

By law, the Board has **90 days** to process initial applications from the time that all required documents have been submitted. If a deficiency is identified with the application, applicants will be notified after the initial review has been conducted. Once the RDH application is deemed complete, a letter will be sent to the applicant containing information regarding the written RDH law and ethics examination administered by the computer-based testing center (PSI). Qualified applicants must pass the RDH law and ethics examination to achieve RDH licensure.
