budgets approved by the Department of Finance.

(b) The departmental budgets shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved. Authorization by the Department of Finance is required for (1) the reclassification of any position to or from a monthly maximum salary of $13,842 or above, regardless of range, (which is equivalent to the monthly maximum salary of the Information Technology Manager II classification as of July 1, 2026) and (2) the establishment of any new position not (A) specifically identified in the Governor's Budget and approved by the Legislature or (B) approved by the Legislature and specifically documented in the Final Change Book or enacted legislation. Additionally, authorization by the Department of Finance is required for (1) the reclassification of any non-Career Executive Assignment classification to a Career Executive Assignment classification or (2) the administrative establishment of any Career Executive Assignment classification.

(c) The Department of Finance shall, for a period of not less than two years, keep and preserve documentation concerning position changes approved as specified in subdivision (b). The Department of Finance may use electronic means to keep and preserve this documentation.

(d) It is the intent of the Legislature that all positions administratively established pursuant to this section that are intended by the administration to be ongoing be submitted to the Legislature for approval through the regular budget process as soon as possible. All positions administratively established pursuant to this section during the 2026–27 fiscal year shall

terminate on June 30, 2027, except for those positions that have been (1) approved by the Legislature as part of the regular budget process for the 2027–28 fiscal year as new positions or (2) approved by the Department of Finance after the 2027–28 Governor's Budget submission to the Legislature and subsequently reported to the Legislature prior to July 1, 2027. The positions identified in (2) above may be reestablished by the Department of Finance during the 2026–27 fiscal year, provided that these positions are shown in the Governor's Budget for the 2028–29 fiscal year as submitted to the Legislature, and provided that these positions do not result in the reestablishment of positions deleted by the Legislature through the budget process for the 2027–28 fiscal year. The Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the reestablishment of positions approved in the 2027–28 fiscal year pursuant to (2) above.

(e) Moneys appropriated in the 2026–27 fiscal year may be expended for increases in salary ranges or any other employee compensation action only if appropriated for that purpose, or if the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2027–28 fiscal year. If the Department of Finance determines that supplemental funding will be required, the department may certify only if it notifies in writing, at least 30 days before, the chairpersons of the committees in each house of the Legislature that consider appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or the chairperson's designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with this section.

(g) Requests to continue administratively established positions as ongoing positions pursuant to subdivision (d) shall include information on the date the positions were administratively established. This information shall be included in the administration's budget change proposals and finance letters. If the administration requests to establish new positions in the 2027–28 fiscal year, and subsequently decides to administratively establish the positions in the 2026–27 fiscal year, the Department of Finance shall provide written notification to the Chairperson of the Joint Legislative Budget Committee within 30 days of the administrative establishment of the positions.

(h) This section applies to all state agencies, departments, boards, bureaus, and commissions.

SEC. 32.00. (a) The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropria-

tions are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation.

(b) Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act shall be liable both personally and on the member's official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing. Notwithstanding the foregoing or any other law, a person may not be held personally liable for the amount of any indebtedness created by an expenditure in excess of an appropriation made by this act if all of the following occur: (1) the expenditure is in response to increases in enrollment, population, or caseload by the State Department of Social Services, the Department of Corrections and Rehabilitation, the State Department of Developmental Services, the State Department of State Hospitals, the State Department of Health Care Services, or the State Department of Public Health; (2) that expenditure is incurred no sooner than 30 days after the Director of Finance provides written notification of its necessity to the Chairperson of the Joint Legislative Budget Committee; and (3) if the chairperson does not advise in response that the expenditure shall not occur. The director's notification shall include a certification of any amounts required by enrollment, population, or caseload, rather than management decisions or policy changes.

(c) Neither subdivision (a) nor (b) applies to the expenditure of moneys to fund continuous appropriations, including appropriations made in the California Constitution, and federal laws mandating the expenditure of funds.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 35.21. Notwithstanding any other law, the Department of Finance shall not use the estimated net final payment accrual methodology for the accrual of revenues, except for tax revenues that are accrued pursuant to an initiative measure that is enacted on or after January 1, 2012.

SEC. 35.35. (a) To ensure cash needs in appropriation are met, departments shall make every reasonable effort to promptly collect reimbursements or amounts payable from other funds or departments, or collect the amounts in advance. Payments between departments may be made by transferring funds pursuant to Section 11255 of the Government Code.

(b) Notwithstanding any other law, if a department impacted by the implementation of FI$Cal demonstrates to the Department of Finance that it is unable to collect reimbursements or amounts payable from other funds or departments as specified in subdivision (a) and a temporary cash shortage arises for the department, the Director of Finance may authorize a short-term cash loan from the General Fund or from other funds administered or used by the requesting department. The cash loan shall be subject to the terms and conditions for repayment as may be prescribed by the Department of Finance. Interest charges may be waived pursuant to subdivision (e) of Section 16314 of the Government Code. Within 10 days after approval, the Director of Finance shall notify the Joint Legislative Budget Committee of loans approved pursuant to this subdivision.

(c) For purposes of the budgetary and legal bases of accounting and budgeting, the principal amount of any loans made pursuant to this section shall not be considered part of the balance of the fund that receives the loan, nor shall it be deducted from the balance of the fund from which the loan is made. These loans are considered cashflow loans for temporary cash shortages and shall not constitute budgetary loans, revenues, or expenditures. The Department of Finance shall make the final determination of the budgetary and accounting transactions and treatments to ensure proper implementation of the provisions of this section, pursuant to Section 13344 of the Government Code.

SEC. 35.50. (a) For purposes of paragraph (1) of subdivision (f) of Section 10 of, and subdivision (g) of Section 12 of, Article IV of the California Constitution, "General Fund revenues" means the total resources available to the General Fund for a fiscal year before any transfer to or withdrawal from the Budget Stabilization Account.

(b) For purposes of subdivision (g) of Section 12 of Article IV of the California Constitution, the estimate of General Fund revenues for the 2026–27 fiscal year pursuant to this act, as passed by the Legislature, is $283,858,000,000.

(c) For purposes of paragraph (2) of subdivision (a) of Section 20 of Article XVI of the California Constitution, "General Fund revenues" shall be defined as revenues and transfers before any transfer to or withdrawal from the Budget Stabilization Account.

(d) Pursuant to subdivision (h) of Section 20 of Article XVI of the California Constitution, the following estimates are provided:

(1) For purposes of paragraph (2) of subdivision (a) of Section 20 of Article XVI of the California Constitution, the sum equal to 1.5 percent of General Fund revenues for the 2026–27 fiscal year is $3,447,000,000.

(2) For purposes of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (b) of Section 20 of Article XVI of the California Constitution,

capital gains revenues that exceed 8 percent of General Fund proceeds of taxes for the 2026–27 fiscal year is $4,284,000,000.

(3) For purposes of clause (ii) of subparagraph (B) of paragraph (1) of subdivision (c) of Section 20 of Article XVI of the California Constitution, the amount for debt payments in the 2026–27 fiscal year is $3,023,000,000.

(4) (A) For purposes of subparagraph (F) of paragraph (1) of subdivision (b) of Section 20 of Article XVI of the California Constitution, the amount of transfer to the Budget Stabilization Account in the 2026–27 fiscal year is $3,023,000,000.

(5) For purposes of clause (ii) of subparagraph (B) of paragraph (2) of subdivision (b) of Section 20 of Article XVI of the California Constitution, the updated estimate of capital gains revenues that exceeds 8 percent of General Fund proceeds of taxes for the 2025–26 fiscal year is $4,581,000,000.

(6) For purposes of subparagraph (G) of paragraph (2) of subdivision (b) of Section 20 of Article XVI of the California Constitution, the first true up of the transfer to the Budget Stabilization Account for the 2025–26 fiscal year is $0.

(7) For purposes of clause (ii) of subparagraph (B) of paragraph (2) of subdivision (b) of Section 20 of Article XVI of the California Constitution, the updated capital gains revenues that exceed 8 percent of General Fund proceeds of taxes for the 2024–25 fiscal year is $4,004,000,000.

(8) For purposes of subparagraph (G) of paragraph (2) of subdivision (b) of Section 20 of Article XVI of the California Constitution, the second true up of the transfer to the Budget Stabilization Account for the 2024–25 fiscal year is $136,000,000.

SEC. 38.00. This act is a Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution and shall take effect immediately.

SEC. 39.00. The Legislature hereby finds and declares that the following bills are other bills providing for appropriations related to the Budget Bill within the meaning of subdivision (e) of Section 12 of Article IV of the California Constitution: Bills to be added later.

ASSEMBLY BILL No. 1629

Introduced by Assembly Member Haney

January 26, 2026

An act to amend Section 1367.03 of, and to add Section 1374.191 to, the Health and Safety Code, and to amend Section 10133.54 of, and to add Section 10120.6 to, the Insurance Code, relating to health care coverage.

LEGISLATIVE COUNSEL'S DIGEST

AB 1629, as introduced, Haney. Dental coverage.

Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and makes a willful violation of the act's requirements a crime. Existing law provides for the regulation of health insurers by the Department of Insurance. Existing law prohibits a contract between a plan or insurer and a dentist from requiring a dentist to accept an amount set by the plan or insurer as payment for dental care services provided to an enrollee or insured that are not covered services under the enrollee's contract or the insured's policy. Existing law requires a plan or insurer to make specified disclosures to an enrollee or insured regarding noncovered dental services.

Existing law requires a health care service plan or health insurer to comply with specified timely access requirements. Under existing law, a health care service plan is required to annually report to the Department of Managed Health Care on this compliance. Existing law authorizes the Department of Insurance to issue guidance to insurers regarding annual timely access and network reporting methodologies.

If a health care service plan or health insurer pays a contracting dental provider directly for covered services, this bill would require the plan or insurer to pay a noncontracting dental provider directly for covered services if the noncontracting provider submits to the plan or insurer a written assignment of benefits form signed by the enrollee or insured. The bill would require the plan or insurer to provide a predetermination or prior authorization to the dental provider and to reimburse the provider for not less than that amount, except as specified. The bill would require the plan or insurer to notify the enrollee or insured that the provider was paid and that the out-of-network cost may count towards their annual or lifetime maximum. The bill would require a noncontracting dental provider to make specified disclosures to an enrollee or insured before accepting an assignment of benefits. Because a willful violation of these provisions relative to health care service plans would be a crime, this bill would impose a state-mandated local program.

This bill would require the Department of Managed Health Care and the Department of Insurance to review the adequacy of an entire dental provider network, including the portions of the network serving plans and insurers not regulated by the respective department.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

SECTION 1. Section 1367.03 of the Health and Safety Code is amended to read:

1367.03. (a) A health care service plan that provides or arranges for the provision of hospital or physician services, including a specialized mental health plan that provides physician or hospital services, or that provides mental health services pursuant to a contract with a full service plan, shall comply with the following timely access requirements:

(1) A health care service plan shall provide or arrange for the provision of covered health care services in a timely manner

appropriate for the nature of the enrollee's condition consistent with good professional practice. A plan shall establish and maintain networks, policies, procedures, and quality assurance monitoring systems and processes sufficient to ensure compliance with this clinical appropriateness standard. A health care service plan that uses a tiered network shall demonstrate compliance with the standards established by this section based on providers available at the lowest cost-sharing tier.

(2) A health care service plan shall ensure that all plan and provider processes necessary to obtain covered health care services, including, but not limited to, prior authorization processes, are completed in a manner that assures the provision of covered health care services to an enrollee in a timely manner appropriate for the enrollee's condition and in compliance with this section.

(3) If it is necessary for a provider or an enrollee to reschedule an appointment, the appointment shall be promptly rescheduled in a manner that is appropriate for the enrollee's health care needs, and ensures continuity of care consistent with good professional practice, and consistent with this section and the regulations adopted thereunder.

(4) Interpreter services required by Section 1367.04 of this code and Section 1300.67.04 of Title 28 of the California Code of Regulations shall be coordinated with scheduled appointments for health care services in a manner that ensures the provision of interpreter services at the time of the appointment without imposing delay on the scheduling of the appointment. This subdivision does not modify the requirements established in Section 1300.67.04 of Title 28 of the California Code of Regulations, or approved by the department pursuant to Section 1300.67.04 of Title 28 of the California Code of Regulations for a plan's language assistance program.

(5) In addition to ensuring compliance with the clinical appropriateness standard set forth in paragraph (1), a health care service plan shall ensure that its network has adequate capacity and availability of licensed health care providers to offer enrollees appointments that meet the following timeframes:

(A) Urgent care appointments for services that do not require prior authorization: within 48 hours of the request for appointment, except as provided in subparagraph (H).

(B) Urgent care appointments for services that require prior authorization: within 96 hours of the request for appointment, except as provided in subparagraph (H).

(C) Nonurgent appointments for primary care: within 10 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(D) Nonurgent appointments with specialist physicians: within 15 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(E) Nonurgent appointments with a nonphysician mental health care or substance use disorder provider: within 10 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(F) Commencing July 1, 2022, nonurgent followup appointments with a nonphysician mental health care or substance use disorder provider: within 10 business days of the prior appointment for those undergoing a course of treatment for an ongoing mental health or substance use disorder condition, except as provided in subparagraph (H). This subparagraph does not limit coverage for nonurgent followup appointments with a nonphysician mental health care or substance use disorder provider to once every 10 business days.

(G) Nonurgent appointments for ancillary services for the diagnosis or treatment of injury, illness, or other health condition: within 15 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(H) The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of their practice and consistent with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the enrollee.

(I) Preventive care services, as defined in subdivision (e), and periodic followup care, including standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac, mental health, or substance use disorder conditions, and laboratory and radiological monitoring for recurrence of disease, may be scheduled in advance consistent

with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of their practice.

(J) A referral to a specialist by a primary care provider or another specialist shall be subject to the relevant time-elapsed standard in subparagraph (A), (B), or (D), unless the requirements in subparagraph (H) or (I) are met, and shall be subject to the other provisions of this section.

(K) A plan may demonstrate compliance with the primary care time-elapsed standards established by this subdivision through implementation of standards, processes, and systems providing advanced access to primary care appointments, as defined in subdivision (e).

(6) In addition to ensuring compliance with the clinical appropriateness standard set forth in paragraph (1), each dental plan, and each full service plan offering coverage for dental services, shall ensure that dental networks have adequate capacity and availability of licensed health care providers to offer enrollees appointments for covered dental services in accordance with the following requirements:

(A) Urgent appointments within the dental plan network shall be offered within 72 hours of the time of request for appointment, if consistent with the enrollee's individual needs and as required by professionally recognized standards of dental practice.

(B) Nonurgent appointments shall be offered within 36 business days of the request for appointment, except as provided in subparagraph (C).

(C) Preventive dental care appointments shall be offered within 40 business days of the request for appointment.

(7) A plan shall ensure it has sufficient numbers of network providers to maintain compliance with the standards established by this section.

(A) This section does not modify the requirements regarding provider-to-enrollee ratio or geographic accessibility established by Section 1300.51, 1300.67.2, or 1300.67.2.1 of Title 28 of the California Code of Regulations.

(B) A plan operating in a network service area that has a shortage of one or more types of providers shall ensure timely access to covered health care services as required by this section, including applicable time-elapsed standards, by referring an

enrollee to, or, in the case of a preferred provider network, by assisting an enrollee to locate available and accessible network providers in neighboring network service areas consistent with patterns of practice for obtaining health care services in a timely manner appropriate for the enrollee's health needs.

(C) A plan shall arrange for the provision of covered services from providers outside the plan's network if unavailable within the network if medically necessary for the enrollee's condition. A plan shall ensure that enrollee costs for medically necessary referrals to nonnetwork providers shall not exceed applicable in-network copayments, coinsurance, and deductibles. This requirement does not prohibit a plan or its delegated provider group from accommodating an enrollee's preference to wait for a later appointment from a specific network provider. If medically necessary treatment of a mental health or substance use disorder is not available in network within the geographic and timely access standards set by law or regulation, a health care service plan shall arrange coverage outside the plan's network in accordance with subdivision (d) of Section 1374.72.

(8) A plan shall provide or arrange for the provision, 24 hours per day, 7 days per week, of triage or screening services by telephone, as defined in subdivision (e).

(A) A plan shall ensure that telephone triage or screening services are provided in a timely manner appropriate for the enrollee's condition, and that the triage or screening waiting time does not exceed 30 minutes.

(B) A plan may provide or arrange for the provision of telephone triage or screening services through one or more of the following means: plan-operated telephone triage or screening services, telephone medical advice services pursuant to Section 1348.8, the plan's primary care and mental health care or substance use disorder network, or another method that provides triage or screening services consistent with this section.

(i) A plan that arranges for the provision of telephone triage or screening services through network primary care, mental health care, and substance use disorder providers shall require those providers to maintain a procedure for triaging or screening enrollee telephone calls, which, at a minimum, shall include the employment, during and after business hours, of a telephone

answering machine, an answering service, or office staff, that shall inform the caller of both of the following:

(I) Regarding the length of wait for a return call from the provider.

(II) How the caller may obtain urgent or emergency care, including, if applicable, how to contact another provider who has agreed to be on call to triage or screen by phone, or if needed, deliver urgent or emergency care.

(ii) A plan that arranges for the provision of triage or screening services through network primary care, mental health care, and substance use disorder providers who are unable to meet the time-elapsed standards established in subparagraph (A) shall also provide or arrange for the provision of plan-contracted or operated triage or screening services, which shall, at a minimum, be made available to enrollees affected by that portion of the plan's network.

(iii) An unlicensed staff person handling enrollee calls may ask questions on behalf of a licensed staff person to help ascertain the condition of an insured so that the enrollee may be referred to licensed staff. However, an unlicensed staff person shall not, under any circumstances, use the answers to those questions in an attempt to assess, evaluate, advise, or make a decision regarding the condition of an enrollee or determine when an enrollee needs to be seen by a licensed medical professional.

(9) Dental, vision, chiropractic, and acupuncture plans shall ensure that network providers employ an answering service or a telephone answering machine during nonbusiness hours, which provide instructions regarding how an enrollee may obtain urgent or emergency care, including, if applicable, how to contact another provider who has agreed to be on call to triage or screen by phone, or if needed, deliver urgent or emergency care.

(10) A plan shall ensure that, during normal business hours, the waiting time for an enrollee to speak by telephone with a plan customer service representative knowledgeable and competent regarding the enrollee's questions and concerns shall not exceed 10 minutes.

(b) With regard to subdivision (a), dental, vision, chiropractic, and acupuncture plans shall comply with paragraphs (1), (3), (4), (7), (9), and (10).

(c) The obligation of a plan to comply with this section shall not be waived if the plan delegates to its provider groups or other

contracting entities any services or activities that the plan is required to perform. A plan's implementation of this section shall be consistent with the Health Care Providers' Bill of Rights, and a material change in the obligations of a plan's network providers shall be considered a material change to the provider contract, within the meaning of subdivision (b) and paragraph (2) of subdivision (h) of Section 1375.7.

(d) A health care service plan shall incorporate the standards set forth in subdivision (a) into the health plan's quality assurance systems and the processes set forth in Sections 1367 and 1370 of this code and Title 28 of the California Code of Regulations, including Sections 1300.67.2, 1300.67.2.2, 1300.68, and 1300.70. A plan shall not prevent, discourage, or discipline a network provider or employee for informing an enrollee or subscriber about the timely access standards.

(e) For purposes of this section:

(1) "Advanced access" means the provision, by a network provider, or by the provider group to which an enrollee is assigned, of appointments with a primary care physician, or other qualified primary care provider such as a nurse practitioner or physician's assistant, within the same or next business day from the time an appointment is requested, and advance scheduling of appointments at a later date if the enrollee prefers not to accept the appointment offered within the same or the next business day.

(2) "Appointment waiting time" means the time from the initial request for health care services by an enrollee or the enrollee's treating provider to the earliest date offered for the appointment for services inclusive of time for obtaining authorization from the plan or completing any other condition or requirement of the plan or its network providers.

(3) "Preventive care" means health care provided for prevention and early detection of disease, illness, injury, or another health condition and, in the case of a full service plan includes all of the basic health care services required by Sections 1345, 1367.002, 1367.3, and 1367.35 of this code and subdivision (f) of Section 1300.67 of Title 28 of the California Code of Regulations.

(4) "Provider group" has the meaning set forth in subdivision (g) of Section 1373.65.

(5) "Triage" or "screening" means the assessment of an enrollee's health concerns and symptoms via communication with

a physician, registered nurse, or other qualified health professional acting within their scope of practice and who is trained to screen or triage an enrollee who may need care for the purpose of determining the urgency of the enrollee's need for care.

(6) "Triage or screening waiting time" means the time waiting to speak by telephone with a physician, registered nurse, or other qualified health professional acting within their scope of practice and who is trained to screen or triage an enrollee who may need care.

(7) "Urgent care" means health care for a condition that requires prompt attention, consistent with paragraph (2) of subdivision (h) of Section 1367.01.

(f) (1) Contracts between health care service plans and health care providers shall ensure compliance with the standards developed under this chapter. These contracts shall require reporting by health care providers to health care service plans and by health care service plans to the department to ensure compliance with the standards.

(2) Health care service plans shall report annually to the department on compliance with the standards in a manner specified by the department. The reported information shall allow consumers to compare the performance of plans and their network providers in complying with the standards, as well as changes in the compliance of plans with these standards.

(3) The department shall develop standardized methodologies for reporting that shall be used by health care service plans to demonstrate compliance with this section and any regulations adopted pursuant to it, including demonstration of the average waiting time for each class of appointment regulated under this section, except the department may develop methodologies to demonstrate compliance with, and the average appointment wait time for, each class of appointments regulated under paragraph (6) of subdivision (a). The methodologies shall be sufficient to determine compliance with the standards developed under this section for different networks of providers if a health care service plan uses a different network for Medi-Cal managed care products than for other products or if a health care service plan uses a different network for individual market products than for small group market products. The development and adoption of these methodologies shall not be subject to the Administrative Procedure

Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) until December 31, 2025. The department shall consult with stakeholders in developing standardized methodologies under this paragraph.

(4) Notwithstanding paragraph (3), the department may take compliance or disciplinary action, including assessment of administrative penalties, on the basis of noncompliance with any of the provisions of this section, including, but not limited to, timeframes for appointments and followup appointments.

(5) Information reported by a plan to the department pursuant to paragraph (2) shall include comprehensive information regarding the dental provider networks that each dental provider serves. Comprehensive information shall include the number of covered lives per line of business, including third party or administrative service organizations, as applicable. The department shall review the adequacy of an entire dental provider network, as reported by the health care service plans, including the portions of the network serving plans and insurers not regulated by the department.

~~(5)~~

(6) The department may review and adopt standards, in addition to those specified in this article, concerning the availability of primary care physicians, specialty physicians, hospital care, and other health care, so that consumers have timely access to care. In so doing, the department shall consider the nature of physician practices, including individual and group practices, as well as the nature of the plan network. The department shall also consider various circumstances affecting the delivery of care, including urgent care, care provided on the same day, and requests for specific providers. If the department finds that health care service plans and health care providers have difficulty meeting these standards, the department may make recommendations to the Assembly Committee on Health and the Senate Committee on Health pursuant to subdivision (i). The development and adoption of standards under this paragraph shall not be subject to the Administrative Procedure Act until December 31, 2028. The department shall consult with stakeholders in developing the standards and methodologies described in this section.

(g) (1) The director may investigate and, by order, take enforcement action against plans, including, but not limited to,

assessing administrative penalties subject to appropriate notice of, and the opportunity for, a hearing in accordance with Section 1397, regarding noncompliance with the requirements of this section. The director shall consider, as an aggravating factor when assessing administrative penalties, if harm to an enrollee, including financial or health impacts to an enrollee or substantial harm as defined in Section 3428 of the Civil Code, has occurred as a result of plan noncompliance. The director has the discretion to determine what harm constitutes harm to an enrollee. The plan may provide to the director, and the director may consider, information regarding the plan's overall compliance with the requirements of this section. When taking enforcement action against a plan, the director may consider patterns of noncompliance. The administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the Managed Care Administrative Fines and Penalties Fund and shall be used for the purposes specified in Section 1341.45. The director shall periodically evaluate grievances to determine if any audit, investigative, or enforcement actions should be undertaken by the department.

(2) The director may, after appropriate notice and opportunity for hearing in accordance with Section 1397, by order, assess administrative penalties if the director determines that a health care service plan has knowingly committed, or has performed with a frequency that indicates a general business practice, either of the following:

(A) Repeated failure to act promptly and reasonably to assure timely access to care consistent with this chapter.

(B) Repeated failure to act promptly and reasonably to require network providers to assure timely access that the plan is required to perform under this chapter and that have been delegated by the plan to the network provider when the obligation of the plan to the enrollee or subscriber is reasonably clear.

~~(C)~~

(3) The administrative penalties available to the director pursuant to this section are not exclusive, and may be sought and employed in any combination with civil, criminal, and other administrative remedies deemed warranted by the director to enforce this chapter.

~~(3)~~

(4) The administrative penalties shall be paid to the Managed Care Administrative Fines and Penalties Fund and shall be used for the purposes specified in Section 1341.45.

(h) The department shall work with the patient advocate to assure that the quality of care report card incorporates information provided pursuant to subdivision (f) regarding the degree to which health care service plans and health care providers comply with the requirements for timely access to care.

(i) The department shall annually review information regarding compliance with the standards developed under this section and shall make recommendations for changes that further protect enrollees. Commencing no later than December 1, 2015, and annually thereafter, the department shall post its final findings from the review on its internet website.

(j) The department shall post on its internet website any waivers or alternative standards that the department approves under this section on or after January 1, 2015.

(k) This section applies to a licensed health care service plan that provides services to Medi-Cal beneficiaries. Except for appointment wait time standards set forth in paragraph (5) of subdivision (a) of this section and in Section 1300.67.2.2 of Title 28 of the California Code of Regulations, this section does not alter the requirements or standards of the State Department of Health Care Services specified in Section 14197 of the Welfare and Institutions Code.

(*l*) This section does not prevent the department from developing additional standards to improve timely access to care and network adequacy.

SEC. 2. Section 1374.191 is added to the Health and Safety Code, to read:

1374.191. (a) If a health care service plan pays a contracting dental provider directly for covered services rendered to an enrollee, the plan shall pay a noncontracting dental provider directly for covered services rendered to an enrollee if the noncontracting provider submits to the plan a written assignment of benefits form signed by the enrollee.

(b) Before accepting an assignment of benefits, a noncontracting dental provider shall disclose all of the following information to an enrollee:

(1) That the provider is a noncontracting dental provider.

(2) That the enrollee may experience lower out-of-pocket costs if services are rendered by a contracting network dentist.

(3) An estimate of what the planned treatment would cost and the enrollee's portion of the cost.

(c) A plan shall provide notice to the enrollee that the out-of-network cost may count towards their annual or lifetime maximum, as applicable, and shall inform the enrollee that payment was sent to the provider.

(d) A plan shall provide a predetermination or prior authorization to the dental provider and shall not reimburse the provider less than the amount set forth in the predetermination or prior authorization for the services, except in cases of fraud, billing error, or loss of coverage.

(e) For purposes of this section, "assignment of benefits" means the transfer of reimbursement or other rights provided for under a health care service plan contract to a treating provider for services or items rendered to an enrollee.

(f) This section applies only to a health care service plan contract covering dental services or a specialized health care service plan contract covering dental services pursuant to this chapter.

(g) This section does not apply to Medi-Cal managed care plan contracts, including dental managed care contracts, authorized under Chapter 7 (commencing with Section 14000) or Chapter 8 (commencing with Section 14200) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 3. Section 10120.6 is added to the Insurance Code, to read:

10120.6. (a) If a health insurer pays a contracting dental provider directly for covered services rendered to an insured, the insurer shall pay a noncontracting dental provider directly for covered services rendered to an insured if the noncontracting provider submits to the insurer a written assignment of benefits form signed by the insured.

(b) Before accepting an assignment of benefits, a noncontracting dental provider shall disclose all of the following information to an insured:

(1) That the provider is a noncontracting dental provider.

(2) That the insured may experience lower out-of-pocket costs if services are rendered by a contracting network dentist.

(3) An estimate of what the planned treatment would cost and the insured's portion of the cost.

(c) An insurer shall provide notice to the insured that the out-of-network cost may count towards their annual or lifetime maximum, as applicable, and shall inform the insured that payment was sent to the provider.

(d) An insurer shall provide a predetermination or prior authorization to the dental provider and shall not reimburse the provider less than the amount set forth in the predetermination or prior authorization for the services, except in cases of fraud, billing error, or loss of coverage.

(e) For purposes of this section, "assignment of benefits" means the transfer of reimbursement or other rights provided for under a health insurance policy to a treating provider for services or items rendered to an insured.

(f) This section applies only to a health insurance policy covering dental services or a specialized health insurance policy covering dental services pursuant to this part.

SEC. 4. Section 10133.54 of the Insurance Code is amended to read:

10133.54. (a) This section applies to policies of health insurance, as defined by subdivision (b) of Section 106. The requirements of this section apply to all health care services covered by a health insurance policy.

(b) Notwithstanding Section 10133.5, a health insurer shall comply with the timely access requirements in this section, but a specialized health insurance policy as defined in subdivision (c) of Section 106, other than a specialized mental health insurance policy, is exempt from the provisions of this section, except as specified in paragraph (6) and subdivision (c).

(1) A health insurer shall provide or arrange for the provision of covered health care services in a timely manner appropriate for the nature of the insured's condition, consistent with good professional practice. An insurer shall establish and maintain provider networks, policies, procedures, and quality assurance monitoring systems and processes sufficient to ensure compliance with this clinical appropriateness standard. An insurer that uses a tiered network shall demonstrate compliance with the standards established by this section based on providers available at the lowest cost-sharing tier.

(2) A health insurer shall ensure that all insurer and provider processes necessary to obtain covered health care services, including, but not limited to, prior authorization processes, are completed in a manner that assures the provision of covered health care services to an insured in a timely manner appropriate for the insured's condition and in compliance with this section.

(3) If it is necessary for a provider or an insured to reschedule an appointment, the appointment shall be promptly rescheduled in a manner that is appropriate for the insured's health care needs, and ensures continuity of care consistent with good professional practice, and consistent with the objectives of Section 10133.5, the regulations adopted pursuant to Section 10133.5, and this section.

(4) Interpreter services required by Section 10133.8 of this code and Article 12.1 (commencing with Section 2538.1) of Title 10 of the California Code of Regulations shall be coordinated with scheduled appointments for health care services in a manner that ensures the provision of interpreter services at the time of the appointment, consistent with Section 2538.6 of Title 10 of the California Code of Regulations, without imposing delay on the scheduling of the appointment. This subdivision does not modify the requirements established in Sections 10133.8 and 10133.9 of this code and Section 2538.6 of Title 10 of the California Code of Regulations, or approved by the department pursuant to Section 2538.6 of Title 10 of the California Code of Regulations for an insurer's language assistance program.

(5) In addition to ensuring compliance with the clinical appropriateness standard set forth in paragraph (1), a health insurer shall ensure that its contracted provider network has adequate capacity and availability of licensed health care providers to offer insureds appointments that meet the following timeframes:

(A) Urgent care appointments for services that do not require prior authorization: within 48 hours of the request for appointment, except as provided in subparagraph (H).

(B) Urgent care appointments for services that require prior authorization: within 96 hours of the request for appointment, except as provided in subparagraph (H).

(C) Nonurgent appointments for primary care: within 10 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(D) Nonurgent appointments with specialist physicians: within 15 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(E) Nonurgent appointments with a nonphysician mental health care or substance use disorder provider: within 10 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(F) Commencing July 1, 2022, nonurgent followup appointments with a nonphysician mental health care or substance use disorder provider: within 10 business days of the prior appointment for those undergoing a course of treatment for an ongoing mental health or substance use disorder condition, except as provided in subparagraph (H). This subparagraph does not limit coverage for nonurgent followup appointments with a nonphysician mental health care or substance use disorder provider to once every 10 business days.

(G) Nonurgent appointments for ancillary services for the diagnosis or treatment of injury, illness, or other health condition: within 15 business days of the request for appointment, except as provided in subparagraphs (H) and (I).

(H) The applicable waiting time for a particular appointment may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of their practice and consistent with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the insured.

(I) Preventive care services, as defined in subdivision (e), and periodic follow up care, including standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac, mental health, or substance use disorder conditions, and laboratory and radiological monitoring for recurrence of disease, may be scheduled in advance consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of their practice.

(J) A referral to a specialist by a primary care provider or another specialist shall be subject to the relevant time-elapsed standard in subparagraph (A), (B) or (D), unless the requirements in

subparagraph (H) or (I) are met, and shall be subject to the other provisions of this section.

(6) (A) The following types of health insurance policies shall be subject to the requirements in subparagraph (B):

(i) A health insurance policy covering the pediatric oral or vision essential health benefit.

(ii) A specialized health insurance policy that provides coverage for the pediatric oral essential health benefit, as defined in paragraph (5) of subdivision (a) of Section 10112.27.

(iii) A specialized health insurance policy that covers dental benefits only, as defined in subdivision (c) of Section 106.

(B) In addition to ensuring compliance with the clinical appropriateness standard set forth in paragraph (1), each health insurance policy specified in subparagraph (A) shall ensure that contracted oral or vision provider networks have adequate capacity and availability of licensed health care providers, including generalist and specialist dentists, ophthalmologists, optometrists, and opticians, to offer insureds appointments for covered oral or vision services in accordance with the following requirements:

(i) Urgent appointments within the plan network shall be offered within 72 hours of the time of request for appointment, if consistent with the insured's individual needs and as required by professionally recognized standards of dental practice.

(ii) Nonurgent appointments shall be offered within 36 business days of the request for appointment, except as provided in clause (iii).

(iii) Preventive care appointments shall be offered within 40 business days of the request for appointment.

(iv) The applicable waiting time for a particular appointment in this paragraph may be extended if the referring or treating licensed health care provider, or the health professional providing triage or screening services, as applicable, acting within the scope of the provider's practice and consistent with professionally recognized standards of practice, has determined and noted in the relevant record that a longer waiting time will not have a detrimental impact on the health of the insured.

(7) An insurer shall ensure it has sufficient numbers of contracted providers to maintain compliance with the standards established by this section.

(A) This section does not modify the requirements regarding accessibility established by Article 6 (commencing with Section 2240) of Title 10 of the California Code of Regulations.

(B) An insurer shall ensure timely access to covered health care services as required by this section, including applicable time-elapsed standards, by assisting an insured to locate available and accessible contracted providers in a timely manner appropriate for the insured's health needs. An insurer shall arrange for the provision of services outside the insurer's contracted network if unavailable within the network if medically necessary for the insured's condition. Insured costs for medically necessary referrals to nonnetwork providers shall not exceed applicable in-network copayments, coinsurance, and deductibles.

(8) An insurer shall provide or arrange for the provision, 24 hours per day, 7 days per week, of triage or screening services by telephone, as defined in subdivision (f).

(A) An insurer shall ensure that telephone triage or screening services are provided in a timely manner appropriate for the insured's condition, and that the triage or screening waiting time does not exceed 30 minutes.

(B) An insurer may provide or arrange for the provision of telephone triage or screening services through one or more of the following means: insurer-operated telephone triage or screening services, telephone medical advice services pursuant to Section 10279, the insurer's contracted primary care and mental health care or substance use disorder provider network, or other method that provides triage or screening services consistent with this section.

(i) An insurer that arranges for the provision of telephone triage or screening services through contracted primary care and mental health care and substance use disorder providers shall require those providers to maintain a procedure for triaging or screening insured telephone calls, which, at a minimum, shall include the employment, during and after business hours, of a telephone answering machine, an answering service, or office staff, that shall inform the caller of both of the following:

(I) Regarding the length of wait for a return call from the provider.

(II) How the caller may obtain urgent or emergency care, including, if applicable, how to contact another provider who has

agreed to be on call to triage or screen by phone, or if needed, deliver urgent or emergency care.

(ii) An insurer that arranges for the provision of triage or screening services through contracted primary care and mental health care and substance use disorder providers who are unable to meet the time-elapsed standards established in subparagraph (A) shall also provide or arrange for the provision of insurer-contracted or operated triage or screening services, which shall, at a minimum, be made available to insureds affected by that portion of the insurer's network.

(iii) An unlicensed staff person handling insured calls may ask questions on behalf of a licensed staff person to help ascertain the condition of an insured so that the insured may be referred to licensed staff. However, an unlicensed staff person shall not, under any circumstances, use the answers to those questions in an attempt to assess, evaluate, advise, or make a decision regarding the condition of an insured or determine when an insured needs to be seen by a licensed medical professional.

(9) A health insurance policy providing coverage for the pediatric oral and vision essential health benefit, and a specialized health insurance policy that provides coverage for dental care expenses only, shall require that contracted providers employ an answering service or a telephone answering machine during nonbusiness hours, which provides instructions regarding how an insured may obtain urgent or emergency care, including, if applicable, how to contact another provider who has agreed to be on call to triage or screen by phone, or if needed, deliver urgent or emergency care.

(10) An insurer shall ensure that, during normal business hours, the waiting time for an insured to speak by telephone with an insurer customer service representative knowledgeable and competent regarding the insured's questions and concerns shall not exceed 10 minutes, or that the covered person will receive a scheduled call-back within 30 minutes.

(c) Notwithstanding subdivision (b), a specialized health insurance policy, as defined in subdivision (c) of Section 106, other than a specialized mental health insurance policy, is exempt from this section, except as specified in this subdivision. A specialized health insurance policy that provides coverage for

dental care expenses only shall comply with paragraphs (1), (3), (4), (6), (7), (9), and (10) of subdivision (b).

(d) An insurer shall incorporate the standards set forth in the insurer's quality assurance systems and processes, as set forth in subdivision (b), and the processes as set forth in Title 10 of the California Code of Regulations, including Sections 2240.1, 2240.15, and 2240.16. An insurer shall not prevent, discourage, or discipline a contracting provider or employee for informing an insured or policyholder about the timely access standards.

(e) For purposes of this section:

(1) "Appointment waiting time" means the time from the initial request for health care services by an insured or the insured's treating provider to the earliest date offered for the appointment for services inclusive of time for obtaining authorization from the insurer or completing any other condition or requirement of the insurer or its contracting providers.

(2) "Preventive care" means health care provided for prevention and early detection of disease, illness, injury, or other health ~~condition~~ *conditions*, and includes, but is not limited to, all of the services required by all of the following laws:

(A) Section 146.130 of Title 45 of the Code of Federal Regulations.

(B) Section 10112.2 (incorporating the requirements of Section 2713 of the federal Public Health Service Act (42 U.S.C. Sec. 300gg-13)).

(C) Clause (ii) of subparagraph (A) of paragraph (2) of subdivision (a) of Section 10112.27.

(3) "Provider group" has the meaning set forth in subdivision (v) of Section 10133.15.

(4) "Triage" or "screening" means the assessment of an insured's health concerns and symptoms via communication with a physician, registered nurse, or other qualified health professional acting within their scope of practice and who is trained to screen or triage an insured who may need care for the purpose of determining the urgency of the insured's need for care.

(5) "Triage or screening waiting time" means the time waiting to speak by telephone with a physician, registered nurse, or other qualified health professional acting within their scope of practice and who is trained to screen or triage an insured who may need care.

(6) "Urgent care" means health care for a condition ~~which~~ *that* requires prompt attention, consistent with paragraph (2) of subdivision (h) of Section 10123.135.

(f) (1) The department may issue guidance to insurers regarding annual timely access and network reporting methodologies. The development and adoption of these methodologies shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code) until December 31, 2025.

(2) Notwithstanding paragraph (1), the department may take compliance or disciplinary action, including imposition of administrative penalties, on the basis of noncompliance with any of the provisions of this section, including, but not limited to, timeframes for appointments and followup appointments.

(3) Information reported by an insurer to the department pursuant to this article shall include comprehensive information regarding the dental provider networks that each dental provider serves. Comprehensive information shall include the number of covered lives per line of business, including third party or administrative service organizations, as applicable. The department shall review the adequacy of an entire dental provider network, as reported by the health insurers, including the portions of the network serving plans and insurers not regulated by the department.

~~(3)~~

(4) The department may review and adopt standards, in addition to those specified in this article, concerning the availability of primary care physicians, specialty physicians, hospital care, and other health care, so that consumers have timely access to care. In so doing, the department shall consider the nature of physician practices, including individual and group practices, as well as the nature of the network. The department shall also consider various circumstances affecting the delivery of care, including urgent care, care provided on the same day, and requests for specific providers. If the department finds that insurers and health care providers have difficulty meeting these standards, the department may make recommendations to the Assembly Committee on Health and the Senate Committee on Health. The development and adoption of standards under this paragraph shall not be subject to the Administrative Procedure Act until December 31, 2028. The

department shall consult with stakeholders in developing the standards and methodologies described in this section.

(g) Nothing in this section shall be construed to prevent the department from developing additional standards to improve timely access to care and network adequacy.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

ASSEMBLY BILL No. 1696

Introduced by Assembly Member Stefani

February 3, 2026

An act to amend Section 311 of the Business and Professions Code, relating to professions and vocations.

LEGISLATIVE COUNSEL'S DIGEST

AB 1696, as introduced, Stefani. Department of Consumer Affairs: director: powers and duties.

Under existing law, the Department of Consumer Affairs is comprised of various boards, bureaus, commissions, committees, and similarly constituted agencies that license and regulate the practice of various professions and vocations. Existing law authorizes the director to create an interdepartmental committee to assist and advise the director in the implementation of the director's duties, as provided.

This bill would make nonsubstantive changes to those provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 311 of the Business and Professions Code is amended to read:

311. The director may create an interdepartmental committee to assist and advise ~~him~~ *the director* in the implementation of ~~his~~ *the director's* duties. The members of ~~such~~ *the* committee shall consist of the heads of state departments, or their designees. Members of ~~such~~ *the* committee shall serve without compensation

but shall be reimbursed for the expenses actually and necessarily incurred by them in the performance of their duties.

O

ASSEMBLY BILL No. 1717

Introduced by Assembly Member Castillo

February 4, 2026

An act to add Section 14132.87 to the Welfare and Institutions Code, relating to Medi-Cal.

LEGISLATIVE COUNSEL'S DIGEST

AB 1717, as introduced, Castillo. Medi-Cal dental reimbursement: house/extended care facility call.

Existing law establishes the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income individuals receive health care services, including certain dental services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions.

Under the Medi-Cal Dental Provider Handbook, the maximum allowance for a house/extended care facility call under a specified billing code is $20.

This bill would require the department to increase the Medi-Cal reimbursement base rate for a house/extended care facility call in order to reflect the reasonable travel costs for purposes of delivering dental services in the patient's private residence or applicable facility instead of the location of the dental provider. The bill would require that the rate be adjusted to a minimum of $120 per patient per date of service, with subsequent readjustments every 2 years to account for inflation and provider cost data.

The bill would require the department, every 2 years, to report to the Legislature about the impact of the rate adjustments on access,

utilization, and reductions in emergency department visits for dental conditions.

The bill would condition implementation of these provisions on an appropriation, receipt of any necessary federal approvals, and the availability of federal financial participation.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 14132.87 is added to the Welfare and Institutions Code, to read:

14132.87. (a) The department shall increase the Medi-Cal reimbursement base rate, as described in subdivision (b), for a house/extended care facility call under Current Dental Terminology (CDT) Code D9410 or its successor, in order to reflect the reasonable travel costs for purposes of delivering dental services in the patient's private residence or applicable facility instead of the location of the dental provider.

(b) (1) As soon as possible, subject to the implementation timeline under subdivision (e), the reimbursement base rate described in subdivision (a) shall be adjusted to a minimum of one hundred twenty dollars ($120) per patient per date of service.

(2) The reimbursement base rate shall thereafter be readjusted every two years to account for inflation and provider cost data, while not falling below the minimum threshold described in paragraph (1).

(c) (1) Every two years, the department shall report to the Legislature about the impact of the rate adjustments described in subdivision (b) on access, utilization, and reductions in emergency department visits for dental conditions.

(2) A report submitted pursuant to paragraph (1) shall be submitted in accordance with Section 9795 of the Government Code.

(d) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department may implement, interpret, or make specific this section, in whole or in part, by means of provider bulletins, plan letters, or other similar instructions, without taking regulatory action.

(e) (1) This section shall be implemented subject to an appropriation made by the Legislature.

(2) This section shall be implemented only to the extent that any necessary federal approvals are obtained and that federal financial participation is available and is not otherwise jeopardized.

O

ASSEMBLY BILL No. 1760

Introduced by Assembly Member Arambula

February 9, 2026

An act to amend Sections 1621, 1628, 1633, 1635.5, 1638.1, 1724, 1750.1, 1753, 1753.5, 1754.5, and 1755 of, and to repeal Section 1632.6 of, the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 1760, as introduced, Arambula. Dentistry.

Existing law, the Dental Practice Act, establishes the Dental Board of California to license and regulate the practice of dentistry, including the licensure and regulation of dental auxiliaries, including, among others, dental assistants, as defined, and sets forth duties and functions that those dental auxiliaries are authorized to perform. Existing law requires the board to require an applicant for licensure to successfully complete certain examinations. Existing law imposes certain requirements to take an examination, including a requirement to furnish satisfactory evidence of financial responsibility or liability insurance for certain dental patient injuries, as specified.

This bill would delete the requirement to furnish satisfactory evidence of financial responsibility or liability insurance for certain dental patient injuries.

Existing law also requires an applicant to furnish satisfactory evidence of having graduated from a dental college approved by the board or by the Commission on Dental Accreditation of the American Dental Association (CODA). Certain additional requirements for a degree issued by a foreign dental school depend on whether the school was approved by the board, as specified. Since January 1, 2024, existing

law requires foreign dental schools seeking board approval to complete the international consultative and accreditation process with CODA or a comparable board-approved accrediting body. Existing law exempts a foreign dental school whose program approval was renewed by the board before January 1, 2020, through any date between January 1, 2024, and June 30, 2026.

This bill would update cross-references to clarify that an applicant is not prohibited from taking an examination for licensure because their foreign dental school program was exempt from the accreditation requirement, as described above.

Existing law exempts an applicant from reexamination on a subject for which the applicant, in an examination taken in the prior 2 years, received a grading of 85% or above. Existing law requires an applicant, after 3 failed attempts to pass an examination, to successfully complete a minimum of 50 hours of education for each failed subject, as specified.

This bill would revise the subject reexamination exemption to instead require a grading of pass. The bill would remove the above-described education requirement for reexamination, and would instead require an applicant to retake the entire examination after 3 failed attempts at a section of the examination.

Existing law authorizes the board to grant a license to an applicant who has not taken an examination if the applicant, among other things, submits proof, under penalty of perjury, that the applicant has certain credentials. With regard to those required credentials, existing law specifies that the applicant has either been in active clinical practice out of state, as described, has been engaged in full-time nonclinical practice requiring an active dentist's license for an out of state public health program, as described, for at least 5 years immediately preceding the application, or has been a full-time faculty member in an accredited dental education program and in active clinical practice for a total of at least 5,000 hours within the past 5 years immediately preceding the date of the application.

This bill would revise and recast that credential requirement to clarify that 5,000 hours of clinical practice is required of an applicant who has been in active clinical practice out of state or an applicant who has been a full-time faculty member, as described above. For an applicant whose credentials are based on engagement in nonclinical practice for an out-of-state public health program, as described above, the bill would instead require the applicant to have been engaged in that practice for a minimum average of 40 hours per week, as specified. The bill would

require each of the 3 above-described types of applicants to submit certain documentation verifying compliance with the applicable requirements described above. By expanding the scope of the crime of perjury, the bill would impose a state-mandated local program.

Existing law authorizes an applicant to meet the clinical practice requirement described above by submitting documentation that the applicant has agreed to teach or practice dentistry in California for a minimum average of 40 hours per week for 2 years in at least one accredited dental education program approved by the board.

This bill would revise that provision by removing the requirement that the dental education program be approved by the board, and instead specifying that the program be accredited by CODA.

Existing law requires a dentist to possess an elective facial cosmetic surgery permit in order to perform specified procedures. One category of those procedures is cosmetic contouring of the osteocartilaginous facial structure, and another category is cosmetic contouring or rejuvenation of the facial soft tissue, as specified. In this regard, existing law authorizes the board to issue a permit that authorizes the dentist to perform one or both of those categories of elective facial cosmetic surgical procedures. Existing law requires the board to appoint a credentialing committee to review the qualifications of an applicant for a permit and, upon completion of review, recommend to the board whether or not to issue a permit to the applicant. Under existing law, permits issued by the board may be unqualified, entitling the permitholder to perform either category of elective facial cosmetic surgical procedures, or may contain limitations if the committee is not satisfied that the applicant has the training or competence to perform certain classes of procedures, or the applicant has not requested to be permitted for both categories.

This bill would delete the above-described provisions relating to the limitations that may be imposed on that permit, and would instead authorize the committee to recommend that an applicant who has applied for a permit to perform both categories of procedures be issued a permit limited to one category if the committee is not satisfied that the applicant has the training or competence to perform both categories of procedures. The bill would specify that the committee serves at the pleasure of the board, and would authorize the board to remove any member of the committee for continued neglect of duties required by law, incompetence, or unprofessional or dishonorable conduct. The bill would authorize the board to convene in closed session to consider any

evidence relating to the removal of a member of the committee, as specified.

Existing law imposes a fee on an applicant for licensure as a dentist in an amount equal to $1,500 or $1,000 depending on whether the applicant took and received a passing score on the clinical and written examination administered by the Western Regional Examining Board or the clinical and written examination developed by the American Board of Dental Examiners, Inc., as specified.

This bill would instead impose a fee on an applicant for licensure as a dentist in an amount equal to $1,000 regardless of which examination the applicant took and received a passing score on.

Existing law authorizes a registered dental assistant in extended functions licensed on or after January 1, 2010, to perform specified procedures under direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist, including gingival retraction for impression and restorative procedures.

This bill would add polishing and contouring existing amalgam restorations to that list of authorized duties and make conforming changes.

Existing law requires a person seeking licensure as a registered dental assistant in extended functions to meet certain eligibility requirements, including completion of an extended functions postsecondary program approved by the board, as specified. If the applicant completes a program that teaches the duties that registered dental assistants in extended functions were allowed to perform pursuant to board regulations before January 1, 2010, existing law also requires the applicant to complete a course approved by the board in a list of specified procedures.

This bill would revise the list of procedures required to be covered by that course. Specifically, the bill would remove taking final impressions for permanent indirect restorations, would add performing post, core, and build-up procedures in conjunction with direct and indirect restorations, and would add polishing and contouring existing amalgam restorations.

Existing law establishes various requirements for courses in radiation safety and infection control for certain dental auxiliaries, including that the course establish specific instructional objectives, utilize objective evaluation criteria for measuring student progress, and meet certain requirements related to duration of instruction.

Existing regulations require a dental assisting program or course to meet certain criteria to secure and maintain board approval, including

that the program or course director actively participate in, and be responsible for, the administration of the program or course, as specified. Existing regulations authorize the board to approve, provisionally approve, or deny approval of a program or course, as specified. Existing regulations impose specific requirements on a radiation safety course for board approval, including that the course provide no fewer than 32 clock hours of instruction, including at least 8 hours of didactic instruction, at least 12 hours of laboratory instruction, and at least 12 hours of clinical instruction. Existing regulations also impose specific requirements on a course in infection control for board approval, including that each student pass a written examination that reflects the curriculum content, which may be administered at intervals throughout the course as determined by the director.

This bill would modify the requirements for courses in radiation safety and infection control, and would codify those regulations with certain modifications, including, among other things, requiring that provisional approval for a course in radiation safety or infection control expire after one year or upon subsequent board approval or denial, whichever occurs first, and that the board provide, in writing, the specific reasons for provisionally approving or denying a course to the course director within 90 days of that decision. The bill would authorize the board to, in lieu of conducting its own investigation for a course in radiation safety, accept the findings of a commission or accreditation agency approved by the board, or its designee, and adopt those findings as its own.

This bill would authorize didactic instruction to be provided through distance learning modalities and would require providers to meet specified requirements, including providing technological assistance to students, as needed, to participate in instruction, and requiring didactic instruction to be completed before a student participates in laboratory instruction. The bill would require the course provider to, among other things, notify prospective students of the computer or communications technology necessary to participate in didactic and laboratory instruction.

This bill would also make nonsubstantive changes, including removing obsolete references to repealed provisions of the Dental Practice Act.

Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest.

This bill would make legislative findings to that effect.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

SECTION 1. Section 1621 of the Business and Professions Code is amended to read:

1621. The board shall utilize in the administration of its licensure examinations only examiners whom it has appointed and who meet the following criteria:

(a) Possession of a valid license to practice dentistry in this state or possession of a valid license in one of the registered dental assistant categories licensed under this chapter.

(b) Practice as a licensed dentist or in a licensure category described in subdivision (a) for at least five years preceding the examiner's appointment.

(c) Hold no position as an officer or faculty member at any college, school, or institution that provides instruction in the same licensure category as that held by the examiner. ~~This subdivision shall not apply to a portfolio examiner.~~

SEC. 2. Section 1628 of the Business and Professions Code is amended to read:

1628. Any person over 18 years of age is eligible to take an examination before the board upon making application therefor and meeting all of the following requirements:

(a) Paying the fee for applicants for examination provided by this chapter.

(b) Furnishing satisfactory evidence of having graduated from a dental college approved by the board or by the Commission on Dental Accreditation of the American Dental Association and presenting satisfactory evidence of having completed at dental school or schools the full number of academic years of undergraduate courses required for graduation. For purposes of this article, "dental college approved by the board" or "approved dental school" include a foreign dental school accredited by a body

that has a reciprocal accreditation agreement with any commission or accreditation organization whose findings are accepted by the board.

~~(c) Furnishing the satisfactory evidence of financial responsibility or liability insurance for injuries sustained or claimed to be sustained by a dental patient in the course of the examination as a result of the applicant's actions.~~

~~(d)~~

(c) If the applicant has been issued a degree of doctor of dental medicine or doctor of dental surgery by a foreign dental school, the applicant shall furnish all of the following documentary evidence to the board:

(1) That the applicant has completed, in a dental school or schools approved by the board *pursuant to Section 1636.5 or accredited* pursuant to Section 1636.4, a resident course of professional instruction in dentistry for the full number of academic years of undergraduate courses required for graduation.

(2) Subsequent thereto, the applicant has been issued by the dental school a dental diploma or a dental degree, as evidence of the successful completion of the course of dental instruction required for graduation.

~~(e) Any~~

(d) An applicant who has been issued a dental diploma from a foreign dental school that has not, at the time of the applicant's graduation from the school, been approved by the board *pursuant to Section 1636.5 or accredited* pursuant to Section 1636.4 shall not be eligible for examination until the applicant has successfully completed a minimum of two academic years of education at a dental college approved by the board pursuant to Article 1 (commencing with Section 1024) of Chapter 2 of Division 10 of Title 16 of the California Code of Regulations and has been issued a degree of doctor of dental medicine or doctor of dental surgery or its equivalent. This subdivision shall not apply to applicants who have successfully completed the requirements of Section 1636 as it read before it was repealed on January 1, 2004, on or before December 31, 2003, or who have successfully completed the requirements of Section 1628.2 on or before December 31, 2008. An applicant who has successfully completed the requirements of Section 1636 as it read before it was repealed on January 1, 2004, on or before December 31, 2003, or who has successfully

completed the requirements of Section 1628.2 on or before December 31, 2008, shall be eligible to take the examination required by Section 1632, subject to the ~~limitations~~ *requirement* set forth in ~~subdivisions (b) and (c)~~ *subdivision (b)* of Section 1633.

~~(f)~~

(e) Subdivisions ~~(d) and (e)~~ *(c) and (d)* do not apply to a person who has been issued a degree of doctor of dental medicine or doctor of dental surgery by a foreign dental school accredited by a body that has a reciprocal accreditation agreement with any commission or accreditation organization whose findings are accepted by the board.

SEC. 3. Section 1632.6 of the Business and Professions Code is repealed.

~~1632.6. (a) As part of the ongoing implementation of paragraph (1) of subdivision (c) of Section 1632, the board shall review the portfolio examination to ensure compliance with the requirements of Section 139 and to certify that the portfolio examination process meets those requirements. If the board determines that the portfolio examination fails to meet those requirements, paragraph (1) of subdivision (c) of Section 1632 shall cease to be implemented and the portfolio examination will no longer be an option for applicants. The board's review and certification or determination shall be completed and submitted to the Legislature and the department by December 1, 2016.~~

~~(b) A report to the Legislature pursuant to this section shall be submitted in compliance with Section 9795 of the Government Code.~~

~~(c) This section shall become inoperative on December 1, 2020, pursuant to Section 10231.5 of the Government Code.~~

SEC. 4. Section 1633 of the Business and Professions Code is amended to read:

1633. (a) When an applicant for a license has received a grading of ~~85 percent or above~~ *pass* in any given subject, the applicant shall be exempt from reexamination on that subject in subsequent examinations before the board within two years after the examination on which the applicant received the exemption.

~~(b) Notwithstanding Section 135, an applicant who fails to pass the examination required by Section 1632 after three attempts shall not be eligible for further reexamination until the applicant has successfully completed a minimum of 50 hours of education for~~

~~each subject which the applicant failed in the applicant's last unsuccessful examination. The coursework shall be taken at a dental school approved by either the Commission on Dental Accreditation or a comparable organization approved by the board, and shall be completed within a period of one year from the date of notification of the applicant's third failure.~~

~~(c) The coursework described in subdivision (b) shall be required once for every three unsuccessful examination attempts. When the applicant applies for reexamination, the applicant shall furnish proof satisfactory to the board that the applicant has successfully completed the requirements of this section.~~

(b) Notwithstanding subdivision (a) and Section 135, if an applicant fails a section of an examination required by Section 1632 after three attempts to successfully complete that section, the applicant shall retake the entire examination on subsequent attempts.

SEC. 5. Section 1635.5 of the Business and Professions Code is amended to read:

1635.5. (a) Notwithstanding Section 1634, the board may grant a license to practice dentistry to an applicant who has not taken an examination before the board, if the applicant submits all of the following to the board:

(1) A completed application form and all fees required by the board.

(2) Proof of an active and unrestricted license issued by another state, district, or territory of the United States to practice dentistry that is not subject to any current or pending disciplinary action such as revocation, suspension, or probation.

~~(3) Proof that the applicant has either been in active clinical practice in another state, district, or territory of the United States, has been engaged in full-time nonclinical practice requiring an active dentist's license for federal, state, or local public health programs in another state, district, or territory of the United States for at least five years immediately preceding the application, or has been a full-time faculty member in an accredited dental education program and in active clinical practice for a total of at least 5,000 hours within the past five years immediately preceding the date of the application under this section. The clinical practice requirement may be met by submitting documentation of any of the following:~~

(3) (A) Proof of one of the following:

(i) That the applicant has been in active clinical practice in another state, district, or territory of the United States for a total of at least 5,000 hours within the past five years immediately preceding the date of the application. The applicant shall submit written documentation, executed by a licensed dentist who has knowledge of the applicant's hours of practice or, if the applicant is in active clinical practice as a solo practitioner, executed by the applicant, verifying compliance with this requirement.

(ii) That the applicant has been a full-time faculty member in an accredited dental education program and in active clinical practice for a total of at least 5,000 hours within the past five years immediately preceding the date of the application. The applicant shall submit written documentation, executed by the director, administrator, or other authorized representative of the dental education program, verifying the applicant's compliance with this requirement.

(iii) That the applicant has been engaged in full-time nonclinical practice requiring an active dentist's license for federal, state, or local public health programs in another state, district, or territory of the United States for a minimum average of 40 hours per week for at least five years immediately preceding the date of the application. The applicant shall submit written documentation, executed by the director, administrator, or other authorized representative of the public health program, verifying the applicant's compliance with this requirement.

(B) The active clinical practice requirement prescribed by clauses (i) and (ii) of subparagraph (A) may be met by submitting documentation showing any of the following:

~~(A) If~~

(i) That the applicant has completed a residency training program accredited by the American Dental Association Commission on Dental Accreditation, including, but not limited to, a general practice residency, an advanced education in general dentistry program, or a training program in a specialty recognized by the American Dental ~~Association, the~~ *Association. The* applicant may receive credit of 1,000 hours for each year, up to 2,000 hours, of clinical practice completed in the residency training program.

~~(B) The applicant agrees~~

(ii) That the applicant has agreed to practice dentistry full time for a minimum of 32 hours per week for two years in at least one primary care clinic licensed under subdivision (a) of Section 1204 of the Health and Safety Code or primary care clinic exempt from licensure pursuant to subdivision (c) of Section 1206 of the Health and Safety Code, or a clinic owned or operated by a public hospital or health system, or a clinic owned and operated by a hospital that maintains the primary contract with a county government to fill the county's role under Section 17000 of the Welfare and Institutions Code. The applicant shall submit written documentation, executed by the authorized agent of the clinic, verifying compliance with this requirement. The board may periodically request verification of compliance with these requirements.

~~(C) The applicant agrees~~

(iii) That the applicant has agreed to teach or practice dentistry in California for a minimum average of 40 hours per week for two years in at least one ~~accredited~~ dental education program ~~approved by the board.~~ *accredited by the Commission on Dental Accreditation of the American Dental Association.* The applicant shall submit written documentation, executed by the authorized agent of the program, verifying compliance with this requirement. The board may periodically request verification of compliance with these requirements.

(4) Proof that the applicant has not been subject to disciplinary action by any state in which the applicant is or has been previously licensed to practice dentistry. If the applicant has been subject to disciplinary action, the board shall review that action to determine if it presents sufficient evidence of a violation of Article 4 (commencing with Section 1670) to warrant the submission of additional information from the applicant or the denial of the application for licensure.

(5) A signed release allowing the disclosure of information from the National Practitioner Data Bank and the verification of registration status with the federal Drug Enforcement Administration. The board shall review this information to determine if it presents sufficient evidence of a violation of Article 4 (commencing with Section 1670) to warrant the submission of additional information from the applicant or the denial of the application for licensure.

(6) Proof that the applicant has not failed a state, regional, or national examination for licensure to practice dentistry under this chapter within five years prior to the date of the application for a license under this section. If the applicant subsequently passed the examination for licensure, the prior failure shall not make the applicant ineligible under this paragraph.

(7) An acknowledgment by the applicant executed under penalty of perjury and automatic forfeiture of license, of the following:

(A) That the information provided by the applicant to the board is true and correct, to the best of their knowledge and belief.

(B) That the applicant has not been convicted of an offense involving conduct that would violate Section 810.

(8) Documentation of 50 units of continuing education completed within two years of the date of the application under this section. The continuing education shall include the mandatory coursework prescribed by the board pursuant to subdivision (b) of Section 1645.

(9) Any other information as specified by the board to the extent it is required of applicants for licensure by examination under this article.

(b) The board shall provide in the application packet to each out-of-state dentist pursuant to this section the following information:

(1) The location of dental personnel shortage areas that exist in the state.

(2) Those not-for-profit clinics and public hospitals seeking to contract with licensees for dental services.

~~(c) (1) The board shall review the impact of this section on the availability of dentists in California and report to the appropriate policy and fiscal committees of the Legislature by January 1, 2008. The report shall include a separate section providing data specific to those dentists who intend to fulfill the alternative clinical practice requirements of subparagraph (B) of paragraph (3) of subdivision (a). The report shall include, but not be limited to, all of the following:~~

~~(A) The total number of applicants from other states who have sought licensure.~~

~~(B) The number of dentists from other states licensed pursuant to this section, as well as the number of licenses not granted and the reasons why each license was not granted.~~

~~(C) The location of the practice of dentists licensed pursuant to this section.~~

~~(D) The number of dentists licensed pursuant to this section who establish a practice in a rural area or in an area designated as having a shortage of practicing dentists or no dentists at all.~~

~~(E) The length of time dentists licensed pursuant to this section maintained their practice in the reported location. This information shall be reported separately for dentists described in subparagraphs (C) and (D).~~

~~(2) In identifying a dentist's location of practice, the board shall use medical service study areas or other appropriate geographic descriptions for regions of the state.~~

~~(3) If appropriate, the board may report the information required by paragraph (1) separately for primary care dentists and specialists.~~

~~(d)~~

(c) The board is authorized to contract with a third party or parties to review applications filed under this section and to advise the board as to whether the applications are complete. The contracting party, its agents, and its employees shall agree to be bound by all provisions of law applicable to the board, its members, and staff, governing custody and confidentiality of materials submitted by applicants for licensure.

~~(e)~~

(d) The board may issue a temporary, restricted license, valid for two years, to an applicant qualified under ~~subparagraph (B) or (C)~~ *clause (ii) or (iii) of subparagraph (B)* of paragraph (3) of subdivision (a), that authorizes the holder to practice dentistry only in the facilities described in *clause (ii) of* subparagraph (B) of paragraph (3) of subdivision (a) or only to practice or teach dentistry at the accredited dental education programs described in *clause (iii) of* subparagraph ~~(C)~~ *(B)* of paragraph (3) of subdivision ~~(a).~~ *(a), as applicable.* The board shall immediately revoke the temporary license issued pursuant to this subdivision upon a finding that the requirements of ~~subparagraph (B) or (C)~~ *clause (ii) or (iii) of subparagraph (B)* of paragraph (3) of subdivision (a), as applicable, have not been met. Upon revocation of the license, the board shall issue a notice of revocation that shall require the licensee to immediately cease dental practice. Upon the licensee's completion of the license requirements under this section and the

expiration of the two-year term, all location restrictions on the license shall be removed and an unrestricted license shall be issued.

~~(f) Notwithstanding any other provision of law, a holder of a license issued by the board before January 1, 2006, under this section who committed to complete the remainder of the five years of clinical practice requirement by a contract either to practice dentistry in a facility described in subparagraph (B) of paragraph (3) of subdivision (a) or to teach or practice dentistry in an accredited dental education program approved by the board pursuant to subparagraph (C) of paragraph (3) of subdivision (a) shall be required to complete only two years of service under the contract in order to fulfill the obligation under this section. Upon the expiration of that two-year term, all location restrictions on the license shall be removed and the holder is authorized to practice dentistry in accordance with this chapter in any allowable setting in the state.~~

~~(g)~~

(e) A license issued pursuant to this section shall be considered a valid, unrestricted license for purposes of Section 1972.

SEC. 6. Section 1638.1 of the Business and Professions Code is amended to read:

1638.1. (a) A dentist shall possess a current license in good standing and an elective facial cosmetic surgery permit to perform elective facial cosmetic surgical procedures authorized by this section.

(b) The board may issue an elective facial cosmetic surgery permit to perform one of the following categories of elective facial cosmetic surgical procedures:

(1) Cosmetic contouring of the osteocartilaginous facial structure, which may include, but is not limited to, rhinoplasty and otoplasty.

(2) Cosmetic contouring or rejuvenation of the facial soft tissue, which may include, but is not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation.

(3) Procedures under both paragraphs (1) and (2).

(c) A licensee who desires to perform elective facial cosmetic surgery shall apply to the board on an application form prescribed by the board and submit all of the following:

(1) Proof of successful completion of an oral and maxillofacial surgery residency program accredited by the Commission on Dental Accreditation of the American Dental Association.

(2) Proof that the licensee has satisfied all of the criteria specified in either subparagraph (A) or (B):

(A) (i) The licensee is certified, or is a candidate for certification, by the American Board of Oral and Maxillofacial Surgery.

(ii) A letter from the program director of the accredited residency program, or from the director of a postresidency fellowship program accredited by the Commission on Dental Accreditation of the American Dental Association, stating that the licensee has the education, training, and competence necessary to perform the surgical procedures set forth in paragraph (1), (2), or (3) of subdivision (b) that the licensee has notified the board the licensee intends to perform.

(iii) Documentation of at least 10 operative reports from residency training or proctored surgical procedures performed at minimum in the role of surgical first assistant within five years from the date of application for each category of permit set forth in paragraph (1) or (2) of subdivision (b) for which the licensee seeks a permit. If the licensee seeks a permit set forth in paragraph (3) of subdivision (b), the licensee shall submit 10 operative reports for each category specified in paragraphs (1) and (2) of subdivision (b). Each operative report shall indicate all of the following:

(I) Name of the licensee.

(II) Category of procedure and specific type of procedure performed.

(III) Date of the procedure.

(IV) The role in which the licensee participated in the procedure.

(iv) Documentation showing the surgical privileges the licensee possesses at any licensed general acute care hospital and any licensed outpatient surgical facility in this state.

(B) (i) The licensee has been granted privileges by the medical staff at a licensed general acute care hospital to perform the surgical procedures set forth in paragraphs (1) to (3), inclusive, of subdivision (b) at that hospital.

(ii) Documentation described in clause (iii) of subparagraph (A).

(3) Proof that the licensee is on active status on the staff of a general acute care hospital and maintains the necessary privileges based on the bylaws of the hospital to maintain that status.

(d) The application shall be accompanied by an application fee required by the board for an initial permit. The fee to renew a permit shall not exceed the maximum amount prescribed in Section 1724.

(e) (1) The board shall appoint a credentialing committee to review the qualifications of each applicant for a permit. Upon completion of the review of an applicant, the committee shall make a recommendation to the board on whether to issue or not issue a permit to the applicant. ~~The permit may be unqualified, entitling the permitholder to perform any facial cosmetic surgical procedure authorized by this section, or it may contain limitations if~~ *If* the credentialing committee is not satisfied that ~~the~~ *an* applicant *who has applied for a permit pursuant to paragraph (3) of subdivision (b)* has the training or competence to perform ~~certain classes of procedures, or if the applicant has not requested to be permitted for all procedures authorized by this section.~~ *both categories of procedures described in paragraphs (1) and (2) of subdivision (b), the credentialing committee may recommend issuance of a permit limited to procedures of one category authorized by either paragraph (1) or (2) of subdivision (b).*

(2) The credentialing committee shall be comprised of five members, as follows:

(A) A physician and surgeon with a specialty in plastic and reconstructive surgery who maintains active status on the staff of a licensed general acute care hospital in this state.

(B) A physician and surgeon with a specialty in otolaryngology who maintains active status on the staff of a licensed general acute care hospital in this state.

(C) Three oral and maxillofacial surgeons licensed by the board who are board certified by the American Board of Oral and Maxillofacial Surgeons, and who maintain active status on the staff of a licensed general acute care hospital in this state, at least one of whom shall be licensed as a physician and surgeon in this state. Two years after the effective date of this section, any oral and maxillofacial surgeon appointed to the committee who is not licensed as a physician and surgeon shall hold a permit pursuant to this section.

(3) The board shall solicit from the following organizations input and recommendations regarding members to be appointed to the credentialing committee:

(A) The Medical Board of California.

(B) The California Dental Association.

(C) The California Association of Oral and Maxillofacial Surgeons.

(D) The California Medical Association.

(E) The California Society of Plastic Surgeons.

(F) Any other source that the board deems appropriate.

(4) The credentialing committee shall meet at a time and place directed by the board to evaluate applicants for permits. A quorum of three members shall be required for the committee to consider applicants and make recommendations to the board.

(5) Each member of the credentialing committee shall serve at the pleasure of the board, and the board may vote to remove any member of the credentialing committee for continued neglect of duties required by law, incompetence, or unprofessional or dishonorable conduct. Notwithstanding the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code), the board may convene in closed session to consider any evidence relating to the removal of a member of the credentialing committee. The board shall only convene in closed session to the extent that it is necessary to protect the privacy of the member of the credentialing committee.

(f) The board may adopt regulations for the issuance of the permit that it deems necessary to protect the health, safety, and welfare of the public.

(g) A licensee ~~may not~~ *shall only* perform ~~any elective,~~ *an elective* facial cosmetic surgical procedure ~~except~~ at a general acute care hospital, a licensed outpatient surgical facility, or an outpatient surgical facility accredited by the Joint Commission, the Accreditation Association for Ambulatory Health Care (AAAHC), the Medicare Program, or an accreditation agency approved by the Medical Board of California pursuant to subdivision (g) of Section 1248.1 of the Health and Safety Code.

(h) For purposes of this section, the following terms shall have the following meanings:

(1) "Elective cosmetic surgery" means any procedure defined as cosmetic surgery in subdivision (d) of Section 1367.63 of the Health and Safety Code, and excludes any procedure that constitutes reconstructive surgery, as defined in subdivision (c) of Section 1367.63 of the Health and Safety Code.

(2) "Facial" means those regions of the human body described in Section 1625 and in any regulations adopted pursuant to that section by the board.

(i) A holder of a permit issued pursuant to this section shall not perform elective facial cosmetic surgical procedures unless the permitholder has malpractice insurance or other financial security protection that would satisfy the requirements of Section 2216.2 and any regulations adopted thereunder.

(j) A holder of a permit shall comply with the requirements of subparagraph (D) of paragraph (2) of subdivision (a) of Section 1248.15 of the Health and Safety Code, and the reporting requirements specified in Section 2240, with respect to any surgical procedure authorized by this section, in the same manner as a physician and surgeon.

(k) Any violation of this section constitutes unprofessional conduct and is grounds for the revocation or suspension of the person's permit, license, or both, or the person may be reprimanded or placed on probation. Proceedings initiated by the board under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

(*l*) A permit issued pursuant to this section shall be valid for a period of two years and must be renewed by the permitholder at the time the dentist license is renewed.

(m) A permitholder shall ~~be required to~~ complete 24 hours of approved courses of study related to elective cosmetic surgery as a condition of renewal of a permit. Those courses of study shall be credited toward the total continuing education hours required by the board pursuant to Section 1645.

(n) Permits issued prior to January 1, 2025, that limit the type of procedure under the general permit category provided under paragraph (1) or (2) of subdivision (b) authorized to be performed by the permitholder shall not be renewed. This subdivision shall not apply to a permit that authorized the permitholder to practice

any procedure under the general permit category specified under paragraph (1) or (2) of subdivision (b). The permitholder who seeks to continue performing the procedure previously limited by the permit shall submit an application to the board for issuance of a new permit under paragraphs (1) to (3), inclusive, of subdivision (b) and the board may request the permitholder to submit additional documentation demonstrating the permitholder's competency for issuance of ~~such~~ *that* permit. The application shall be treated as a renewal application for purposes of subdivision (m) of Section 1724.

(o) On or before January 1, 2025, and every four years thereafter, the board shall report to the appropriate committees of the Legislature on all of the following:

(1) The number of persons licensed pursuant to Section 1634 who apply to receive a permit to perform elective facial cosmetic surgery from the board pursuant to this section.

(2) The number of persons receiving a permit from the board to perform elective facial cosmetic surgery.

(3) The number of complaints filed by or on behalf of patients who have received elective facial cosmetic surgery by persons who have received a permit from the board to perform elective facial cosmetic surgery.

(4) Action taken by the board resulting from complaints filed by or on behalf of patients who have received elective facial cosmetic surgery by persons who have received a permit from the board to perform elective facial cosmetic surgery.

(p) As used in this section, "good standing" means the license is active and unrestricted by disciplinary action taken pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, is not the subject of an unresolved complaint or review procedure, and is not the subject of any unresolved disciplinary proceeding.

SEC. 7. Section 1724 of the Business and Professions Code is amended to read:

1724. The amount of charges and fees for dentists licensed pursuant to this chapter shall be established by the board as is necessary for the purpose of carrying out the responsibilities required by this chapter as it relates to dentists, subject to the following limitations:

(a) The fee for an application for licensure qualifying pursuant to paragraph (1) *or (2)* of subdivision (c) of Section 1632 shall not exceed one thousand ~~five hundred~~ dollars ~~($1,500). The fee for an application for licensure qualifying pursuant to paragraph (2) of subdivision (c) of Section 1632 shall not exceed one thousand dollars~~ ($1,000).

(b) The fee for an application for licensure qualifying pursuant to Section 1634.1 shall not exceed one thousand dollars ($1,000).

(c) The fee for an application for licensure qualifying pursuant to Section 1635.5 shall not exceed one thousand dollars ($1,000).

(d) The fee for an initial license and for the renewal of a license is five hundred twenty-five dollars ($525). (m) The fee for an application for an elective facial cosmetic surgery permit shall not exceed four thousand dollars ($4,000), and the fee for the renewal of an elective facial cosmetic surgery permit shall not exceed eight hundred dollars ($800).

(n) The fee for an application for an oral and maxillofacial surgery permit shall not exceed one thousand dollars ($1,000), and the fee for the renewal of an oral and maxillofacial surgery permit shall not exceed one thousand two hundred dollars ($1,200).

(o) The fee for an application for a general anesthesia permit shall not exceed one thousand dollars ($1,000), and the fee for the renewal of a general anesthesia permit shall not exceed six hundred dollars ($600).

(p) The fee for an onsite inspection and evaluation related to a general anesthesia or moderate sedation permit shall not exceed four thousand five hundred dollars ($4,500).

(q) The fee for an application for a moderate sedation permit shall not exceed one thousand dollars ($1,000), and the fee for the renewal of a moderate sedation permit shall not exceed six hundred dollars ($600).

(r) The fee for an application for an adult oral conscious sedation certificate shall not exceed one thousand dollars ($1,000), and the fee for the renewal of an adult oral conscious sedation certificate shall not exceed six hundred dollars ($600).

(s) The fee for an application for a pediatric minimal sedation permit shall not exceed one thousand dollars ($1,000), and the fee for the renewal of a pediatric minimal sedation permit shall not exceed six hundred dollars ($600).

(t) The fee for an application for a pediatric endorsement for a general anesthesia permit or moderate sedation permit shall not exceed one thousand dollars ($1,000), and the fee for the renewal of a pediatric endorsement shall not exceed six hundred dollars ($600).

(u) The fee for a certification of licensure shall not exceed one hundred twenty-five dollars ($125).

(v) The fee for an application for the law and ethics examination shall not exceed two hundred fifty dollars ($250).

SEC. 8. Section 1750.1 of the Business and Professions Code is amended to read:

1750.1. (a) A dental assistant may perform the following duties under the general supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist:

(1) Extraoral duties specified by the supervising licensee that meet the definition of a basic supportive dental procedure specified in subdivision (b) of Section 1741. These duties may include a procedure that requires the use of personal protective equipment, laboratory functions, and sterilization and disinfection procedures described in Section 1005 of Title 16 of the California Code of Regulations and Section 5193 of Title 8 of the California Code of Regulations.

(2) Operate dental radiography equipment for the purpose of oral radiography if the dental assistant has complied with the requirements of paragraph ~~(4)~~ *(3)* of subdivision (f) of Section 1750.

(3) Perform intraoral and extraoral photography.

(b) A dental assistant may perform the following duties under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist:

~~(11)~~

(12) Other procedures authorized by regulations adopted by the board.

(c) A registered dental assistant in extended functions licensed on or after January 1, 2010, may perform a duty specified in this section using contemporary techniques and materials designed for

use in the performance of that duty under the direct supervision and pursuant to the order, control, and full professional responsibility of a licensed dentist if the registered dental assistant in extended functions has completed the appropriate education and training, and whose skill, knowledge, and education in the use of such contemporary technique or material has been determined clinically competent by the supervising licensed dentist.

SEC. 11. Section 1754.5 of the Business and Professions Code is amended to read:

1754.5. (a) A radiation safety course shall have the primary purpose of providing theory, laboratory, and clinical application in radiographic techniques. The board shall approve only those courses that adhere to the minimum requirements of this ~~section.~~ *section and applicable regulations adopted by the board.*

(b) A radiation safety course provider applying for initial board approval shall submit a completed application for course approval, on a form provided by the board, accompanied by the ~~applicable fee.~~ *fee prescribed in subdivision (l) of Section 1725. The board may, in lieu of conducting its own investigation, accept the findings of any commission or accreditation agency approved by the board, or its designee, and adopt those findings as its own.* The board may ~~approve~~ *approve, provisionally approve,* or deny approval after it evaluates all components of the course.

(1) Provisional approval shall be limited to those courses that substantially comply with all existing standards for full approval and shall expire one year from the date of provisional approval or upon subsequent board approval or denial, whichever occurs first.

(2) A provider of a course given provisional approval shall immediately notify each student of that status.

(3) If the board provisionally approves or denies approval of a course, the board shall provide the specific reasons for the decision to the course director, in writing, within 90 days of that decision.

(c) ~~Continuation of approval will be contingent upon continued compliance with Sections 1070 and 1070.1 of Title 16 of the California Code of Regulations and all requirements set forth in this section.~~ *A board-approved radiation safety course shall be reevaluated at least every seven years, but may be subject to reevaluation and inspection by the board at any time to ensure compliance with this section.* The board may withdraw approval

at any time ~~that~~ *if* it determines that the course does not meet the requirements ~~set forth in this subdivision.~~ *of this section.*

(d) ~~Providers~~ *A radiation safety course provider shall ensure the course complies with the Radiologic Technology Act (Section 27 of the Health and Safety Code) and applicable regulations. Providers* shall ~~make adequate provisions for~~ *render* appropriate supervision, operation, and facilities ~~when used~~ for laboratory and ~~preclinical instruction.~~ *clinical instruction, including compliance with all of the following requirements:*

(1) Laboratory and clinical instruction facilities shall be equipped with supplies, materials, and equipment for instruction in radiation safety and practical work that include, for every six students, at least the following:

(A) One functioning radiography (X-ray) machine that complies with all federal and state laws, including registration with the State Department of Public Health, and is equipped with the appropriate position-indicating devices for each technique being taught.

(B) One X-ray training manikin head designed for instruction in radiographic techniques per X-ray unit.

(C) One film view box or screen for viewing digital images.

(D) Processing and viewing equipment. This facility requirement may be deemed met if computer-based equipment for digital radiographic procedures is solely or in part utilized within the program or course facility. The equipment may be located in the operatory area where exposures will occur.

(2) The choice of image receptor for laboratory and clinical experiences shall be either traditional film or digital sensor or any combination thereof as determined by the course provider.

(3) X-ray exposure areas shall provide protection to patients, students, faculty, and observers in full compliance with applicable federal and state laws.

(e) A course in radiation safety shall be of sufficient duration for the student to achieve minimum competence, but ~~in no event less than 32 hours, including at least 8 hours of didactic instruction, at least 12 hours of laboratory instruction, and at least 12 hours of supervised clinical instruction.~~ *not fewer than 32 hours composed of the following:*

(1) At least eight hours of didactic instruction.

(2) At least 12 hours of laboratory instruction in which students receive supervised experience performing procedures using study models, manikins, or other simulation models.

(3) At least 12 hours of clinical instruction in which students receive supervised experience in performing procedures in a clinical setting on patients.

(f) A course shall establish specific instructional objectives. The theoretical aspects of the course shall provide the content necessary for students to make safe and ethical judgments regarding radiation safety.

(g) Objective evaluation criteria shall be used for measuring student progress. Students shall be provided with specific performance objectives and the evaluation criteria that will be used for all evaluation and testing procedures.

(h) ~~Areas~~ *Didactic instruction shall be provided in safe and educationally conducive lecture classrooms or through distance learning modalities. Areas* of didactic instruction shall include, at a minimum, all of the following:

(1) Radiation physics and biology.

(2) Radiation protection and safety.

(3) Recognition of normal intraoral and extraoral anatomical landmarks.

(4) Radiograph exposure and processing techniques.

(5) Radiograph mounting or sequencing, and viewing, including anatomical landmarks of the oral cavity.

(6) Intraoral techniques including holding devices and image receptors.

(7) Proper use of patient protection devices and personal protective equipment for operator use.

(8) Identification and correction of faulty radiographs.

(9) Introduction to contemporary equipment and devices including the use of computerized digital radiography and extraoral imaging that may include panographs or cone-beam imaging.

(10) Techniques and exposure guidelines for a variety of patients including, but not limited to, adult, pediatric, edentulous, partially edentulous, endodontic, and patients with special needs.

(11) Radiographic record management.

(i) A provider using distance learning modalities for didactic instruction shall do all of the following:

(1) Before enrolling a student, notify the prospective student of the computer or communications technology necessary to participate in didactic instruction.

(2) Provide technological assistance to students, as needed, to participate in didactic instruction.

(3) Ensure completion of didactic instruction by the student before the student participates in laboratory instruction.

~~(i)~~

(j) (1) For the student to achieve minimum competence in the application of dental radiographic techniques and radiation ~~safety, all the following shall be met by a board-approved course:~~ *safety, the radiation safety course shall include all of the following:*

~~(1)~~

(A) Successful completion of laboratory experiences consisting of at least two bitewing radiographic series and two full mouth intraoral radiographic series using an ~~x-ray~~ *X-ray* training ~~mannequin~~ *manikin* designed for radiographic exposures utilizing any dental radiographic image receptor or device deemed appropriate by the course director. *A student shall successfully complete laboratory instruction before the student participates in clinical instruction.*

~~(2)~~

(B) Successful completion of clinical experiences consisting of at least three full-mouth intraoral radiographic series using any dental radiographic image receptor or device deemed appropriate by the course director or supervising dentist.

(C) Written evaluations of each radiographic series identifying errors, causes of errors, correction of errors, and, if applicable, the number of reexposures necessary for successful completion of a series to clinical competency.

~~(j) All clinical~~

(2) Clinical radiographs shall be made using diagnostic criteria established by the course of instruction and shall in no event exceed three reexposures per series.

(k) Before the student's performance of procedures on patients, the student shall provide evidence to the radiation safety course provider of having completed a board-approved eight-hour course in infection control and current, valid certification in basic life support.

~~(l) Completion of student and instructor written evaluations of each radiographic series identifying errors, causes of error, correction of errors, and, if applicable, the number of reexposures necessary for successful completion of a series to clinical competency.~~

~~(m)~~

(l) The student shall successfully complete a comprehensive written exam ~~prior to~~ *before* the completion of the course. The exam shall include questions specific to ~~items~~ *dental radiographic installations and quality assurance for dental radiography* addressed in Article 4 (commencing with Section 30305) of Group 3 of Subchapter 4 of Chapter 5 of Division 1 of Title 17 of the California Code of Regulations ~~relative to the special requirements for the use of x-ray in the healing arts.~~ *or its successor.*

~~(n)~~

(m) Extramural dental facilities may be utilized by a ~~course~~ *course, in accordance with board regulations,* for the purposes of clinical experiences. ~~Clinical oversight shall be performed under the general supervision of a licensed dentist who shall authorize the student to perform, at minimum, three radiographic series. Didactic and laboratory instruction shall be provided only by course faculty or instructional staff prior to clinical performances.~~

~~(o) Programs and courses~~ *A program or course* using extramural dental ~~faculties~~ *facilities* for dental radiographic clinical experiences shall provide to the board, upon ~~request or renewal of provider status,~~ *request,* copies of all contracts of affiliation and documentation demonstrating compliance with board regulations.

~~(p)~~

(n) Upon successful completion of the course, students shall receive a certificate of completion as defined in subdivision (e) of Section 1741.

(o) A radiation safety course provider previously board approved under Sections 1014 and 1014.1 of Title 16 of the California Code of Regulations shall maintain board approval until January 1, 2028. To obtain board approval to offer a radiation safety course on or after January 1, 2028, the radiation safety course provider shall apply for board approval to offer the course pursuant to subdivision (b).

~~(q)~~

(p) The board may adopt regulations to implement this section.

SEC. 12. Section 1755 of the Business and Professions Code is amended to read:

1755. (a) A course in infection control is one that has as its main purpose providing theory and clinical application in infection control practices and principles where the protection of the public is its primary focus. *The board shall approve only those courses that adhere to the minimum requirements of this section and applicable regulations adopted by the board.*

~~(b) An unlicensed dental assistant not enrolled in a board-approved program for registered dental assisting or an alternative dental assisting program as defined in subdivision (a) of Section 1741, shall complete one of the following infection control certification courses:~~

~~(1) A board-approved eight-hour course, with six hours being didactic instruction and two hours being laboratory instruction.~~

(b) Except as provided in subdivision (i), for purposes of this article, a board-approved eight-hour course in infection control shall mean any of the following:

(1) A board-approved eight-hour infection control course provided by a board-approved registered dental assisting education program.

(2) An eight-hour infection control course approved by the board pursuant to Section 1070.6 of Title 16 of the California Code of Regulations.

~~(2)~~

(3) A board-approved eight-hour course, with six hours of didactic instruction and at least two hours of laboratory instruction using video or a series of video training tools, all of which may be delivered using asynchronous, synchronous, or online learning mechanisms or a combination thereof.

~~(c) A course shall establish~~

(c) A provider of an infection control course offered to students for compliance with paragraph (3) of subdivision (b) shall submit an application on a form furnished by the board for board approval to offer the course, the applicable fee, and documentation of all of the following:

(1) The course name, course provider name, course director name, business address, telephone number, and email address.

(2) Proof that the course director possesses a valid, active, and current license issued by the board or the Dental Hygiene Board of California.

(3) A detailed course outline, in writing, that clearly states the curriculum subject matter, hours of didactic and laboratory instruction, and specific instructional objectives. Instruction shall provide the content necessary for students to make safe and ethical judgments regarding infection control and asepsis.

~~(d)~~

(4) Objective evaluation criteria *that* shall be used for measuring student progress. Students shall be provided with specific performance objectives and the evaluation criteria that will be used for ~~didactic testing.~~ *course examination.*

~~(e) Didactic instruction shall include,~~

(5) Proof that course instructors have experience in the instruction of Division of Occupational Safety and Health (Cal/OSHA) regulations, as set forth in Sections 330 to 344.90, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations.

(6) Documentation of didactic instruction that includes, at a minimum, all of the following as they relate to Cal/OSHA regulations, as set forth in Sections 300 to ~~344.85,~~ *344.90,* inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations:

~~(1)~~

(A) Basic dental science and microbiology as they relate to infection control in dentistry.

~~(2)~~

(B) Legal and ethical aspects of infection control procedures.

~~(3)~~

(C) Terms and protocols specified in Section 1005 of Title 16 of the California Code of Regulations regarding the minimum standards for infection control.

~~(4)~~

(D) Principles of modes of disease transmission and prevention.

~~(5)~~

(E) Principles, techniques, and protocols of hand hygiene, personal protective equipment, surface barriers and disinfection,

instruments and devices, sterilization, sanitation, and hazardous chemicals associated with infection control.

~~(6) Principles and protocols~~

(F) Principles, protocols, and procedures of sterilizer monitoring and the proper loading, unloading, storage, and transportation of instruments to work area.

~~(7) Principles and protocols~~

(G) Principles, protocols, and procedures associated with sharps management.

~~(8) Principles and protocols~~

(H) Principles, protocols, and procedures of infection control for laboratory areas.

~~(9) Principles and protocols~~

(I) Principles, protocols, and procedures of waterline maintenance.

~~(10) Principles and protocols~~

(J) Principles, protocols, and procedures of regulated and nonregulated waste management.

~~(11) Principles and protocols~~

(K) Principles, protocols, and procedures related to injury and illness prevention, hazard communication, general office safety, exposure control, postexposure requirements, and monitoring systems for radiation safety and sterilization systems.

(7) Documentation of laboratory instruction that includes, at a minimum, demonstrations in the following areas as they relate to Cal/OSHA regulations, as set forth in Sections 300 to 344.90, inclusive, of Title 8 of the California Code of Regulations, and the board's Minimum Standards for Infection Control, as set forth in Section 1005 of Title 16 of the California Code of Regulations:

(A) Applying hand cleansing products and performing hand cleansing techniques, protocols, and procedures.

(B) Applying, removing, and disposing of patient treatment gloves, utility gloves, overgloves, protective eyewear, masks, and clinical attire.

(C) Handling instruments, surfaces, and situations where contamination is simulated, without actual contamination, from bloodborne and other pathogens being present.

(D) Applying the appropriate techniques, protocols, and procedures for the preparation, sterilization, and storage of instruments, including, at a minimum, application of personal

protective equipment, precleaning, ultrasonic cleaning, rinsing, sterilization wrapping, internal or external process indicators, labeling, sterilization, drying, storage, and delivery to work areas.

(E) Precleaning and disinfecting contaminated operatory surfaces and devices, and properly using, placing, and removing surface barriers.

(F) Maintaining sterilizer, including, at a minimum, proper instrument loading and unloading, operation cycling, spore testing, and handling and disposal of sterilization chemicals.

(G) Applying work practice controls as they relate to the following classifications of sharps: anesthetic needles or syringes, orthodontic wires, and broken glass.

(H) Applying infection control protocols and procedures for the following laboratory devices: impressions, bite registrations, and prosthetic appliances.

(I) Performing waterline maintenance, including using water tests and purging waterlines.

(J) Performing techniques for safe handling and disposal of contaminated regulated and nonregulated medical waste.

(8) Written laboratory protocols that comply with the board's Minimum Standards for Infection Control as set forth in Section 1005 of Title 16 of the California Code of Regulations, and other federal, state, and local requirements governing infection control. The course shall provide these protocols to all students and course instructors to ensure compliance.

(9) A written examination that reflects the curriculum content, which may be administered at intervals throughout the course, as determined by the course director, that shall be successfully completed by each student prior to issuance of the certificate of completion described in subdivision (g).

(d) The board or its designee may approve, provisionally approve, or deny approval of the course after it evaluates all components of the course.

(1) Provisional approval shall be limited to those courses that substantially comply with all existing standards for full approval and shall expire one year from the date of provisional approval or upon subsequent board approval or denial, whichever occurs first.

(2) A provider of a course given provisional approval shall immediately notify each student of that status.

(3) If the board provisionally approves or denies approval of a course, the board shall provide the specific reasons for the decision to the course director in writing within 90 days of that decision.

(4) A board-approved infection control course shall be reevaluated at least every seven years, but may be subject to reevaluation and inspection by the board at any time to ensure compliance with this section. The board may withdraw approval at any time that it determines the course does not meet the requirements of this section.

(e) The course director shall actively participate in and be responsible for the administration of the course and each of the following requirements:

(1) Maintaining for a period of not less than five years copies of curricula, program outlines, objectives, grading criteria, course instructor credentials, licenses, and certifications, and individual student records, including those necessary to establish satisfactory completion of the course.

(2) Informing the board of the closure of, or any major change to, the course, including changes to the course provider name, course director, business contact information, or course content, within 10 days of the closure or change.

(3) Ensuring that all course instructors meet the requirements set forth in this section.

(f) The course provider shall:

(1) Prior to enrolling a student, provide notification to the prospective student of the computer or communications technology necessary to participate in didactic and laboratory instruction.

(2) Provide technological assistance to students, as needed, to participate in didactic and laboratory instruction.

(3) Ensure completion of didactic instruction by the student prior to the student's participation in laboratory instruction.

~~(f)~~

(g) Upon successful completion of the course, students shall receive a certificate of completion as defined in subdivision (e) of Section 1741.*The certificate of completion shall state the statutory authority under paragraph (1), (2), or (3) of subdivision (b) for which the course has been approved.*

(h) Course records shall be subject to inspection by the board at any time.

(i) A course taken pursuant to paragraph (3) of subdivision (b) shall not satisfy completion of an infection control course required for licensure as a registered dental assistant or permit as an orthodontic assistant or dental sedation assistant.

~~(g)~~

(j) The board may adopt regulations to implement this section.

SEC. 13. The Legislature finds and declares that Section 6 of this act, which amends Section 1638.1 of the Business and Professions Code, imposes a limitation on the public's right of access to the meetings of public bodies or the writings of public officials and agencies within the meaning of Section 3 of Article I of the California Constitution. Pursuant to that constitutional provision, the Legislature makes the following findings to demonstrate the interest protected by this limitation and the need for protecting that interest:

Making confidential the deliberations by the board and the personal information of the Elective Facial Cosmetic Surgery Permit Credentialing Committee member included in the records, documents, or forms reviewed by the board that lead to findings of neglect of duties, incompetence, or unprofessional or dishonorable conduct protects the Committee member's right to privacy.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

O

ASSEMBLY BILL No. 2029

Introduced by Assembly Member Sharp-Collins

February 17, 2026

An act relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2029, as introduced, Sharp-Collins. Dentistry.

Existing law, the Dental Practice Act, establishes the Dental Board of California in the Department of Consumer Affairs to license and regulate the practice of dentistry.

This bill would state the intent of the Legislature to subsequently enact legislation that would establish minimum standards for online dental provider information portals to require them to allow a user to verify eligibility, submit claims, access fee schedules, and obtain other critical information to promote transparency, efficiency, and timely access to information necessary for the delivery of dental care.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to subsequently enact legislation that would establish minimum standards for online dental provider information portals to require them to allow a user to verify eligibility, submit claims, access fee schedules, and obtain other critical information to promote transparency, efficiency, and

timely access to information necessary for the delivery of dental care.

O

ASSEMBLY BILL No. 2504

Introduced by Assembly Member Bauer-Kahan

February 20, 2026

An act to repeal Section 1632.6 of the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2504, as introduced, Bauer-Kahan. Dentistry: licensure.

Existing law, the Dental Practice Act, establishes the Dental Board of California to license and regulate the practice of dentistry, and establishes requirements for the admission to, and practice of, dentistry. Prior existing law required an applicant for licensure to have taken and received a passing score on either a portfolio examination of the applicant's competence to enter the practice of dentistry or a clinical and written examination administered by the Western Regional Examining Board.

Existing law required the board to review the portfolio examination to ensure the portfolio examination met specified requirements, required the board to report the result of that review to the Legislature, as specified, and made those provisions inoperative on December 1, 2020.

This bill would repeal those inoperative provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. Section 1632.6 of the Business and Professions Code is repealed.

~~1632.6. (a) As part of the ongoing implementation of paragraph (1) of subdivision (c) of Section 1632, the board shall review the portfolio examination to ensure compliance with the requirements of Section 139 and to certify that the portfolio examination process meets those requirements. If the board determines that the portfolio examination fails to meet those requirements, paragraph (1) of subdivision (c) of Section 1632 shall cease to be implemented and the portfolio examination will no longer be an option for applicants. The board's review and certification or determination shall be completed and submitted to the Legislature and the department by December 1, 2016.~~

~~(b) A report to the Legislature pursuant to this section shall be submitted in compliance with Section 9795 of the Government Code.~~

~~(c) This section shall become inoperative on December 1, 2020, pursuant to Section 10231.5 of the Government Code.~~

O

ASSEMBLY BILL No. 2625

Introduced by Assembly Member Solache

February 20, 2026

An act to amend Sections 1628, 1634.1, and 1636.5 of, and to repeal and add Section 1636.6 of, the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 2625, as introduced, Solache. Dental Practice Act: foreign dental schools.

Existing law, the Dental Practice Act, provides for the licensure and regulation of dentists by the Dental Board of California within the Department of Consumer Affairs. Existing law requires an applicant for licensure to meet specified requirements, including, among others, furnishing satisfactory evidence of having graduated from a dental college approved by the board or by the Commission on Dental Accreditation of the American Dental Association (CODA). Prior law provided for the approval of foreign dental schools by the board. Beginning January 1, 2024, existing law requires foreign dental schools seeking approval by the board to complete the international consultative and accreditation process with CODA or a comparable accrediting body approved by the board. Notwithstanding that requirement, existing law maintained the approval of any foreign dental schools whose program was renewed by the board prior to January 1, 2020, through any date between January 1, 2024, and June 30, 2026, through that renewal date.

This bill would, instead, maintain the approval of a foreign dental school whose program was approved by the board prior to January 1, 2020, if that school applied for accreditation by an accrediting body,

or CODA, on or before January 31, 2026, while that accreditation process is ongoing, as specified. The bill would require the foreign dental school to, commencing with January 1, 2027, and every 6 months thereafter, provide an update to the board on the status of the foreign dental school's accreditation application. The bill would authorize the board to terminate the maintained approval of a foreign dental school for failure to submit that update, as specified.

Existing law makes a graduate of a foreign dental school whose program was approved by the board prior to January 1, 2020, through any date before January 1, 2024, who enrolled in the program prior to January 1, 2020, eligible for licensure, as specified.

This bill would, instead, deem a graduate of a foreign dental school that was approved at the time of the graduate's enrollment to have graduated from an approved dental school for purposes of the act, regardless of whether the foreign dental school's approval expired before the graduate's graduation. The bill would make a graduate of a foreign dental school with maintained approval pursuant to the bill's provisions who enrolled in the school on or after July 1, 2026, eligible for licensure under the act. The bill would make related conforming changes and would make findings and declarations related to the history of, and need for, foreign dental schools.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following relating to the shortage or maldistribution of dentists throughout California, including a lack of Latino and Black dental students and licensed dentists in proportion to their population in the state:

(a) California faces a worsening shortage of oral health care access, with nearly 3 million residents unable to obtain routine dental services. More than 2.7 million Californians live in dental health professional shortage areas, a 22.7 percent increase since 2017. Workforce shortages are intensifying due to an aging dentist population, with 42 percent of dentists being over the age of 55. Changes to federal H-1B visa fees, established at $100,000, will disproportionately affect rural regions that rely on H-1B visa dentists.

(b) Rural and underserved areas are disproportionately impacted as rural counties report declining dentist-to-population ratios, with some having fewer than one dentist per 5,000 residents. Only 3 percent of rural dentists accept Medicaid compared to 11 percent of dentists in urban areas, deepening inequities and increasing emergency dental expenditures.

(c) The increasing cost of dental education accentuates the access to oral health care problem as the state's dental education costs are among the highest nationally, often exceeding $450,000 at public institutions and $500,000 at private schools. High debt, now averaging more than $305,000, limits graduates' ability to work in underserved communities, and loan repayment programs overwhelmingly benefit urban areas over rural regions.

(d) The State Department of Public Health's California Oral Health Plan 2018–2028 and a study by the Healthforce Center at the University of California at San Francisco (UCSF) identified the following major oral health issues in California:

(1) There are marked oral health disparities in California with respect to race and ethnicity, income, and education. The uneven distribution of the oral care workforce and inadequate infrastructure and capacity in the public health system have presented difficulties in delivering preventive and early treatment for oral care services to millions of Californians.

(2) Approximately 2.2 million Californians live in dental health professional shortage areas, which are largely concentrated in the northern Sierra counties, the central valley, and the Inland Empire.

(e) According to the United States Department of Health and Human Services, rural populations have a higher prevalence of cavities and tooth loss, a lower degree of private dental insurance, and limited access to public dental services. Rural areas often have inadequate public transportation systems, making it very difficult to access dentists outside the proximal area.

(f) A disproportionate number of people living in poverty and the working poor reside in geographically isolated areas with a maldistribution of dentists and a limited number of Medicaid providers. As a result, those who need dental care the most are often the least likely to receive it.

(g) According to the UCSF study, estimates of the total supply of dentists in California do not reflect the supply available to care for medically underserved communities and individuals covered

by Medi-Cal, which covers 26 percent of the state's population and nearly half (43 percent) of the state's children.

(h) In 2016, only 15.7 percent of California dentists participated in Medi-Cal or the Healthy Families Program, the second lowest in the nation.

(i) In 2024, the Little Hoover Commission, after conducting additional reviews of the program, stated that California still ranks among the worst in the nation when it comes to care and treatment of pediatric dental disease.

(j) The racial and ethnic diversity of the workforce is not congruent with California's population, affecting access to services and culturally appropriate delivery of dental care.

(k) Despite the Latino population comprising approximately 38 percent of the people in California, only 6 percent of practicing dentists are Latino, according to data from the California Health and Human Services Open Data Portal.

(*l*) Similarly, Black dentists make up 2 percent of the California dentist workforce despite the Black population making up 6 percent of California's population.

(m) The deficient number of Latino and Black dentists contributes to and accentuates the access to dental care problem as it is well documented that cultural competency in the delivery of oral health effectively addresses societal barriers in accessing and receiving preventative and treatment services.

(n) In 1998, to alleviate the shortage or maldistribution of dentists, the Legislature created a program requiring the Dental Board of California (the board) to evaluate and, if qualified, approve foreign dental schools.

(o) Under this program, the board established an evaluation process conducted by experts in the dental arena to assess curriculum, faculty qualifications, facilities, and other relevant factors to ensure that the schools would provide an education that is equivalent to that of similar accredited institutions in the United States and that would adequately prepare students for the practice of dentistry.
